INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

TO: THE OFFICIALS OF FLOYD COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Floyd County (County), as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the County prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As discussed in Note I, the financial statements referred to above do not include a number of component units of the County which should have been included to fairly present the financial position of the County.

In our opinion, except that the omission of the component units of the County referred to in the preceding paragraph results in incomplete presentation, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the County as of December 31, 2005, and the respective cash receipts and cash disbursements during the year then ended on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued a report dated June 14, 2006, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. Our report on compliance and on internal control over financial reporting should be read along with this report.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
(Continued)

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the County taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedules of Funding Progress, as listed in the table of contents, are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The County has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The Combining Schedules, as listed in the table of contents, Schedule of Capital Assets, and Schedule of Long-Term Debt are presented for additional analysis and are not a required part of the basic financial statements. The Combining Schedules, as listed in the table of contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets and Schedule of Long-Term Debt have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF FLOYD COUNTY, INDIANA

We have audited the financial statements of Floyd County (County), as of and for the year ended December 31, 2005, and have issued our report thereon dated June 14, 2006. The opinion to the financial statements was qualified due to the omission of the component units of the County which results in incomplete presentation. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the County's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

FLOYD COUNTY
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

The County was established under the laws of the State of Indiana. The County operates under a Council-Commissioner form of government and provides the following services: public safety (police), highways and streets, health, welfare and social services, culture and recreation, public improvements, planning and zoning, and general administrative services.

The County's financial reporting entity is composed of the following:

Primary Government: Floyd County

In determining the financial reporting entity, the County complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

Floyd Memorial Hospital and Health Services and Floyd County Solid Waste Management District, both discretely presented component units, have been omitted from these financial statements. Accordingly, the financial statements do not include the data of all of the County's component units necessary to fairly present the financial position of the County.

Related Organizations

The County's officials are also responsible for appointing the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments.

Joint Venture

The County is a participant with the City of New Albany in a joint venture to operate the Joint New Albany-Floyd County Parks and Recreation Board which was created to oversee operations of all the parks within the County. Currently each Board presents its budget to the appropriate fiscal body for its proportionate share of funding. Taxes received by Floyd County for its share are remitted to the City of New Albany after each distribution. Complete financial statements for the New Albany-Floyd County Park and Recreation Department can be obtained from the City of New Albany at City-County Building, New Albany, Indiana 47150.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statement of Activities and Net Assets – Cash and Investment Basis display information about the reporting government as a whole. It includes all funds of the reporting entity except for fiduciary funds. The statement distinguishes between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. However, there are no business-type activities to report at this time.

FLOYD COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the County has not established any enterprise funds.

The County reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The economic development income tax number 2 fund is used to account for 56% of the taxes imposed for economic development projects, more specifically the lease payments on the Justice Center.

The county family and children fund provides services to children who are adjudicated CHINS or delinquents; families for which there is an informal adjustment; service referral agreement; or for individuals receiving assistance for adoption. Expenses for child welfare services, care of wards in foster homes, and care of wards in therapeutic homes are also made from this fund.

Additionally, the County reports the following fund types:

The pension trust funds account for the activities of the sheriff's pension trust and the sheriff's benefit pension funds, which accumulate resources for pension benefit payments.

The private-purpose trust fund reports a trust arrangement under which principal and income benefit the school corporations of the County.

Agency funds account for assets held by the County as an agent for others and serve as control of accounts for certain cash transactions during the time they are a liability to the County.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

FLOYD COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

2. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

3. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental and proprietary funds is not reported as liabilities in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

4. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments (2) law through constitutional provisions or enabling legislations.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

It is the County's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

FLOYD COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

E. Receipts and Disbursements

Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

F. Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide Statement of Activities and Net Assets – Cash and Investment Basis, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis.

The effects of interfund services between funds, if any, are not eliminated in the Statement of Activities – Cash and Investment Basis.

II. Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at calendar year end.

