To: The Officials of the Fort Wayne Community Schools
Fort Wayne Community Schools
Allen County, Indiana

As authorized under Indiana Code 5-11-1, we engaged private examiners under our review to perform the audit of the Fort Wayne Community Schools. We have reviewed the audit report opined upon by FORVIS, LLP, Independent Public Accountants, for the period July 1, 2022 to June 30, 2023. Per the *Independent Auditor's Report*, the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the aggregate remaining fund information of Fort Wayne Community Schools as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Single Audit Report directly follows the Financial Statements Audit Report. We call your attention to the finding included in the Single Audit Report on page 14. Management's Corrective Action Plan can be found on page 16.

In our opinion, FORVIS, LLP prepared the audit report in accordance with the guidelines established by the State Board of Accounts.

The report is filed with this letter in our office as a matter of public record.

Independent Auditor's Report

School Board
Fort Wayne Community Schools
Fort Wayne, Indiana

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities each major fund, and the aggregate remaining fund information of Fort Wayne Community Schools (the School Corporation), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School Corporation's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the School Corporation, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the School Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Corporation's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension, and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The combining statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Officials but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated, on our consideration of the School Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Corporation's internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Corporation's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

The following discussion and analysis provides an overview of the financial position and activities of Fort Wayne Community Schools (the "School Corporation") for fiscal year ended June 30, 2023. This discussion has been prepared by management and should be read in conjunction with the accompanying financial statements and the notes that follow this section.

FINANCIAL HIGHLIGHTS

- Total assets and deferred outflows of resources of the School Corporation exceeded its liabilities and deferred inflows of resources by \$411,315,137 (reported as net position). Of this amount, \$112,796,702 was reported as "unrestricted net position."
- As of June 30, 2023, the School Corporation's governmental funds reported a combined ending fund balance of \$192,955,781.
- As of June 30, 2023, the fund balance for the Education Fund was \$63,329,979, which represented 24.1% of the total Education Fund expenditures, excluding transfers out.
- As of June 30, 2023, the fund balance for the Operations Fund was \$41,315,177, which represented 56.5% of the total Operations Fund expenditures.
- The School Corporation's total bond related debt, including related premiums, outstanding at June 30, 2023, was \$226,423,943.
- The School Corporation's state basic aid increased 3.8% during the year ended June 30, 2023, compared to year ended June 30, 2022, primarily due to an increase in per student tuition support. The total amount reported on the statement of activities was \$227,728,637.
- Property tax revenue in the Operations Fund during the year ended June 30, 2023 increased \$7,946,168, about 9.5%. The increase is the result of an increase in the maximum levy in 2022 and 2023. The maximum levy calculation is written in State law and the School Corporation always prepares calendar year budgets to receive the maximum allowed.
- During the year ended June 30, 2023, the Education Fund transferred \$11,000,000 to the Operations Fund as allowed under Indiana law with approval from the Board of Trustees. In the prior fiscal year, \$5,000,000 was transferred. Transfers are only done to meet the cash flow needs of the Operations Fund which can fluctuate from year to year due to capital projects and other spending needs. Transfers are kept to a minimum.
- During the year ended June 30, 2023, the ESSER III Fund was reclassified as a nonmajor fund. The ESSER III Fund accounts for the federal Elementary and Secondary School Emergency Relief Fund grant by the Federal ARP Act. Although revenue and expenditures in the fiscal year remained high, the thresholds for categorization as a major fund were not met.

USING THE FINANCIAL STATEMENTS

The School Corporation's basic financial statements and required supplementary information consists of the following:

- 1) Management's discussion and analysis
- 2) Government-wide financial statements
- 3) Fund financial statements
- 4) Notes to the financial statements
- 5) Required supplementary information
- 6) Other supplementary information (as applicable)

The Governmental Accounting Standards Board (GASB) requires that any significant component units be included as blended or discretely presented component units in the basic financial statements. The School Corporation presented the Fort Wayne Community Schools Building Corporation as a blended component unit for the reasons described in Note 1 of the notes to the financial statements. The component unit is presented as a portion of debt service and the bond construction funds.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the School Corporation's finances.

The statement of net position presents the financial position of the School Corporation at the end of the most recent fiscal year and includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources is the net position. The net position is one measure of the overall financial condition of the School Corporation. Increases or decreases in net position can be an indicator of the improvement or decline of the School Corporation's financial position. The statement of activities presents information related to changes in net position during the most recent fiscal year. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

The government-wide financial statements can be found on pages 17 and 18 of this report.

Fund financial statements. In addition to the government-wide financial statements described above, the School Corporation utilizes fund accounting to ensure compliance with GASB requirements for financial statement reporting. All funds of the School Corporation can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds account for activities similar to those reported in the government-wide financial statements. However, governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both "measurable and available." "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The current financial resources measurement focus is helpful in evaluating the School Corporation's ability to fund current obligations.

Reconciliations between the government-wide financial statements and the governmental funds can be found on pages 20 and 22.

The School Corporation has 134 individual governmental funds. Of these funds, the School Corporation presents four major funds detailed below.

- Education Fund
- Referendum Debt Fund
- Operations Fund
- Bond Construction Fund

The Bond Construction Fund, a major fund, is an aggregate presentation of eight separate funds used to account for the proceeds of nine bond issues for construction.

Data for two non-major debt service funds are provided in the form of combining statements elsewhere in the report. These debt service funds have associated property tax rates.

Data for 122 non-major special revenue funds are provided in the form of combining statements elsewhere in the report.

The governmental fund financial statements can be found on pages 19 and 21 of this report.

Proprietary funds. The School Corporation utilizes a proprietary fund for internal service purposes. Internal service funds are used to accumulate and allocate costs internally among the School Corporation's various functions. The School Corporation uses an internal service fund to account for self-insurance activity. As the activity within these funds benefit governmental-type funds, they have been reported in the statement of net position and statement of activities as governmental-type activities.

The basic proprietary fund financial statements can be found on pages 23-25 of this report.

The School Corporation had no fiduciary funds at June 30, 2023.

Notes to the financial statements. The notes to the financial statements are used to make important disclosures and explain assumptions used to prepare the government-wide and fund financial statements.

The notes to the financial statements begin on page 26 of this report.

Required Supplementary Information. Following the basic financial statements and notes to the financial statements is required supplementary information. This includes schedules related to funding of pension and other postemployment benefit plans and budget to actual reports for major special revenue funds.

Required supplementary information begins on page 57 of this report.

Other Supplementary Information. Following the required supplementary information is other supplementary information. This includes combining schedules in relation to non-major governmental funds.

Other supplementary information begins on page 67 of this report.

Total net position	\$ 411,315,137	\$ 347,864,509	63,450,628	18%

Assets and Deferred Outflows of Resources. Significant current period activity related to assets and deferred outflows of resources is summarized below.

- The \$30,339,109 decrease in current and other assets from the prior year is largely due to the following:
 - The restricted cash and investments in the Bond Construction Fund decreased \$38,280,320 from the prior year. The 2022 Unlimited Ad Valorem Property Tax First Mortgage Bonds were issued in June 2022 resulting in over \$43 million in new restricted cash just before the close of the prior year. The proceeds of that bond issue and other past issues were used for construction in the current year resulting in the large decrease.
 - Unrestricted cash and investments increased \$23,983,709 and net pension assets decreased \$13,914,723 to account for most of the rest of the change.
- Expenditures on building improvements from the Bond Construction Fund, ESSER II, ESSER III, and Operations Fund account for most all of the \$65,298,093 increase in capital assets from the prior year.
- Deferred outflows from pensions increased \$7,987,190 accounting for most of the \$7,703,401 increase in deferred outflows of resources from the prior year.

Liabilities and Deferred Inflows of Resources. Significant current period activity related to liabilities and deferred inflows of resources is summarized below.

- Bonds payable, including bond premium, decreased \$21,687,736 from the prior year; however, Common School Fund loans and other long-term liabilities increased resulting in a net increase of \$15,783,585 in long-term liabilities.

- Deferred inflows for pensions decreased \$42,089,593 accounting for most of the \$40,437,948 decrease in deferred inflows of resources from the prior year.

Net Position. At June 30, 2023, total assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$411,315,137 at the close of the most recent fiscal year and the School Corporation reported a positive net position.

The majority of the unrestricted net position has been internally assigned to maintain the operations of the School Corporation.

Change in Net Position. The change in net position represents the School Corporation's operating results for the previous fiscal year. For the fiscal year ended June 30, 2023, the School Corporation reported a change in net position of \$63,472,433.

Significant changes to program and general revenues include the following:

- Operating grants and contributions declined \$16,216,536 during the current year due to a few grants ending in the prior year and declining expenditures on reimbursable grants in the current year.

