INDEPENDENT AUDITOR'S REPORT

**TO: THE OFFICIALS OF WWUT-TV, A PUBLIC TELEVISION STATION OPERATED
BY VINCENNES UNIVERSITY, VINCENNES, INDIANA**

We have audited the accompanying financial statements of WWUT-TV (Station), a public television station operated by Vincennes University, as of and for the years ended June 30, 2008 and 2007. These financial statements are the responsibility of the Station's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of WWUT-TV, as of June 30, 2008 and 2007, and the respective changes in financial position and cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis

INTRODUCTION

WVUT-TV is proud to present its financial statements for fiscal year 2008. This discussion and analysis provides an overview of the financial position and activities of WVUT-TV for the year ended June 30, 2008 and 2007. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes following this section.

WVUT-TV is licensed to the Board of Trustees for Vincennes University. One of the first two-year colleges in America, Vincennes University is also Indiana's oldest college. WVUT-TV was the first Public Television station to go on the air in Indiana on October 22, 1968, celebrating their 40th Anniversary in October 2008. It was also the first college in Indiana to go on the air with a Digital Television Station on September 2, 2002.

USING THE FINANCIAL STATEMENTS

The WVUT-TV report includes three financial statements: the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows.

These financial statements are presented in accordance with Governmental Accounting Standards Board (GASB) principles. During 2001 WVUT-TV adopted GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*. In 2002 WVUT-TV implemented GASB Statement No. 35, *Basic Financial Statements-Management's Discussion and Analysis-for Public Colleges and Universities*, released in November 1999. These statements establish standards for external financial reporting for public colleges and universities and require that financial statements be presented on a consolidated basis to focus on the entity as a whole, with resources classified for accounting and reporting purposes into four net asset categories. Previously, financial statements focused on the accountability of individual fund groups rather than on the entity as a whole.

STATEMENT OF NET ASSETS

The Statement of Net Assets presents the financial position of WVUT-TV at the end of the fiscal year and includes all assets and liabilities of WVUT-TV. The difference between total assets and total liabilities--net assets-- is one indicator of the current financial condition of WVUT-TV, while the change in net assets is an indicator of whether the overall financial condition has improved or worsened during the year. Assets and liabilities are generally measured using current values. One notable exception is capital assets, which are stated at historical cost less an allowance for depreciation. A summarization of the WVUT-TV's assets, liabilities and net assets at June 30, 2008 and 2007, is as follows:

	<u>2008</u>	<u>2007</u>
Current assets	\$ 760,209	\$ 851,599
Noncurrent Assets		
Capital assets, net of depreciation	1,177,174	1,360,696
Total assets	<u>1,937,383</u>	<u>2,212,295</u>
Current liabilities	705,034	781,383
Net assets	<u>\$ 1,232,349</u>	<u>\$ 1,430,912</u>

Current assets consist of cash and cash equivalents and prepaid expenses. Current liabilities consist of accounts payable and deferred income. WVUT-TV has no long-term liabilities.

Net Assets

Net assets represent the residual interest in WVUT-TV's assets after liabilities are deducted. WVUT-TV's net assets at June 30, 2008 and 2007 are summarized as follows:

	<u>2008</u>	<u>2007</u>
Invested in capital assets	\$ 1,177,174	\$ 1,360,696
Unrestricted	55,175	70,216
Total net assets	<u>\$ 1,232,349</u>	<u>\$ 1,430,912</u>

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET ASSETS

The Statement of Revenues, Expenses and Changes in Net Assets presents the operating results of WVUT-TV as well as the non-operating revenues and expenses. Governmental appropriations, while used for operations, are considered non-operating revenues as defined by GASB Statement No. 35. A summary of the Statement of Revenues, Expenses and Changes in Net Assets for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>
Operating revenue	\$ 704,284	\$ 584,131
Operating expenses	<u>2,196,664</u>	<u>2,077,403</u>
Net operating income (loss)	(1,492,380)	(1,493,272)
Non-operating revenues	<u>1,293,817</u>	<u>1,387,326</u>
Decrease in net assets	(198,563)	(105,946)
Net assets - Beginning of year	1,430,912	1,536,858
Net assets - End of year	<u>\$ 1,232,349</u>	<u>\$ 1,430,912</u>

The following is a graphic illustration of revenues by source (both operating and non-operating) used to fund the WVUT-TV for the year ended June 30, 2008.