On or before August 31, the fiscal officer of the County submits to the governing board a proposed operating budget for the year commencing the following January 1. Prior to adoption, the budget is advertised and public hearings are conducted by the governing board to obtain taxpayer comments. In September of each year, the governing board, through the passage of a resolution/ordinance, approves the budget for the next year. Copies of the budget resolution/ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the fiscal officer of the County receives approval of the Indiana Department of Local Government Finance.

FLOYD COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

The County's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the governing board. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

B. Cash and Investment Balance Deficits

At December 31, 2005, the following funds reported deficits in cash and investments, which are violations of the Uniform Compliance Guidelines and State statute:

| Fund | 2005 |
|---------------------------------|-----------|
| Women, Infants and Children | \$ 23,132 |
| Maternal Child Health | 46,799 |
| Prosecuting Attorney Drug Grant | 178 |

Cash and investment deficits arose primarily from grant disbursements required to be made prior to receiving reimbursement from the grantor.

III. Detailed Notes on All Funds

A. Deposits and Investments

1. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds; and has a principal office or branch that qualifies to receive public funds of the political subdivision. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

2. Investments

Authorization for investment activity is stated in Indiana Code 5-13. The Sheriff's Merit Board has not established an investment policy for the Sheriff's Retirement and Benefit Pension Plan. As of December 31, 2005, the County had the following investments:

| Investment Type | Sheriff's Retirement and Benefit Pension Plans |
|--------------------|---|
| Mutual Funds | \$ <u>4,438,522</u> |

Investment Policies

Indiana Code 5-13-9 authorizes the County to invest in securities backed by the full faith and credit of the United States Treasury or fully guaranteed by the United States of America and issued by the United States Treasury, a federal agency, a federal instrumentality, or a federal government sponsored enterprise. Indiana Code also authorizes the unit to invest in securities fully guaranteed and issued by a federal agency, a federal instrumentality or a federal government sponsored enterprise. These investments are required by statute to have a stated final maturity of not more than two years.

Indiana Code also provides for investment in money market mutual funds that are in the form of securities of, or interest in, an open-end, no-load, management-type investment company or investment trust registered under the provision of the federal Investment Company Act of 1940, as amended. Investments in money market mutual funds may not exceed 50% of the funds held by the County and available for investment. The portfolio of an investment company or investment trust used must be limited to direct obligations of the United States of America, obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise; or repurchase agreements fully collateralized by direct obligations of the United States of America or obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. The form of securities of, or interest in, an investment company or investment trust must be rated as AAA, or its equivalent by Standard and Poor's Corporation or its successor or Aaa, or its equivalent, by Moody's Investors Service, Inc., or its successor. The form of securities in an investment company or investment trust should have a stated final maturity of one day.

Additionally, the County may enter into repurchase agreements with depositories designated by the State Board of Finance as depositories for state deposits involving the unit's purchase and guaranteed resale of any interest-bearing obligations issued or fully insured or guaranteed by the United States of America, a United States of America government agency, an instrumentality of the United States of America, or a federal government sponsored enterprise. The repurchase agreement is considered to have a stated final maturity of one day. This agreement must be fully collateralized by interest-bearing obligations as determined by their current market value.

The Sheriff's Pension Plan is not subject to the same investment laws as the County. The Sheriff's Merit Board has not adopted an investment policy for interest rate and credit risk.

Investment Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

The Sheriff's Merit Board has not adopted an investment policy for custodial credit risk for investments. At December 31, 2005, the Sheriff's Retirement and Benefit Pension Plans held investments in mutual funds in the amount of \$4,438,522. Of these investments, \$4,438,522 was held by the counterparty's trust department or agent but not in the name of the Sheriff's Pension Plan.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Sheriff's Merit Board has not adopted a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses.

|--------------------|----------------------------------|------|----------------|
| | Less Than 1 | 1-2 | More Than 2 |
| Mutual Funds | \$ 4,438,522 | \$ - | \$ - |

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The distribution of securities with credit ratings is summarized below.

| Standard and Poor's Rating | Moody's Rating | Sheriff's Retirement and Benefit Pension Plans Investments Mutual Funds |
|-------------------------------|-------------------|--|
| AAA | Aaa | \$ 4,438,522 |

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Sheriff's Merit Board has not adopted a policy for the concentration of credit risk.