- Capital grants and contributions increased \$24,014,629 in the current year mostly due to federal ESSER III revenue used on capital expenditures.
- The \$7,946,168 local property tax revenue increase in the current year can be attributed to an increase in the maximum allowed levy for the Operations Fund in calendar years 2022 and 2023. In addition, the levies for debt service increased in calendar years 2022 and 2023 for debt service payments on bonds. The property tax rate for debt service remains below the \$.3028 rate promised to the public when the referendums for capital projects were approved.
- State basic aid increased \$8,421,133 primarily due to basic tuition support per ADM increasing about 3.4% for the 2022-2023 school year.
- Investment earnings increased \$6,955,070 due to the sharp increase in interest rates during the current year.

Significant changes to functional expenses include the following:

- Support services expenses increased \$27,306,119 due to increased wages for support staff in the Education, Operations, and nonmajor funds along with increases in technology, building maintenance, security and transportation.

Governmental Fund Assets. Assets consist primarily of cash and cash equivalents, taxes receivable, and intergovernmental receivable. Significant current period activity related to assets is summarized below.

- The \$23,983,709 increase in cash and investments in the current year is primarily due to the following funds:
 - The Education Fund cash and investments increased \$3,262,719. The \$7,976,021 increase in State basic aid and lower than expected expenditures and transfers out increased the cash balance.
 - The Operations Fund cash balance increased \$9,198,368. The \$4,970,654 increase in property tax revenue and the \$4,432,239 increase in interest income contributed to the increase in cash balance.
 - The School Lunch Fund increased \$8,370,592. The School Lunch Fund has is used for interfund loans so \$4,112,187 of the increase can be attributed to a decrease in interfund loans to reimbursable grant funds. The rest of the cash balance increase can be attributed to a strong cash flow from operations.
- The \$36,552,172 decrease in restricted cash and cash equivalents is primarily attributed to the issuance of the 2022 Unlimited Ad Valorem Property Tax First Mortgage Bonds in June of 2022. The issuance resulted in \$43,253,154 in new restricted cash just before year end. The bond proceeds in the Bond Construction Fund for that issue and previous bond issues were used in the current year for construction expenditures and is the reason for the large decrease in the balance.
- Intergovernmental receivables are mostly the result of unreimbursed grant expenditures at the end of the fiscal year. The timing of expenditures and reimbursements will result in significant fluctuations in the intergovernmental receivables balance at the end of each month. The \$7,618,819 decrease is the result of less unreimbursed grant expenditures in June prior to the close of the current year compared to the prior year.
- Interfund receivables are necessary when reimbursable grant funds have negative cash balance at the end of the fiscal year. As described above, the School Corporation had a lower amount of unreimbursed grants at the end of the current year so the interfund receivable balance decreased \$6,806,968.

Governmental Fund Liabilities. Liabilities consist primarily of accounts payable and salaries and payroll deductions payable. Significant current period activity related to liabilities is summarized below.

- Interfund payables are necessary when reimbursable grant funds have negative cash balance at the end of the fiscal year. As described above, The School Corporation had a lower amount of unreimbursed grants at the end of the current year so the interfund payable balance decreased \$6,806,968.

Fund Balance.

Fund balances with significant balance variances during the year include:

- The Operations Fund balance increased \$9,080,269 mainly due to the \$4,970,654 increase in property tax revenue and the \$4,432,239 increase in interest income as mentioned previously.
- The Bond Construction Fund balance decreased \$41,115,437 due to the spend down of bond proceeds as previously mentioned.

Governmental Funds Changes in Fund Balances. During the current fiscal year, the main sources of governmental fund revenues included State basic aid, Federal sources, and Property taxes.

Significant changes to revenues include the following:

- The \$7,353,679 property tax revenue increase in the current year can be attributed to an increase in the maximum allowed levy for the Operations Fund in calendar years 2022 and 2023. In addition, the levies for debt service increased in calendar year 2022 and 2023 for debt service payments on bonds.
- State basic aid increased \$7,616,270 primarily due to basic tuition support per ADM increasing about 3.4% for the 2022-2023 school year
- Investment earnings increased \$6,955,070 due to the sharp increase in interest rates during the current year.
- The \$26,642,203 increase in federal sources is primarily due to the ESSER III grants revenue which increased \$23,653,661 in the current year. ESSER III funds were used on several large building improvement projects during the current year.

- The \$47,883,326 increase in other revenue is almost entirely the result of a \$49,742,257 increase in the Education Fund in the current year. Governmental accounting standards require the School Corporation to account for the financial support of nonemployer contributing entities to pension plans. As described in Note 10 of the Notes to the Financial Statements, the State of Indiana, the nonemployer contributing entity, assumes 100% of the net pension liability for the Indiana State Teachers' Retirement Fund Pre-1986 Account (TRF Pre-1996). The School Corporation's share of the State's contributions during the fiscal year was \$50,235,155 and this amount was reported as other revenue in the Education Fund and as an instructional expense. In the past fiscal years, the School Corporation reflected the TRF Pre-1996 amounts in the government wide financial statements only; however, starting in fiscal year ending June 30, 2023, the School Corporation began reflecting this contribution and expense at the fund level.

Significant changes to expenditures include the following:

- The \$59,304,391 increase in instruction expenditures is largely due to the \$50,235,155 associated with the TRF Pre-1996 pension plan expenditure as described in the other revenue analysis above. The rest of the instructional expenditure increase is primarily due to wages increases.
- Capital outlays increased \$42,515,040 as ESSER III and Bond Construction Fund spending accelerated on capital projects throughout the District.

BUDGETARY PROCESS

The School Corporation prepares calendar year budgets for all funds and programs with the exception of grant funds which have budgets for the length of time in the grant agreements.

According to Indiana state law, four funds of the School Corporation must go through the formal budget adaption process. The four funds are the Education, Operations, Debt Service, and Referendum Debt Service. In September, budgets for these funds are presented by the Chief Financial Officer to the Board of Trustees, advertised on the School Corporation website and in Gateway, and a public hearing is held. In October, the budgets are adopted by the Board of Trustees and submitted to the Indiana Department of Local Government Finance (DLGF). The DLGF ensures the budgets are carried out in accordance with Indiana law. The DLGF reviews and approves the budget, tax rates and property tax levies by December 31.

Since legally adopted budgets are on a calendar year and cash basis of accounting (Non-GAAP) instead of a fiscal year and GAAP basis of accounting, an analysis and explanation of the budget and actual results isn't considered necessary in this report. Budget to actual comparison schedules for the calendar year ending December 31, 2022 have been presented as part of the required supplementary information.

CAPITAL, LEASE AND SUBSCRIPTION ASSETS

Capital, lease, and subscription assets, net of depreciation and amortization, totaled \$445,838,644 at June 30, 2023. Please refer to Note 6 in the notes to the financial statements for more detail on capital, lease, and subscription asset activity, including additions and disposals of capital, lease, and subscription assets during the current fiscal year. As of June 30, 2023, the School Corporation has \$58,548,732 of contractual commitments outstanding related to various building renovation projects. Major capital, lease, and subscription asset projects and events during the current fiscal year included the following:

- Referendum bond issue proceeds in the Bond Construction Fund and ESSER III funds were used for major building projects at Wayne High School, Northwood Middle School, Waynedale Elementary, Arlington Elementary, Lindley Elementary, Portage Middle School, Lincoln Elementary, Scott Elementary, and Whitney Young Early Childhood Center. Projects in several other schools were also completed or in progress during the year.
- The Governmental Accounting Standards Board (GASB) issued a statement, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, that was implemented during the current year. The subscription assets in the table below are related the implementation of this statement.

The following table displays the School Corporation's capital and lease assets.

During the current year, the only new bonds issued were refunding bonds with a par amount of \$35,155,000. The proceeds were used to refund the Unlimited Ad Valorem Tax First Mortgage Bonds, Series 2013. Bonds payable – School Corporation decreased \$20,960,000 as normal debt payments per the amortization schedules were made during the current year.

S&P Global Ratings assigned a programmatic bond rating of AA+ for the 2022 refunding bonds based upon the Indiana State Intercept Program. S&P Global has assigned an underlaying rating of A+.

The June 30, 2022 Net Pension Asset of \$3,650,848 decreased \$47,554,327 and is now a net pension liability of \$43,903,479 as of June 30, 2023. It is the aggregate of the PERF and TRF-1996 assets and liabilities.

CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS THAT ARE EXPECTED TO HAVE A SIGNIFICANT EFFECT ON THE FINANCIAL POSITION OR RESULTS OF OPERATIONS

- In 2020, the School Corporation was awarded COVID related federal funding. Spending of this funding began in 2020 and will continue into 2024. The following is a summary of the remaining funding:
 - \$44,883,919 was the award for ESSER II to the School Corporation. At the end of the current year, \$35,175,179 of the award had been received by the School Corporation for reimbursable expenditures. The School Corporation expects to spend nearly all the remaining balance of the award. The School Corporation obtained approval from the IDOE for a late liquidation to spend \$1,346,256 past the December 31, 2023 original closing date.
 - \$100,805,251 was the award for ESSER III to the School Corporation. At the end of the current year \$55,864,364 of the award had been received by the School Corporation for reimbursable expenditures. Remaining funds must be encumbered by September 30, 2024 and spent by December 31, 2024. The School Corporation expects to spend nearly all the remaining balance.