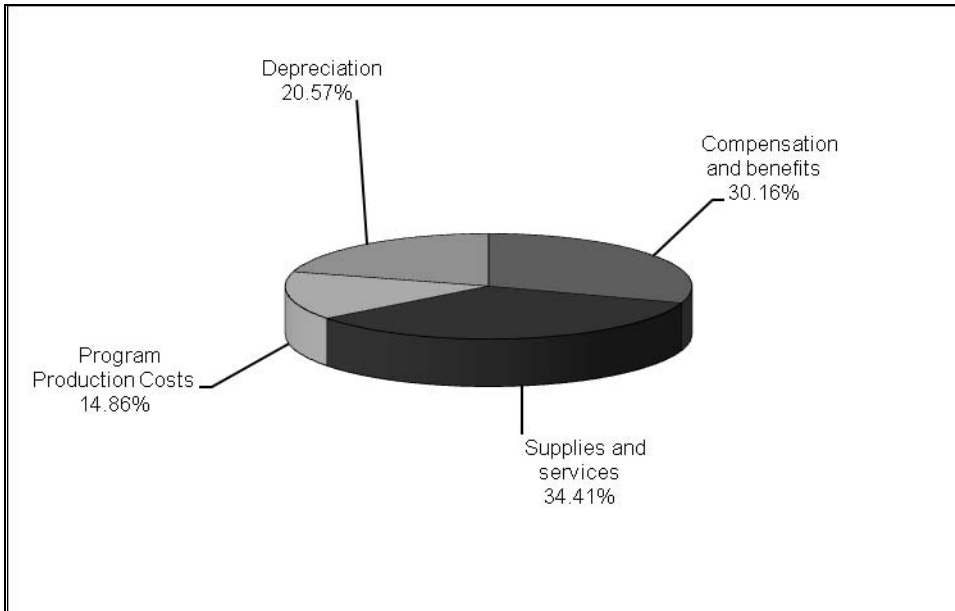

WVUT-TV continues to make cost containment an ongoing effort. This is necessary since the television station continues to face significant financial pressure due to the state's fiscal situation. Governmental appropriations to WVUT-TV and the University for operating and capital repair and rehabilitation increases are uncertain at this time.

A summary of WVUT-TV's expenses by object for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>
Operating:		
Compensation and benefits	\$ 662,410	\$ 627,917
Supplies and services	755,763	730,438
Program Production Costs	326,528	305,182
Depreciation	451,963	413,866
Total operating expenses	<u>\$ 2,196,664</u>	<u>\$ 2,077,403</u>

