**INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS  
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

**TO: THE OFFICIALS OF THE KANKAKEE VALLEY SCHOOL  
CORPORATION, JASPER COUNTY, INDIANA**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Kankakee Valley School Corporation (School Corporation), as of and for the years ended June 30, 2009 and 2010, which collectively comprise the School Corporation's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the School Corporation's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note I, the School Corporation prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and investment balances of the governmental activities, each major fund, and the aggregate remaining fund information of the School Corporation as of June 30, 2009 and 2010, and the respective cash receipts and cash disbursements during the years then ended on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued a report dated December 15, 2010, on our consideration of the School Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS  
AND SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
(Continued)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The School Corporation has not presented Management's Discussion and Analysis, Schedule of Funding Progress, Schedule of Contributions From the Employer and Other Contributing Entities, or Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Corporation's basic financial statements. The Combining Schedules, as listed in the Table of Contents, Schedule of Capital Assets, and Schedule of Long-Term Debt are presented for additional analysis and are not required parts of the basic financial statements. The Combining Schedules, as listed in the Table of Contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Capital Assets and Schedule of Long-Term Debt have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

TO: THE OFFICIALS OF THE KANKAKEE VALLEY SCHOOL  
CORPORATION, JASPER COUNTY, INDIANA

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Kankakee Valley School Corporation (School Corporation), as of and for the years ended June 30, 2009 and 2010, which collectively comprise the School Corporation's basic financial statements and have issued our report thereon dated December 15, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we considered to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in item 2010-1 of the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS  
(Continued)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, of the significant deficiencies described above, we consider item 2010-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The School Corporation's response to the findings identified in our audit is described in the accompanying section of the report entitled Corrective Action Plan. We did not audit the School Corporation's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the School Corporation's management, school board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The Statement of Activities and Net Assets – Cash and Investment Basis displays information about the reporting government as a whole. It includes all funds of the reporting entity except for fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, fund equity, receipts, and disbursements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. However, at this time, the School Corporation has not established any enterprise funds.

The School Corporation reports the following major governmental funds:

The general fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The rainy day fund accounts for unused and unencumbered funds under IC 6-3.5 and is subject to the same appropriation process as any other fund that received tax money.

The fiscal stabilization fund accounts for federal monies received and disbursed under the American Recovery and Reinvestment Act of 2009.

The debt service fund accounts for debt from funds borrowed or advanced for the purchase or lease of school buildings, school buses, judgments against the corporation, equipment or capital construction, and interest on emergency and temporary loans.

The capital projects fund accounts for planned construction, repair, replacement, or remodeling of buildings; and the purchase, lease, upgrade, maintenance, or repair of computer equipment.

The construction fund accounts for planned construction, repair, replacement, or remodeling of building projects.

Additionally, the School Corporation reports the following fund types:

The internal service fund accounts for a self-insurance health benefits fund which provides funding for the cost of medical care to School Corporation employees.

The pension trust funds account for the activities of the pension retirement trust fund, which accumulate resources for pension benefit payments and the post retirement severance future benefits trust fund which accumulate resources for post retirement health benefits for early retirees.

KANKAKEE VALLEY SCHOOL CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

The private-purpose trust funds report trust arrangements under which principal and income benefit the annual disbursement of scholarship funds to eligible students.

Agency funds account for assets held by the School Corporation and as an agent for state and federal taxing authorities, various employee benefits providers, and serve as a control account for certain cash transactions during the time they are a liability to the School Corporation.

C. Measurement Focus and Basis of Accounting

The government-wide, governmental fund, proprietary fund, and fiduciary fund financial statements are reported using the basis of accounting that demonstrates compliance with the cash and investment basis and budget laws of the State of Indiana, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The cash and investment basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Investment transactions are not presented on the financial statements.

If the School Corporation utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to people outside the government (enterprise funds) or other departments or agencies primarily within the government (internal service funds).