- The July 1, 2023 to June 30, 2025 State budget increased the per pupil foundation amount from \$6,235 in 2022-2023 to \$6,590 for 2023-2024 (5.7% increase), and \$6,681 for 2024-2025 (1.4% increase). In addition, the standard factor in complexity funding increased from \$3,775 in 2022-2023 to \$3,983 for 2023-2024 (5.5% increase), and \$4,024 for 2024-2025 (1.0% increase). This State aid is the primary source of revenue for the Education Fund.
- State tuition support for special education funding increased about 5% for 2023-2024 and 5% for 2024-2025.

Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures and Changes in Fund Balances to Statement of Activities
For the Year ended June 30, 2023

Net change in total fund balances \$ (22,155,854)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report outlays for capital assets as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets.

Capital outlay resulting in assets	84,680,678	
Depreciation expense	(17,614,588)	
Amortization expense	<u>(1,418,577)</u>	
Capital outlays in excess of depreciation expense		65,647,513

The issuance of long-term debt provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Debt principal repayment	23,180,562	
Debt refunding	38,491,854	
Financed purchase principal repayment	48,275	
Lease principal repayment	519,231	
Subscription principal repayment	900,612	
Debt issuance	(45,497,617)	
Debt premium issuance	<u>(3,662,073)</u>	
		13,980,844

Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities.

Amortization of premiums and discounts		2,610,973
--	--	-----------

Governmental funds record the total amount of proceeds received in a sale of capital assets as revenue while governmental activities report only the gain or loss associated with the sale.

(740,954)

Some revenues were not collected as of the close of the fiscal year and therefore were not considered to be "available" and are not reported as revenue in the governmental funds.
The change from fiscal year 2023 and 2022 consists of:

Property taxes		3,706,373
----------------	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported in the governmental funds.

Change in deferred outflows and inflows of resources surrounding debt refundings	71,185

Notes to the Financial Statements

June 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity: Fort Wayne Community Schools (the "School Corporation") was established under the laws of the State of Indiana. The School Corporation operates under a Board of School Trustees form of government and provides educational services for students from pre-school through high school. The School Corporation operates 52 schools and employs over 4,000 staff members providing services and support to 28,664 students during the 2022-2023 school year.

The accompanying financial statement presents the financial information for the School Corporation.

Blended Component Unit: The following component unit has been presented as a blended component unit. The Board of the component unit is made up of individuals appointed by the School Corporation Board of Trustees. There is either a financial benefit or burden relationship between the School Corporation and the component unit or management of the primary government has operational responsibility for the component unit or the component unit provides services exclusively or almost exclusively to the primary government:

- Fort Wayne Community Schools Building Corporation (Building Corporation). The component unit is presented as a portion of debt service and the bond construction funds.

The component unit detailed above holds bonds currently outstanding in the amount of \$208,695,000. The School Corporation has entered into lease revenue arrangements with the Building Corporation to pay off the entirety of this debt as scheduled. The lessor and lease transactions have been eliminated for the reporting entity presentation of financial statements.

Related Parties: The School Corporation is supported by a number of parent teacher organizations and booster groups as well as the FWCS Foundation. Each of these organizations are separate legal entities and have their own governing boards. The School Corporation does not control these groups but, does work closely with them to identify areas where they can support educational programs within the schools.

Government-Wide Financial Statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the School Corporation. The effect of interfund activity has been removed from these statements. The School Corporation's operating activities are all considered "governmental activities," that is, activities normally supported by taxes and intergovernmental revenues. The School Corporation has no operating activities that would be considered "business type activities."

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) amounts paid by the recipient of goods or services offered by the program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Governmental Funds Financial Statements: Governmental funds financial statements are organized and operated on the basis of funds and are used to account for the School Corporation's general governmental activities. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, deferred inflows of resources, deferred outflows of resources, fund balance, revenues, and expenditures. The minimum number of funds is maintained consistent with legal and managerial requirements.

FORT WAYNE COMMUNITY SCHOOLS
Notes to the Financial Statements
June 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting: The government-wide financial statements and the internal service fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both "measurable and available." "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Revenues that the School Corporation earns by incurring obligations, such as matching federal grants, are generally recognized in the same period that the related obligations are recognized. Such accrued revenue is considered available even if it is not received within 60 days of year-end. For this purpose, the School Corporation considers all revenues, other than federal grant revenues, available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred. However, expenditures for unmatured principal and interest on general long-term debt are recognized when due; and certain compensated absences, claims, and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Major Governmental Funds

The School Corporation reports the following major governmental funds:

Operations Fund – the Operations Fund is required by IC 20-40-18. It is a special revenue fund used to account for receipt of the operation property tax levy and other excise and local income taxes. It is also used to pay expenses allocated to overhead and operational activities.

Education Fund – the Education Fund is a special revenue fund required by IC 20-40-2. It is used to account for all tuition receipts and disbursements related to student instruction and learning.

Bond Construction Fund - accounts for construction projects and renovations financed through various bond issuances. This fund is an aggregate of multiple capital project type funds.

Referendum Debt Fund – the Referendum Debt Fund is a debt service fund that accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs associated with the capital referendum.

Other Fund Types

Additionally, the School Corporation reports the following fund types:

Nonmajor Debt Service Funds – Certain nonmajor funds account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

Nonmajor Special Revenue Funds – Various funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes, other than those accounted for in the Debt Service Fund or capital project type funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Significant Special Revenue Funds

School Lunch Fund - accounts for the various grants, receipts and related costs for the school lunch program.

Curricular Materials Rental Fund - accounts for the receipts and disbursements related to rental of textbooks and other curricular materials and supplies.

Internal Service Funds – The self-insurance fund is a proprietary fund and accounts for the cost of purchased insurance, the operation and administration of the School Corporation's self-insurance programs, and the cost of administering and collecting the School Corporation's occupational premiums.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance:

Deposits and Investments: The School Corporation's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. State statute (IC 5-13-9) authorizes the School Corporation to invest in securities, including but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Investment income, including changes in the fair value of investments, is reported as revenue in the operating statement.

Restricted Assets: All restricted assets, as presented in the accompanying financial statements, are restricted due to debt service requirements, capital requirements, grantor intent and funds required to be spent on nonpublic school needs by the State.

Interfund Transactions and Balances: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/payables.

Deferred Outflows of Resources and Deferred Inflows of Resources: Deferred outflows of resources represent a consumption of net position that applies to future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods. These amounts will not be recognized as expense or revenue until the applicable period. Lease related deferred inflows represent lease revenue which will be recognized in future periods. The School Corporation's activities are related to recognition of changes in its defined benefit plan's net pension liability (asset) that will be amortized in future periods and recognition of changes in its other post-employment benefit liability that will be amortized in future periods.

On the governmental fund financial statements, the School Corporation reports amounts that are measurable but not yet available as unavailable revenues.

Inventories: All material inventories would be recorded at cost using the first in/first out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Additionally, debt payments made for amounts due in the month following the School Corporation's fiscal year end are considered prepaid in debt service funds.

Leases Receivable: The School Corporation is a lessor for noncancellable leases for portions of various land parcels. The School Corporation recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the School Corporation initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the School Corporation determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The School Corporation uses the estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The School Corporation monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Property Tax Revenues: Property taxes levied are collected by the County Treasurer and are scheduled to be distributed to the School Corporation in June and December; however, situations can arise which would delay the distributions. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by January 15. These rates were based upon the preceding year's lien date and assessed valuations are adjusted for various tax credits. Taxable property is assessed at 100 percent of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which normally become delinquent if not paid by May 10 and November 10, respectively.

Capital and Lease Assets: Capital and lease assets, which include land, land improvements, buildings, equipment, lease assets and construction in progress, are reported in the government-wide financial statements. Capital assets are defined by the School Corporation as assets with an initial individual cost of \$5,000 or more and an estimated useful life of 5 years or more or improvements or renovations that extend the useful life of an asset more than 2 years. Such assets, with the exception of lease assets, are recorded at cost at the date of acquisition if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Lease and subscription assets are the right to use an underlying asset identified in a lease or subscription contract for a specific period of time.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation of capital assets is provided using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	20-40
Improvements Other Than Buildings	10-40
Vehicles	5-12
Machinery and Equipment	5-12

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Long-Term Obligations: In the government-wide financial statements, long-term debt and other long-term obligations, including lease and subscription liabilities, are reported as liabilities in the statement of net position. Bond premiums and discounts are amortized over the life of the applicable bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year of issuance.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the period incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The School Corporation is a lessee for noncancellable leases of equipment, buildings and parking spaces. The School Corporation recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The School Corporation recognizes lease liabilities with an initial, individual value of \$5,000 or more.

