INDEPENDENT ACCOUNTANT'S REPORT

TO: THE OFFICIALS OF THE PERSHING TOWNSHIP FIRE  
PROTECTION DISTRICT, JACKSON COUNTY, INDIANA

We have examined the financial statement of the Pershing Township Fire Protection District (District), for the period of January 1, 2010 to December 31, 2010. The District's management is responsible for the financial statement. Our responsibility is to express an opinion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the financial statement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statements on the prescribed basis of accounting that demonstrates compliance with the reporting requirements established by the State Board of Accounts as allowed by state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The basis noted above is a different basis than that used in the prior year.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position and results of operations of the District for the year ended December 31, 2010, on the basis of accounting described in Note 1.

The Combining Schedule of Receipts, Disbursements, and Cash and Investment Balances – Regulatory Basis, as listed in the Table of Contents, is presented for additional analysis and is not a required part of the financial statement. This schedule has not been subjected to the examination procedures applied to the financial statement and, accordingly, we express no opinion on it.

The District's response to the Examination Result and Comment identified in our examination is described in the accompanying section of the report entitled Official Response. We did not examine the District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the District's management and the District Board, and is not intended to be and should not be used by anyone other than these specified parties. In accordance with Indiana Code 5-11-5-1, this report is a part of the public records of the State Board of Accounts and of the office examined.

## FINANCIAL STATEMENT

The financial statement and accompanying notes were approved by management of the District. The financial statement and notes are presented as intended by the District.

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
 STATEMENT OF RECEIPTS, DISBURSEMENTS, AND CASH AND INVESTMENT BALANCES -  
 REGULATORY BASIS  
 For The Year Ended December 31, 2010

	Cash and Investments 01-01-10	Receipts	Disbursements	Cash and Investments 12-31-10
General Fund	<u>\$ 107,160</u>	<u>\$ 94,396</u>	<u>\$ 45,048</u>	<u>\$ 156,508</u>

The notes to the financial statement are an integral part of this statement.

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENT

**Note 1. Summary of Significant Accounting Policies**

*A. Reporting Entity*

The District was established under the laws of the State of Indiana. The District operates under an appointed governing board.

The accompanying financial statement presents the financial information for the District (primary government), and does not include financial information for any of the District's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial information of the District (primary government).

*B. Basis of Accounting*

The financial statement is reported on a regulatory basis of accounting prescribed by the State Board of Accounts in accordance with state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when received and disbursements are recorded when paid.

The regulatory basis of accounting differs from accounting principles generally accepted in the United States of America in that receipts are recognized when received in cash, rather than when earned, and disbursements are recognized when paid, rather than when a liability is incurred.

*C. Cash and Investments*

Investments are stated at cost. Any changes in fair value of the investments are reported as receipts in the year of the sale of the investment.

*D. Receipts*

Receipts are presented in the aggregate on the face of the financial statement. The aggregate receipts may include, but are not limited to, the following sources:

Taxes which can include one or more of the following: property taxes, certified shares (local option tax), property tax replacement credit (local option tax), county option income tax, wheel tax, innkeepers tax, food and beverage tax, county economic development income tax, boat and trailer excise tax, county adjusted gross income tax, and other taxes that are set by the District.

Licenses and permits which include amounts received from businesses, occupations, or nonbusinesses that must be licensed before doing business within the government's jurisdiction or permits levied according to the benefits presumably conferred by the permit. Examples of licenses and permits include: peddler licenses, dog tax licenses, auctioneer license, building and planning permits, demolition permits, electrical permits, sign permits, and gun permits.

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENT  
(Continued)

Intergovernmental receipts which include receipts from other governments in the form of operating grants, entitlements, or payments in lieu of taxes. Examples of this type of receipts include, but are not limited to: federal grants, state grants, cigarette tax distributions received from the state, motor vehicle highway distribution received from the state, local road and street distribution received from the state, financial institution tax received from the state, auto excise surtax received from the state, commercial vehicle excise tax received from the state, major moves distributions received from the state, and riverboat receipts received from the county.

Charges for services which can include, but are not limited to the following: planning commission charges, building department charges, copies of public records, copy machine charges, accident report copies, gun permit applications, 911 telephone services, recycling fees, dog pound fees, emergency medical service fees, park rental fees, swimming pool receipts, cable tv receipts, ordinance violations, fines and fees, bond forfeitures, court costs, and court receipts.

Fines and forfeits which include receipts derived from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations (fines), and for the neglect of official duty and monies derived from confiscating deposits held as performance guarantees (forfeitures).

Other receipts which include amounts received from various sources which can include, but are not limited to the following: net proceeds from borrowings; interfund loan activity; transfers authorized by statute, ordinance, resolution, or court order; internal service receipts; and fiduciary receipts.

*E. Disbursements*

Disbursements are presented in the aggregate on the face of the financial statement. The aggregate disbursements may include, but are not limited to, the following uses:

Personal services include outflows for salaries, wages, and related employee benefits provided for all persons employed. In those units where sick leave, vacation leave, overtime compensation, and other such benefits are appropriated separately, such payments would also be included.

Supplies which include articles and commodities that are entirely consumed and materially altered when used and/or show rapid depreciation after use for a short period of time. Examples of supplies include office supplies, operating supplies, and repair and maintenance supplies.

