## INDEPENDENT AUDITOR'S REPORT

TO: THE OFFICIALS OF THE CITY OF GREENSBURG, DECATUR COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Greensburg (City), as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the City prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2004, and the respective cash receipts and cash disbursements during the year then ended on the basis of accounting described in Note I.

The Schedules of Funding Progress, Schedule of Contributions from the Employer and Other Contributing Entities as listed in the table of contents, are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

INDEPENDENT AUDITOR'S REPORT  
(Continued)

The City has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining Schedules, as listed in the table of contents, Schedule of Capital Assets, and Schedule of Long-Term Debt are presented for additional analysis and are not a required part of the basic financial statements. The Combining Schedules, as listed in the table of contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets and Schedule of Long-Term Debt have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

CITY OF GREENSBURG  
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

The City was established under the laws of the State of Indiana. The City operates under a Council-Mayor form of government and provides the following services: public safety (police and fire), highways and streets, health and social services, public improvements, planning and zoning, general administrative services, water, wastewater, and urban redevelopment and housing.

The City's financial reporting entity is composed of the primary government.

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statement of Activities and Net Assets – Cash and Investment Basis display information about the reporting government as a whole. It includes all funds of the reporting entity except for fiduciary funds. The statement distinguishes between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The EDIT fund accounts for the financial resources used for public improvements and economic development.

The TIF fund accounts for the financial resources used for public improvements and economic development within the TIF district.

The City reports the following major proprietary funds:

The water utility fund accounts for the operation of the water distribution system.

NOTES TO FINANCIAL STATEMENTS  
(Continued)

The wastewater utility fund accounts for the operation of the wastewater treatment plant, pumping stations and collection systems.

Additionally, the City reports the following fund types:

The internal service fund accounts for medical benefits provided to employees and their dependents.

The pension trust funds account for the activities of the Police Pension and Firefighter's Pension, which accumulate resources for pension benefit payments.

Agency funds account for assets held by the City as an agent for various taxing entities and benefit providers for payroll withholdings.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, proprietary fund and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

If the City utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the enterprise fund statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City, Wastewater Utility and Water Utility. Elimination of these charges would distort the direct costs and program receipts reported for the various functions concerned.

Enterprise funds distinguish operating receipts and disbursements from nonoperating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating receipts of the enterprise funds are charges to customers for sales and services. Operating disbursements for enterprise funds include the cost of sales and services and administrative costs. All receipts and disbursements not meeting this definition are reported as nonoperating receipts and disbursements. Internal service funds are used to account for activities provided to other departments or agencies primarily with the government.

D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

2. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental or proprietary fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

3. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental and proprietary funds is not reported as liabilities in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

4. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments (2) law through constitutional provisions or enabling legislations.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

It is the City's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

E. Receipts and Disbursements

1. Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

CITY OF GREENSBURG  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

2. Operating Receipts and Disbursements

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to people outside the government (enterprise funds) or other departments or agencies primarily within the government (internal service funds).

F. Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide Statement of Activities and Net Assets – Cash and Investment Basis, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

1. Interfund services – Sales or purchases of goods and services between funds are reported as receipts and disbursements.
2. Interfund reimbursements – Repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.
3. Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers – Internal Activities. The effects of interfund services between funds, if any, are not eliminated in the Statement of Activities – Cash and Investment Basis.

II. Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at calendar year end.

On or before August 31, the fiscal officer of the City submits to the governing board a proposed operating budget for the year commencing the following January 1. Prior to adoption, the budget is advertised and public hearings are conducted by the governing board to obtain taxpayer comments. In September of each year, the governing board, through the passage of a resolution/ordinance, approves the budget for the next year. Copies of the budget resolution/ordinance and the advertisement

CITY OF GREENSBURG  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the fiscal officer of the City receives approval of the Indiana Department of Local Government Finance.

The City's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the governing board. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

B. Cash and Investment Balance Deficits

At December 31, 2004, the following funds reported deficits in cash and investments, which are violations of the Uniform Compliance Guidelines and State statute:

| <u>Fund</u>          | <u>2004</u>   |
|----------------------|---------------|
| Bond General Sinking | <u>\$ 269</u> |

Cash and investment deficits arose primarily from disbursements exceeding receipts due to the underestimate of current requirements; these deficits are to be repaid from future receipts.

III. Detailed Notes on All Funds

A. Deposits and Investments

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds; and has a principal office or branch that qualifies to receive public funds of the political subdivision. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

B. Interfund Transfers

Interfund transfers for the year ended December 31, 2004, were as follows:

| <u>Transfer From</u> | <u>Transfer To</u>      | <u>2004</u>      |
|----------------------|-------------------------|------------------|
| General              | Animal shelter building | <u>\$ 75,000</u> |

The City typically uses transfers to fund ongoing operating subsidies and to transfer the portion of state-shared revenues from the General Fund to the debt service fund for current-year debt service requirements.

IV. Other Information

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

Medical Benefits to Employees, Retirees, and Dependents

The City has chosen to establish a risk financing fund for risks associated with medical benefits to employees, retirees, and dependents. The risk financing fund is accounted for in the Insurance Claims Reserve Fund, an internal service fund, where assets are set aside for claim settlements. An excess policy through commercial insurance covers individual claims in excess of \$25,000 per year. Settled claims resulting from this risk did not exceed commercial insurance coverage in the past three years. Interfund premiums are paid into the fund by all affected funds and are available to pay claims, claim reserves, and administrative costs of the program.