The School Corporation is a subscriber of technology related assets and recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the government-wide financial statements. The School Corporation recognizes subscription liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease or subscription, the School Corporation initially measures the lease or subscription liability at the present value of payments expected to be made during the lease or subscription term. Subsequently, the lease or subscription liability is reduced by the principal portion of payments made. The lease or subscription asset is initially measured as the initial amount of the lease or subscription liability, adjusted for payments made at or before the lease or subscription commencement date, plus certain initial direct costs. Subsequently, the lease or subscription asset is amortized on a straight-line basis over the shorter of the lease or subscription term or its useful life.

Key estimates and judgments related to leases include how the School Corporation determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The School Corporation uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the School Corporation generally uses its estimated incremental borrowing rate as the discount rate for leases.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the School Corporation is reasonably certain to exercise.

The School Corporation monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Net Position Classifications: Equity is classified as net position and displayed in three components:

- *Net investment in capital and lease assets* - Consists of capital, lease and subscription assets including restricted capital assets, net of accumulated depreciation and amortization and reduced by the outstanding balances of any bonds, mortgages, notes, leases and subscriptions payable, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.
- *Restricted net position* - Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- *Unrestricted net position* - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the School Corporation's policy to use restricted resources first, and then unrestricted resources as they are needed.

Pensions: The School Corporation has recorded a net pension liability reflecting their proportionate share of the difference between the total pension liabilities and the fiduciary net positions of the Indiana Public Retirement System (INPRS) plans:

- Public Employee's Retirement Fund (PERF) Plan
- Teacher's Retirement Fund (TRF) Plan

Although the School Corporation participates in the TRF Pre-1996 Plan, this has not been included in the measurement of net pension liabilities and related deferred inflows and outflows of resources. The TRF Pre-1996 Plan is a liability of the State of Indiana, due to its status as a special funding situation. The School Corporation does not make contributions to the plan. The School Corporation records revenue and expense at the government wide level for the value of the School's Corporations proportionate share of pension expense.

For purposes of measuring the net pension liabilities, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of INPRS Plans and additions to/deductions from the INPRS Plans fiduciary net position have been determined on the same basis as they are reported by the INPRS system. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Post-Employment Benefits: For purposes of measuring the School Corporation's Post-Employment Benefits Other than Pensions ("OPEB") liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Compensated Absences: The School Corporation vacation and sick leave policies and collective bargaining agreements generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered vested are recognized in the financial statements. The liability is reported in the government-wide financial statements. A liability is reported only for vacation leave which is owed to employees in certain classified year-round positions upon retirement or termination and is limited to a five-day carryover from one fiscal year to the next. Sick leave accumulates but does not vest.

Tax Abatements: Under the state statute, IC 6-1.1-12.1, Allen County, and cities and towns within Allen County, provide tax abatements for rehabilitation or redevelopment of real property in economic revitalization areas. The tax abatements under this statute are for real property tax and personal property tax. For Allen County's calendar year 2022, tax amounts of \$4,976,000 were abated which reduced County revenues. These abatements have a lesser impact on the School Corporation's collection of property taxes due to allocation to many underlying tax units.

Allen County - Real property	\$ 1,126,000
Allen County - Personal property	2,057,000
All Cities and Towns within Allen County - Real Property	1,793,000
	<u>\$ 4,976,000</u>

Indiana Economic Development Corporation (IEDC) Tax Abatements: County income tax revenues may also be reduced by certain income tax abatements granted by the IEDC. The IEDC offers various abatement or credit programs but the three most applicable to Allen County are the Community Revitalization Enhancement District (CRED), the Economic Development for a Growing Economy (EDGE) and the Hoosier Business Investment (HBI) tax credits. These programs offer income tax credits for pre-approved eligible capital investment and job creation. As of December 31, 2022, there are approximately 152 recipients in Allen County with Active IEDC contracts for which almost \$119,007,000 in credits has been received over the life of these contracts. Credits can be taken against state and/or local tax liability, such as adjusted gross income tax, local income tax, insurance premiums tax, and financial institutions tax. The County is a recipient of the local income and financial institution taxes. For purposes of GASB 77, *Tax Abatement Disclosures*, the abatement of financial institutions tax is not considered an abatement of local tax revenues, but rather a reduction of shared revenue. For year-end December 31, 2022, the amount County income tax revenues are reduced by these credits could not be calculated based on the State information available but is not estimated to be materially significant to the County or the School Corporation.

Commitments and Contingencies: In the ordinary course of business, a number of claims and lawsuits may arise from individuals seeking compensation for incidents occurring in the operation of the School Corporation. In addition, the School Corporation has been named as a defendant in litigation relating to personnel and contractual matters. Management does not believe that the outcome of these claims will have a material adverse effect on the School Corporation's financial position. However, in the event of an unfavorable outcome in one or more of these matters, the impact could be material to the School Corporation's financial position or results of operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Eliminations and Reclassifications: In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified.

Use of Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows of resources and deferred outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Pronouncements: In 2023, the School Corporation implemented GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The objective of this Statement is to better meet the information needs of financial statement users by establishing uniform accounting and financial reporting requirements for subscription-based information technology arrangements (SBITAs), improving the comparability of financial statements among governments that have entered into SBITAs; and enhancing the understandability, reliability, relevance, and consistency of information about SBITAs. As a result of implementation, the School Corporation reported subscription assets with a net book value of approximately \$1.1 million and a subscription liability of approximately \$150,000 at June 30, 2023. The adoption reduced opening net position by approximately \$20,000.

NOTE 2 - FUND BALANCES

The components of fund balance include the following line items:

	Education Fund	Referendum Debt Fund	Operations Fund	Bond Construction Fund	Nonmajor Governmental Funds	Total

Fund Balance Classifications. Fund balances are divided into five classifications for the Governmental Fund financial statements based on GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* as follows:

FORT WAYNE COMMUNITY SCHOOLS
Notes to the Financial Statements
June 30, 2023

NOTE 2 - FUND BALANCES (Continued)

- Nonspendable fund balance is inherently nonspendable, such as portions of net resources that cannot be spent because of their form and portions of net resources that cannot be spent because they must remain intact.
- Restricted fund balance has externally enforceable limitations on use, such as limitations imposed by creditors, grantors, contributors, or laws and regulations of other government as well as limitations imposed by law through constitutional provision or enabling legislation.
- Committed fund balance has self-imposed limitations set in place prior to the end of the period. The limitations are imposed at the highest level of decision making that requires formal action at the same level to remove. For the primary government, the School Corporation Board is the highest level of decision making.
- Assigned fund balance represents amounts that are intended to be used by the primary government for specific purposes but do not meet the criteria to be classified as restricted or committed.
- Unassigned fund balance is the total fund balance in the general fund in excess of nonspendable, restricted, committed, and assigned fund balance. Any negative fund balance in other funds would also be classified into this category.

If there is an expenditure incurred for purposes for which both restricted and unrestricted fund balance is available, the School Corporation will consider restricted fund balance to have been spent before unrestricted fund balance. Further, if there is an expenditure incurred for purposes for which committed, assigned, or unassigned fund balance classifications could be used, then the School Corporation will consider committed fund balance to be spent before assigned fund balance and consider assigned fund balance to be spent before unassigned fund balance.

NOTE 3 - DEPOSITS AND INVESTMENTS

Cash and Cash Equivalents: The total carrying amount of cash and cash equivalents was \$223,320,805 at June 30, 2023, while the bank balances were \$230,715,692. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

Money Market Accounts: As of June 30, 2023, of the total cash and cash equivalents reported above, the School Corporation holds \$200,446,595 in money market accounts. These have been reported under amortized cost.

Deposits: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. IC 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The School Corporation does not have a deposit policy for custodial credit risk, as funds are only deposited into eligible state depositories.

Investments: State statute (IC 5-13-9) authorizes the School Corporation to invest in securities, including but not limited to, federal government securities, repurchase agreements and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local government units. The School Corporation does not hold any investments.

FORT WAYNE COMMUNITY SCHOOLS

NOTE 4 – RESTRICTED ASSETS

The School Corporation and the Building Corporation have cash and cash equivalents that are externally restricted for their use by either a tax levy, capital referendum, bond issuance related funds (debt service or construction proceeds), state statute or grantors held by the School Corporation as follows as of June 30, 2023:

	APC Funds	Bond funds (Debt Service)	Bond funds (Proceeds)	Grant Funds	Donation and Prepaid Funds	Total
Governmental Activities:						
Major Funds:						
Education	\$ 2,854,820	\$ -	\$ -	\$ -	\$ -	\$ 2,854,820

Bond Construction	-	-	31,739,918	-	-	31,739,918
Non-Major Funds:						
Debt Service	-	689,782	-	-	-	689,782
Grants	-	-	-	7,265,761	756,242	8,022,003
Totals	<u>\$ 2,854,820</u>	<u>\$ 23,653,581</u>	<u>\$ 31,739,918</u>	<u>\$ 7,265,761</u>	<u>\$ 756,242</u>	<u>\$ 66,270,322</u>

APC (Annual Public Count) funds are those funds required to be spent on special education programs at nonpublic schools.