When both restricted and unrestricted resources are available for use, the School Corporation's policy is to use restricted resources first, then unrestricted resources as they are needed.

D. Assets and Cash and Investment Balances

1. Restricted Assets

All restricted assets, as presented in the accompanying financial statements, are restricted due to enabling legislation.

2. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as interest receipts in the year of the sale of the investment.

KANKAKEE VALLEY SCHOOL CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

3. Property Taxes

Normally, property taxes levied are collected by the County Treasurer and are distributed to the School Corporation in June and in December. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which may become delinquent if not paid by May 10 and November 10, respectively.

4. Capital Assets

Capital assets arising from cash transactions acquired for use in governmental and proprietary fund operations are accounted for as capital outlay disbursements of the fund upon acquisition.

5. Long-Term Debt

Long-term debt arising from cash basis transactions of governmental and proprietary funds is not reported as a liability in the basic financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

6. Equity Classification

Government-Wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets – All other net assets that do not meet the definition of "restricted."

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

E. Receipts and Disbursements

Program Receipts

Amounts reported as program receipts include (1) charges to customers or applicants for goods, services, or privileges provided, and (2) operating grants and contributions. Internally dedicated resources are reported as general receipts rather than as program receipts. Likewise, general receipts include all taxes.

F. Internal and Interfund Activities

In the process of aggregating the financial information for the government-wide Statement of Activities and Net Assets – Cash and Investment Basis, some amounts reported as interfund activity in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

1. Interfund services – Sales or purchases of goods and services between funds are reported as receipts and disbursements.
2. Interfund reimbursements – Repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.
3. Interfund transfers – Flow of assets from one fund to another where repayment is not expected is reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity, if any, is eliminated or reclassified in the government-wide financial statements as follows:

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment. The effects of interfund loans and services between funds, if any, are not eliminated in the government-wide Statement of Activities and Net Assets – Cash and Investment Basis.

II. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets are adopted on the cash basis, which is not consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at calendar year end.

Prior to the first required publication, the fiscal officer of the School Corporation submits to the governing board a proposed operating budget for the year commencing the following July 1. Prior to adoption, the budget is advertised and public hearings are conducted by the governing board to obtain taxpayer comments. Prior to November 1, the governing board, through the passage of a resolution/ordinance, approves the budget for the next year. Copies of the budget resolution/ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the fiscal officer of the School Corporation receives approval of the Indiana Department of Local Government Finance.

KANKAKEE VALLEY SCHOOL CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

The School Corporation's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the governing board. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

III. Detailed Notes on All Funds

A. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. IC 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The School Corporation does not have a deposit policy for custodial credit risk. At June 30, 2010, the School Corporation had deposit balances in the amount of \$17,368,560.

The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

B. Interfund Transfers

Interfund transfers for the years ended June 30, 2009 and 2010, were as follows:

| Transfer From            | Transfer To              | 2009                | 2010                |

IV. Other Information

A. Risk Management

The School Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties.

The School Corporation has chosen to establish a risk financing fund for risks associated with medical benefits to employee. The risk financing fund is accounted for in the Self-Insurance Fund, and internal service fund, where assets are set aside for claim settlements. The School Corporation purchases commercial insurance for claims in excess of \$75,000 per year. Interfund premiums are paid into the fund by all affected funds and are available to pay claims, claim reserves, and administrative costs of the program. Interfund premiums are based upon an overall premium percentage which is applied to each affected fund and are reported as quasi-external interfund transactions.

Settled claims from risks covered by commercial insurance have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

B. Holding Corporations

The School Corporation has entered into a capital lease with Kankakee Valley Intermediate School Holding Corporation and Kankakee Valley Middle School Holding Corporation (the lessors). The lessors were organized as a for not-for-profit corporation pursuant to state statute for the purpose of financing and constructing or reconstructing facilities for lease to the School Corporation. The lessors have been determined to be a related party of the School Corporation. Lease payments during the years ending June 30, 2009 and 2010, totaled \$5,395,581 and \$3,594,736, respectively.

