May 26, 2009

To the County Commissioners and County Council of
Hamilton County, Indiana

The Comprehensive Annual Financial Report (CAFR) of Hamilton County, Indiana (the County) for the year ended December 31, 2008, as prepared by the Auditor's office, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. The enclosed data is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and the results of operation of the various funds of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activity have been included.

This report includes all funds of the County. In evaluating the reporting entity of the County, management has considered all potential component units. The County has reviewed its reporting entity definition in light of GASB Statement 14 utilizing both sets of criteria related to financial accountability and the nature and significance of the component unit. As described in Note I in the Notes to the Financial Statements the Hamilton County Public Building Corporation and the Solid Waste District are reported as blended component units. The Riverview Hospital, a proprietary fund type, has been included in the reporting entity as a governmental discreetly presented component unit.

ECONOMIC CONDITON AND OUTLOOK

General profile:

With its diverse and thriving economy, Hamilton County is Indiana's most rapidly growing county. Located north of Indianapolis the southern two thirds of the County have experienced the most growth. The U.S. Bureau of the Census estimated the number of County residents in 2008 as 269,785, a 47.6% increase since 2000, making Hamilton County the fourth largest county in the state of Indiana. The largest centers of population are Carmel, Noblesville and Fishers, each with populations ranging from approximately 44,000 to 69,000. The growth initiated in the past decade is due in large measure to the County's proximity to the state's capital city, the nation's 13th largest city. The heart of Indianapolis is 20 miles south of the Hamilton County seat. However, not all areas surrounding Indianapolis have grown at the same rate indicating that Hamilton County has a unique charm and attraction of its own. The County issued approximately 1,559 single-family building permits in 2008. This represents a 35% decline from 2007 permit levels which is indicative of the deferral of certain development activity due to the general economic downturn. The level of development that did occur this year in both the residential and non-residential sectors throughout the County reflects the underlying economic strength and resiliency of this area and positions the County to quickly resume its long term positive growth trend when the broader economy recovers.

The U.S. Bureau of Census ranks Hamilton County as the 22nd most affluent county in the United States based upon its estimated median household income of \$83,059. Based on the latest Census data for 2000, the county ranked as the most affluent in Indiana with 63.8% of the

households estimated to have incomes over \$50,000 and an estimated per capita income of \$42,891 as compared to the metropolitan area per capita income of \$30,806. Overall, a healthy mix of local small and large businesses as well as farming has created a favorable economic culture.

The people:

The residents of Hamilton County exhibit a wealth of talent in technical, clerical, production, and executive leadership that attracts businesses. The County unemployment rate is typically below regional, state, and national averages. Hamilton County's annual average unemployment rate in 2008 was only 3.8% compared to the annual average rate for Indiana of 5.9%. Employers in the area report low absenteeism and low turnover.

One key factor linked to the economic prosperity of the County relates to the level of education attained and maintained by its residents. Education levels, as well as computer literacy, are noticeably higher in Hamilton County when compared to the rest of the metropolitan area. The outstanding quality of education in the nationally recognized Hamilton County public school systems is a source of pride within the community. While many school systems are struggling with budget cuts or inadequacies, the Hamilton County public school system continues to expand. The Westfield school district has built a "smart campus" with help of Verizon. Throughout the county, approximately 90% of high school students went on to attend college in 2007, according to State DOE data. Currently, 48.9% of county residents 25 and older hold bachelors' degrees or better.

Transportation:

Hamilton County's economic vitality requires good transportation routes. The interstate highway system ties the County to all Midwest markets. In fact the County is less than one day's drive to 65% of the U.S. population and three major Canadian markets. The County is five hours or less from most major Midwest cities, including Chicago, Detroit, Cincinnati, St. Louis, Louisville, Milwaukee, and Columbus. I-69 crosses the southeastern portion of the County while I-465 (the Indianapolis outer belt) skirts the southern boundary of the County and U.S. 31 bisects the County north to south. Five other state highways enter the county. Along the major roadways, the number of commercial developments continues to increase. Also, Hamilton County and underlying jurisdictions worked together to form the Hoosier Heritage Port Authority to preserve an active 37 mile rail corridor. The Indiana Transportation Museum is presently a designated operator on the line, which will provide an alternative means for future commuter travel.

Indianapolis Metropolitan Airport is in Hamilton County (Fishers), approximately 16 nautical miles northeast of Indianapolis International Airport. This reliever airport to Indianapolis is located on 455 acres of land with one runway 4,000 feet in length. Additionally, Hamilton County has acquired the former Terry Airport and renamed it Indianapolis Executive Airport. The airport boasts a 5,500 foot runway and is located six miles west of Westfield.

National economic cost advantage

Hamilton County is becoming well known as an excellent location for suburban national headquarters. In fact, nearly 80% of the suburban office space in metropolitan Indianapolis is located in Hamilton County. A recent study prepared by The Boyd Company of Princeton, New Jersey, a leading national site selection consulting firm, reports the results of an analysis of Hamilton County as a corporate headquarters office location in comparison with 14 other leading suburban areas in the U.S. including Boston, Chicago, Columbus, Denver, Detroit, Los Angeles, New York, Philadelphia, Phoenix, San Francisco, Seattle and St. Louis. According to the study Hamilton County was the second lowest in operating cost structure. Only Columbus, Ohio provided a lower cost structure.

Local business:

The County continues to experience excellent business expansion and retention. The 2008 top ten employers are listed in the statistical section of this report. During recent years, Hamilton County has attracted new major employers at a fast pace. According to the 2008 data from the Indiana Department of Workforce Development, Labor Market Information, total employment in the County is at 141,942. Private sector employment in the County is a large component of the total employment increase. A variety of industries, including manufacturing, construction, wholesale and retail trade, and services have experienced significant growth. The number of jobs grew to about 93,500 in 2000, compared with just 15,000 in 1970. More than 75% of the jobs in Hamilton County are filled by people living in the county, compared with 58% in 1990. Hamilton County is expected to continue growth and account for 25% of the population and employment gains of the Indianapolis metropolitan area during the next 10 years.

Quality of life:

Among Indiana's 92 counties, Hamilton County sets the pace. The County ranks 1st in population growth since 1990, per capita and median household income, high school graduates and bachelor degrees or better. Of all the characteristics of Hamilton County, the quality of life afforded to its residents is exceptional. It is a very desirable place to live, work and raise a family. A 2004 study by American City Business Journals ranked Hamilton County 8th among all counties in the nation for its quality of life. In 2005, Noblesville and Fishers received national recognition as great places to live. Carmel was a designated community in a previous list. Hamilton County is unique among counties in having three communities gain this distinction. By most measures, Hamilton County has become the county of choice in Indiana.

The county's unique blend of fast-growing suburban communities and smaller rural towns offers diverse options for residential location. Residential developments are numerous and include a multitude of custom-built homes new subdivisions. Victorian homes on brick streets, ranches in the quiet countryside and more. Residential properties along Morse Lake and Geist Reservoir allow families who enjoy water sports a vacation atmosphere at home. The County's close proximity to Indianapolis makes all the amenities of a major city easily accessible. Hamilton County has something for everyone.

As the population grows so too does an array of executive lifestyle amenities. Hamilton County is home to seventeen public golf courses. The first golf course, Forest Park, opened in 1927 and remains a public course. Players have a wide range of courses to choose from within the County, including Crooked Stick which ranks among the country's top 100 courses and will host the 2009 U.S. Senior Open.

Other venues of recreation are available throughout the county including parks, museums, and antique shops. Coxhall Gardens is a unique 125 acre park featuring twin 90 foot Bell Tower Carillons, an amphitheater, recreation lake and Children's Garden. The land was donated by Jesse and Beulah Cox and will eventually include a conservatory, museum, reflecting pool and specialty gardens. Morse Lake Park allows for public access to lakeside recreation. The Indiana Transportation Museum in Noblesville's Forest Park includes the operation of a train ride to Atlanta. Ritchey Woods, a nature preserve geared toward children, is located on Hague Road just south of 106th Street in Fishers. County park directors continue to improve and expand the parklands. A Nature Center facility has been constructed in the County's largest in use park, Cool Creek Park. Overall, roads and trails in the parks are being improved and the public use of these facilities is growing, a clear indication that citizens' recreational needs are being met. Additionally, Hamilton County is the home to the Verizon Wireless Music Center, one of the nations' premier outdoor concert venues, which hosts approximately 40 shows each year providing a variety of musical entertainment for residents of central Indiana.

One of the most famous attractions of the County is Conner Prairie, a living history museum that serves as a nationally recognized center for research and education about the lives, times, attitudes and values of the early 19th century settlers in the Old Northwest Territory, based on the Indiana experience. Each year an estimated 330,000 visitors are admitted to the museum, including 80,000 children participating in special programs and school tours.

Next door to one of the premier sports capitals of the world, Indianapolis, Hamilton County residents can easily attend professional sporting events. In 2008, The Indianapolis Colts received the bid to host the 2012 Super Bowl. For the 2008-09 football season the Colts will be playing in the newly constructed football facility, Lucas Oil Stadium. NBA's Indiana Pacers play basketball in one of the leagues top venues the Conseco Fieldhouse, which was new for the 1999-2000 season. The Indianapolis Indians continued playing at Victory Field, which was new for the 1996 season. And, of course, the Indianapolis Motor Speedway holds three major events each year including the Indianapolis 500 in May, the Allstate 400 at the Brickyard in July and the Indianapolis MotoGP motorcycle race in September.

Indianapolis also has a multitude of arts and entertainment offerings, ranging from the Indianapolis Repertory Theatre, The Indianapolis Ballet Theatre, and the Indianapolis Children's Choir to the Indianapolis Museum of Art and the Eiteljorg Museum of American Indians and Western Artifacts. Additionally, Indianapolis is proud to have the world's largest children's museum, which dates back to 1925. The Children's Museum of Indianapolis was recently voted #1 in the nation by readers of Family Fun magazine.

Regional leadership:

Hamilton County leaders participated in regional meetings to identify and address critical metropolitan issues. These discussions paved the way for the creation of The Indy Partnership. The Partnership serves as the region's economic development and marketing outreach arm to attract new businesses to the marketplace. Ten counties currently participate in The Indy Partnership including Boone, Hamilton, Hancock, Hendricks, Johnson, Madison, Marion, Monroe, Morgan and Tippecanoe Counties. This regional effort is certain to assist Hamilton County in its efforts to attract out-of-state business ventures and new capital investment.

The Regional approach by local leaders stems from the recognition of the interdependent nature of the economy. Hamilton County is fortunate to have several major arterial roadways, such as I-465, I-69, U.S. 31, and S.R. 37. Thus, commuters can access local businesses with ease. In 2008, Hamilton County's total labor force was 141,942. Of this total, 17.5% represents workers who commute from surrounding counties and 37.2% are workers who live in Hamilton County and commute to surrounding counties. Hamilton County continues to have the potential to accommodate new business and existing business, as growth continues.

Business climate:

Hamilton County has a favorable business climate. Its leadership exhibits a spirit of cooperation and support that enables all of its citizens to enjoy economic benefits.

Since Indiana's enactments of the Economic Development for a Growing Economy bill, Hamilton County's ability to attract new businesses and relocating businesses from other states has been enhanced. The bill authorizes a refundable state income tax credit for businesses that create new jobs in Indiana when certain conditions exist. Other incentives such as tax credits, venture capital funds, and workforce training resources also add to the ability of Indiana to compete with neighboring states. In the past seven years, the county has seen over 150 existing businesses expand and more than a dozen new companies locate in the county.

LONG TERM FINANCIAL PLANNING

Jail Expansion

In 2008, the construction of four major initiatives at the Hamilton County Corrections complex was ongoing and progressing toward a 2009 completion as anticipated. The four projects include a) an expansion of the North end of the Adult Jail for facilities including new inmate intake, expanded food services, medical services, loading dock, new sally port, video visitation and parking; b) construction of a three story Community Corrections Building that will provide 200 beds of capacity initially and another 200 future beds as needed. This project also includes sufficient support space for staff and for additional programming not requiring inmate bed space; c) an expansion at the south end of the Sheriff's Office that include areas for expansion of the 911 communication center, Emergency Management offices, evidence lab and property storage and additional offices for patrol functions; d) the final structure is a new support services building that will house the defensive tactics training room, physical fitness training room, three general purpose training classrooms, quartermaster functions and storage, and sufficient garage bays to house support vehicles and trailers, k-9 office and kennel, and stolen vehicle processing bays.

The County has been staffing up gradually to cover the expanded correctional facilities as each area becomes operational. A majority of the additional operating costs are expected to be funded with additional user fees from offenders and related programs for work release.

Heath Department Annex Building

The County purchased an existing vacant building in 2008 which it will renovate in 2009 and use to house the Health Department. The space vacated by the Health Department at the county courthouse will enable the consolidation of two more township assessors' offices who are now all under the County Assessor due to legislative changes. One township was combined with the county offices in 2008 and elimination of separate township assessor offices will eliminate rent and other related operating costs.