NOTE 5 - RECEIVABLES

The School Corporation reports receivables for property taxes receivable, intergovernmental receivables, lease receivables and operating activities. Property taxes represent an estimate of anticipated second distribution for the January 1, 2023 tax levy that will be collected in November and December 2023. An estimate was performed utilizing the School Corporation's 2023 tax levy, circuit breaker credits and historical collection rates. Intergovernmental receivables are primarily state funding or grants distributed from the Indiana Department of Education. Other accounts receivable at June 30, 2023 consist of student receivables and other receivables. Management has determined certain accounts to not be fully collectible and has thus recorded an allowance for uncollectible accounts.

Receivables balances at June 30, 2023 include the following:

	June 30, 2023 Balance
Student receivables	\$ 1,093,472
Less allowance for uncollectible accounts	(1,001,973)
Subtotal	91,499

The debt service fund, referendum debt fund, and pension obligation debt service fund are typically used to liquidate the bond, loan and lease liabilities.

Upon default of other loans payable, the School Corporation may be liable for costs of collection and attorney fees incurred by the holder of the loan.

Upon default of any issuance of bonds, the bond holder may declare principal and interest on the bonds due and payable. Additionally, the School Corporation or Building Corporation may be required to surrender any mortgaged property associated with the bond issuance.

During the current fiscal year, the School Corporation issued refunding bonds with a par amount of \$35,155,000. The proceeds were used to refund the Unlimited Ad Valorem Property Tax First Mortgage Bonds, Series 2013. The Series 2013 bonds were fully paid off in 2023 resulting in a deferred gain on refunding of \$771,982.

Bonds payable: The School Corporation's general obligation bonds are direct obligations and pledge the full faith and credit of the School Corporation. Bonds currently outstanding are as follows:

NOTE 8 – INTERFUNDS AND TRANSFERS

Temporary loans are made between funds for cash flow purposes to cover operating expenses until grant or other revenue payments are received. Reimbursement grants require upfront expenditures which is the primary reason for interfund loans. Grant reimbursements are received monthly so interfund loans are quickly repaid. Individual fund interfund receivable and payable balances at June 30, 2023 were as follows:

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>

NOTE 9 - RISK MANAGEMENT

The School Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

FORT WAYNE COMMUNITY SCHOOLS
Notes to the Financial Statements

NOTE 9 - RISK MANAGEMENT (Continued)

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

Self-insurance plan: The School Corporation has adopted a plan of self-insuring employee group medical and workers compensation insurance. Expenses are recorded as incurred. Insurance policies limit the School Corporation's annual liability for medical claims to \$300,000 per individual and the annual aggregate limit to \$59,411,922. For workers compensation, insurance policies limit the annual liability to \$400,000 per occurrence and \$5,000,000 in the annual aggregate. The accrual represents the School Corporation's estimate of claims and fees that were incurred but unpaid as of the end of the year, which is recorded under Other Liabilities. At June 30, 2023, the School Corporation estimates this liability to be as follows:

	June 30, 2023	June 30, 2022
	Balance	Balance
Liability, beginning of year	\$ 3,233,648	\$ 4,285,018

Liability, end of year	<u><u>\$ 4,422,434</u></u>	<u><u>\$ 3,233,648</u></u>

NOTE 10 - PENSION PLANS

The School Corporation participates in three pension plans, which are administered by the Indiana Public Employees' Retirement System (INPRS).

Pension Plan Fiduciary Net Position: Detailed information about the pension plans' fiduciary net position is available in a stand-alone financial report of INPRS that includes financial statements and required supplementary information for the plans as a whole. These reports may be obtained by writing the Indiana Public Retirement System, One North Capitol, Suite 001, Indianapolis, IN 46204, by calling (888) 526-1687, by emailing questions@inprs.in.gov, or by visiting www.in.gov/inprs.

Public Employees' Retirement Fund

Plan Description: The School Corporation participates in the Public Employees' Retirement Fund (PERF), a cost-sharing multiple-employer defined benefit plan effective July 1, 2013 based on 35 IAC 21-1-1, 35 IAC 21-1-2 and amended IC 5-10.2-2-11(b). PERF was established to provide retirement, disability, and survivor benefits to full-time employees of the State of Indiana not covered by another plan, those political subdivisions that elect to participate in the retirement plan, and certain INPRS employees. Political subdivisions mean a county, city, town, township, political body corporate, public school corporation, public library, public utility of a county, city, town, township, and any department of, or associated with, a county, city, town, or township, which department receives revenue independently of, or in addition to, funds obtained from taxation. There are two (2) components to the PERF Plan. The first is the Public Employees' Defined Benefit Plan (PERF Hybrid Plan) and the second is the My Choice Retirement Savings Plan for Public Employees (My Choice). The School Corporation does not participate in the My Choice Plan. Details of the PERF Hybrid Plan are described below.

FORT WAYNE COMMUNITY SCHOOLS
Notes to the Financial Statements
June 30, 2023

NOTE 10 - PENSION PLANS (Continued)

PERF Hybrid Plan Description: The PERF Hybrid Plan was established by the Indiana Legislature in 1945 and is governed by the INPRS Board of Trustees in accordance with Indiana Code (IC) 5-10.2, IC 5-10.3, and IC 5-10.5. There are two (2) aspects to the PERF Hybrid Plan defined benefit structure. The first portion is the monthly defined benefit pension that is funded by the employer. The second portion of the PERF Hybrid Plan benefit structure is the Public Employees' Hybrid Members Defined Contribution Account (DC Account), formerly known as the Annuity Savings Account (ASA), which that supplements the defined benefit at retirement.

Contributions: Members are required to contribute 3% of their annual covered salary to their defined contribution account. The primary government was required to contribute at a current rate of 11.2% of annual covered payroll for fiscal year 2022. The contribution requirements of plan members and the primary government are established and may be amended by the INPRS Board of Trustees. The actuarial amount, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employer contributions to the PERF plan from the School Corporation were \$5,684,849 for the fiscal year ended June 30, 2023. The School Corporation chose to fund the 3.0 percent member portion of contributions of \$1,534,750 for the current fiscal year. For the fiscal year ended June 30, 2023, covered payroll for PERF members was \$51,153,881.

Retirement Benefits: The PERF Hybrid Plan retirement benefit consists of the sum of a defined pension benefit provided by employer contributions plus the amount credited to the member's DC Account. Pension benefits vest after 10 years of creditable service. The vesting period is eight (8) years for certain elected officials. Members are immediately vested in their annuity savings account. At retirement, a member may choose to receive a lump sum payment of the amount credited to the member's annuity savings account, receive the amount as an annuity, or leave the contributions invested with INPRS. Vested PERF members leaving a covered position, who wait 30 days after termination, may withdraw their DC account and will not forfeit creditable service or a full retirement benefit. However, if a member is eligible for a full retirement at the time of the withdrawal request, he/she will have to begin drawing his/her pension benefit in order to withdraw the DC Account. A non-vested member who terminates employment prior to retirement may withdraw his/her DC Account after 30 days, but by doing so, forfeits his/her creditable service. A member who returns to covered service and works no less than six (6) months in a covered position may reclaim his/her forfeited creditable service.

Rate of Return: The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the fiscal year ended June 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense for Public Employee's Retirement Fund was (6.6%) percent.

A member who has reached age 65 and has at least 10 years of creditable service is eligible for normal retirement and, as such, is entitled to 100 percent of the pension benefit component. This annual pension benefit is equal to 1.1 percent times the average annual compensation times the number of years of creditable service. The average annual compensation in this calculation uses the highest 20 calendar quarters of salary in a covered position. All 20 calendar quarters do not need to be continuous, but they must be in groups of four (4) consecutive calendar quarters. The same calendar quarter may not be included in two (2) different groups. For PERF members who serve as an elected official, the highest one (1) year (total of four (4) consecutive quarters) of annual compensation is used. Member contributions paid by the employer on behalf of the member and severance pay up to \$2,000 are included as part of the member's annual compensation.

NOTE 10 - PENSION PLANS (Continued)

A member who has reached age 60 and has at least 15 years of creditable service is eligible for normal retirement and, as such, is entitled to 100 percent of the pension benefit. A member who is at least 55 years old and whose age plus number of years of creditable service is at least 85 is entitled to 100 percent of the benefits as described above.