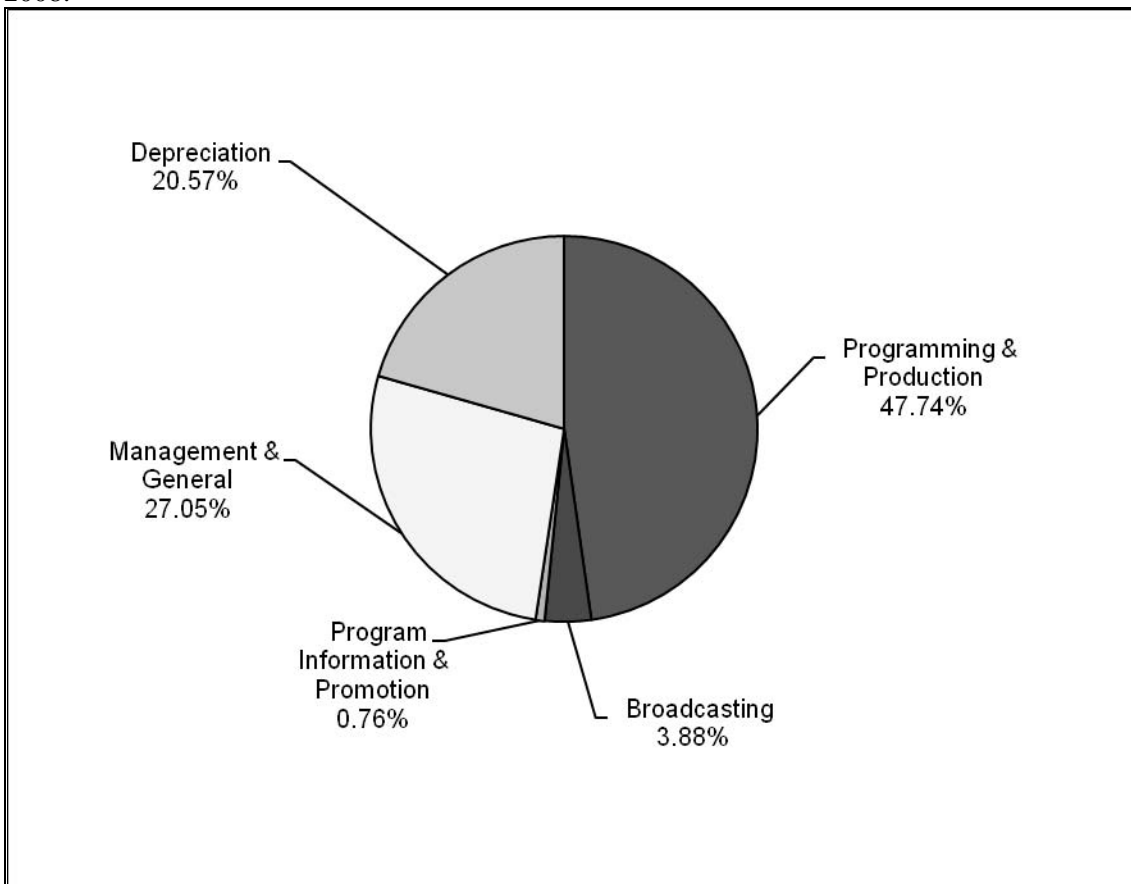

The following is a graphic illustration of total expenses by object for the year ended June 30, 2008:

In addition to their natural (object) classification, it is also informative to review operating expenses by function. A summary of WVUT-TV's expenses by functional classification for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>

The following graphic illustration presents total expenses by function for the year ended June 30, 2008:

STATEMENT OF CASH FLOWS

The Statement of Cash Flows provides additional information about WVUT-TV's financial results by reporting the major sources and uses of cash. A summary of the Statement of Cash Flows for the year ended June 30, 2008 and 2007 is as follows:

	<u>2008</u>	<u>2007</u>
Cash received from operations	\$ 638,310	\$ 643,579

Cash and cash equivalents, end of year	<u><u>\$ 760,209</u></u>	<u><u>\$ 851,479</u></u>

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

Management believes that WVUT-TV is well positioned to continue a positive financial condition and can serve the general public well by offering them quality public broadcasting programs coupled with local origination programs focusing on community issues. The largest source of funding for operations is a grant from the federal government through the Corporation for Public Broadcasting (CPB). While these funds have been more than adequate to date, they are based on a formula of Base plus Non-Federal Financial Support (NFFS). The WVUT NFFS has remained fairly constant in the last few years. It is important that WVUT-TV reach or exceed past goals of NFFS and the new minimum goal of \$800,000 to receive CPB appropriations each year. WVUT-TV is considered a small rural station by CPB. Because of the small station classification, WVUT-TV has been awarded a TV Special Assistance Grant amounting to \$44,256 for the year ending June 30, 2008 and \$52,204 for the year ending June 30, 2007. The station is also eligible for rural assistance for equipment and study grants from CPB.

WVUT-TV entered into a five-year contract with the Hoosier Safe-T program for Tower space rental at \$1,500 per month. This contract generated an additional \$18,495 in income for the year ending June 30, 2008 and \$25,500 for the year ending June 30, 2007.

