INDEPENDENT AUDITOR'S REPORT

TO: THE OFFICIALS OF WWUB-FM, A PUBLIC RADIO STATION OPERATED
BY VINCENNES UNIVERSITY, VINCENNES, INDIANA

We have audited the accompanying financial statements of WWUB-FM (Station), a public radio station operated by Vincennes University, as of and for the years ended June 30, 2008 and 2007. These financial statements are the responsibility of the Station's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of WWUB-FM, as of June 30, 2008 and 2007, and the respective changes in financial position and cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis, as listed in the Table of Contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis

INTRODUCTION

WVUB-FM is proud to present its financial statements for fiscal year 2008. This discussion and analysis provides an overview of the financial position and activities of WVUB-FM for the year ended June 30, 2008 and 2007. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes following this section.

WVUB-FM is a 50,000 watt public radio station serving twelve counties in Southwestern Indiana. WVUB-FM is licensed to the Board of Trustees of Vincennes University.

USING THE FINANCIAL STATEMENTS

The WVUB-FM report includes three financial statements: the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows. These financial statements are presented in accordance with Governmental Accounting Standards Board (GASB) principles. During 2001 WVUB-FM adopted GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*. In 2002 WVUB-FM implemented GASB Statement No. 35, *Basic Financial Statements-Management's Discussion and Analysis-for Public Colleges and Universities*, released in November 1999. These statements establish standards for external financial reporting for public colleges and universities and require that financial statements be presented on a consolidated basis to focus on the entity as a whole, with resources classified for accounting and reporting purposes into four net asset categories. Previously, financial statements focused on the accountability of individual fund groups rather than on the entity as a whole.

STATEMENT OF NET ASSETS

The Statement of Net Assets presents the financial position of WVUB-FM at the end of the fiscal year and includes all assets and liabilities of WVUB-FM. The difference between total assets and total liabilities--net assets-- is one indicator of the current financial condition of WVUB-FM, while the change in net assets is an indicator of whether the overall financial condition has

improved or worsened during the year. Assets and liabilities are generally measured using current values. One notable exception is capital assets, which are stated at historical cost less an allowance for depreciation. A summarization of the WVUB-FM's assets, liabilities, and net assets at June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>
Current assets	\$ 214,933	\$ 183,319
Noncurrent Assets		
Capital assets, net of depreciation	<u>181,921</u>	<u>216,639</u>
Total assets	396,854	399,958
Current liabilities	141,591	141,335
Net assets	<u>\$ 255,263</u>	<u>\$ 258,623</u>

Current assets consist of cash and cash equivalents, accounts receivable and prepaid expenses. Current liabilities consist of accounts payable and deferred revenue. WVUB-FM has no long-term liabilities.

Net Assets

Net assets represent the residual interest in WVUB-FM's assets after liabilities are deducted. WVUB-FM's net assets at June 30, 2008 and 2007 are summarized as follows:

	<u>2008</u>	<u>2007</u>
Invested in capital assets	\$ 181,921	\$ 216,639
Unrestricted	73,342	41,984
Total net assets	<u>\$ 255,263</u>	<u>\$ 258,623</u>

