INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS  
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

TO: THE OFFICIALS OF THE SCOTT COUNTY SCHOOL DISTRICT 2, SCOTT COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Scott County School District 2 (School Corporation), as of and for the years ended June 30, 2007 and 2008, which collectively comprise the School Corporation's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the School Corporation's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the School Corporation prepares its financial statements on the pre-scribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the School Corporation as of June 30, 2007 and 2008, and the respective cash receipts and cash disbursements during the years then ended on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued a report dated April 28, 2009, on our consideration of the School Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS  
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
(Continued)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedule of Funding Progress, as listed in the Table of Contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The School Corporation has not presented Management's Discussion and Analysis or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The Combining Schedules, as listed in the Table of Contents, Schedule of Capital Assets and Schedule of Long-Term Debt are presented for additional analysis and are not required parts of the basic financial statements. The Combining Schedules, as listed in the Table of Contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets and Schedule of Long-Term Debt have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF THE SCOTT COUNTY SCHOOL DISTRICT 2, SCOTT COUNTY, INDIANA

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Scott County School District 2 (School Corporation), as of and for the years ended June 30, 2007 and 2008, which collectively comprise the School Corporation's basic financial statements and have issued our report thereon dated April 28, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses, as defined above.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS  
(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the School Corporation's management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

School Corporation, as used herein, shall include, but is not limited to, school townships, school towns, school cities, consolidated school corporations, joint schools, metropolitan school districts, township school districts, county schools, united schools, school districts, cooperatives, educational service centers, community schools, community school corporations, and charter schools.

The School Corporation was established under the laws of the State of Indiana. The School Corporation operates under a Board of School Trustees form of government and provides educational services.

The School Corporation's financial reporting entity is composed of the following:

Primary Government: Scott County School District 2

In determining the financial reporting entity, the School Corporation complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

Joint Venture

The School Corporation is a participant with Madison Consolidated Schools, Scott County School District 1, Southwestern Jefferson County Consolidated School Corporation and Switzerland County School Corporation in a joint venture to operate the Madison Area School Services Unit (MASSU) which was created to provide educational services to handicapped students. The School Corporation was obligated by contract to remit \$652,891 for the fiscal year ending June 30, 2008. Complete financial statements for MASSU can be obtained from the MASSU administrative office in Madison, Indiana.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statement of Activities and Net Assets – Cash and Investment Basis displays information about the reporting government as a whole. It includes all funds of the reporting entity except for fiduciary funds. The statement distinguishes between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. However, there are no business-type activities to report at this time.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the School Corporation has not established any enterprise funds.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

The School Corporation reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The transportation operating fund accounts for financial resources for the transportation of school children to and from school.

The rainy day fund is used to account for funds in accordance with IC 36-1-8-5.1 and locally adopted resolution.

The school lunch fund is used to account for receipts and disbursements for the food service program.

The debt service fund accounts for debt from funds borrowed or advanced for the purchase or lease of school buildings, school buses, judgments against the corporation, equipment or capital construction, and interest on emergency and temporary loans.

The capital projects fund accounts for planned construction, repair, replacement or remodeling; and the purchase, lease, upgrade, maintenance, or repair of computer equipment.

The school bus replacement fund is used to account for receipts and disbursements concerning the acquisition and disposal of school buses.

The construction fund is used to account for disbursements for capital outlays from receipts derived from the sale of general obligation bonds or other outside sources.

Additionally, the School Corporation reports the following fund types:

The pension trust funds account for the activities of the retirement/severance and the post retirement/severance future benefit funds which accumulate resources for pension benefit payments.

The private-purpose trust funds report trust arrangements under which principal and income benefit individuals and organizations within the school corporation.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, proprietary fund and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

If the School Corporation utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to people outside the government (enterprise funds) or other departments or agencies primarily within the government (internal service funds). The School Corporation does not have any enterprise funds or internal service funds.

When both restricted and unrestricted resources are available for use, the School Corporation's policy is to use restricted resources first, then unrestricted resources as they are needed.

D. Assets and Cash and Investment Balances

1. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

2. Property Taxes

Property taxes levied are collected by the County Treasurer and are distributed to the School Corporation in June and in December. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which become delinquent if not paid by May 10 and November 10, respectively. All property taxes collected by the County Treasurer and available for distribution were distributed to the School Corporation on or prior to June 30 of the year collected.

3. Compensated Absences

A. Annual Leave

Employees earn annual leave at the rate of 10 to 14 days per year. Unused annual leave may be accumulated to a maximum of 210 days or is unlimited depending upon the employee's job classification. Accumulated annual leave is paid to employees upon retirement.

B. Vacation Leave

Nonteaching or administrative and noncertified School Corporation employees earn vacation leave at rates from 10 days to 20 days per year based upon the number of years of service. Vacation leave may be accumulated to a maximum of 30 days. Accumulated vacation leave is paid to employees.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

4. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental or proprietary fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

5. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental and proprietary funds is not reported as liabilities in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

6. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

It is the School Corporation's policy to first use restricted net assets prior to the use of unrestricted net assets when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

E. Receipts and Disbursements

Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

F. Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide Statement of Activities and Net Assets – Cash and Investment Basis, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Fund Financial Statements

1. Interfund reimbursements – Repayments from funds responsible for certain disbursements to the funds that initially paid for them are reported as reimbursements.
2. Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis. The effects of interfund services between funds, if any, are not eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis.

II. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at calendar year end.