Olio Road Bridge Project

The next planned major capital project will be the construction of a bridge to continue Olio Road over I-69 in Fall Creek Township which provides another major north south thoroughfare in the eastern side of the County connecting major commercial, industrial and residential developments on both sides of the interstate. This important new arterial will also provide additional access to Noblesville's Corporate Campus and link to \$15 million in completed Olio Road upgrades and \$95 millions in previously completed improvements to the 146th Street corridor. The project will be funded with accumulated major bridge funds.

146th Street West

Preliminary design has begun for improvements to 146th street that will continue this major four lane east west thoroughfare past U.S. 31 eventually to Boone County. Actual construction will be undertaken in phases as funds become available.

Communications

Critical improvements to public safety communications in the County began in 2008. The Sheriff's Department began a radio switch upgrade and the construction of a new 640 foot radio tower. These initiatives will improve the public safety network of all police fire and medical services in the County. The projects are being funded with existing 911 Fees.

Riverwalk

The County completed the first phase of the Riverwalk project in downtown Noblesville, the County seat. This portion of the three phase project included a pedestrian walk along the White River under the S.R. 32 bridge adjacent to the County Judicial Center. The walkway provides a safer route for County employees and the public to access parking and governmental offices. This is a joint project with the City.

Revenue Estimates

County option income taxes (COIT) represent a significant portion of the County's revenue. COIT can be used for operations as well as capital projects. It is expected that the current economic downturn will have a negative impact on future COIT revenue, however, local income tax revenue is not actually distributed to the County until about two years after it is collected. The County has updated its revenue forecasts to try to quantify this future decline in revenue and they will use the two year lag period to reduce operating costs or defer increases in preparation for this reduced revenue stream.

FINANCIAL INFORMATION

Internal Control Structure:

Administrators of the County are responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and that adequate accounting data are compiled to allow for the preparation of the financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits requires estimates and judgments by administrators. The statement of net assets for the County demonstrates the strength of its financial position.

Budgetary Controls:

The County maintains budgetary controls in order to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the County Council. The budgets are initially prepared and approved at the local level with subsequent final approval by Indiana Department of Local Government Finance. Budget modifications are made in accordance with the laws of the State of Indiana.

Formal budgets as required by state statute have been adopted for the following funds: General, Highway County Option Income Tax, Highway, Family and Children, Property Reassessment, Plat Book, Highway Inspection, Health Maintenance, Pretrial Diversion, Supplemental Public Defender, Local Road and Street, Parks and Recreation, Surveyor's Corner Perpetuation, Emergency Planning, Park Nonreverting, Tobacco Settlement, County Drug Free Community, County Court User's Fee, County Corrections, County Health, Emergency Telephone System, Innkeeper's Tax, Deferral Program, Unified Probation User's Fee, Guardian Ad Litem, County Sales Disclosure, Child Services, Jury Pay, Park Nonreverting Donation, 1997 Highway Bond, 1998 Highway Bond, Lease Rental, Jail Lease Rental, 2002 Park Bond, 2002 Animal Control Bond, 2004 Park Bond, 146th Street Bond, 146st Street West, Juvenile Services Lease, Cumulative Bridge, Cumulative Capital Development, County Major Bridge and Cumulative Courthouse.

The County also maintains an encumbrance accounting system as one method of budgetary control. Open encumbrances are reported as reservations of fund balance at December 31, 2008.

As demonstrated by the statements and schedules included in the financial section of this report, the County continues to meet its responsibility for sound financial management.

General Government Functions:

The County provides a full range of general governmental functions including police protection, the construction and maintenance of streets, bridges and infrastructure, health services and culture and recreational facilities.

The Management's Discussion and Analysis section of this report presents more detailed trend/comparison information about the financial position and operational results of the County.

Component Unit:

Riverview Hospital is owned by the County and is included as a discretely presented component unit in the financial statements. Total net assets for the year ended December 31, 2008 were \$98,953,616, resulting in an increase of \$1,046,925 over 2007.

Pension Benefits:

The Sheriff's Pension Trust Fund, a single-employer defined benefit plan administered by National City Bank, Carmel, Indiana as trustee, covers Sheriff's department employees. Contributions are made in accordance with actuarially determined requirements.

The County also provides pension benefits for its non-public-safety employees. These benefits are provided through a statewide plan managed by the Public Employees Retirement Fund (PERF), an agent multiple-employer public employees retirement system. This plan uses the entry age normal cost method to determine the contribution requirements and the pension benefit obligation.

Riverview Hospital, a discretely presented component unit, provides a defined contribution plan in which the benefits for each employee are determined solely by the accumulation of contributions to the plan made on the participants' behalf plus investment earnings prior to retirement.

Debt Administration:

The County has used fiscal restraint in incurring general obligation debt, while still providing quality services and facilities to the citizens of the County. Refer to page 11 of the Management's Discussion and Analysis for details regarding the reporting entity and long-term debt.

As detailed in the statistical section of this report, the County's outstanding debt has increased as compared to the 2007 balance due to the issuance of the 2008 first mortgage bonds for the community corrections project net of the scheduled repayment of principal on outstanding debt. However, the debt per capita and percentage of total bonded debt to personal income have remained relatively flat, \$687 and 1.48% respectively compared to 2007, \$686 and 1.56% respectively. The remaining available bonding capacity is at 61% of the total legal debt limit.

Riverview Hospital, a discretely presented component unit, has revenue bonds payable at December 31, 2008 in the amount of \$55,690,000. The bonds are repaid with income derived from the acquired or constructed assets.

Cash Management:

State statutes authorize the County to invest in obligations of the United States Treasury and various agencies and instrumentalities of the federal government. The County is also authorized to enter into fully collateralized repurchase agreements for the purchase and resale of interest bearing obligations issued or guaranteed by the United States or any United States governmental agency.

In addition, the Sheriff's Pension Fund may be invested in commercial paper, corporate bonds, corporate stock, and mutual funds. Riverview Hospital, a discretely presented component unit, may make investments in accordance with policies of the Hospital's Board of Trustees.

Risk Management:

Hamilton County officials established a self-funded insurance policy, which services the risk of loss, related to employee health claims and liability claims. Commercial insurance supplements the plan as described on pages 48-49 of the notes to the financial statements. Settled claims resulting from this risk did not exceed commercial coverage in the last three years.

OTHER INFORMATION**Independent Audit:**

The State of Indiana Code requires an annual audit of the books of account, financial records, and transactions of the County by independent accountants. This requirement has been complied with and the independent auditor's opinion has been included in this report. Additionally, the audit was performed in accordance with requirements of the Single Audit Act of 1984 and U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. The reports related to the Single Audit Act are under separate cover except for the report on pages 1-2 of this report.

Certificate of Achievement:

The Government Finance Officers Association of the United State and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Hamilton County for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2007. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, with contents conforming to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

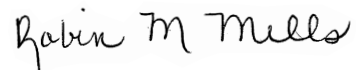

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we will again be submitting it to the GFOA.

Acknowledgments:

I wish to thank the Hamilton County Council, County Commissioners and Mike Reuter, Hamilton County Financial Consultant, for their leadership and support in matters pertaining to the financial affairs of the county. The preparation of this report was made possible by the outstanding efforts of the entire County Auditor's staff throughout the year. I would especially like to thank Dawn

Coverdale, Chief Deputy Auditor; Kim Rauch, Administrative Assistant; Lee Graham, Lead Settlement Clerk; and Darla Franks-Workman, Accounts Payable Coordinator for their exceptional contributions. I am very appreciative of Rick Cole, Suzanne Miller, Dave Bixler, Al Homrig, and Scott Wright of the State Board of Accounts, who offer all the help required in this effort year after year. Steve Sharp and Walter Sharp of Sharp Printing for reliability and efficiently printing the CAFR; and Jim Treat and the staff of O.W. Krohn & Associates for their consulting services, a huge thank you for all your efforts.

Respectfully submitted,

A handwritten signature in cursive script that reads "Robin M. Mills".

INDEPENDENT AUDITOR'S REPORT

TO: THE OFFICIALS OF HAMILTON COUNTY, INDIANA

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Hamilton County (County), as of and for the year ended December 31, 2008, which collectively comprise the County's primary government basic financial statements. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Riverview Hospital, which represent 100 % of the assets and revenues of the discretely presented component unit. Those financial statements were audited by other auditors, whose report has been furnished to us and our opinion, insofar as it relates to the amounts included for this unit, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the County as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof and for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis, Schedules of Funding Progress, Budgetary Comparison Schedules and Infrastructure – Modified Reporting Schedules, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, the combining and individual nonmajor fund financial statements, other budgetary comparison schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund statements and other budgetary comparison schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with Government Auditing Standards, we have also issued our report dated May 26, 2009, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That separate report is an integral part of an audit performed in accordance with Government Auditing Standards issued by the Comptroller General of the United States, and in considering the results of the audit, that report should be read along with this report.

STATE BOARD OF ACCOUNTS

May 26, 2009

Management's Discussion and Analysis

As management of Hamilton County, Indiana, ("the County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2008. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages III-XII of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

- The assets of the County exceeded its liabilities at the close of the most recent fiscal year by \$778,549 (net assets).
- The County's total net assets increased by \$15,937 as compared to the restated 2007 total net assets. The 2008 beginning net assets were restated due to \$38,686 in prior period adjustments. The 2007 capital assets were reduced to correct the amount of infrastructure assets reported related to the 146th Street project.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$138,737, a decrease of \$10,059 in comparison with the prior year. Approximately 76% of this total amount, \$105,906, is available for spending at the government's discretion (unreserved fund balance).
- At the end of the current fiscal year, the unreserved fund balance for the general fund was \$23,992 which represented 39% of total general fund expenditures, excluding transfers out.
- The County's total bond related debt increased by \$33,571 (19 percent) during the current fiscal year. This net change was the result of the issuance of \$41,655 building corporation bonds, net of scheduled principal payment on other outstanding bonds.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include: general government, public safety, highways and streets, health and welfare and culture and recreation.

The government-wide financial statements can be found on pages 14-16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, use fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 128 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Hamilton County Building Corporation Capital Projects and Redevelopment Commission Capital Projects, which are considered to be major funds. Data for 125 County governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in the report. The County adopts an annual appropriated budget for its general fund, certain special revenue funds, debt service funds and certain capital projects funds. Budgetary comparison schedules have been provided for the general fund and major special revenue funds in the required supplementary information and for the other funds subsequent to the combining non-major fund information, as other information, to demonstrate compliance with this budget.

The governmental fund financial statements can be found in pages 17-20 of this report.

Proprietary funds. The County maintains one proprietary fund for internal services. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its medical and liability insurance. Because these services benefit the governmental-type functions, they have been included within the governmental activities on the Statement of Net Assets in the government-wide financial statements.

The basic proprietary fund financial statements can be found in pages 21-23 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found in pages 24-25 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-57 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's budgets for its major funds as well as reconciliation between the budget schedules and fund financial statements. In addition, the County's progress in funding its obligation to provide pension benefits to certain employees is included as supplementary information. Required supplementary information can be found on pages 60-66 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on budgets. Combining and individual fund statements and schedules can be found pages 90-176 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of government's financial position. In the case of the County, assets exceeded liabilities by \$778,549 at the close of the most recent fiscal year.

By far the largest portion, \$653,432 (84%), of the County's net assets reflects the investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table reflects the condensed statement of County net assets:

Hamilton County, Indiana, Net Assets

Description	Governmental Activities	
	2008	2007 (Restated)
Current and Other Assets	\$ 156,310	\$ 166,436
Capital Assets	821,735	788,965
Total Assets	978,045	955,401
Long-term liabilities outstanding	173,787	140,216
Other liabilities	25,709	52,573
Total Liabilities	199,496	192,789
Net Assets		
Invested in capital assets, net of related debt	653,432	626,163
Restricted	92,259	107,050
Unrestricted	32,858	29,399
Total Net Assets	\$ 778,549	\$ 762,612

An additional portion of the County's net assets, \$92,259 (12% percent), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the County is able to report a positive balance in net assets. The same situation held true for the prior fiscal year.

Governmental Activities

The following table provides a comparative summary of changes in net assets for the County.