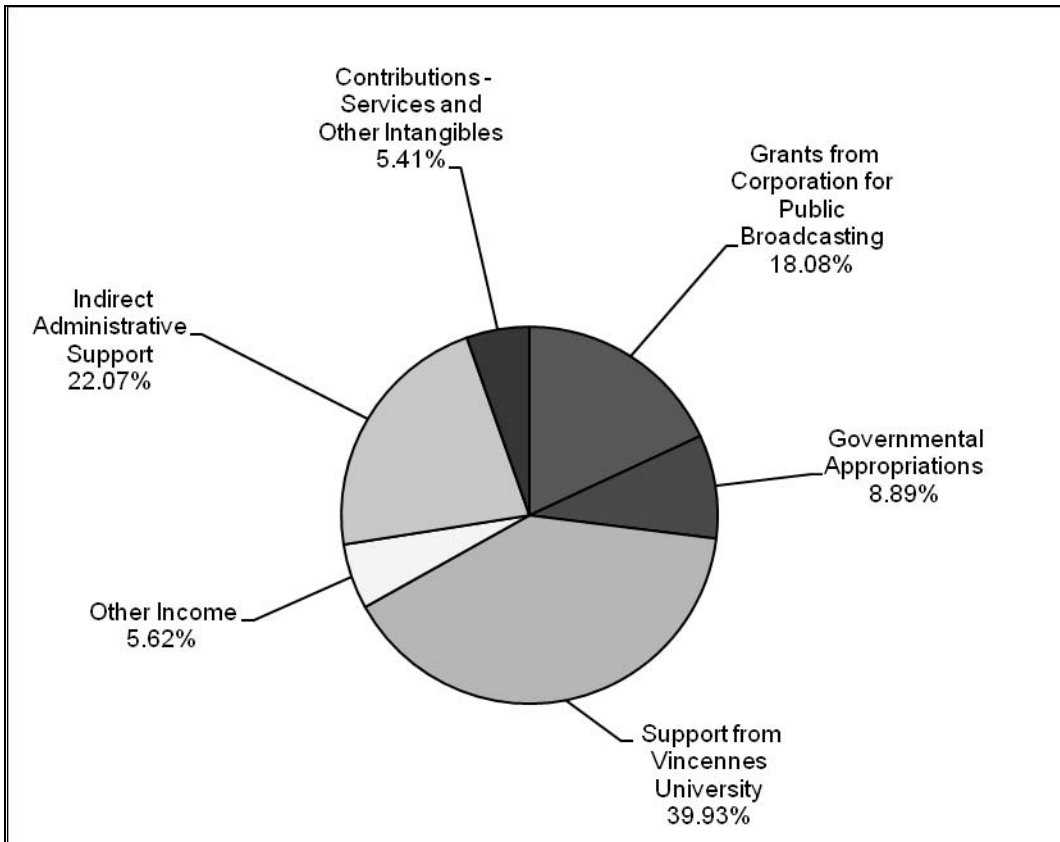

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET ASSETS

The Statement of Revenue, Expenses and Changes in Net Assets presents the operating results of WVUB-FM as well as the non-operating revenues and expenses. Governmental appropriations,

while used for operations, are considered non-operating revenues as defined by GASB Statement No. 35. A summary of the Statement of Revenue, Expenses and Changes in Net Assets for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>
Operating Revenue	\$ 127,072	\$ 195,562
Operating expenses	<u>706,191</u>	<u>686,838</u>
Net operating income (loss)	(579,119)	(491,276)
Non-operating Revenue	<u>575,759</u>	<u>614,641</u>
Increase (decrease) in net assets	(3,360)	123,365
Net assets - Beginning of year	<u>258,623</u>	<u>135,258</u>
Net assets - End of year	<u>\$ 255,263</u>	<u>\$ 258,623</u>

The following is a graphic illustration of revenues by source (both operating and non-operating) used to fund WVUB-FM for the year ended June 30, 2008.

WVUB-FM continues to make cost containment an ongoing effort. This action is necessary since the radio station continues to face significant financial pressure due to the state's fiscal situation. Governmental appropriations to WVUB-FM and the University for operating and capital repair and rehabilitation increases are uncertain at this time.

A summary of WVUB-FM's expenses by object for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>
Operating:		
Compensation and benefits	\$ 346,007	\$ 317,092
Supplies and services	229,023	251,562
Program Production Costs	78,581	74,044
Depreciation	52,580	44,140
Total operating expenses	<u>\$ 706,191</u>	<u>\$ 636,838</u>

The following is a graphic illustration of total expenses by object for the year ended June 30, 2008:

In addition to their natural (object) classification, it is also informative to review operating expenses by function. A summary of WVUB-FM's expenses by functional classification for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>

STATEMENT OF CASH FLOWS

The Statement of Cash Flows provides additional information about WVUB-FM's financial results by reporting the major sources and uses of cash. A summary of the Statement of Cash Flows for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

Management believes that WVUB-FM is well positioned to continue in good financial condition and can serve the general public well by offering quality public broadcasting programs coupled with local origination programs focusing on community issues. As a result of its quality programming, the station was honored to receive the 2008 Spectrum Award for Public Broadcasting Station of the Year in Public Radio by the Indiana Broadcasters Association.