Foreign Currency Risk

The Sheriff's Merit Board does not have a formal policy in regards to foreign currency risk.

B. Interfund Transfers

Interfund transfers for the year ended December 31, 2005, were as follows:

| Transfer From | Transfer To | 2005 |
|--------------------|--------------------|------------|
| Other Governmental | General Fund | \$ 168,403 |
| | Other Governmental | 805,778 |
| Total | | \$ 974,181 |

The County typically uses transfers for cash flow purposes as provided by various statutory provisions.

C. Reclassifications

For the year ended December 31, 2005, certain changes have been made to the financial statements to more appropriately reflect financial activity of the County. The following schedule presents a summary of restated beginning balances by opinion unit:

| Opinion Unit | Balance as Reported December 31, 2004 | Fund Reclassification | Balance as Restated January 1, 2005 |
|--------------------|--|--------------------------|--|
| Governmental Funds | \$ 22,512,836 | \$ 2,586 | \$ 22,515,422 |
| Agency Funds | 5,344,924 | (2,586) | 5,342,338 |

IV. Other Information

A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

Job Related Illnesses or Injuries to Employees

During 2002, the County joined a public entity risk pool, the Indiana Public Employer's Plan, Inc., currently operating as a common risk management and insurance program for member governmental entities. This risk pool was formed in 1989 for the purpose of providing a medium for the funding and administration of workers compensation claims. The risk pool is considered a self-sustaining risk pool that will provide coverage for its members for up to \$1,000,000 per insured event.

B. Holding Corporation

The County has entered into a capital lease with New Albany-Floyd County Building Authority (the lessor). The lessor was organized as a not-for-profit corporation pursuant to state statute for the purpose of financing and constructing or reconstructing facilities for lease to the County. The lessor has been determined to be a related party of the County. Lease payments during the year totaled \$1,266,000.

C. Postemployment Benefits

In addition to the pension benefits described below, the County provides postemployment health benefits, as authorized by Indiana Code 5-10-8, to all employees who retire from the County on or after attaining age 55 with at least 20 years of service. Currently, eight retirees meet these eligibility

requirements. The County and retirees provide 98% and 2%, respectively, of these postemployment benefits. Disbursements for those postemployment benefits are recognized on a pay-as-you-go basis. During the year ended December 31, 2005, disbursements of \$34,988 were recognized for postemployment benefits.

D. Administration of Welfare Programs

The County is required to provide certain funding for administrative costs of welfare programs, the Hospital Care for Indigent Program, Medical Assistance to Wards and Children with Special Health Care Needs through local property tax levies. The County remits those taxes to the State, which pays the cost.

E. Pension Plans

Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plans

1. Public Employees' Retirement Fund

Plan Description

The County contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the County authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

2. County Police Retirement Plan

Plan Description

The County contributes to the County Police Retirement Plan, which is a single-employer defined benefit pension plan. With the approval of the County's fiscal body, the plan is administered by the Sheriff's Department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides retirement, death, and disability benefits to plan members and beneficiaries. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the county sheriff.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for the County Police Retirement Plan are established by state statute. The County's annual pension cost and related information, as provided by the actuary, is presented in this note.

3. County Police Benefit Plan

Plan Description

The County contributes to the County Police Benefit Plan which is a single-employer defined benefit pension plan. With the approval of the County's fiscal body, the plan is administered by the Sheriff's Department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides dependent pensions, life insurance, and disability benefits to plan members and beneficiaries. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the county sheriff.

FLOYD COUNTY
 SUPPLEMENTARY INFORMATION
 SCHEDULE OF CAPITAL ASSETS
 For The Year Ended December 31, 2005

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed or donated assets are reported at estimated fair value at the time received.

General infrastructure assets (those reported by governmental activities) are included regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are reported at historical cost.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF FLOYD COUNTY, INDIANA

Compliance

We have audited the compliance of Floyd County (County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2005. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
(Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the County's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.