Prior to the first required publication, the fiscal officer of the School Corporation submits to the governing board a proposed operating budget for the year commencing the following July 1. Prior to adoption, the budget is advertised and public hearings are conducted by the governing board to obtain taxpayer comments. In September of each year, the governing board, through the passage of a resolution/ordinance, approves the budget for the next year. Copies of the budget resolution/ordinance and the advertisement for funds for which property taxes are levied are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the fiscal officer of the School Corporation receives approval of the Indiana Department of Local Government Finance.

The School Corporation's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the governing board. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

III. Detailed Notes on All Funds

A. Deposits and Investments

1. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. At June 30, 2008, the School Corporation had deposit balances in the amount of \$4,044,604. Of this amount, the following was exposed to custodial credit risk:

|  |                     |
|--|---------------------|
| Uninsured deposits collateralized with securities held by the pledging financial institution's trust department or agent, but not in the depositor-government's name | <u>\$ 3,342,434</u> |
|--|---------------------|

The remaining bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

2. Investments

Statutory Authorization for Investments

Indiana Code 5-13-9 authorizes the School Corporation to invest in securities backed by the full faith and credit of the United States Treasury or fully guaranteed by the United States of America and issued by the United States Treasury, a federal agency, a federal instrumentality, or a federal government sponsored enterprise. Indiana Code also authorizes the School Corporation to invest in securities fully guaranteed and issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. These investments are required by statute to have a stated final maturity of not more than two years.

Indiana Code also provides for investment in money market mutual funds that are in the form of securities of, or interest in, an open-end, no-load, management-type investment company or investment trust registered under the provision of the federal Investment Company Act of 1940, as amended. Investments in money market mutual funds may not exceed 50% of the funds held by the School Corporation and available for investment. The portfolio of an investment company or investment trust used must be limited to direct obligations of the United States of America, obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise or repurchase agreements fully collateralized by direct obligations of the United States of America or obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. The form of securities of, or interest in, an investment company or investment trust must be rated as AAA, or its equivalent by Standard and Poor's Corporation or its successor or Aaa, or its equivalent, by Moody's Investors Service, Inc., or its successor. The form of securities in an investment company or investment trust should have a stated final maturity of one day.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Additionally, the School Corporation may enter into repurchase agreements with depositories designated by the State Board of Finance as depositories for state deposits involving the School Corporation's purchase and guaranteed resale of any interest-bearing obligations issued or fully insured or guaranteed by the United States of America, a United States of America government agency, an instrumentality of the United States of America, or a federal government sponsored enterprise. The repurchase agreement is considered to have a stated final maturity of one day. This agreement must be fully collateralized by interest-bearing obligations as determined by their current market value.

B. Interfund Transfers

Interfund transfers for the years ended June 30, 2007 and 2008, were as follows:

| Transfer From            | Transfer To                 | 2007                     | 2008                     |

The School Corporation typically uses transfers for cash flow purposes as provided by various statutory provisions.

D. Pension Plan

1. Agent Multiple-Employer Defined Benefit Pension Plan

Public Employees' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan. State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the School Corporation authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

2. Cost-Sharing Multiple-Employer Defined Benefit Pension Plan

Teachers' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Teachers' Retirement Fund (TRF), a defined benefit pension plan. TRF is a cost-sharing multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All employees engaged in teaching or in the supervision of teaching in the public schools of the State of Indiana are eligible to participate in TRF. State statute (IC 5-10.2) governs, through the TRF Board, most requirements of the system and gives the School Corporation authority to contribute to the plan. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The School Corporation may elect to make the contributions on behalf of the member.

TRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Funding Policy and Annual Pension Costs

The School Corporation contributes the employer's share to TRF for certified employees employed under a federally funded program and all the certified employees hired after July 1, 1995. The School Corporation currently receives partial funding, through the school funding formula, from the State of Indiana for this contribution. The employer's share of contributions for certified personnel who are not employed under a federally funded program and were hired before July 1, 1995, is considered to be an obligation of, and is paid by, the State of Indiana.

The School Corporation is to contribute at an actuarially determined rate. The current rate has been actuarially determined under the entry age normal cost method to be 6.82% of covered wages. The School Corporation's required contributions to the plan for the fiscal years ended June 30, 2008, 2007, and 2006, were \$327,440, \$294,026, and \$242,016, respectively. The School Corporation actually contributed 100% of the required contribution for each of the fiscal years, respectively.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF THE SCOTT COUNTY SCHOOL DISTRICT 2, SCOTT COUNTY, INDIANA

Compliance

We have audited the compliance of the Scott County School District 2 (School Corporation) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the years ended June 30, 2007 and 2008. The School Corporation's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School Corporation's management. Our responsibility is to express an opinion on the School Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School Corporation's compliance with those requirements.

In our opinion, the School Corporation complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the years ended June 30, 2007 and 2008.

Internal Control Over Compliance

The management of the School Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School Corporation's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over compliance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133  
(Continued)

A control deficiency in a School Corporation's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be significant deficiencies or material weaknesses, as defined above.

This report is intended solely for the information and use of the School Corporation's management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

SCOTT COUNTY SCHOOL DISTRICT 2  
NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Scott County School District 2 (School Corporation) and is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Accordingly, the amount of federal awards expended is based on when the activity related to the award occurs. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Circular A-133 requires an annual audit of nonfederal entities expending a total amount of federal awards equal to or in excess of \$500,000 in any fiscal year unless by constitution or statute a less frequent audit is required. In accordance with the Indiana Code (IC 5-11-1 et seq.), audits of School Corporations shall be conducted biennially. Such audits shall include both years within the biennial period.