Management has been working diligently on partnerships with commercial stations and entities to help improve operations and local programming. Currently, the Southern Indiana Bureau of WTHI-TV (NBC), Terre Haute, and WTWO-TV (CBS), Terre Haute, work jointly in the stations facilities on local productions and programming. They focus mainly on news operations. WVUT-TV also collaborates with WTWO-TV, Terre Haute, and WEHT-TV, Evansville, on weather coverage.

Other sources of major funding are Vincennes University and the State of Indiana. The specific fiscal impact on higher education in the State of Indiana is uncertain; however, the University's current strong financial condition should help offset the state's economic uncertainties. University funding has remained stable over the past few years. The station continues to provide the highest quality of broadcasting for the area.

Funding from the State of Indiana has dramatically increased over past years for WVUT-TV. During the year ended June 30, 2008, the station received \$342,186 in state funding. This is an increase of \$92,804 over the \$249,382 in state funding received during the year ended June 30, 2007. The State of Indiana has supported Public Broadcasting in the past and is expected to continue as the state's economic crisis improves.

WVUT-TV
A PUBLIC TV STATION OPERATED BY VINCENNES UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

Note 1. Summary of Significant Accounting Policies

Reporting Entity: WVUT-TV is a public television station operated by Vincennes University. The University is an institution of higher education and is considered to be a component unit of the State of Indiana.

Financial Statement Presentation: In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*. This was followed in November 1999 by GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. As a component unit of the State of Indiana, Vincennes University is also required to adopt GASB Statement No. 34 and Statement No. 35. WVUT-TV is licensed to and operated by Vincennes University. The financial statement presentation required by GASB Statement No. 34 and Statement No. 35 provides a comprehensive, entity-wide perspective of WVUT-TV's assets, liabilities, net assets, revenues, expenses, changes in net assets, cash flows, and replaces the fund-group perspective previously required.

Basis of Accounting: For financial reporting purposes, Vincennes University is considered a special-purpose government engaged only in business-type activities. Accordingly, WVUT-TV's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. Grants and similar items are recognized as revenue as soon as all eligibility requirements, imposed by the provider, have been met.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

WVUT-TV has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. WVUT-TV has elected to not apply FASB pronouncements issued after the applicable date.

Cash Equivalents: For purposes of the Statement of Cash Flows, WVUT-TV considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Capital Assets: Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, WVUT-TV's capitalization policy includes all items with a unit cost of \$500 or more and an estimated useful life of greater than one year. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Inventories of materials and supplies at year-end are not considered material; therefore, are not reflected in the financial statements.

WVUT-TV
A PUBLIC TV STATION OPERATED BY VINCENNES UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2008
(Continued)

Depreciation is computed using the straight-line method over the estimated useful life of the asset, generally 40 to 50 years for buildings, 20 to 25 years for infrastructure and land improvements, and 3 to 10 years for equipment.

Deferred Revenues: Deferred revenues include amounts received from grant and contract sponsors that have not yet been earned.

In-Kind Contributions: Donated personal services of volunteers are recorded as revenues and expenses in the accompanying statement of activity at estimated fair market value based upon standard valuation rates and job classifications developed by the Corporation for Public Broadcasting.

Studio facilities from Vincennes University consist of office and studio space together with related occupancy costs. These have been recorded as revenue and expense at prorated share of cost. Administrative support from Vincennes University consists of allocated financial cost from support departments and other expenses incurred by Vincennes University on behalf of the station.

Net Assets: WVUT-TV's net assets are classified as follows:

Invested in capital assets: This represents WVUT-TV's total investment in capital assets. There is no outstanding debt related to these capital assets.

Unrestricted net assets: Unrestricted net assets represent resources derived from grants, underwriting, and fees. These resources are used for transactions relating to the educational and general operations of the television station.

Classification of Revenues: WVUT-TV has classified its revenues as operating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as grants and contracts.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations.