A member who has reached at least age 50 and has at least 15 years of creditable service is eligible for early retirement with a reduced pension. A member retiring early receives a percentage of the normal annual pension benefit. The percentage of the pension benefit at retirement remains the same for the member's lifetime. For age 59, the early retirement percentage of the normal annual pension benefit is 89 percent. This amount is reduced five (5) percentage points per year (e.g., age 58 is 84 percent) to age 50 being 44 percent.

The monthly pension benefits for members in pay status may be increased periodically as cost of living adjustments (COLA). Such increases are not guaranteed by statute and have historically been provided on an "ad hoc" basis and can only be granted by the Indiana General Assembly.

Disability and Survivor Benefits: The PERF Hybrid Plan also provides disability and survivor benefits. A member who has at least five (5) years of creditable service and becomes disabled while in active service, on FMLA leave, receiving workers' compensation benefits, or receiving employer-provided disability insurance benefits may retire for the duration of the disability, if the member has qualified for social security disability benefits and has furnished proof of the qualification. The disability benefit is calculated the same as that for a normal retirement without reduction for early retirement. The minimum benefit is \$180 per month, or the actuarial equivalent.

Upon the death in service of a member with 15 or more years of creditable service as of January 1, 2007, a survivor benefit may be paid to the surviving spouse to whom the member had been married for two (2) or more years or surviving dependent children under the age of 18. This payment is equal to the benefit which would have been payable to a beneficiary if the member had retired at age 50 or at death, whichever is later, under an effective election of the joint and survivor option available for retirement benefits. A surviving spouse or surviving dependent children are also entitled to a survivor benefit upon the death in service after January 1, 2007, of a member who was at least 65 years of age and had at least 10 but not more than 14 years of creditable service.

Financial Report: INPRS issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report is available online at <http://www.inprs.in.gov/>.

Teachers' Retirement Plan 1996 Account:

Plan Description: The Teachers' Retirement Fund (TRF) is a cost-sharing, multiple-employer defined benefit fund providing retirement, disability, and survivor benefits. Membership in TRF is required for all legally qualified and regularly employed licensed teachers who serve in public schools of Indiana. State statute (IC 5-10.2) gives the School Corporation authority to contribute and governs most requirements of the system. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account.

For employees entering into TRF-covered employment after July 1, 2019, there are two choices of retirement plans: the TRF Hybrid Plan (Hybrid) and the TRF My Choice Retirement Savings Plan (My Choice). If employees do not make a choice, they will default to the Hybrid plan. Their choice, or default is irrevocable.

FORT WAYNE COMMUNITY SCHOOLS

NOTE 10 - PENSION PLANS (Continued)

Contributions: Contributions are determined by the INPRS Board based on an actuarial valuation. Employers contribute 6.0 percent of covered payroll. Employer contributions to the TRF plan from the School Corporation were \$7,306,760 for the fiscal year ended June 30, 2023. For the fiscal year ended June 30, 2023, covered payroll for TRF 1996 members was \$121,574,498.

Both the Hybrid and My Choice plans account consists of members' contributions, set by state statute at 3.0 percent of compensation, plus the interest credited to the member's account. The employer must pay the 3.0 percent contribution for those members enrolled in the My Choice Plan. However, the employer can choose to pay the 3.0 percent contribution for those members enrolled in the Hybrid Plan. The School Corporation has elected to make the contributions on behalf of the member.

Retirement Benefits:

Hybrid Plan – A member is entitled to a full retirement benefit 1) at age 65 with at least 10 years of creditable service, 2) at age 60 with at least 15 years of creditable service, 3) at age 55 if age and creditable service total at least 85, 4) at age 55 with 20 years of creditable service and active as an elected official in the TRF-covered position. A member is entitled to an early retirement benefit at age 50 and minimum of 15 years of creditable service. The benefit is 44 percent at age 50, increasing five percent per year up to 89% at age 59.

The lifetime annual benefit equals the years of creditable service multiplied by the average highest five-year annual salary multiplied by 1.1 percent (minimum of \$185 per month). Average annual compensation is outlined in IC 5-10.2-4-3 and includes compensation of not more than \$2,000 received from the employer in severance. Postretirement benefit increases are granted on an ad hoc basis pursuant to IC 5-10.2-12-4 and administered by the INPRS Board.

My Choice Plan – A member is eligible for distribution of their funds to a MetLife annuity at age 62 and after 5 full years of participation. For distributions before January 1, 2023, a member must be separated from TRF employment for at least 30 days. On and after January 1, 2023, if a member is not normal retirement age, the member must be separated from TRF employment for at least 30 days before taking a distribution. Members at a normal retirement age do not need to wait 30 days after separation from TRF employment to take a distribution.

The monthly pension benefits for members in pay status may be increased periodically as cost of living adjustments (COLA). Such increases are not guaranteed by statute and have historically been provided on an "ad hoc" basis and can only be granted by the Indiana General Assembly.

Disability and Survivor Benefits:

Hybrid Plan – An active member qualifying for Social Security disability with five years of creditable service may receive an unreduced retirement benefit for the duration of their disability (minimum of \$185 per month). Under certain conditions, active TRF members may qualify for a classroom disability benefit of at least \$125 per month. If death occurs while in active service, a spouse or dependent beneficiary of a member with a minimum of 15 years of creditable services receives a benefit as if the member retired the later of age 50 or the age the day before the member's death. If death occurs while receiving a benefit, a spouse or dependent receives the benefit associated with the member's selected form of payment: Five Year Certain & Life, Joint with 100% Survivor Benefits, Joint with Two-Thirds Survivor Benefits, or Joint with One-Half Survivor Benefits.

NOTE 10 - PENSION PLANS (Continued)

My Choice Plan – In the case of a death of an in-service member, INPRS will disburse funds in that member's DC and Rollover Pre-Tax Contribution accounts to the member's named beneficiary. If a beneficiary is not named assets will automatically pass to a surviving spouse, surviving dependents or an estate. A beneficiary may elect to have the account paid as a lump sum, direct rollover to another eligible retirement plan, an annuity to MetLife if the account balance is at least \$5,000 and the beneficiary or spouse is at least 62 years old or installment payments for up to 5 years. Spousal beneficiaries may annuitize the DC and Rollover Pre-Tax Contribution funds with MetLife if the DC balance is at least \$5,000 including the Rollover Pre-Tax Contribution and the beneficiary is at least 62 years of age.

Financial report: INPRS issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the plan as a whole. This report may be obtained by writing the Indiana Public Retirement System, One North Capitol, Suite 001, Indianapolis, IN 46204, by calling (844) 464-6777, by emailing questions@inprs.in.gov, or by visiting www.in.gov/inprs.

Teachers' Retirement Pre-1996 Account:

Plan Description: The Indiana State Teachers' Retirement Fund Pre-1996 Account (TRF Pre-1996) is a pay-as-you-go cost-sharing, multiple-employer defined benefit plan providing retirement, disability, and survivor benefits for teachers, administrators, and certain INPRS personnel hired before July 1, 1996. Membership in TRF Pre-1996 is closed to new entrants. TRF Pre-1996 is a component of the Teachers' Hybrid Plan. The Teachers' Hybrid Plan consists of two components: TRF Pre-1996, the monthly employer-funded defined benefit component, along with TRF DC, a member-funded account.

This Plan's pension liabilities are the responsibility of the State of Indiana, so no net pension liability is recorded for the School Corporation's reporting entity. The State of Indiana assumes 100% of the net pension liability for the plan. The net pension liability and pension expense associated with the School Corporation was \$289,861,174 and \$17,691,261, respectively, as of, and for the year ended June 30, 2023 valuation date. The School Corporation's share of nonemployer contributing entity contributions made by the State of Indiana was \$50,235,155 for the year ended June 30, 2023.

Retirement Benefits: A member is entitled to a full retirement benefit 1) at age 65 with at least 10 years of creditable service, 2) at age 60 with at least 15 years of creditable service, 3) at age 55 if age and creditable service total at least 85, 4) at age 55 with 20 years of creditable service and active as an elected official in the TRF-covered position, or 5) at age 70 with 20 years of creditable service and still active in the TRF-covered position. A member is entitled to an early retirement benefit at age 50 and minimum of 15 years of creditable service. The benefit is 44 percent of full benefit at age 50, increasing five percent per year up to 89 percent at age 59. The lifetime annual benefit equals the years of creditable service multiplied by the average highest five-year annual salary multiplied by 1.1 percent (minimum of \$185 per month). The average annual compensation is outlined in IC 5-10.2-4-3 and includes compensation of not more than \$2,000 received from the employer in severance. Postretirement benefit increases are granted on an ad hoc basis pursuant to IC 5-10.2-12-4 and administered by the INPRS Board. For the year ended June 30, 2022, postretirement benefits of \$30.6 million were issued to members as a 13th check.