B. Holding Corporation

The City has entered into a capital lease with the City of Greensburg Public Safety Facilities Building Corporation (the lessor). The lessor was organized as a not-for-profit corporation pursuant to state statute for the purpose of financing and constructing or reconstructing facilities for lease to the City. The lessor has been determined to be a related party of the City. Lease payments during the year totaled \$146,000.

C. Rate Structure – Enterprise Funds

Water Utility

On June 30, 1997, the City Council adopted Ordinance No. 1997-7 to withdraw from the jurisdiction of the Indiana Utility Regulatory Commission. The current rate structure was approved by the Council on July 1, 2002.

Wastewater Utility

The current rate structure was approved by the City Council on June 19, 2000.

D. Pension Plans

1. Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plans

a. Public Employees' Retirement Fund

Plan Description

The City contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the City authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

Public Employees' Retirement Fund  
Harrison Building, Room 800  
143 West Market Street  
Indianapolis, IN 46204  
Ph. (317) 233-4162

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for PERF are established by the Board of Trustees of PERF. The City's annual pension cost and related information, as provided by the actuary, is presented in this note.

Information to segregate the assets/liabilities and the actuarial study figures between the City and the Utilities is not available.

b. 1925 Police Officers' Pension Plan

Plan Description

The City contributes to the 1925 Police Officers' Pension Plan, which is a single-employer defined benefit pension plan. The plan is administered by the local pension board as authorized by state statute (IC 36-8-6). The plan provides retirement, disability, and death benefits to plan members and beneficiaries. The plan was established by the plan administrator, as provided by state statute. The plan administrator does not issue a publicly available financial report that includes financial statements and required supplementary information of the plan.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for the 1925 Police Officers' Pension Plan are established by state statute. The City's annual pension cost and related information as provided by the actuary is presented in this note.

The use of the pay-as-you-go actuarial cost method by the City results in significant underfunding of the plan. Therefore, the Net Pension Obligation (NPO) is not reflected in the financial statements of the pension trust funds.

c. 1937 Firefighters' Pension Plan

Plan Description

The City contributes to the 1937 Firefighters' Pension Plan, which is a single-employer defined benefit pension plan. The plan is administered by the local pension board as authorized by state statute (IC 36-8-7). The plan provides retirement, disability, and death benefits to plan members and beneficiaries. The plan was established by the plan administrator, as provided by state statute. The plan administrator does not issue a publicly available financial report that includes financial statements and required supplementary information of the plan.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for the 1937 Firefighters' Pension Plan are established by state statute. The City's annual pension cost and related information, as provided by the actuary, is presented in this note.

The use of the pay-as-you-go actuarial cost method by the City results in significant underfunding of the plan. Therefore, the Net Pension Obligation (NPO) is not reflected in the financial statements of the pension trust funds.

2. Cost-Sharing Multiple-Employer Defined Benefit Pension Plan

1977 Police Officers' and Firefighters' Pension and Disability Fund

Plan Description

The City contributes to the 1977 Police Officers' and Firefighters' Pension and Disability Fund, a cost-sharing multiple-employer defined benefit pension plan administered by the Indiana Public Employees' Retirement Plan (PERF) for all police officers and firefighters hired after April 30, 1977.

State statute (IC 36-8-8) regulates the operations of the system, including benefits, vesting and requirements for contributions by employers and by employees. Covered employees may retire at age 55 with 20 years of service. An employee with 20 years of service may leave service, but will not receive benefits until reaching age 55. The plan also provides for death and disability benefits.

PERF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Funding Policy and Annual Pension Costs

Plan members are required to contribute 6% of the first-class police officers' and firefighters' salary and the City is to contribute at an actuarially determined rate. The current rate, which has not changed since the inception of the plan, is 21% of the first-class police officers' and firefighters' salary. The contribution requirements of plan members and the City are established by the Board of Trustees of PERF. The City's contributions to the plan for the years ending December 31, 2004, 2003, and 2002, were \$294,248, \$283,447, and \$280,908, respectively, equal to the required contributions for each year.

\*Under the terms of the State Revolving Loan Fund, revenue bonds have been purchased by the Indiana Bond Bank, the proceeds of which are set aside to finance the construction of a wastewater treatment plant. Funds are loaned to the City as construction costs are accrued to the maximum allowed. The 2000 loan established a maximum draw of \$9,850,000. Debt service requirements for the loan will not be determined until planned construction projects are completed.

CITY OF GREENSBURG  
AUDIT RESULTS AND COMMENTS

POLICE DEPARTMENT RECEIPTS AND FEES

As reported in prior audit reports, receipts and fees collected by the police department were remitted to the Clerk-Treasurer less frequently than once a week.

Receipts and fees collected by a police department should be remitted to the Clerk-Treasurer or City Controller at least once each week. (Cities and Towns Bulletin and Uniform Compliance Guidelines, September 2003)

INFRASTRUCTURE

The City does not record infrastructure with their capital assets.

Every governmental unit should have a complete inventory of all capital assets owned which reflect their acquisition value. Such inventory should be recorded in the Capital Assets Ledger form. A complete inventory should be taken every year for good internal control and for verifying account balances carried in the accounting records. (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, Chapter 7)

CITY OF GREENSBURG  
EXIT CONFERENCE

The contents of this report were discussed on June 27, 2006, with Frank P. Manus, Mayor; L. June Ryle, Clerk-Treasurer; and Donna Lecher, Utility Office Manager. The officials concurred with our audit findings.