Hamilton County – Changes in Net Assets

Description	Governmental Activities	
	2008	2007
Revenues:		
Program Revenues:		
Charges for Services	\$ 17,281	\$ 15,631
Operating Grants and Contributions	17,805	26,798
Capital Grants and Contributions	7,926	12,396
General Revenues:		
Taxes:		
Property	51,016	52,502
Income	36,361	32,254
Other	4,484	4,178
Other	6,442	10,592
Total Revenues	141,315	154,351
Expenses:		
General	56,038	44,817
Public Safety	35,900	24,864
Highways/Streets	15,881	5,251
Health and Welfare	5,842	4,406
Culture and Recreation	4,119	3,578
Interest Expense	7,598	8,061
Total Expenses	125,378	90,977
Change in net assets	15,937	63,374
Net assets - beginning of the year	762,612	737,924
Restatements	-	(38,686)
Net assets beginning of the year restated	762,612	699,238
Net Assets at December 31	\$ 778,549	\$ 762,612

The County's net assets from governmental activities increased by \$15,937 or 2.0% in 2008. A portion of this increase was directly attributable to \$5,662 in storm water drainage infrastructure, \$635 in roadway and right of ways all of which were constructed and contributed by developers in 2008. Notable changes in governmental activities revenues and expenditures in 2008 compared to 2007 included the following:

- Income tax revenue increased \$4,107 due to growth in both the amount of county option income tax distributed in 2008 and the amount held by the state as collected but not yet distributed.
- Other general revenues decreased mainly because of the \$3,100 decline in interest earnings from significantly lower market interest rates.
- Program revenues overall decreased \$11,813 primarily due to a lower Operating Grants and Contributions which in 2007 included a Federal Highway Fund reimbursement of \$9,787 for the 146th Street project.
- General expenditures increased \$11,221 due in part to the impact of implementing GASB 45 in 2008. Other postemployment benefits (OPEB) net obligation of \$2,182 was recorded; additional expense increases included wages and benefits for existing and new positions. The County added approximately new 19 positions in 2008 for a wide range of departments including probation services, juvenile services, prosecutor's office, superior

courts and others. They also revised the comp time policy lowering the hours that each employee can bank. The excess earned time was eliminated by a one-time pay out in 2008.

- Highway/Street expenditures increased \$10,630 in large part due to an unusual transaction in 2008. Approximately \$5 million bond funded road expenditures for improvements to Illinois and 116th Street in the Thomson TIF area were expensed because this area has been annexed into the City of Carmel and will not be capital assets of the County. The remainder is due to a planned budget increase in highway and street expenditures for road maintenance.
- Public Safety expenditures increased \$11,036 due in large part to the added personnel cost to staff the north section of the new community corrections center which opened in 2008 and the new juvenile detention center which opened in 2007. Approximately 5 correction officers and 10 deputy sheriffs were added.

The County's overall cash and cash equivalents plus investments position, \$135,343 remained very strong in the current economic environment, which posed so many challenges in the local government arena. The County's property tax rate decreased from 0.2215 per \$100 of assessed value in 2007 to 0.2154 per \$100 of assessed value in 2008.

The following displays the Expenses and Program Revenues of the County's governmental activities:

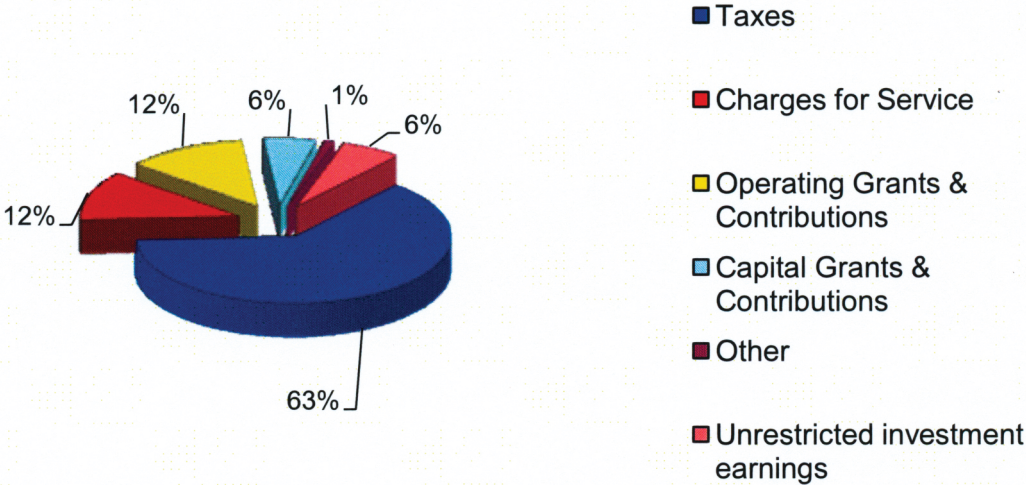

Program Revenue and Expenses – Governmental Activities

Taxes, as in prior years, were the County's major source of revenue supporting its activities, primarily in the area of public safety, health and welfare and general government. Other sources of revenue consisted primarily of unrestricted investment earnings and miscellaneous revenue.

The following displays the Revenues by Source of the County's governmental activities:

REVENUES

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financial requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$138,737, a decrease of \$10,059 in comparison with the prior year. Approximately, 76% of this total amount \$105,906 constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed to debt service (\$17,188) and endowments (\$28). In addition, (\$15,614) was reserved for encumbrances.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the general fund was \$23,992 while total fund balance totaled \$26,763. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total expenditures of \$61,693, excluding transfers. Unreserved fund balance represents 39% of total general fund expenditures, while total fund balance represents 43% of that same amount.

The fund balance of the County general fund had a nominal increase of \$1,238 during the current fiscal year. Key factors in this increase are as follows:

- Revenues exceeded expenditures by \$1,227, excluding other financing sources and uses. Expenditures and Revenues increased by \$916 and \$111, respectively from 2007 to 2008.

- Major revenue changes included income taxes up \$2,332 which was offset by a \$2,305 decrease in interest revenue.
- General Fund expenditures were relatively unchanged in total from 2007 to 2008. The primary changes were a shift from capital outlay to current expenditures. The shift reflects the equipping of the new juvenile center and community corrections center in 2007 and increased operating expenditures for these same facilities beginning in 2008.

The County also has two other governmental funds which it considers major funds. These are the Hamilton County Building Corporation Capital Projects fund and the Redevelopment Commission Capital Projects fund.

The fund balance of the Hamilton County Building Corporation Capital Projects fund increased \$6,772 during the current fiscal year. The reasons for this increase are as follows:

- The issuance of \$41,665 in 2008 Building Corporation First Mortgage Bonds to fund construction and equipping of an expansion to the existing Hamilton County Correction Complex projects was the main increase in this fund. This increase was offset by the use of \$16,600 to repay bond anticipation notes and \$27,613 of capital outlay expenses for the Community Corrections renovation/expansion project. The remaining increase was due to net transfers which also included unexpended BAN funds at the time the BAN's were repaid.

The fund balance of the Redevelopment Commission Capital Projects fund decreased by \$4,335 during the current fiscal year. Primary reasons for this are as follows:

- Expenditures of \$5,407 in Capital Outlay for roadway projects primarily in the Thomson economic development area.

General Fund Budgetary Highlights

Differences between the original budget and the final budget included a \$10,634 decrease in appropriations and are briefly summarized below:

- The most significant change related to a decrease of approximately \$12,476 in general government. Capital Outlay's had an original budget of \$22,558 however, only \$8,651 was appropriated when final budget was approved. The County uses this general fund budget category each year to ensure that the budget meets the State requirements for successfully receiving an appeal to the maximum levy limitations. This decrease in capital outlay was offset with a \$651 increase in other services and charges.
- Public Safety increased overall by \$1,842. This increase was primarily due to \$835 in personnel cost, also contributing was the increase of \$632 in supplies.

During the year on a budgetary basis, revenues exceeded expenditures, excluding other financing sources, by \$513. Other financing sources provided net transfers in of \$16 for a total general fund increase on a budgetary basis of \$529. Total revenues had a minor variance of (\$163). Total expenditures had a budget to actual variance of \$4,501 which related primarily to general government personal services of \$1,546 due to a higher budget in overtime and benefits than realized.

Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental activities as of December 31, 2008 amounts to \$821,735 (net of accumulated depreciation). This investment in capital assets includes, land, buildings, improvements, machinery and equipment and infrastructure.

Major capital asset events during the current fiscal year included the following:

- Construction in progress expenditures totaling \$31,769 during 2008 related mainly to the renovation and expansion of the Community Corrections Complex. Approximately \$25,113

million for additions to the Community Correction Project along with \$4,173 million on road network additions and \$2,186 in additions and improvements of the County's Bridge network comprise the rest of the changes.

- Infrastructure being depreciated had additions of \$7,728. The majority of these additions (\$5,707) consisted of storm drain systems constructed and contributed by developers and \$1,973 of improvements at the County owned Executive Airport.

The following table displays the County's capital assets.

Hamilton County, Indiana, Capital Assets

Description	Governmental-Type Activities	
	2008	2007 Restated
Land	\$ 24,348	\$ 23,597
Construction in Progress	45,266	19,476
Buildings	115,254	115,092
Improvements	6,918	7,393
Infrastructure	667,804	657,222
Machinery and Equipment	22,079	21,034
 Total Capital Assets	 881,669	 843,814
Accumulated Depreciation	(59,934)	(54,849)
 Net Assets	 \$ 821,735	 \$ 788,965

Hamilton County has elected under GASB Statement #34 to use the modified approach for its bridge and road networks. Under the modified approach, the assets are not depreciated. Instead the County maintains an up to date inventory of all bridges and roads within the network and performs condition assessments. The County uses the Federal Highway's Administration's Bridge Inspection Standards (NBIS) Bridge Sufficiency Rating System for rating bridges and the Pavement Surface Evaluation and Rating (PASER) system for rating roads.

Bridge Condition Standards – The county's policy is to maintain a weighted average of 80 NBIS Sufficiency Rating, no more than 5% of total bridge deck areas perform below a sufficiency rating of 50 and no more than 1% of the total bridge deck areas perform below a sufficiency rating of 20. It is the County's policy to perform a bridge network condition assessment every two years. The most recent assessment in 2007 indicated that the County's bridge network exceeded its minimum condition standard with an 89.28 weighted NBIS Sufficiency Rating, only 0.23% of the network bridge deck scoring below a sufficiency rating of 50 and only 0.02% of the total network bridge deck area fell below a sufficiency rating of 20.

Prior to 2007, the bridge network was in very good condition, but the 2007 condition evaluation has proven to be the best year on record for the bridge network. The overall weighted sufficiency rating for the network improved .77% compared to the last bi-annual assessment in 2005. The percentage of bridge deck area receiving a sufficiency rating of 50 or lower also improved from .41% of the network in 2005 to .23% of the network in 2007. The bridge network improved upon the percentage of bridge deck area receiving a sufficiency rating of 20 or lower from .09% in 2005 to .02% in 2007. The trend of bi-annual improvement has been evident since the inception of the Bridge Inventory Report in 1991.

Annual cost budgeted for bridge maintenance was set at \$630 for 2008. Actual bridge maintenance expenditures in 2008 were \$759, resulting in a difference of (\$129). The annual cost estimated for the 2007 bridge preservation budget was \$905 and the actual cost spent on preservation was \$965.

Road Condition Standards – The County's policy is to maintain a minimum weighted average of 6.5 PASER rating for the entire road inventory. The most recent assessment prepared in 2008 found that the county's road network exceeded its minimum standard with an 7.81 overall weighted PASER rating.

The overall weighted PASER rating for the entire road network in 2008 was 7.81 compared to 8.01 for 2007. Although there was a slight decrease of .20 points, the inventory is still well above the minimum condition standard of 6.5.

Annual cost budgeted for road maintenance and preservation (excluding any capitalized costs) was approximately \$5,669 for 2008. Actual expenditures were \$5,057. Additional information on the County's capital assets can be found in Note II. B. on pages 39-40 of this report.

Long-term debt. At the end of the current fiscal year, the County had total long-term debt related liabilities outstanding of \$185,405. Of this amount, \$137,058 comprises general obligation debt and \$46,752 relates to tax increment financing debt.

The remainder of the County's debt of \$1,595 represents its obligation for compensated absences. The following table reflects the County's long-term debt:

Hamilton County, Indiana, Long-term debt

Description	Governmental-Type Activities	
	2008	2007
General Obligation Bonds	\$ 137,058	\$ 102,422
TIF Bonds	46,752	47,646
Sub-Total	183,810	150,068
Notes Payable	-	28,200
Compensated absences	1,595	1,391
Sub-Total	185,405	179,659
Less:		
Short term portion	(11,618)	(39,443)
Total long-term debt	\$ 173,787	\$ 140,216

The County's total long-term debt increased by \$33,571 during the current fiscal year. Debt increases during the year primarily are related to the issuance of the 2008 general obligation bonds. The following is a summary of the bonds issued during 2008:

- The County issued \$41,655 of Building Corporation First Mortgage Bonds to provide financing for the purpose of constructing and equipping of an expansion to the existing Hamilton County Corrections Complex. This increase was offset by scheduled principal payments on outstanding bonds.

The County maintains an "AA+" rating from Standard & Poor's and an "Aa1" rating from Moody's Investor Service for underlying general obligation debt. Both ratings indicate high quality and strong capacity to pay the County's bonds.

Additional information of the County's long-term debt can be found in Note II. G. pages 43-47 in Notes to the Financial Statements of this report.

Economic Factors and Next Year's Budget and Rates

- The 2009 tax rates for the County, increased from \$0.2131 per \$100 in assessed value in 2008 to \$0.2753 per \$100 in assessed value in 2009. Overall the County's assessed value decreased by about 19.9% from 2008 to 2009 which was due to new residential homestead deductions. The reduced tax base resulted in higher tax rate. Also a debt service rate for the community correction center bond payment was added in 2009.
- The County has experienced a decline in new building and development activity due to the current economic climate which is a dramatic change from the past 5-6 years. As a result, prior estimates of growth in tax base and related property tax revenues have been reduced and the County will have to adjust spending levels accordingly in future budget years.
- County option income tax (COIT) represents about 27.5% of the County's current governmental revenues. These funds can be used for capital projects as well as ongoing operating expenses. The current recession will have a negative impact on COIT paid by County residents, however the timing and actual amount of any decline will not be known for approximately two more years.
- State wide property tax caps (based upon a percent of gross AV by property class) become effective in 2009 and 2010. The impact on the County's revenues is not anticipated to be major in 2009 or 2010 but will grow thereafter. Strategies for revenue enhancement and expenditure controls are being developed.