The largest source of funding for WVUB-FM is university funding. The largest outside source of funding is a grant from the federal government through the Corporation for Public Broadcasting (CPB). The station has seen a reduction in CPB funds, receiving \$107,584 for FY2008 and \$115,269 for FY2007.

The State of Indiana has always supported public radio and WVUB-FM, but the radio station has only recently received direct state financial support. During the year ended June 30, 2008, the radio station received \$62,500 in state funding. This increase of \$50,000 over the \$12,500 in state funding received during the year ended June 30, 2007 will cover additional payroll for a programming director of the newly added High Definition signal. The State of Indiana has supported public broadcasting in the past and is expected to continue to do so as the state's economic crisis improves.

During the fiscal year ending June 30, 2008, WVUB-FM received the remaining \$27,500 of a \$105,000 Digital Radio Grant from CPB. These funds were used to purchase and install a new digital and analog transmitter. The addition of digital radio has opened new possibilities for the future. WVUB-FM has added a second High Definition channel consisting of jazz programming and is in the planning stages of adding programming entirely in the Spanish language.

For the fiscal year 2008-09, the station has received a \$19,159 grant from CPB out of its Rural Listener Access Initiative Fund. This grant will be used to incorporate cutting-edge, wireless technology in the news and programming department. This will allow reporters to write, produce, and file news stories at the station in real-time while reporting on location through remote access to an online new computer. This new technology will allow the station to operate more efficiently, saving time for the staff and allowing production of additional programming.

WVUB-FM
A PUBLIC RADIO STATION OPERATED BY VINCENNES UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

Note 1. Summary of Significant Accounting Policies

Reporting Entity: WVUB-FM is a public radio station operated by Vincennes University. The University is an institution of higher education and is considered to be a component unit of the State of Indiana.

Financial Statement Presentation: In June 1999 the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*. This was followed in November 1999 by GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. As a component unit of the State of Indiana, Vincennes University is also required to adopt GASB Statement No. 34 and Statement No. 35. WVUB-FM is licensed to and operated by Vincennes University. The financial statement presentation required by GASB Statement No. 34 and Statement No. 35 provides a comprehensive, entity-wide perspective of WVUB-FM's assets, liabilities, net assets, revenues, expenses, changes in net assets, cash flows, and replaces the fund-group perspective previously required.

Basis of Accounting: For financial reporting purposes, Vincennes University is considered a special-purpose government engaged only in business-type activities. Accordingly, WVUB-FM's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. Grants and similar items are recognized as revenue as soon as all eligibility requirements, imposed by the provider, have been met.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

WVUB-FM has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. WVUB-FM has elected to not apply FASB pronouncements issued after the applicable date.

Cash Equivalents: For purposes of the Statement of Cash Flows, WVUB-FM considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Capital Assets: Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, WVUB-FM's capitalization policy includes all items with a unit cost of \$500 or more and an estimated useful life of greater than one year. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Inventories of materials and supplies at year-end are not considered material; therefore, are not reflected in the financial statements.

Depreciation is computed using the straight-line method over the estimated useful life of the asset, generally 40 to 50 years for buildings, 20 to 25 years for infrastructure and land improvements, and 3 to 10 years for equipment.

WVUB-FM
A PUBLIC RADIO STATION OPERATED BY VINCENNES UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2008
(Continued)

Deferred Revenues: Deferred revenues include amounts received from grant and contract sponsors that have not yet been earned.

In-Kind Contributions: Donated personal services of volunteers are recorded as revenues and expenses in the accompanying statement of activity at estimated fair market value based upon standard valuation rates and job classifications developed by the Corporation for Public Broadcasting.

Studio facilities from Vincennes University consist of office and studio space together with related occupancy costs. These have been recorded as revenue and expense at prorated share of cost. Administrative support from Vincennes University consists of allocated financial cost from support departments and other expenses incurred by Vincennes University on behalf of the station.

Net Assets: WVUB-FM's net assets are classified as follows:

Invested in capital assets: This represents WVUB-FM's total investment in capital assets. There is no outstanding debt related to these capital assets.

Unrestricted net assets: Unrestricted net assets represent resources derived from grants, underwriting, and fees. These resources are used for transactions relating to the educational and general operations of the radio station.

Classification of Revenues: WVUB-FM has classified its revenues as operating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as grants and contracts.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as governmental appropriations.