The monthly pension benefits for members in pay status may be increased periodically as cost of living adjustments (COLA). Such increases are not guaranteed by statute and have historically been provided on an "ad hoc" basis and can only be granted by the Indiana General Assembly.

Disability and Survivor Benefits: An active member qualifying for Social Security disability with five years of creditable service may receive an unreduced retirement benefit for the duration of their disability (minimum of \$185 per month). Under certain conditions, active TRF members may qualify for a classroom disability benefit of at least \$125 per month. If death occurs while in active service, a spouse or dependent beneficiary of a member with a minimum of 15 years of creditable service receives a benefit as if the member retired the later of age 50 or the age the day before the member's death. If death occurs while receiving a benefit, a spouse or dependent receives the benefit associated with the member's selected form of payment: Five Year Certain & Life, Joint with 100% Survivor Benefits, Joint with Two-Thirds Survivor Benefits, or Joint with One-Half Survivor Benefits.

Contributions: According to statute, the TRF Pre-1996 fund is funded primarily by appropriations from the state general fund and lottery proceeds. No member or employer contributions are required. TRF Pre-1996 Account members contribute three percent of covered payroll to their annuity savings account, which is not used to fund the defined benefit pension. The employer may elect to make the contributions on behalf of the member. In addition, members may elect to make additional voluntary contributions, under certain criteria, of up to ten percent of their compensation into their annuity savings accounts. The School Corporation has elected to make three percent contributions on behalf of their participating employees. For the fiscal year ended June 30, 2023, the School Corporation showed 236 employees participating in the Teachers' Retirement Fund Pre-1996 Account with annual payroll equal to \$19,230,638. The School Corporation chose to fund member portion of contributions of \$576,932 on members' behalf.

Financial Report: INPRS issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the plan as a whole. This report may be obtained by writing the Indiana Public Retirement System, One North Capitol, Suite 001, Indianapolis, IN 46204, by calling (844) 464-6777, by emailing questions@inprs.in.gov, or by visiting www.in.gov/inprs.

Net Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At June 30, 2023, the School Corporation reported a net pension liability of approximately \$25.0 million and \$18.9 million for PERF and TRF, respectively, for their proportionate share of the multiple employer cost-sharing defined benefit plans. The School Corporation's proportionate share of the net pension liability was based on the School Corporation's wages as a proportion of total wages.

NOTE 10 - PENSION PLANS (Continued)

Deferred inflows or outflows of resources resulting from the differences between projected and actual investment earnings on Plan investments are amortized over a 5-year period. A change in an employer's proportionate share represents the change as of the current year measurement date versus the prior year measurement date and is amortized over the average expected remaining service lives of the plan. The difference between an employer's contributions and the employer's proportionate share of the collective contributions is amortized over the average expected remaining service lives of the plan.

At June 30, 2023, the School Corporation reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	PERF		TRF 1996

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

The long-term return expectation for the defined benefit retirement plans has been determined by using a building-block approach and assumes a time horizon, as defined in the INPRS Investment Policy Statement. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of geometric real rates of return for each major asset class is summarized in the following table. The real rates of return are the same for all three pension plans.

Significant Actuarial Assumptions: The total pension liability is determined by INPRS actuaries in accordance with GASB No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuations are presented below:

NOTE 10 - PENSION PLANS (Continued)

Discount Rate: Total pension liability for each defined benefit pension plan was calculated using the discount rates described in the sensitivity table below. The discount rate utilized in the TRF pre-1996 account was 6.25%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and where applicable from the members, would at the minimum be made at the actuarially determined required rates computed in accordance with the current funding policy adopted by the INPRS Board, and contributions required by the State (the non-employer contributing entity) would be made as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (6.25% percent for 2023). Based on those assumptions, each defined benefit pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members; therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability for each plan.

Sensitivity: The following presents the School Corporation's share of the net pension liability calculated using the discount rate of 6.25% percent, as well as what the School Corporation's net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.25%), or one percentage point higher (7.25%) than the current rate:

PERF			TRF 1996		
1% Decrease (5.25)%	Current Discount Rate (6.25)%	1% Increase (7.25)%	1% Decrease (5.25)%	Current Discount Rate (6.25)%	1% Increase (7.25)%
\$ 42,239,134	\$ 25,002,949	\$ 10,626,717	\$ 60,170,665	\$ 18,900,530	\$ (14,423,663)

Investment Valuation and Benefit Payment Policies: The following information applies for the 2022 reporting year.

- The pooled and non-pooled investments are reported at fair value by INPRS. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- Short-term investments consist primarily of cash, money market funds, certificates of deposits and fixed income instruments with maturities of less than one year. Short-term investments are reported at cost, which approximates fair value or, for fixed income instruments, valued using similar methodologies as other fixed income securities described below.
- Fixed income securities consist primarily of the U.S. government, U.S. government-sponsored agencies, publicly traded debt and commingled investment debt instruments. Equity securities consist primarily of domestic and international stocks in addition to commingled equity instruments. Fixed income and equity securities are generally valued based on published market prices and quotations from national security exchanges and securities pricing services. Securities that are not traded on a national security exchange are valued using modeling techniques that include market observable inputs required to develop a fair value. Commingled funds are valued using the net asset value (NAV) of the entity.
- Additionally, valuation techniques will vary by investment type and involve a certain degree of expert judgment. Alternative investments, such as investments in private equity or real estate, are generally considered to be illiquid long-term investments. Due to the inherent uncertainty that exists in the valuation of alternative investments, the realized value upon the sale of an asset may differ from the fair value.

NOTE 10 - PENSION PLANS (Continued)

- Derivative instruments are marked to market daily with changes in fair value recognized as part of investments and investment income.
- Pension, disability, special death benefits, and distributions of contributions and interest are recognized when due and payable to members or beneficiaries. Benefits are paid once the retirement or survivor applications have been processed and approved. Distributions of contributions and interest are distributions from inactive, non-vested members' ASAs. These distributions may be requested by members or auto-distributed by the fund when certain criteria are met.

NOTE 11 - DEFINED CONTRIBUTION PLANS

Fort Wayne Community Schools 403(b) Plan: The School Corporation administers a 403(b)-retirement plan for all employees to participate in and defer income on a pre-tax or Roth after-tax basis. The Plan operates on a calendar year. The School Corporation is the Plan Administrator and there are three approved vendors (MetLife, AIG Retirement Services (VALIC), and Lincoln Financial) for employees to select. Information regarding the benefits can be obtained by contacting the School Corporation who has the authority under which benefits, and contribution requirements are established or can be amended. The School Corporation does not make employer contributions to the plan

Fort Wayne Community Schools 401(a) Matching Plan - 003 (Teachers). The School Corporation provides a 401(a) plan account for teachers who were employed from 2004 to 2011 and were deferring wages to the School Corporation's 403(b) plan. The School Corporation matched their optional 403(b) deferral amount each fiscal year up to a maximum. No employer contributions have been made to the Plan since 2011 when the matching program was discontinued. Employees vest in the plan after signing six regular teacher contracts with the School Corporation and withdrawals may be made upon termination of employment. Forfeited accounts were used to offset employer contributions to the plan. The School Corporation is the Plan Administrator and MetLife is the vendor. Information regarding the benefits can be obtained by contacting the School Corporation who has the authority under which benefits, and contribution requirements are established or can be amended.

Fort Wayne Community Schools Administrative and Classified 401(a) Plan – 002 (Match Plan). The School Corporation provides a 401(a) plan account for administrators and other classified employees who were employed from 2004 to 2011 and were deferring wages to the School Corporation's 403(b) plan. The School Corporation matched their optional 403(b) deferral amount each fiscal year up to a maximum. No employer contributions have been made to the Plan since 2011 when the matching program was discontinued. Employees vest in the plan by completing five years of continuous service with the School Corporation in a PERF or TRF covered position and withdrawals may be made upon termination of employment. Forfeited accounts were used to offset employer contributions to the plan. The School Corporation is the Plan Administrator and AIG Retirement Services is the vendor. Information regarding the benefits can be obtained by contacting the School Corporation who has the authority under which benefits, and contribution requirements are established or can be amended.

NOTE 12 – OTHER POST-EMPLOYMENT BENEFITS (Continued)

The Plan is considered a single-employer defined benefit plan and there are no assets accumulated in a trust to fund the plan. The School Corporation is the entity that is responsible for administering the Plan, as well making decisions on the type and amount of benefits provided, to pay OPEB benefits as the they become due, and the determination of employer and employee contribution amounts. As applicable, collective bargaining agreements with employees may contain specific commitments related to benefits and contributions for the term of the agreement.

Benefits Provided: Retirees can continue coverage in the Core Plan or High Deductible Plan. It is assumed that future retirees will elect the same medical plan as their current elections except for employees currently electing the Buy-Up Plan, whereupon the assumption is that they will elect the Core Plan in retirement.

Surviving spouses of retirees may remain on the health plan at his / her own expense until Medicare eligibility. Surviving spouses of active employees may remain on the health plan at his / her own expense until COBRA eligibility ends.