All of the above factors were considered in preparing the County's budget for the 2009 fiscal year.

Request for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Hamilton County Auditor, 33 North Ninth Street, Suite L21, Noblesville, Indiana 46060-2200.

HAMILTON COUNTY
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS
December 31, 2008

Fund balance - governmental funds	\$	\$ 138,736,863
Amounts reported for governmental activities in the Statement of Net Assets are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Land and construction in progress	69,614,813	
Capital assets not depreciated	559,808,797	
Other capital assets, net of depreciation	<u>192,311,736</u>	821,735,346
Prepays are not current financial resources and, therefore, are not reported in the funds.		117,956
Net pension assets are amounts prepaid and are not current financial resources, therefore, are not reported in the funds.		978,566
Deferred charges are not current financial resources and, therefore, are not reported in the funds.		1,886,886
Unavailable revenues are not available to pay current liabilities and, therefore, are not reported as liabilities in the Statement of Net Assets.		2,575,992
Internal service funds are used by management to charge the costs of insurance to general and highway funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Assets.		3,905,509
Net OPEB liability is not paid from current financial resources and, therefore, is not shown in the funds.		(2,181,618)
Compensated absences are not due and payable in the current period and, therefore, are not reported in the funds.		(1,587,078)
Accrued interest on bonds payable is not due and payable in the current period and, therefore, is not reported in the funds.		(3,810,262)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:		
General obligation bonds	(137,057,820)	
Tax increment financing bonds	<u>(46,751,669)</u>	<u>(183,809,489)</u>
Net assets of governmental activities		<u>\$ 778,548,671</u>

The notes to the financial statements are an integral part of this statement.

HAMILTON COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For The Year Ended December 31, 2008

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds (Statement of Revenues, Expenditures and Changes in Fund Balances) \$ (10,058,952)

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:

Capital outlays	48,118,634	
Capital outlay not capitalized	(13,221,233)	
Depreciation expense	(6,806,359)	28,091,042

Governmental funds report interest expense as an expenditure. However, in the Statement of Activities the interest expense associated with construction projects is capitalized and becomes part of construction in progress. 1,435,495

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

Infrastructure contributed by developers 6,298,015

Only the loss on the disposal of capital assets is reported in the Statement of Activities, however in governmental funds, the proceeds from the disposal increases financial resources. Thus the change in net assets differs from the fund balance by the cost of the capital assets disposed of:

Cost of assets disposed of	(4,775,381)	
Accumulated depreciation on disposed assets	1,721,974	(3,053,407)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Net Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:

General obligation bond issued	(41,655,000)	
Principal payments	38,330,000	
Bond issue costs	437,483	
Premium on bond issue	(1,960,735)	
Amortization of bond discount	(255,866)	
Amortization of bond issue costs	(280,353)	(5,384,471)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. 763,997

Unavailable revenue

Compensated absences reported in the Statement of Activities that do not require the use of current financial resources are not reported as expenditures in the governmental funds. (225,120)

Prepays amortized in the Statement of Activities require the use of current financial resources and, therefore, are reported as expenditures in governmental funds when paid. (1,505)

Accrued interest reported in the Statement of Activities does not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (500,949)

Negative net pension obligations are considered prepaid expenses of the general government and, therefore, are not reported as current expenditures in the funds. 160,190

Net OPEB obligation reported in the Statement of Activities does not require the use of current resources and, therefore, are reported as expenditures in governmental funds. (2,181,618)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities. 594,207

Change in net assets of governmental activities (Statement of Activities) \$ 15,936,924

The notes to the financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

Hamilton County (primary government) was established under the laws of the State of Indiana. The primary government operates under a council-commissioner form of government and provides the following services: public safety (police and fire), highways and streets, health, welfare and social services, culture and recreation, public improvements, planning and zoning, and general administrative services.

The accompanying financial statements present the activities of the primary government and its significant component units. The component units discussed below are included in the primary government's reporting entity because of the significance of their operational or financial relationships with the primary government. Blended component units, although legally separate entities, are in substance part of the government's operations and exist solely to provide services for the government; data from these units is combined with data of the primary government. Discretely presented component units are involved in activities of an operational nature independent from the government; their transactions are reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Blended Component Units

The Hamilton County Public Building Corporation (Building Authority) is a significant blended component unit of the County. The Building Authority finances, constructs, and leases local public improvements to the primary government. The primary government appoints a voting majority of the Building Authority's board and a financial benefit/burden relationship exists between the County and the Building Authority. Although it is legally separate from the primary government, the Building Authority is reported as if it were a part of the primary government because it provides services entirely or almost entirely to the primary government and is not involved in the operation/maintenance of these assets/infrastructure.

Complete financial statements of the component unit can be obtained from the administrative office:

Hamilton County Public Building Corporation
694 Logan Street
Noblesville, Indiana 46060

Discretely Presented Component Units

The Riverview Hospital is a significant discretely presented component unit of the County. Riverview Hospital, a proprietary fund type, provides healthcare services to the residents of Hamilton County. The primary government appoints a voting majority of the Hospital's board and a financial benefit/ burden relationship exists between the County and the Hospital.

Complete financial statements of the component unit can be obtained from the administrative office:

Riverview Hospital
395 Westfield Road
Noblesville, Indiana 46060

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Jointly Governed Organization

The Town of Fishers and the City of Noblesville jointly own, on an equal basis, a certain railroad right-of-way obtained from a railroad company extending approximately 37 miles from the City of Tipton, Indiana, to near downtown City of Indianapolis, Indiana. The Town of Fishers and the City of Noblesville created the Hoosier Heritage Port Authority (Port Authority) for the purpose of protecting and preserving the existence of real property, contained within the railroad's right-of-way, as a single parcel of real estate in perpetuity for such uses as may benefit the citizens of Noblesville and Fishers, including, but not necessarily limited to, recreational, transportation and tourism purposes. Subsequently, Hamilton County joined in with the Town of Fishers and the City of Noblesville to become part of the Port Authority. The Port Authority's board consists of six members with two appointed by the Town Council of Fishers, two appointed by the Mayor of the City of Noblesville, and two appointed by the County Commissioners of Hamilton County. The Town of Fishers, the City of Noblesville and Hamilton County do not have any obligations for or any interests in Port Authority matters.

B. Government-Wide and Fund Financial Statements

Government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which direct expenses of a given function or segments are offset by program revenues. Direct expenses are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and fiduciary fund financial statements. Agency funds, however, do not have a measurement focus, but they use the accrual basis of accounting to recognize receivables and payables. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the primary government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and permits, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the primary government receives cash.

The primary government reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The building corporation capital projects fund accounts for the capital activities of the Hamilton Building Corporation (a blended component unit). It accounts for the proceeds of general obligation bonds issued in 2008. The proceeds will be used to construct three phases of the community correction center project.

The redevelopment commission capital projects fund is a capital projects fund. It accounts for the capital activities of the Hamilton County Redevelopment Commission (a blended component unit). It accounts for the proceeds of tax increment financing bonds issued in 2006. The proceeds will be used to construct infrastructure.

Additionally, the primary government reports the following fund types:

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for a particular purpose.

Debt service funds are used to account for the accumulation for, and the payment of, general long-term debt principal and interest.

Capital projects funds are used to account for the acquisition or construction of major capital additions.

The internal service fund accounts for the collection and payment to an insurance third party administrator for the County's employee health and life insurance programs provided to other departments on a cost-reimbursement basis.

The pension trust funds account for the activities of the sheriff's pension trust and the sheriff's benefit pension funds which accumulate resources for pension benefit payments.

Agency funds account for assets held by the primary government as an agent for various individuals and organizations. Twenty-six agency funds are maintained by the County, the majority of which account for the collection and distribution of various taxes and fees.

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the primary government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities and Net Assets or Equity

1. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statute (IC 5-13-9) authorizes the primary government invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Nonparticipating certificates of deposit, demand deposits and similar nonparticipating negotiable instruments that are not reported as cash and cash equivalents are reported as investments at cost.

Debt securities are reported at fair value. Debt securities are defined as securities backed by the full faith and credit of the United States Treasury or fully insured or guaranteed by the United States or any United States government agency.

Investment income, including changes in the fair value of investments, is reported as revenue in the operating statement.

2. Interfund Transactions and Balances

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "interfund receivables/payables" (i.e., the current and noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "interfund services provided/used." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

3. Property Taxes

Property taxes levied are collected by the County Treasurer and are distributed to the primary government in June and in December. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments that become delinquent if not paid by May 10 and November 10, respectively. All property taxes collected by the County Treasurer and available for distribution were distributed to the primary government prior to December 31 of the year collected. Delinquent property taxes outstanding at year end for governmental proprietary funds are recorded as a receivable with an offset to deferred revenue since the amounts are not considered available.

4. Inventories and Prepaid Items

All inventories are valued at cost using the first in/first out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

5. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements.

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed or donated assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	\$ 5,000	NA	NA
Buildings and improvements	5,000	Straight-line	25-80 years
Improvements other than buildings	5,000	Straight-line	10-50 years
Machinery and equipment	5,000	Straight-line	3-15 years
Infrastructure:			
Roads and bridges	5,000	NA	NA
Drainage	5,000	Straight-line	20-60 years

NA = Not applicable

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

The arterial subsystem of the road network is reported using the modified approach. Accordingly, depreciation is not reported for this subsystem and all expenditures, except for additions and improvements made for the subsystem, are expensed.

The County elected to use the modified approach for its bridge and road networks. Under the modified approach, the County has determined that the condition level for infrastructure assets to be maintained is:

- *A minimum weighted average PASER rating of 6.5 for the entire road inventory.
- *A weighted average National Bridge Inspection Sufficiency (NBIS) rating of 80 for the entire bridge network.
- *No more than 5% of total bridge deck areas perform below a sufficiency rating of 50.
- *No more than 1% of total bridge deck areas perform below a sufficiency rating of 20.

The Highway Department is responsible for determining the appropriate condition level of the infrastructure assets. No amounts are capitalized in connection with improvements that lengthen the lives of such assets, unless the improvements also increase their service potential. The County maintains an inventory of these infrastructure assets and performs periodic condition assessments to establish that the predetermined condition level is being maintained. Condition assessments are determined on an annual basis for interstates and roads. Sufficiency ratings are determined on a biennial basis for all bridges. Condition ratings for the Parks and Recreation equipment are assessed on an annual basis. The County makes annual estimates of the amounts that must be expended to preserve and maintain these infrastructure assets at the predetermined condition levels.

For depreciated assets, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

6. Compensated Absences

- a. Sick Leave – County employees earn sick leave at rates from 3 days to 5 days per year based upon the number of years of service. Unused sick leave may be accumulated to a maximum of 60 days. Accumulated sick leave is not paid to employees upon termination.
- b. Vacation Leave – County employees earn vacation leave at rates from 10 days to 20 days per year based upon the number of years of service. Accumulated vacation leave is paid to employees through cash payments upon termination.
- c. Personal Leave – County employees earn personal leave at the rate of 2 days per year. Personal leave is paid to employees through cash payments upon termination.

Vacation and personal leave is accrued when incurred in the government-wide statements and is reported as a liability in the statement of net assets. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences for governmental activities typically have been liquidated from the general fund and the county highway fund.

7. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from actual debt proceeds received, are reported as debt service expenditures.

8. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

II. Detailed Notes on All Funds

A. Deposits and Investments – Primary Government and Discretely Presented Component Unit

1. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories. The County does not have a formal deposit policy for custodial credit risk.

2. Investments

Authorization for investment activity is stated in Indiana Code 5-13. The Sheriff's Merit Board has established an investment policy for the Sheriff's Retirement and Benefit Pension Plan. This investment policy outlines parameters for investment activity for the Pension Plans. As of December 31, 2008, the County and the Sheriff's Pension Plans had the following investments:

Investment Policies

Indiana Code 5-13-9 authorizes the County and its discretely presented component unit to invest in securities backed by the full faith and credit of the United States Treasury or fully guaranteed by the United States of America and issued by the United States Treasury, a federal agency, a federal instrumentality, or a federal government sponsored enterprise. Indiana Code also authorizes the unit to invest in securities fully guaranteed and issued by a federal agency, a federal instrumentality or a federal government sponsored enterprise. These investments are required by statute to have a stated final maturity of not more than two years.

Indiana Code also provides for investment in money market mutual funds that are in the form of securities of or interest in an open-end, no-load, management-type investment company or investment trust registered under the provision of the federal Investment Company Act of 1940, as amended. Investments in money market mutual funds may not exceed fifty percent (50%) of the funds held by the County and available for investment.