C. Postemployment Benefits

In addition to the pension benefits described below, the School Corporation provides post-employment health benefits, as authorized by Indiana Code 5-10-8, to all employees who retire from the School Corporation on or after attaining age 55 with at least 15 years of service. Currently, 9 retirees meet these eligibility requirements. The School Corporation provides 100% of a single policy for these postemployment benefits. The retiree pays 100% of cost over the premium for a single policy. Disbursements for those postemployment benefits are recognized on a pay-as-you-go basis. During the years ended June 30, 2009 and 2010, the retiree disbursements of \$15,329 and \$9,111, respectively and the employer disbursements of \$90,442 and 81,818 respectively, were recognized for postemployment benefits.

D. Pension Plans

1. Cost-Sharing Multiple-Employer Defined Benefit Pension Plan

Teachers' Retirement Fund

Plan Description

The School Corporation contributes to the Indiana Teachers' Retirement Fund (TRF), a defined benefit pension plan. TRF is a cost-sharing multiple-employer public employee retirement system, which provides retirement benefits to plan members and beneficiaries. All employees engaged in teaching or in the supervision of teaching in the public schools of the State of Indiana are eligible to participate in TRF. State statute (IC 5-10.2) governs, through the TRF Board, most requirements of the system and gives the School Corporation authority to contribute to the plan. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account. The annuity savings account consists of member's contributions, set by state statute at 3% of compensation, plus the interest credited to the member's account. The School Corporation may elect to make the contributions on behalf of the member.

TRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. That report may be obtained by contacting:

Teachers' Retirement Fund  
150 West Market Street  
Indianapolis, IN 46204  
Ph. (317) 232-3860

Funding Policy

The School Corporation contributes the employer's share to TRF for certified employees employed under a federally funded program and all the certified employees hired after July 1, 1995. The School Corporation currently receives partial funding, through the school funding formula, from the State of Indiana for this contribution. The employer's share of contributions for certified personnel who are not employed under a federally funded program and were hired before July 1, 1995, is considered to be an obligation of, and is paid by, the State of Indiana.

The School Corporation's contributions to the plan during the period were \$30,584.

2. Defined Contribution Pension Plan

American United Life Savings Plan

Plan Description

The School Corporation has a defined contribution pension plan for noncertified employees administered by American United Life as authorized by Indiana Code 5-10-1.1 and qualifies under Section 401(a). The savings plan entered into July 1, 1986, is a defined contribution plan with amounts credited and allocated to an account for each participant. Under a defined contribution plan there are no unfunded liabilities to the School Corporation.

Funding Policy and Annual Pension Cost

The contribution requirements of plan members are established by the written agreement between the School Corporation and the Plan Administrator. Plan members are required to contribute 3% of the annual covered salary. The School Corporation is required to contribute at an actuarially determined rate. The current rate is 5% of the employee's annual gross earnings. Employer and employee contributions to the plan for the years ending June 30, 2009 and 2010, were \$197,509 and \$197,634, respectively.

KANKAKEE VALLEY SCHOOL CORPORATION  
AUDIT RESULTS AND COMMENTS

SEGREGATION OF DUTIES - INTERNAL CONTROLS  
OVER FINANCIAL TRANSACTIONS AND REPORTING

Control activities were not selected and developed at various levels of the School Corporation to reduce risks to achievement of financial reporting objectives. The School Corporation has not separated incompatible activities related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to undetected.

Governmental units should have internal controls in effect which provide reasonable assurance regarding the reliability of financial information and records, effectiveness and efficiency of operations, proper execution of management's objectives, and compliance with laws and regulations. Among other things, segregation of duties, safeguarding controls over cash and all other assets and all forms of information processing are necessary for proper internal control. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9).

