INDEPENDENT ACCOUNTANT'S REPORT

TO: THE OFFICIALS OF ROCK CREEK TOWNSHIP, CARROLL COUNTY, INDIANA

We have examined the financial information presented herein of Rock Creek Township (Township), for the period of January 1, 2006 to December 31, 2007. The Township's management is responsible for the financial information presented herein. Our responsibility is to express an opinion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the financial information presented herein and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, the financial information referred to above presents fairly, in all material respects, the financial information of the Township for the years ended December 31, 2006 and 2007, based on the criteria set forth in the uniform compliance guidelines established by the Indiana State Board of Accounts.

The Schedule of Capital Assets, as listed in the Table of Contents, is presented for additional analysis and is not a required part of the basic financial information. It has not been subjected to the examination procedures applied to the basic financial information and, accordingly, we express no opinion on it.

The accompanying notes are an integral part of the financial information.

ROCK CREEK TOWNSHIP, CARROLL COUNTY
NOTES TO FINANCIAL INFORMATION

Note 1. Introduction

The Township was established under the laws of the State of Indiana. The Township provides the following services: public safety, health and social services, culture and recreation, and general administrative services.

Note 2. Fund Accounting

The Township uses funds to report on its cash and investments and the results of its operations on a cash basis. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities.

Note 3. Budgets

The operating budget is initially prepared and approved at the local level. In addition, funds for which property taxes are levied are subject to final approval by the Indiana Department of Local Government Finance.

Note 4. Property Taxes

Property taxes levied are collected by the County Treasurer and are distributed to the Township in June and December. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which become delinquent if not paid by May 10 and November 10, respectively.

Note 5. Deposits and Investments

Deposits, made in accordance with Indiana Code 5-13, with financial institutions in the State of Indiana at year end were entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

State statute (IC 5-13-9) authorizes the Township to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

ROCK CREEK TOWNSHIP
SUPPLEMENTARY INFORMATION
SCHEDULE OF CAPITAL ASSETS

For The Year Ended December 31, 2007

General infrastructure assets (those reported by governmental activities) are included regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year.) As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are reported at historical cost.