HAMILTON COUNTY
 NOTES TO FINANCIAL STATEMENTS
 (Continued)

The portfolio of an investment company or investment trust used must be limited to direct obligations of the United States of America, obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise; or repurchase agreements fully collateralized by direct obligations of the United States of America or obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. The form of securities of, or interest in, an investment company or investment trust must be rated as AAA, or its equivalent by Standard and Poor's Corporation or its successor or Aaa, or its equivalent, by Moody's Investors Service, Inc., or its successor. The form of securities in an investment company or investment trust should have a stated final maturity of one day.

Additionally, the County may enter into repurchase agreements with depositories designated by the State Board of Finance as depositories for state deposits involving the County's purchase and guaranteed resale of any interest-bearing obligations issued or fully insured or guaranteed by the United States of America, a United States of America government agency, an instrumentality of the United States of America, or a federal government sponsored enterprise. The repurchase agreement is considered to have a stated final maturity of one day. This agreement must be fully collateralized by interest-bearing obligations as determined by their current fair value.

The Sheriff's Pension Plan is not subject to the same investment laws as the County. The Sheriff's Merit Board adopted a formal investment policy for the Sheriff's Pension Plan on June 28, 2005. Authorized investments include mutual funds, corporate stocks and bonds, foreign equities, U.S. Treasury Securities and investments in Government Sponsored Entities.

Investment Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The County and its discretely presented component unit do not have a formal investment policy for custodial credit risk for investments. The Sheriff's Merit Board has not adopted an investment policy for custodial credit risk for investments. The following investments held by the County, Sheriff's Retirement and Benefit Pension Plans, and the discretely presented component unit, were exposed to custodial credit risk:

<u>Investment Type</u>	<u>County December 31, 2008</u>
	Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the government's name
Mutual Funds	\$ 199,227

HAMILTON COUNTY

Mutual Funds	18,247,374
Privately held equity securities	454,950
Total	\$ 26,751,015

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County and its discretely presented component unit must follow state statute and limit the stated final maturities of the investments to no more than 2 years. The County and its discretely presented component unit have not adopted a formal investment policy for interest rate risk. The Sheriff's Merit Board for the Sheriff's Pension Plan manages interest rate risk by authorizing investments with stated final maturities of less than 20 years.

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County and its discretely presented component unit have not adopted a formal policy for credit risk. The Sheriff's Merit Board has not adopted a formal investment policy for credit risk. The distribution of securities with credit ratings is summarized below:

Standard and Poor's Rating	Moody's Rating	County's Investments	
		Mutual Funds	Government Sponsored Enterprise
A	A	\$ -	\$ 861,150
Unrated	Unrated	199,227	-

Totals		\$ 739,216	\$ 3,277,118	\$ 5,990,396	\$ 3,019,754

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County and its discretely presented component unit do not have a policy in regards to concentration of credit risk. United States of America government and United States of America governmental agency securities are exempt from this policy requirement. The Sheriff's Merit Board has adopted a policy for the concentration of credit risk. No more than 5% of the Pension's investments are to be invested in any one issuing corporation at the time of purchase; nor are more than 20% of the Pension's investments to be invested in any one industry at the time of purchase.

Foreign Currency Risk

The County and its discretely presented component unit do not have a formal policy in regards to foreign currency risk. The Sheriff's Merit Board has not established an investment policy for foreign currency risk. The Pension Plans investment in foreign currency is 2.9% of total investments of the Plan.

E. Interfund Balances and Activity

1. Interfund Receivables and Payables

The composition of interfund balances as of December 31, 2008, is as follows:

Due To	Nonmajor Governmental
Nonmajor Governmental	<u>\$ 235,538</u>

Interfund balances resulted from the time lag between the dates that (1) Interfund loans are repaid, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

2. Interfund Transfers

Interfund transfers at December 31, 2008, were as follows:

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Transfer From	Transfer To			Totals
	General Fund	Building Corporation Capital Projects	Nonmajor Governmental	
General Fund	\$ -	\$ -	\$ 2,907,284	\$ 2,907,284
Building Corporation Capital Projects	-	-	19,599,753	19,599,753
Redevelopment Commission Capital Projects	-	-	295,451	295,451
Nonmajor Governmental	2,918,789	10,585,243	13,152,493	26,656,525
Totals	<u>\$ 2,918,789</u>	<u>\$ 10,585,243</u>	<u>\$ 35,954,981</u>	<u>\$ 49,459,013</u>

The primary government typically uses transfers to fund ongoing operating subsidies and to transfer the portion of state-shared revenues from the general fund to the debt service fund for current-year debt service requirements.

F. Leases – Discretely Presented Component Unit

1. Operating Leases - Lessee

The component unit has entered into various noncancelable operating leases having initial or remaining noncancelable terms exceeding one year for equipment and facilities. Rental expenditures for these leases were \$3,246,690. The following is a schedule by years of future minimum rental payments as of December 31, 2008:

2009	\$ 1,621,167
2010	1,423,460
2011	1,299,846
2012	1,143,325
2013	1,143,325
2014-2018	5,260,302
2019-2023	4,805,004
2024-2028	<u>1,950,312</u>
Total	<u>\$ 18,646,741</u>

2. Operating Leases – Lessor

The component unit leases space to tenants under operating leases with terms of one to ten years. Total rental income for all operating leases was \$620,180. The following is a schedule by years of future minimum rental payments as of December 31, 2008:

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

2009	\$ 718,396
2010	457,953
2011	351,746
2012	338,971
2013	281,166
Thereafter	<u>342,778</u>
 Total	 <u><u>\$ 2,491,010</u></u>

3. Capital Leases

The component unit has entered into various capital leases for equipment. Future minimum lease payments and present values of the net minimum lease payments under these capital leases as of December 31, 2008, are as follows:

2009	\$ 785,926
2010	686,917
2011	620,023
2012	503,965
2013	<u>429,362</u>
 Total minimum lease payments	 3,026,193
 Less amount representing interest	 <u>(350,308)</u>
 Present value of net minimum lease payments	 2,675,885
 Due within one year	 <u>(647,213)</u>
 Due in more than one year	 <u><u>\$ 2,028,672</u></u>

Assets acquired through capital leases still in effect are machinery and equipment of \$4,007,563.

G. Long-Term Liabilities

1. General Obligation Bonds

The County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the County.

General obligation bonds currently outstanding at year end are as follows:

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Purpose	Interest Rate	Original Debt Issued	Principal Outstanding
Governmental activities:			
1997 Highway Bonds - Series A	4.80% to 5.10%	\$ 12,975,000	\$ 2,730,000

Totals	<u>\$ 46,905,000</u>	<u>\$ 26,667,483</u>	<u>\$ 73,572,483</u>

3. Advance Refundings

In prior years, Hamilton County defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts and the liability for the defeased bonds are not included in the County's financial statements. At December 31, 2008, \$36,210,000 of bonds outstanding are considered defeased.

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

4. Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2008, was as follows:

<u>Primary Government</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Bonds payable:					
General obligation	\$ 103,382,202	\$ 41,655,000	\$ 9,225,000	\$ 135,812,202	\$ 9,160,000
TIF	47,810,000	-	905,000	46,905,000	1,185,000
Notes payable:					
Bond anticipation notes	<u>28,200,000</u>	<u>-</u>	<u>28,200,000</u>	<u>-</u>	<u>-</u>
Total payable	179,392,202	41,655,000	38,330,000	182,717,202	10,345,000
Compensated absences	<u>1,390,629</u>	<u>3,905,667</u>	<u>3,700,693</u>	<u>1,595,603</u>	<u>1,273,096</u>
Total governmental activities long-term liabilities	<u>\$ 180,782,831</u>	<u>\$ 45,560,667</u>	<u>\$ 42,030,693</u>	<u>\$ 184,312,805</u>	<u>\$ 11,618,096</u>

The compensated absences are generally liquidated by the general and county highway funds.

5. Revenue Bonds Payable – Discretely Presented Component Unit

The component unit, proprietary fund type, also issues bonds whereby the government pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds outstanding at December 31, 2008, are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Amount</u>
1996 Revenue Bonds	4.60% to 5.20%	\$ 840,000
1999 Revenue Bonds	4.60% to 5.50%	8,785,000
2002 Revenue Bonds	6.00% to 6.125%	20,000,000
2004 Revenue Bonds	3.98%	18,900,000
2005 Revenue Bonds	2.50% to 4.50%	<u>7,165,000</u>
Subtotal		55,690,000
Current portion of debt		<u>(2,095,000)</u>
Total long-term portion		<u>\$ 53,595,000</u>

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

I. Restricted assets

The government-wide Statement of Net Assets for Hamilton County (primary government) and the component unit (Riverview Hospital) report \$92,258,357 and \$10,604,933, respectively, of restricted net assets, of which \$34,355,906 and \$4,819,105, respectively, are restricted by enabling legislation.

III. Other Information

A. Risk Management

The primary government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

Medical Benefits to Employees, Retirees and Dependents;
Theft of, Damage to and Destruction of Assets

The primary government has chosen to establish a risk financing fund for risks associated with medical benefits to employees, retirees and dependents and with theft of, damage to and destruction of assets. The risk financing fund is accounted for in the Self-Insurance Fund, an internal service fund, where assets are set aside for claim settlements. An excess policy through commercial insurance covers individual claims in excess of \$1,000,000 per year. Settled claims resulting from this risk did not exceed commercial insurance coverage in the past three years. Amounts paid into the fund by all participating funds are available to pay claims, reserves and administrative costs of the program. Interfund premiums are based primarily upon the percentage of each fund's current payroll as it relates to the total payroll and are reported as quasi-external Interfund transactions.

Claim expenditures and liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported (IBNRs). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amounts of pay-outs and other economic and social factors.

Changes in the balance of accounts payable during the past two years are as follows:

	2008	2007
Accounts payable, beginning of year	\$ 914,956	\$ 951,064
Incurred claims and changes in estimates	12,973,863	11,951,346
Claim payments	12,847,421	11,987,454
Accounts payable, end of year	\$ 1,041,398	\$ 914,956

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

B. Restatements and Reclassifications

For the year ended December 31, 2008, certain changes have been made to the financial statements to more appropriately reflect financial activity of the primary government. The following schedule presents a summary of restated beginning balances by fund type. Prior period adjustments represent the removal of capital assets that were incorrectly added in prior years.

Fund Type	Balance as Reported December 31, 2007	Prior Period Adjustments	Balance as Restated January 1, 2008
Governmental	\$ 801,298,202	\$ (38,686,455)	\$ 762,611,747

C. Subsequent Events

The County adopted an ordinance approving the issuance of County Option Income Tax Revenue bonds, not to exceed \$8,500,000 for the Olio Road Bridge project. The total estimated cost of the project is \$15,510,000.

D. Postemployment Benefits

Single-Employer Defined Benefit Healthcare Plan

Plan Description

Hamilton County Government Postretirement Benefit Plan (HCGPBP) is a single-employer defined benefit healthcare plan administered by Meritain Health. The plan provides medical, dental, vision and life insurance benefits to eligible retirees and their spouses. HCGPBP assigns the authority to establish and amend benefit provisions to the County. The HCGPBP issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for the participants. That report may be obtained by contacting the plan administrator:

Hamilton County
33 North 9th Street
Noblesville, IN 46060
(317) 776-8462

Funding Policy

The contribution requirements of plan members for the HCGPBP are established and can be amended by the County's commissioners. The required contribution is based on projected pay-as-you-go financing requirements. For the year ended December 31, 2008, the County contributed \$323,467 to the plan, for current premiums (approximately 69% of total costs). Plan members receiving benefits contributed \$146,195, or approximately 31% of the total costs, through their required contributions.

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

Annual OPEB Cost and Net OPEB Obligation

The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation to the plan:

Annual required contribution	\$	2,117,850
Interest on net OPEB obligation		-
Adjustment to annual required contribution		-
		-
Annual OPEB cost		2,117,850
Contributions made		(63,768)
		-
Increase (decrease) in net OPEB obligation		2,181,618
Net OPEB obligation, beginning of year		-
		-
Net OPEB obligation, end of year	\$	2,181,618

The County's annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation for 2008 and the two preceding years were as follows:

Year Ending	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12-31-06	\$ *	*	\$ *
12-31-07	*	*	*
12-31-08	2,117,850	(3%)	2,181,618

*Information not available

Funded Status and Funding Progress

As of December 31, 2008, the most recent actuarial valuation date, the plan was 0.00% funded. The actuarial accrued liability for benefits was \$18,438,288, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$18,438,288. The covered payroll (annual payroll of active employees covered by the plan) was \$33,153,084, and the ratio of the UAAL to covered payroll was 56%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumption

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2008, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 5.0% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 10.0% initially, reduced by decrements to an ultimate rate of 5.0% after 11 years. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2008, was 29 years.

E. Pension Plans

1. Agent Multiple-Employer and Single-Employer Defined Benefit Pension Plans

a. Public Employees' Retirement Fund

Plan Description

The primary government contributes to the Indiana Public Employees' Retirement Fund (PERF), a defined benefit pension plan. PERF is an agent multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All full-time employees are eligible to participate in the defined benefit plan.