Contributions: The health plan is self-insured. Retirees are responsible for the full cost of coverage. There are no explicit subsidies provided. Annual premium equivalent rates and implicit subsidy effective January 1, 2023 are as shown below.

<u>Plan</u>	<u>Employee</u>	<u>Employee and Spouse</u>
Core Plan	\$ 12,240	\$ 27,720
HDHP	10,872	24,606

The implicit subsidy is an estimated annual cost for a male retiree aged 60, with spouse of the same age, covered under the Core Plan.

Turnover Rate	Assumption used to project terminations (voluntary and involuntary) prior to meeting minimum retirement eligibility for retiree health coverage. The rates represent the probability of termination in the next 12 months. Annual withdrawal rates for general employees follow the Public Employees Retirement Fund (PERF) as of June 30, 2022 (for employees with earnings of at least \$20,000). Teacher withdrawal rates are based on the Teachers' Retirement Fund 1996 actuarial valuation as of June 30, 2022.
Retirement Rate	General employee retirement rates are based on those used in the Public Employees Retirement Fund (PERF) actuarial valuation as of June 30, 2021. Teacher and Administrator retirement rates are based on the Teachers' Retirement Fund 1996 actuarial valuation as of June 30, 2022.

NOTE 13 – SUBSEQUENT EVENT

In August 2023, the School Corporation issued Unlimited Ad Valorem Property Tax First Mortgage Bonds with a par amount of \$24,405,000 and a premium of \$1,565,553. The proceeds were used to fund school improvements.

In October 2023, the School Corporation issued General Obligation Bonds with a par amount of \$10,250,000 and a premium of \$350,014. The proceeds were used to fund school improvements.

In the November 7, 2023 municipal government election, the public approved a school safety operating referendum. The approval gave the School Corporation the ability to levy property taxes not to exceed \$0.1000 on each \$100 of assessed valuation from 2024 through 2031. The additional levy will be used for various initiatives to improve school safety. The certified rate for 2024 will be \$0.0596.

Other information:

The INPRS Board sets, at its discretion, the State's employer contribution rate upon considering the results of the actuarial valuation and other analysis as appropriate. The actuarially determined contribution rate for the State for the fiscal year ended 6/30/21 was 7.52% and 5.7% for PRF and TRF, respectively. However, the INPRS Board approved a State employer contribution rate of 11.2% and 6% for PRF and TRF, respectively.. The actual dollar amount of the State's contributions depends on the actual payroll for the fiscal year.

Member census data as of June 30, 2022 was used in the valuation. Standard actuarial roll forward techniques were then used to project the liabilities computed as of June 30, 2023.

Budget to GAAP Reconciliation

Operations and Education Funds

For the Year ended June 30, 2023

	Operations Fund	Education Fund
Net change in fund balance (budgetary basis)	\$ 8,326,148	\$ 5,411,678
Adjustments:		
Adjust revenues for accruals	2,276,618	50,850,511
Adjust expenditures for accruals	(2,394,717)	(52,794,512)
To adjust for calendar year to fiscal year differences	<u>872,219</u>	<u>(2,138,485)</u>
Net change in fund balances	<u>\$ 9,080,268</u>	<u>\$ 1,329,192</u>

The major differences between Budgetary (Non-GAAP) basis and GAAP basis are:

- a. Revenues are recorded when received in cash (budgetary) as opposed to susceptible to accrual (GAAP).
- b. Expenditures are recorded when paid in cash (budgetary) as opposed to when the liability is incurred (GAAP).
- c. Budget for cash (budgetary) is on a calendar year basis (2022) as opposed to fiscal year basis for accrual (GAAP).

Adjustments above were necessary to convert the results of operations at the end of the year on a budgetary basis to a GAAP basis.

Notes to Required Supplementary Information
For the Year ended June 30, 2023

NOTE 1 – BUDGETS AND BUDGETARY BASIS OF ACCOUNTING

Budgets are initially prepared and approved at the local level. The fiscal officer of the School Corporation submits a proposed operating budget to the governing board for the following calendar year. The budget is advertised as required by law. Prior to adopting the budget, the governing board conducts public hearings and obtains taxpayer comments. Prior to November 1, the governing board approves the budget for the next year. The budget for funds for which property taxes are levied or highway use taxes are received is subject to final approval by the Indiana Department of Local Government Finance.

While the School Corporation reports on a June 30 year end under the economic resources measurement focus and the accrual basis of accounting, budgets are prepared on a cash basis for each calendar year end.

The calendar year 2022 budget to actual schedules of revenues, expenditures and changes in fund balances have been presented for each major special revenue fund.

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2023

Notes to Schedule

Note 1: Summary of Significant Accounting Policies

- A. The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of Fort Wayne Community Schools under programs of the federal government for the year ended June 30, 2023. The accompanying notes are an integral part of this Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Fort Wayne Community Schools, it is not intended to and does not present the financial position, changes in net position or cash flows of Fort Wayne Community Schools.
- B. Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. For reimbursement grants passed through the State of Indiana, in accordance with Uniform Guidance, the award is deemed to be expended when evidence of approval is received from the State. For direct awards, in accordance with Uniform Guidance, the award is deemed to be expended when the cash is disbursed.

Note 2: Indirect Cost Rate

Fort Wayne Community Schools has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Note 3: Federal Loans

Fort Wayne Community Schools had no federal loans that they were administering as of June 30, 2023.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

School Board
Fort Wayne Community Schools
Fort Wayne, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Fort Wayne Community Schools (the School corporation) as of the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School Corporation's basic financial statements, and have issued our report thereon dated March 27, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School Corporation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2023-001, that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

School Corporation's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the School Corporation's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The School Corporation's response was not subjected to the other auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance, and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

School Board
Fort Wayne Community Schools
Fort Wayne, Indiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Fort Wayne Community Schools' (the School Corporation) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School Corporation's major federal programs for the year ended June 30, 2023. The School Corporation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School Corporation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the School Corporation and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School Corporation's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School Corporation's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School Corporation's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School Corporation's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School Corporation's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School Corporation's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the School Corporation, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School Corporation's basic financial statements. We have issued our report thereon dated March 27, 2024, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Findings Required to be Reported by *Government Auditing Standards*

Reference Number	Finding
2023-001	Criteria – Pursuant to GASB Statement No. 34, <i>Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments</i>, management is responsible for establishing and maintaining effective internal controls over financial reporting. Condition – Adjustments were required to be made to accounts payable, capital assets and expenses to the original 2023 trial balances presented. Cause – There was a lack of detailed supervisory review of certain account balances. Effect – The School Corporation was required to record adjustments to accounts payable and expenses within the aggregate remaining funds and capital assets in the government wide financials in order to ensure its financial statements were in conformity with accounting principles generally accepted in the United States of America. Recommendation – Management should implement an additional level of review and consideration of closing entries. Views of Responsible Officials – The School Corporation agrees with the audit adjustments required and will implement additional internal procedures as it relates to financial reporting. <i>Persons responsible for implementing:</i> Stefan Pittenger, Director of Fiscal Affairs <i>Anticipated completion date:</i> Completed.

Summary Schedule of Prior Audit Findings

Year Ended June 30, 2023

Reference Number	Summary of Finding	Status
2022-001	Criteria – All laborers and mechanics employed by contractors or subcontractors to work on construction contracts in excess of \$2,000 financed by Federal assistance funds must be paid wages not less than those established for the locality of the project (prevailing wage rates) by the Department of Labor (DOL) (40 USC 3141–3144, 3146, and 3147). Non-Federal entities shall include in their construction contracts subject to the Wage Rate Requirements (which still may be referenced as the Davis-Bacon Act) a provision that the contractor or subcontractor comply with those requirements and the DOL regulations. This includes a requirement for the contractor or subcontractor to submit to the Non-Federal entity weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified payrolls). (29 CFR sections 5.5 and 5.6; the A-102 Common Rule (section 36(i)(5)); OMB Circular A-110 (2 CFR Part 215, Appendix A, Contract Provisions); 2 CFR Part 176, Subpart C; and 2 CFR section 200.326). In addition, according to 2 CFR Part 200.303, the non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. Condition – The School Corporation did not obtain certified payrolls for contractor or subcontractor work performed during the fiscal year ended June 30, 2022. Context – There were multiple construction projects charged to the grant during the year. Three of 23 contractors assigned to these projects were tested and the following was noted: - The School Corporation did not obtain any certified payrolls for the contractor and subcontractors tested. Effect – Certified Payrolls were not obtained or reviewed for the project so laborers and mechanics employed by contractors or subcontractors may not have been paid prevailing wage rates. Cause – The School Corporation was aware of the wage rate requirements as it applied to this grant; however, they indicated to contractors and subcontractors that payroll information only need be submitted if requested. The School Corporation did not request this information.	Resolved
