AUDIT RESULT AND COMMENT

CREDIT CARDS

As stated in the Audit Reports B23113 and B25232, various county offices are using credit cards and credit card type accounts to purchase items without a credit card policy.

The State Board of Accounts will not take exception to the use of credit cards by a governmental unit provided the following criteria are observed:

- (1) The governing board must authorize credit card use through an ordinance or resolution, which has been approved in the minutes.
- (2) Issuance and use should be handled by an official or employee designated by the board.
- (3) The purposes for which the credit card may be used must be specifically stated in the ordinance or resolution.
- (4) When the purpose for which the credit card has been issued has been accomplished, the card should be returned to the custody of the responsible person.
- (5) The designated responsible official or employee should maintain an accounting system or log which would include the names of individuals requesting usage of the cards, their position, estimated amounts to be charged, fund and account numbers to be charged, date the card is issued and returned, etc.
- (6) Credit cards should not be used to bypass the accounting system. One reason that purchase orders are issued is to provide the fiscal officer with the means to encumber and track appropriations to provide the governing board and other officials with timely and accurate accounting information and monitoring of the accounting system.
- (7) Payment should not be made on the basis of a statement or a credit card slip only. Procedures for payments should be no different than for any other claim. Supporting documents such as paid bills and receipts must be available. Additionally, any interest or penalty incurred due to late filing or furnishing of documentation by an officer or employee should be the responsibility of that officer or employee.
- (8) If properly authorized, an annual fee may be paid.