State statutes (IC 5-10.2 and 5-10.3) govern, through the PERF Board, most requirements of the system and give the primary government authority to contribute to the plan. The PERF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member.

PERF administers the plan and issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report may be obtained by contacting:

Public Employees' Retirement Fund
Harrison Building, Room 800
143 West Market Street
Indianapolis, IN 46204
Ph. (317) 233-4162

Funding Policy and Annual Pension Cost

PERF members are required to contribute 3% of their annual covered salary. The County is required to contribute at an actuarially determined rate; the current rate is 7.25% of annual covered payroll. The contribution requirements of plan members and the County are established and may be amended by the PERF Board of Trustees. The County's annual pension cost and related information, as provided by the actuary, is presented in this note.

The Net Pension Obligation (NPO) is a negative number which indicates a prepayment of NPO by the County. This prepayment is reflected in the Statement of Net Assets as Net Pension Asset.

Annual Pension Cost

For 2008, the County's annual pension cost for PERF and related information, as provided by the actuary, is presented in this note.

b. Sheriff's Retirement Plan

Plan Description

The primary government contributes to the Sheriff's Retirement Plan which is a single-employer defined benefit pension plan. With the approval of the primary government's fiscal body, the plan is administered by the sheriff's department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides retirement, death, and disability benefits to plan members and beneficiaries. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the Hamilton County Sheriff's Department.

Funding Policy and Annual Pension Cost

Plan member's contributions are authorized by state statute (IC 36-8-10-12) and may not exceed 6% of the employee's average monthly wages. The County is required to make a minimum annual contribution that is sufficient to prevent deterioration in the actuarial status of the trust fund during that year; the amount contributed for 2008 is \$794,731. The contribution requirements of plan members and the County are established and can be amended by state statute.

The contribution requirements of plan members for the Sheriff's Retirement Plan are established by state statute. The County's annual pension cost and related information, as provided by the actuary, is presented in this note. The Net Pension Obligation (NPO) is considered an obligation of the County and is reflected in the Statement of Net Assets.

Annual Pension Cost

For 2008, the County's annual pension cost for the Sheriff's Retirement Plan and related information, as provided by the actuary, is presented in this note.

c. Sheriff's Benefit Plan

Plan Description

The primary government contributes to the Sheriff's Benefit Plan which is a single-employer defined benefit pension plan. With the approval of the primary government's fiscal body, the plan is administered by the sheriff's department and an appointed trustee as authorized by state statute (IC 36-8-10-12) for full-time police officers. The plan provides dependent pensions, life insurance, and disability benefits to plan members and beneficiaries. The trustee issues a publicly available financial report that includes financial statements and required supplementary information of the plan. The report may be obtained by contacting the Hamilton County Sheriff's Department.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members for the County are established and can be amended by the County Council. The amount contributed by the County for 2008 is \$21,588.

For 2008, the County's annual pension cost for the Sheriff's Benefit Plan and related information, as provided by the actuary, is presented in this note.

Funded Status and Funding Progress for the Above Plans

The funded status of each plan as of July 1, 2008, the most recent actuarial valuation date except Sheriff's Retirement Plan and Sheriff's Benefit Plans which are as of January 1, 2009, is as follows:

Retirement plan	Actuarial value of plan assets (a)	Actuarial accrued liability entry age (AAL) (b)	Unfunded AAL or (funding excess) (b-a)	Funded ratio (a/b)	Annual covered payroll (c)	Unfunded AAL or (funding excess) as a percentage of covered payroll ((b-a)/c)
PERF	\$ 20,864,163	\$ 26,403,229	\$ (5,539,066)	79%	\$ 26,779,661	(21%)
Sheriff's Retirement Plan	15,446,942	17,471,964	(2,025,022)	88%	3,080,509	(66%)
Sheriff's Benefit Plan	417,706	417,706	-	100%	3,080,509	0%

The Schedule of Funding Progress, presented as RSI for the above plans following the Notes to the Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

2. Defined Contribution Pension Plan

Riverview Hospital Pension

Plan Description

The component unit has two defined contribution pension plans administered by McCready and Keene, Inc., as authorized by Indiana Code 16-22-3-11. The plans provide retirement, disability, and death benefits to plan members and beneficiaries. The plans were established by written agreement between the Hospital Board and Trustees and the plan administrator. The plan administrator issues a publicly available financial report that includes financial statements and required supplementary information of the plans. That report may be obtained by contacting:

Riverview Hospital
305 Westfield Road
Noblesville, Indiana 46060

Funding Policy and Annual Pension Cost

The contribution requirements of plan members are established by the written agreement between the governing board of the unit and the plan administrator. Plan members are required to contribute 7.2% of the annual covered salary. The component unit is required to contribute at an actuarially determined rate. The current rate is 7.2% of the first \$49,864 of covered payroll and 11.5% for the amount over \$49,864 up to \$125,000 of the covered payroll.

HAMILTON COUNTY
NOTES TO FINANCIAL STATEMENTS
(Continued)

As of January 1, 2008, the Riverview Hospital 403(b) Retirement Plan is required to match 50% of an employee's contribution up to a maximum of 6% of the employee's compensation with a maximum employee contribution of \$15,500.

The Hospital made contributions to both plans in the amount of \$1,502,109, for 2008.

HAMILTON COUNTY
REQUIRED SUPPLEMENTARY INFORMATION
BUDGET/GAAP RECONCILIATION
GENERAL FUND
For The Year Ended December 31, 2008

The major differences between Budgetary (Non-GAAP) basis and GAAP basis are:

- a. Revenues are recorded when received in cash (budgetary) as opposed to susceptible to accrual (GAAP).
- b. Expenditures are recorded when paid in cash (budgetary) as opposed to when the liability is incurred (GAAP).

Adjustments necessary to convert the results of operations at the end of the year on a budgetary basis to a GAAP basis are as follows:

	<u>General</u>
Net changes in fund balances (budgetary basis)	\$ 529,454
Adjustments:	
To adjust revenues for accruals	1,136,957
To adjust expenditures for accruals	<u>(428,105)</u>
Net change in fund balances (GAAP basis)	<u>\$ 1,238,306</u>

HAMILTON COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

I. Budgets and Budgetary Accounting

Annual budgets are adopted on the cash basis which is not consistent with accounting principles generally accepted in the United States. All annual appropriations lapse at fiscal year end.

On or before August 31, the County Auditor submits to the County Council a proposed operating budget for the year commencing the following January 1. Prior to adoption, the budget is advertised and public hearings are conducted by the County Council to obtain taxpayer comments. In September of each year, the County council through the passage of an ordinance approves the budget for the next year. Copies of the budget ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the County receives approval of the Indiana Department of Local Government Finance.

Indiana law restricts the County's maximum tax levy, with certain adjustments and exceptions. If the advertised budget, for funds for which property taxes are levied or for which highway use taxes are received, exceeds the spending and tax limits of the state control laws, an excess levy may be granted by the Indiana Department of Local Government Finance.

The legal level of budgetary control is by object or department within the fund for the General Fund, and by object within the fund for all other budgeted funds. The County's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the County Council. Any revisions to the appropriations for any fund or any department of the General Fund must be approved by the County Council and, in some instances, by the Indiana Department of Local Government Finance.

Formal budgetary integration is required by state statute and is employed as a management control device. An annual budget was legally adopted for the following funds:

Major funds:

General

Nonmajor funds:

Special revenue:

County Highway	Local Road and Street	Family and Children
Parks and Recreation	County Health	Property Reassessment
Surveyor's Corner Perpetuation	Emergency Telephone System	County Sales Disclosure
Platt Book	Emergency Planning	Innkeeper's Tax
Highway County Option	Highway Inspection	Park Nonreverting
Income Tax		
Park Nonreverting Donation	Health Maintenance	Tobacco Settlement
County Drug Free Community	Deferral Program	Jury Pay
Guardian Ad Litem	Pretrial Diversion	County Court User's Fee
Unified Probation User's Fee	Supplemental Public Defender	County Corrections
Child Services		

HAMILTON COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
(Continued)

Debt service funds:

1997 Highway Bond	1998 Highway Bond	Lease Rental
Jail Lease Rental	146 th Street Bond	2002 Park Bond
2002 Animal Control Bond	146 th Street West	2004 Park Bond
Juvenile Services Lease		

Capital projects funds:

Cumulative Bridge	Cumulative Capital Development
County Major Bridge	Cumulative Courthouse

Expenditures did not exceed appropriations for any funds or any departments within the General Fund, which required legally approved budgets.

II. Infrastructure – Modified Approach

A. Road Network

The condition of road pavement is determined by the Pavement Surface Evaluation and Rating (PASER) method. The PASER system relies on a visual method of rating the surface of the roadway. Specific criteria is used to rate a road segment. Each road segment can receive a PASER rating of between 1 and 10 with 1 being a road that has failed and 10 being a brand new road. The road network's weighted PASER average can be derived by taking the product of a road segments' length times its PASER rating, and then dividing the network sum of the weighted product by the total road network mileage. It is the County's policy to maintain roads at a minimum weighted average of 6.5 PASER rating for the entire road inventory. Assessments are done annually.

B. Bridge Network

The condition of the County's bridges is measured using the Federal Highway Administration's National Bridge Inspection Standards (NBIS) Bridge Sufficiency Rating System. The formula for figuring a bridge's sufficiency rating calculates four separate factors to obtain a numeric value which is fairly representative of a structure's sufficiency to remain in service. The result of the formula (the sufficiency rating) is expressed as a percentage where 100% would imply that a bridge is entirely sufficient and 0% would imply that a bridge is insufficient. It is the County's policy to maintain a weighted average of 80 (NBIS) Sufficiency Rating for the entire bridge network, no more than 5% of the total bridge deck area perform below a sufficiency rating of 50 and no more than 1% of the total bridge deck areas perform below a sufficiency rating of 20. Assessments are done on a biennial basis.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS - used to account for specific revenues that are legally restricted to expenditures for particular purposes. The title of the fund is descriptive of the activities involved. The County maintains the following nonmajor Special Revenue funds:

- County Highway - To account for highway construction and the operations of the highway and maintenance department. Financing is provided by state motor vehicle highway distributions.
- Local Road and Street - To account for operation and maintenance of local and arterial road and street systems. Financing is provided by state gasoline tax distributions.
- Family and Children - To account for expenses incurred in providing public welfare assistance. Financing is provided by a specific property tax levy and Federal and State assistance.
- Parks and Recreation - To account for the operations of the County parks and activities sponsored by the parks department. Financing is provided by a specific annual property tax levy and miscellaneous revenues.
- County Health - To account for expenditures for the conservation and improvement of public health. Financing is provided by a specific property tax levy and fees charged for health related permits.
- Property Reassessment - To account for tax revenue raised to fund a reassessment of taxable county property in 2002.
- Drainage Maintenance - To account for expenses of maintaining legal drains in the county. Financing is provided by annual assessments upon lands benefited by the periodic maintenance of a drain.
- Surveyor's Corner Perpetuation - To account for expense incurred in the location and perpetuation of the original government survey corners. Financing is provided by a fee charged to record property transfer deeds.
- Recorder's Perpetuation - To account for the cost of preserving records and the improvement of record keeping systems and equipment. Financing is provided by copy fees collected by the County Recorder.
- Clerk's Perpetuation - To account for the cost of preserving records and the improvement of record keeping systems and equipment. Financing is provided by copy fees collected by the Clerk of the Circuit Court.
- Covered Bridge - To account for the collection and payment of monies used to preserve and restore covered bridges located within the County. Financing is provided by a grant from the State of Indiana.
- Economic Development - To account for impact fees assessed to developers of Hamilton County. These fees are remitted to the Hamilton County Economic Development Corporation semiannually.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Art Fund -	To account for revenues from the sale of portraits of the Hamilton County Judicial Center. Proceeds from these sales will be used for art improvement for the Judicial Center.
Unsafe Building -	To account for monies used to repair unsafe buildings within the jurisdiction of the Hamilton County Plan Commission.
Emergency Telephone System -	To account for expenses involved in operating a County-wide emergency telephone service. Revenues are collected by local telephone companies and remitted to the County on a quarterly basis.
County Sales Disclosure -	To account for the County portion of fees charged for filing conveyance of property documents with the County Auditor.
Plat Book -	To account for fees collected by the County Auditor for real property endorsements made.
Emergency Planning -	To provide funding for the preparation, education and implementation of a comprehensive plan in the event of an accident involving hazardous materials. Financing is provided by the State through charges and fees for hazardous material permits.
Innkeeper's Tax -	To account for hotel tax revenues. Revenues are used to fund a County Convention and Tourism Commission.
County Computer Maintenance -	To account for costs incurred in replacing and repairing computer hardware and software for Hamilton County.
Electronic Data -	To account for fees collected for providing duplicate records which are maintained in electronic medium.
Digital Orthophotography -	The fund is a Nonreverting fund established for updating the County Geographical Information Systems base map every two to three years. The purpose of the fund is to allow for uniform annual budgeting for expenditures that are less frequent than once a year.
Stormwater Phase II -	To account for expenditures related to a county-wide municipal stormwater management program.
Highway County Option Income Tax -	The highway county option income tax fund is a special revenue fund. It accounts for the county option income tax revenues earmarked for the repair of county roads.
Highway Inspection -	To account for road inspections and other services provided by the County. Financing is provided by fees collected for services rendered.
Park Nonreverting -	To account for monies and fees procured by specific park and recreation activities as directed by the Hamilton County Parks and Recreation Board.