CONDITION OF RECORDS - Applies to School Lunch

Detail provided for School Lunch Prepaid Accounts did not agree with the funds ledger. The School Lunch Prepaid Account began in July 2008 and on June 30, 2009, the difference between the detail and funds ledger was \$52. The Difference on June 30, 2010, between the detail and funds ledger was \$14.

At all times, the manual and/or computerized records, subsidiary ledgers, control ledger, and reconciled bank balance should agree. If the reconciled bank balance is less than the subsidiary or control ledgers, then the responsible official or employee may be held personally responsible for the amount needed to balance the fund. INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

TO: THE OFFICIALS OF THE KANKAKEE VALLEY SCHOOL  
CORPORATION, JASPER COUNTY, INDIANA

Compliance

We have audited the compliance of the Kankakee Valley School Corporation (School Corporation) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the years ended June 30, 2009 and 2010. The School Corporation's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School Corporation's management. Our responsibility is to express an opinion on the School Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School Corporation's compliance with those requirements.

In our opinion, the School Corporation complied in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the years ended June 30, 2009 and 2010.

Internal Control Over Compliance

The management of the School Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School Corporation's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School Corporation's internal control over compliance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133  
(Continued)

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A control deficiency in a School Corporation's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in items 2010-2, 2010-3, 2010-4, and 2010-5 of the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. We did not consider any of the deficiencies described in the accompanying Schedule of Findings and questioned Costs to be material weaknesses.

The School Corporation's response to the findings identified in our audit is described in the accompanying Corrective Action Plan. We did not audit the School Corporation's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the School Corporation's management, school board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

KANKAKEE VALLEY SCHOOL CORPORATION  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

I. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Kankakee Valley School Corporation (School Corporation) and is presented in accordance with the cash and investment basis of accounting used in the preparation of the financial statements. Accordingly, the amount of federal awards expended is based on when the disbursement related to the award occurs except when the federal award is received on a reimbursement basis. In these instances the federal awards are considered expended when the reimbursement is received.

Circular A-133 requires an annual audit of nonfederal entities expending a total amount of federal awards equal to or in excess of \$500,000 in any fiscal year unless by constitution or statute a less frequent audit is required. In accordance with the Indiana Code (IC 5-11-1 et seq.), audits of School Corporations shall be conducted biennially. Such audits shall include both years within the biennial period.

II. Noncash Assistance

The School Corporation expended the following amount of noncash assistance for the years ending June 30, 2009 and 2010. This noncash assistance is also included in the federal expenditures presented in the schedule.

Section II - Financial Statement Findings

FINDING 2010-1, INTERNAL CONTROLS OVER FINANCIAL TRANSACTIONS AND REPORTING

Control activities were not selected and developed at various levels of the School Corporation to reduce risks to achievement of financial reporting objectives. The School Corporation has not separated incompatible activities related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to undetected.

Governmental units should have internal controls in effect which provide reasonable assurance regarding the reliability of financial information and records, effectiveness and efficiency of operations, proper execution of management's objectives, and compliance with laws and regulations. Among other things, segregation of duties, safeguarding controls over cash and all other assets and all forms of information processing are necessary for proper internal control. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9).

Section III – Federal Award Findings and Questioned Costs

FINDING 2010-2 INTERNAL CONTROL

Federal Agency: U.S. Department of Agriculture  
Pass-Through: Indiana Department of Education  
Federal Program: Child Nutrition Cluster – National School Lunch Program  
CFDA Number: 10.555

Federal funds received as, a part of the Child Nutrition Cluster are used to subsidize the cost of the school lunch program ran by the School Corporation. Financial accounting records for the lunch program are maintained in the School Corporation Business Office. Currently, due to the limited personnel in the School Corporation Business Office, the School Corporation has not separated incompatible actives related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to undetected.

Circular A133 Subpart C section .300 states in part: "The auditee shall: . . . (b) Maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

We recommended the School Corporation develop internal control procedures to properly segregate accounting activities in the business office.