NONMAJOR GOVERNMENTAL FUNDS
(Continued)

Park Nonreverting Donation -	To account for gifts and donations that are designated by the donor to be used for purposes which would benefit the Hamilton County Parks and Recreation Department.
Wireless E911 Telephone System -	To account for expenses involved in operating a County-wide emergency telephone service. Revenues are collected by local telephone companies and remitted to the state and distributed to counties.
Health Maintenance -	To account for costs of providing expanded or additional health services to the public. Financing is provided by distributions from the State Board of Health.
Tobacco Settlement -	To account for the distribution from the Tobacco Master Settlement Local Health Department Trust Fund. Funds are to be used for smoking cessation programs and support of community programs.
Tobacco Prevention Grant -	To account for the distribution from the Tobacco Use Prevention and Cessation Trust Fund. Funds are to be used for smoking cessation programs and support of community programs.
Health Donation Immunization -	To account for donations to the County Health Department which will be used to fund child immunization programs.
Jail Commissary -	To account for the acquisition and sale of cigarettes, candies and other sundry items by the County Sheriff to inmates incarcerated at the County Jail. Financing is provided by fees for the items sold.
Service of Process -	To account for service of process fees that assist in the provision of retirement and disability benefits to County police officers. Financing is provided by service of process fees collected by the County Sheriff.
Accident Report -	To account for Sheriff Department expenditures related to the keeping of accident reports and records or the prevention of street and highway accidents. Financing is provided by fees charged for furnishing accident reports.
Firearms Training -	To account for Sheriff Department expenditures related to training law enforcement officers in the proper use of firearms or other law enforcement duties. Financing is provided by handgun application fees.
Vehicle Inspection -	To account for fees generated by the inspection of motor vehicles by the County Sheriff's Department. Revenues will be used for law enforcement purposes.
Law Enforcement Continuing Education -	To account for expenditures related to continuing education of law enforcement officers employed by the County. Financing is provided by fees collected for the violation of County ordinances.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Notification -	To account for expenditures related to various law enforcement projects that benefit the Sheriff's Department. Projects are determined at the discretion of the Sheriff. Financing is provided by the collection of service of process fees from Sheriff's real property sales.
Training and Equipment -	To account for costs related to law enforcement training or equipment benefiting the Sheriff's Department. Financing is provided by donations from citizens and organizations within the County.
Drug Task Force -	To account for Federal grant monies received by Hamilton County from the City of Carmel. The project involves law enforcement officers from the County and local communities working together on drug cases in Hamilton County.
County Drug Free Community -	To account for the revenue and expenses of a program promoting comprehensive local alcohol and drug abuse prevention initiatives.
Drug Enforcement Grant -	To account for the expenditures related to providing additional drug enforcement programs by the County Sheriff. Financing is provided by Federal and State grants.
Sheriff Grant Proceeds -	To account for the expenditures related to providing additional drug enforcement programs by the County Sheriff. Financing is provided by grants.
Drug and Alcohol Nonreverting -	To account for expenditures related to the promotion of or activities promoting the Hamilton County Council on alcohol and other drugs. Revenues are from contributions, gifts, grants and other miscellaneous funds.
Traffic Safety Partnership Nonreverting -	To account for grant monies received from the state of Indiana. Expenditures are used to offset the cost of traffic safety projects.
Fire Investigation Prosecutor -	To account for the costs of assisting the Prosecutor in the investigation of fires that are believed to be intentionally set. Financing is provided by a grant from the State of Indiana.
County Extradition -	To account for expenses of extraditing criminal defendants. Financing is provided by bail bond filing fees.
Deferral Program -	To account for fees collected from individuals involved in the deferral program established by the Prosecuting Attorney.
Jury Pay -	To account for expenditures related to paying fees to prospective jury members. Financing is provided by fees collected from a defendant who is found to have committed a crime, violated a statute defining an infraction, or violated an ordinance of a municipal corporation.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Child Advocacy -	To account for expenditures related to developing interdisciplinary responses to child abuse and neglect situations. Financing is provided through user fees.
Court Appointed Special Advocate -	To account for expenditures related to program to provide advocacy and assistance to children who are involved in the court system. Financing is provided through state grants.
Guardian Ad Litem -	To account for expenditures related to program to provide guardian ad litem services. Financing is provided through user fees.
Pretrial Diversion -	To account for the collection and payments related to a program that removes certain criminal offenders from the judicial system prior to the trial. Financing is provided by the collection of user fees from those individuals participating in the program.
County Court User's Fee -	To account for the expenditures related to the alcohol and drug services rehabilitation program established by the courts within the County. Financing is provided by users fees charged to the individuals placed in the program.
Unified Probation User's Fee -	To account for various probation program costs. Financing is provided by user fee charges collected by the Clerk of the Circuit Court from the Superior and Circuit Courts.
Supplemental Public Defender -	To account for the costs of public defender representation ordered by Hamilton County courts. Financing is provided by charges assessed to individuals represented by Public Defenders.
Title IV-D Incentive -	To account for reimbursements related to the operation of the Child Support Enforcement (Title 4-D) Program. This funding is to be used for Title 4-D Program purposes.
Campaign Finance Enforcement -	To account for funds to augment and supplement funds otherwise appropriated for the administration of the campaign finance enforcement statute. Financing is provided by fines collected by the Clerk of the Circuit Court for campaign finance violations.
County Corrections -	Accounting of monies received from the State of Indiana. These monies are to be used to fund the operations of the Hamilton County Jail and the Hamilton County Corrections Center. Funds must be appropriated by Hamilton County Council.
Jail Detention -	To account for state grants administered by Hamilton County. Grant expenditures are used to defray the costs of operating the Hamilton County Jail and Jail Administration Building.
Juvenile Detention -	To account for costs incurred in the detention of juveniles. Revenues are generated from billings to other counties.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Race and Gender Fairness Grant -	To account for state grant monies received by the County courts to pay for interpreters for non-English speaking individuals.
Child Services -	To account for the cost of providing psychiatric care for children. Financing is provided by a specific property tax levy.
Health Department Grant Administration -	To account for the receipt and expenditures of the Department of Health and Human Services MRC Unit Grants and the Health and Hospital of Marion County Cities Readiness Initiative Grant.
County Identification Security Protection -	To account for expenditures related to costs to purchase, upgrade, implement or maintain redacting technology used in the County Recorder's office as required by I.C. 36-2-7. Financing is provided by recording fees.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Indianapolis Executive Airport Nonreverting -	To account for costs associated with environmental remediation of Indianapolis Executive Airport. Financed by funds created during purchase through escrow.
Park and Recreation Grant -	To account for grant monies received by Hamilton County related to park and recreation department programs and operations. Financing is provided through grants.
Prosecutor Grant -	To account for grant monies received by Hamilton County related to prosecutor department programs and operations. Financing is provided through grants.
Transit Grant -	To account for the matching portion of grant funds from Indiana Department of Transportation. Grant monies are used to provide transportation services and transportation equipment.
CDBG Noblesville Housing Authority -	To account for expenditures related to housing construction projects. Financing is provided by Community Development Block Grant (CDBG) revenues.
Urban Area Security Initiative Grant -	To account for expenditures related to security infrastructure improvement projects. Financing is provided by grant revenues.
2008 Capacity Building Award MRC Unit -	To account for the grant to the medical reserve corps.
Indiana Homeland Security Foundation PSF -	To account for grant funds for the purchase of weather radios.
Bioterrorism Preparedness and Response -	To account for federal grant monies received for the purchase of local hazardous material response team equipment.
Cities Readiness Grant -	To account for federal grant monies for the purpose of engaging in Cities Readiness Initiative activities and achieving measures associated with the Local Technical Assistance Review.
Hamilton County Traffic Safety Partnership -	To account for grant monies received from the state of Indiana. Expenditures are used to offset the cost of traffic safety projects.
Hazardous Material Emergency -	To account for the supplies expended in the performance of the full-scale hazmat exercise.
2008 State Criminal Alien Assistance -	To account for the salary cost incurred by correctional officer for the incarceration undocumented criminal aliens.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Solid Waste District - To accumulate monies for the operations of a household hazardous waste facility pursuant to IC 13-21-3-12. Financing provided by property tax levy and state grants.

Urban Area Security Initiative - To account for expenditures related to security infrastructure improvement projects. Financing is provided by grant revenues.

DEBT SERVICE FUNDS - Debt service funds are used to account for the accumulation of resources for and the servicing of general long-term debt (e.g. general obligation bonds and capital leases for buildings) from governmental resources.

Jail Bond - To accumulate monies for repayment of the \$1,000,000, 6.125% Hamilton County Jail General Obligation Bonds which were serial bonds due in annual installments through January 1993. Financing is provided by a specific annual property tax levy. Property taxes levied in excess of actual requirements are legally restricted to servicing this debt.

Park District Bond - To accumulate monies for repayment of the \$1,575,000, 6.0% Hamilton County Park District General Obligation Bonds which were serial bonds due in annual installments through February 1991. Financing is provided by a specific property tax levy. Property taxes levied in excess of the actual requirements are legally restricted to servicing this debt.

1997 Highway Bond - To accumulate monies for repayment of the \$18,160,000 Highway Construction General Obligation Bonds which are serial bonds due in annual installments through January 2014. Financing is provided by County Option Income Tax Revenue.

1998 Highway Bond - To accumulate monies for repayment of the \$15,800,000 Highway Construction General Obligation Bonds which are serial bonds due in annual installments through January 2020. Financing is provided by County Option Income Tax Revenue.

Lease Rental - To accumulate monies for the payment of the \$30,025,800 Hamilton County Public Building Corporation (Building Authority) lease which is due in semi-annual installments through July 15, 2014. Financing is provided by a specific annual property tax levy. Property taxes levied in excess of the actual requirements are legally restricted to this fund. Lease rental payments are transferred to the Building Authority. The Building Authority will subsequently retire the bonded indebtedness incurred in constructing the Judicial Center.

Jail Lease Rental - To accumulate monies for the payment of the \$13,647,000 Hamilton County Public Building Corporation (Building Authority) lease which is due in semi-annual installments through January 15, 2015. Financing is provided by a specific annual property tax levy. Property taxes levied in excess of the actual requirements are legally restricted to this fund. Lease rental payments are transferred to the Building Authority. The Building Authority will subsequently retire the bonded indebtedness incurred in constructing the Jail and Jail Administration Building.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

146th Street Bond -	To accumulate monies for payment of the 146th Street Redevelopment Authority lease. Financing is provided by County Option Income Tax revenue, Tax Increment Financing revenue, and County Major Bridge Fund revenue.
2002 Park Bond -	To accumulate monies for payment of the 2002 Park general obligation bond. Financing is provided by property tax levy.
2002 Animal Control Bond -	To accumulate monies for payment of the 2002 Animal Control general obligation bond. Financing is provided by property tax levy.
146 th Street West -	To accumulate monies for payment of the 146 th Street West project debt. Financing is provided by Tax Increment Financing revenue.
2004 General Obligation Bonds -	To accumulate monies for payment of the 2004 general obligation bond. Financing is provided by property tax levy.
2004 Park Bond -	To accumulate monies for payment of the 2004 Park general obligation bond. Financing is provided by property tax levy.
Juvenile Services Lease -	To accumulate monies for payment of the Juvenile Services Center. Financing is provided by property tax levy.
County Option Income Tax Bond Anticipation Note Sinking -	To accumulate monies for repayment of the bond anticipation note obtained to finance the 146 th Street East Project.
Redevelopment Commission -	To accumulate monies for the repayment of the \$12,180,000, 3.00% to 7.125% Tax Increment Financing (TIF) Bonds which are serial bonds due in annual installments through January 2014. The bonds were issued for public improvements in special property tax incremental financing districts. Financing is provided through property tax revenue generated from the districts. Currently, there are three districts operating at the county level.
Building Authority -	To accumulate monies for the repayment of the \$48,432,202, 3.00% to 5.40% Hamilton County Public Building Corporation (Building Authority) General Obligation Bonds which are serial bonds due in annual installments through January 2014. The bonds were issued for the construction and/or renovation of the County Judicial Center and Jail buildings. Financing is provided by semiannual lease payments from the Lease Rental and Jail Lease Rental Funds.

CAPITAL PROJECTS FUNDS - Capital projects funds are used to account for acquisition and construction of major capital facilities other than those financed by proprietary and trust fund types.

Cumulative Bridge - To account for the financing and construction or reconstruction of bridges in the County. Financing is provided by an annual property tax levy.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Cumulative Capital Development -	To account for the financing and construction of capital improvements. Financing is provided by an annual property tax levy.
General Drain Improvement -	To account for the financing and construction or reconstruction of legal drains in the County. Financing is provided by assessments on real property benefited by such improvements. Affected property owners can either pay the entire assessment at the beginning of the project or pay in semiannual installments over a five year period.
County Major Bridge -	To account for the financing and construction of major bridges as defined by State statute. Financing is provided by an annual property tax levy.
96 th Street Construction -	To account for expenditures related to the widening of and construction of a bridge on 96 th Street. Revenues are accumulated from the various governmental units contributing to the costs of this project.
146 th Street Construction -	To account for expenditures related to the reconstruction of 146 th Street. Financing is provided by County Option Income Tax revenues.
Highway Construction Phase I -	To account for expenditures related to highway construction projects. Financing has been provided by the general obligation bonds issued in 1997.
Highway Construction Phase II -	To account for expenditures related to highway construction projects. Financing has been provided by the general obligation bonds issued in 1998.
Hazel Dell Road Improvement -	To account for expenditures related to design and construction of Hazel Dell Road. Financing is provided by participating governmental units.
96 th Street/US 421 -	To accumulate monies for design and construction at the intersection of 96 th Street and US 421. Financing is provided by Tax Increment Financing revenue.
Clay Township Trailways -	To account for expenditures related to construction of a trailways project. Financing has been provided by state grants.
Animal Control Construction -	To account for expenditures related to costs of the construction and equipping of an animal control building. Financing is provided by a general obligation bond issue.
Highway County Option Income Tax Refunding -	To account for expenditures related to costs of design, land acquisition, inspection costs, and construction costs for road and bridge projects. Financing provided by net proceeds of Hamilton County Option Income Tax Refunding Bonds of 2005.

NONMAJOR GOVERNMENTAL FUNDS

(Continued)

Airport Capital -	To account for expenditures related to improvements made to the airport purchased by the County in 2003.
2007 County Option Income Tax -	To account for expenditures related to various capital projects. Financing is provided by state distribution of County COIT dollars.
Revolving Airport Capital -	To account for expenditures related to cost of construction, design, land acquisition and professional fees for airport capital improvements. Financing provided through Federal and State grant awards.
Cumulative Courthouse -	To account for the financing and construction of capital improvements. Financing is provided by an annual property tax levy.
2006 County Option Income Tax Bond Anticipation Note -	To account for expenditures related to costs of 146 th Street East project. Financing provided by County Option Income Tax bond anticipation note.
Hamilton County Public Building Corporation Bond Anticipation Notes -	To account for funds obtained to commence the Corrections Complex Facility project, located at 18100 Cumberland Road, prior to the issuance of bonds.
PERMANENT FUND -	Permanent funds are used to account for assets held by the County in a trustee capacity.
Congressional School Principal -	To account for monies derived from the sale of land in each congressional township. The principal amount of this fund is to be maintained intact and invested. Investment earnings are to be distributed to the school corporations in the County.

FIDUCIARY FUNDS

PENSION TRUST FUNDS - used to account for assets held by the County in a trustee capacity. The County maintains the following pension trust funds:

Sheriff's Retirement Plan - To account for the provision of retirement benefits to County police officers. Financing is provided by service of process fees collected by the County Sheriff and employee contributions of three percent of wages.

Sheriff's Benefit Plan - To account for the provision of disability benefits to County police officers. Financing is provided by County contributions.

AGENCY FUNDS - used to account for assets held by the County as an agent for individuals, private organizations, other municipalities and/or other funds. The County maintains the following agency funds:

Tax Sale Surplus - To account for the collection and payments of monies, which are in excess of the minimum bid price, for property sold by the County for delinquent taxes.

Tax Sale Redemption - To account for delinquent taxes and costs paid subsequent to the sale of property at the County real estate tax sale.

Surplus Tax -- To account for the collection and payment of surplus property tax collections.

State Fines and Forfeitures - To account for the collection and payment to the State of Indiana of state fees and fines charged and collected by the Clerk of the Circuit Court for court proceedings.

Clerk of the Circuit Court - To account for the collection and payment of cash bonds and other trust items held by the Clerk of the Circuit Court for litigants of the Circuit, Superior and County Courts.

County Sheriff - To account for the collection and payment of delinquent tax warrants issued by the Indiana Department of Revenue, proceeds from the sale of foreclosed property, and County fees for services performed by County Sheriff.

County Treasurer - To account for the collection and payment of all local taxes billed and/or collected by the County Treasurer on behalf of all the governmental taxing units within the County.

County Prosecutor - To account for the collection and payment of trust items held by the County Prosecutor.

Infraction Judgment - To account for the collection and payment to the State of Indiana for State fines charged and collected by the Clerk of the Circuit Court.

Adult Offender Interstate Compact - To account for the collection and payment of fees collected relating to adult offenders on parole or probation. Fifty percent of the fees are transferred to the State and fifty percent are transferred to the supplemental probation fund.

FIDUCIARY FUNDS

(Continued)

Child Restraint System Fine -	To account for the collection and payment of fines charged and collected by the Clerk of the Circuit Court on violations of the child restraint laws. These fees are remitted to the State.
Mortgage Fee -	To account for the collection and payment of fees collected by the Recorder for each mortgage recorded.
Sewage Collections -	To account for the collection and payment of delinquent sewage bills certified to the County Treasurer for collection by municipal sewage utilities within the County.
Inheritance Tax -	To account for the collection and payment of State inheritance taxes.
Tax Distribution -	To account for the collection and payment of tax collections to the County Treasurer that are due to other taxing units within the County.
Overweight Vehicles -	To account for fines collected by the County Clerk for overweight vehicle infractions due to the State of Indiana.
State Sales Disclosure Fee -	To account for fees charged for filing conveyance of property documents with the County Auditor. The state's share of the fees are held in trust until remitted to the State General Fund.
Coroner's Training and Education -	To account for fees charged by the Hamilton County Health Department for death certificates. Fees are remitted semiannually by the County Auditor to the Treasurer of State. Funds at the State level are used for the continuing education of County Coroners.
Weed Cutting -	To account for the collection of municipal fees charged for weed cutting.
Education Plate Fee -	To account for the collection and payment of education license plate fees by the Indiana Bureau of Motor Vehicles to the County Treasurer that are due to other taxing units within the County.
Payroll Withholding -	To account for payroll taxes and other amounts withheld from employee compensation, to be distributed in accordance with laws, regulations and contracts.
Homestead Rebate -	To account for expenditures related to tax relief provided by Indiana General Assembly in 2008.
Non-reverting Geographical Information System -	To account for and retain funds paid to Hamilton County, which are designated to be held to pay the costs of developing and implementing a geographical information system.

FIDUCIARY FUNDS
(Continued)

HEA 1001-2008 State Homestead Credit -	To account for monies from the state as determined by county's abstract, based on residential net assessed values for property tax relief.
Inmate Trust -	To account for the collection and payment of amounts which are held by the County Sheriff on behalf of inmates incarcerated at the County Jail.
Juvenile Inmate Trust -	To account for the collection and payment of amounts which are held by the Juvenile Services Center on behalf of juvenile inmates incarcerated at the Juvenile Services Center.

STATISTICAL SECTION

STATISTICAL SECTION

Statistical Section

This part of Hamilton County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	179-185
Revenue Capacity These schedules contain information to help the reader assess the County's most significant local revenue source , the property tax.	186-189
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	190-196
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	197-199
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	200-201

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Note: The County has elected to present only six years of data for this schedule.

^a A notable portion of 2005 net asset increase was due to storm water infrastructure constructed and contributed by developers.

^b Governmental Activities amounts for 2003 were restated in 2004 to recognize retroactively reported infrastructure assets. Capital assets net totaling \$540 million were reported January 1, 2004 as an increase in net assets.

^c Restated to reflect prior period adjustments to infrastructure assets.

Note: The County has elected to present only six years of data for this schedule.

^a In 2003 Taxes were not separated between Property, Income and other types of taxes.

^b The increase in property tax revenues related mainly to new debt service levies and additional tax increment revenue captured.

^c Includes contributed storm water drainage infrastructure and federal grant funds for park improvements.

^d Includes county roads that were annexed into municipalities.

^e Reimbursement from City of Noblesville for the 146th Street extension project.

^f Includes interest earnings generated by higher interest rates on short term investments.

^g 2006 includes the impact of \$36 million in disposals of roadway assets which were annexed by municipalities.

^h The decrease is due to two primary reasons; 1) approximately \$10 million bond funded road expenditures in the Thomson TIF area were expensed in 2006, this area has been annexed by the City of Carmel and will not be capital assets of the County and 2) a planned budget decrease in highway and street maintenance expenditures.

ⁱ Increase for appeals for adjustments to the levy were over the standard 4% increase allowed due to juvenile detention center, superior court and growth.

^j Reflects \$9.8 million Federal Highway Fund grant for 146th Street project.

^k Increase due in part to the implementation of GASB 45; also wages and benefits increased with the addition of 19 new positions in various County departments.

^l Majority of increase was a result of added personnel to staff the north section of the new community corrections center and the new juvenile detention center.

^m A large portion of the increase resulted from road improvement expenditures in the Thomson TIF area which were expensed as a result of annexation. The remaining increase was a result of planned budget increases for road maintenance.

Note: The County has elected to present only six years of data for this schedule.

- ^a Taxes increased primarily due to \$8.7 million increase in COIT and \$6.9 million increase in property taxes.
- ^b Taxes increased primarily \$2.4million increase in property taxes offset by a reduction of \$1.2 million in COIT.
- ^c Increase in Highway and Streets were due to road and infrastructure improvements for various projects throughout the County; most notably in 2006 those serving the Thomson Economic Development area.
- ^d The County redeemed a \$13.8 million bond anticipation note in 2007.
- ^e Includes \$9.8M in federal highway funds for 146th street project.
- ^f County redeemed \$28M in bond anticipation notes in 2008.
- ^g Increase is a result of implementation of GASB 45 and the addition of 19 new positions throughout various County departments.
- ^h Due to the addition of personnel to staff the north section of the new community corrections center and new juvenile corrections facility.

(1) Property reassessments were effective in 2003.
(2) True tax value is 3 times assessed value. Beginning in 2002, tax rates were based upon \$100 of true tax value. In prior years, the rate was per \$100 of assessed value.
(3) Includes adjustments due to appeals as well as assessed values from property classes of agriculture, exempt, utility and other as defined by the County Auditor's office.
(4) Net assessed value of personal property decreased in 2007 because of the expansion of the exemption for inventory.

Source: Hamilton County Auditor's Office - Total Assessed and true tax values are those amounts that have been reported to and certified by the State each year. Prior to 2006, this table did not include any breakdown between real and personal property or show classes of real property. The County is only able to go back to 2003 to provide class detail of certified assessed values. Such detail will be provided for future years and reports.

¹ The City's population can be found in the Demographics and Economics Schedule and the assessed value can be found on the assessed value schedule.

Notes:

- 1) This schedule includes only debt repaid with property taxes. It excludes bonds payable from income taxes and tax increment financing bonds.
- 2) The Building Corporation and Park District bonded debt on this schedule which is outstanding at December 31, 2008 is not reflected on the computation of legal debt margin. Building Corporation Bonds were issued as lease rental obligations which are exempt from the 2% limitation. The Park District has its own 2% capacity separate from the County.

TO: THE OFFICIALS OF HAMILTON COUNTY

We have audited the general purpose financial statements of Hamilton County, as of and for the year ended December 31, 2008, as presented in its Comprehensive Annual Financial Report (CAFR), and have expressed our unqualified opinion thereon dated May 26, 2009. The CAFR is a separate report containing our Independent Auditor's Opinion on the general-purpose financial statements and is on file at the County. It is available upon request.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the individual fund and account group financial statements.

This supplemental report is intended to present our Supplemental Audit of Federal Awards which includes our Report on Compliance with Requirements Applicable to Each Major Program and Internal Control Over Compliance in Accordance With OMB Circular A-133. Also included are the Schedule of Expenditures of Federal Awards and the related notes, as well as the Schedule of Findings and Questioned Costs.

The above schedules have been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, are fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO: THE OFFICIALS OF HAMILTON COUNTY, INDIANA

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hamilton County (County), as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated May 26, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses, as defined above.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the County's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF HAMILTON COUNTY, INDIANA

Compliance

We have audited the compliance of Hamilton County (County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2008. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2008.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in a County's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS

COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
(Continued)

federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be significant deficiencies or material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended December 31, 2008, and have issued our report thereon dated May 26, 2009. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the County's management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

The accompanying notes are an integral part of the Schedule of Expenditures of Federal Awards.

HAMILTON COUNTY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Hamilton County (primary government) and is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Accordingly, the amount of federal awards expended is based on when the activity related to the award occurs. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2. Subrecipients

Of the federal expenditures presented in the schedule, the primary government provided federal awards to subrecipients as follows for the year ended December 31, 2008:

Program Title	Federal CFDA Number	Amount Provided to Subrecipients
Community Development Block Grants/Entitlement Grants	14.218	\$ 859,153
Crime Victim Assistance	16.575	12,500
State and Community Highway Safety	20.600	102,891
Alcohol Traffic Safety and Drunk Driving Prevention Incentive Grants	20.601	113,974
Formula Grants for Urban Areas	20.509	414,352