FINDING 2010-3 INTERNAL CONTROL

Federal Agency: U.S. Department of Education  
Pass-Through: Indiana Department of Education  
Federal Program: Title I, Part A Cluster  
CFDA Number: 84.010

The financial records for federal funds received as part of Title I, Part A Cluster are maintained in the School Corporation Business Office. Currently, due to the limited personnel in the School Corporation Business Office, the School Corporation has not separated incompatible actives related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to undetected.

Circular A133 Subpart C section .300 states in part: "The auditee shall: . . . (b) Maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Federal Agency: U.S. Department of Education  
Pass-Through: Cooperative School Service for Education  
Federal Program: Special Education Grants to States, Recovery Act  
CFDA Number: 84.391

The financial records for federal funds received as part of Special Education Grants to States, Recovery Act are maintained in the School Corporation Business Office. Currently, due to the limited personnel in the School Corporation Business Office, the School Corporation has not separated incompatible actives related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to undetected.

Circular A133 Subpart C section .300 states in part: "The auditee shall: . . . (b) Maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

We recommended the School Corporation develop internal control procedures to properly segregate accounting activities in the business office.

FINDING 2010-5 INTERNAL CONTROL

Federal Agency: U.S. Department of Education  
Pass-Through: Indiana Department of Education  
Federal Program: State Fiscal Stabilization Fund-Education State Grants, Recovery Act  
CFDA Number: 84.394

The financial records for federal funds received as part of State Fiscal Stabilization Fund - Education State Grants, Recovery Act are maintained in the School Corporation Business Office. Currently, due to the limited personnel in the School Corporation Business Office, the School Corporation has not separated incompatible actives related to all areas of the financial statements. ## **CORRECTIVE ACTION PLAN**

December 15, 2010

### **Section II Findings**

#### **Federal Finding 2010-1, Internal Controls over Financial Transactions and Reporting**

Control activities should be selected and developed at various levels of the school corporation to reduce risks to the achievement of financial reporting objectives. The school corporation has not separated incompatible activities related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to go undetected.

Governmental units should have internal controls in effect which program reasonable assurance regarding the reliability of financial information and records, effectiveness and efficiency of operations, proper execution of management's objectives, and compliance with laws and regulations. Among other things, segregation of duties, safeguards controls over cash and all other assets and all forms of information processing are necessary for proper internal control. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9).

Corrective Action Plan: It has been duly noted by the management of Kankakee Valley School Corporation that the internal control procedures currently in place do not properly segregate accounting procedures because of the limited staff in the school business office. We understand the importance of segregation of duties and will develop procedures that further segregate accounting activities in order to be in compliance.

### **Section III Findings**

Federal Agency: U.S. Department of Agriculture  
Pass-Through: Indiana Department of Education  
Federal Program: Child Nutrition Cluster – National School Lunch Program  
CFDA No. 10.555

#### **Finding No. 2010-2, Internal Controls**

Control activities should be selected and developed at various levels of the school corporation to reduce risks to the achievement of financial reporting objectives. The school corporation has not separated incompatible activities related to all areas of the financial statements. The failure to establish these controls could enable material misstatements or irregularities to go undetected.

Among other things, segregation of duties, safeguards controls over cash and all other assets and all forms of information processing are necessary for proper internal control. (Accounting and Uniform Compliance Guidelines Manual for Indiana Public School Corporations, Chapter 9).

Corrective Action Plan:

1. An employee accepts and records all student deposits, this is her only responsibility.
2. The employees who man the cash stations do not take deposits. They are not allowed to count the cash in their drawers before turning them in.
3. The manager and one other employee reconcile the reports for each station to the cash turned in.
4. The director and assistant go to each school, the money is again counted and reconciled to each report.
5. The deposit ticket is then made out and the yellow copy left at each school until the director returns with the receipt.
6. The director then transports the daily receipts to the bank.
7. The assistant reconciles the bank statements each month.