Other services and charges which include, but are not limited to: professional services, communication and transportation, printing and advertising, insurance, utility services, repairs and maintenance, and rental charges.

Debt service principal and interest which include fixed obligations resulting from financial transactions previously entered into by the District. It includes all expenditures for the reduction of the principal and interest of the District's general obligation indebtedness.

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENT  
(Continued)

Capital outlay which include all outflows for land, infrastructure, buildings, improvements, and machinery and equipment having an appreciable and calculable period of usefulness.

Other disbursements which include, but are not limited to the following: interfund loan payments, loans made to other funds, internal service disbursements, and transfers out that are authorized by statute, ordinance, resolution, or court order.

*F. Interfund Transfers*

The District may, from time to time, transfer money from one fund to another. These transfers, if any, are included as a part of the receipts and disbursements of the affected funds and as a part of total receipts and disbursements. The transfers are used for cash flow purposes as provided by various statutory provisions.

*G. Fund Accounting*

Separate funds are established, maintained, and reported by the District. Each fund is used to account for money received from and used for specific sources and uses as determined by various regulations. Restrictions on some funds are set by statute while other funds are internally restricted by the District. The money accounted for in a specific fund may only be available for use for certain, legally restricted purposes. Additionally, some funds are used to account for assets held by the District in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units and therefore the funds cannot be used for any expenditures of the unit itself.

**Note 2. Budgets**

The operating budget is initially prepared and approved at the local level. The fiscal officer of the District submits a proposed operating budget to the governing board for the following calendar year. The budget is advertised as required by law. Prior to adopting the budget, the governing board conducts public hearings and obtains taxpayer comments. Prior to November 1, the governing board approves the budget for the next year. The budget for funds for which property taxes are levied or highway use taxes are received is subject to final approval by the Indiana Department of Local Government Finance.

**Note 3. Property Taxes**

Property taxes levied are collected by the County Treasurer and are scheduled to be distributed to the District in June and December; however, situations can arise which would delay the distributions. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100 percent of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which normally become delinquent if not paid by May 10 and November 10, respectively.

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENT  
(Continued)

**Note 4. *Deposits and Investments***

Deposits, made in accordance with state statute (IC 5-13), with financial institutions in the State of Indiana at year end should be entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

State statutes authorize the District to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

**Note 5. *Risk Management***

The District may be exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters.

These risks can be mitigated through the purchase of insurance, establishment of a self-insurance fund, and/or participation in a risk pool. The purchase of insurance transfers the risk to an independent third party. The establishment of a self-insurance fund allows the District to set aside money for claim settlements. The self-insurance fund would be included in the financial statements. The purpose of participation in a risk pool is to provide a medium for the funding and administration of the risks. These risks may also be mitigated by the District by recording as a disbursement and replacement items purchased.

## SUPPLEMENTARY INFORMATION – UNAUDITED

For additional financial information, the District's Annual Report can be found on the Indiana Transparency Portal website: [www.in.gov/itp/annual\\_reports/](http://www.in.gov/itp/annual_reports/).

Differences may be noted between the financial information presented in the financial statement contained in this report and the financial information presented in the Annual Report of the District which is referenced above. These differences, if any, are due to adjustments made to the financial information during the course of the examination. This is a common occurrence in any financial statement examination. The financial information presented in this report is examined information, and the accuracy of such information can be determined by reading the opinion given in the Independent Accountant's Report.

The supplementary information presented was approved by management of the District. It is presented as intended by the District.

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
EXAMINATION RESULT AND COMMENT

***ANNUAL FINANCIAL REPORT***

The 2010 Annual Financial Report for the District was not presented for examination. The Annual Financial Report provided consisted of the financial activity of Pershing Township Fire Department Inc. (Department). This report was filed by the Department in error on behalf of the District. Adjustments were made during the examination to appropriately present all financial activity on the District's financial statement.

Indiana Code 5-11-1-4(a) states:

"The state examiner shall require from every municipality and every state or local governmental unit, entity, or instrumentality financial reports covering the full period of each fiscal year. These reports shall be prepared, verified, and filed with the state examiner not later than sixty (60) days after the close of each fiscal year. The reports must be filed electronically, in a manner prescribed by the state examiner that is compatible with the technology employed by the political subdivision."

Officials and employees are required to use State Board of Accounts prescribed or approved forms in the manner prescribed. (Accounting and Uniform Compliance Guidelines Manual for Special Districts, Chapter 10)

PERSHING TOWNSHIP FIRE PROTECTION DISTRICT  
EXIT CONFERENCE

The contents of this report were discussed on October 6, 2011, with Reah D. Ault, Treasurer, and Vickie Fleetwood, Power of Attorney for Reah D. Ault. The Official Response has been made a part of this report and may be found on page 15.

To: State Board of Accounts

From: Pershing Township Fire Protection District  
PO Box 125  
Freetown, IN 472353

Date: October 6, 2011

Subject: Official Response

Per my telephone conversation with the Field Examiner on October 4, 2011 he had an annual report (2010) with incorrect information. After investigating he found that the Pershing Township Fire Department's information was on this report instead of the Pershing Township Fire Protection District. The Pershing Township Fire Protection District has never received a hard copy of this report nor any information regarding this report and has never entered any information on the State Board of Accounts website. The Field Examiner said, "This could be corrected one of two ways. He could download the form and adjust the form with the correct information, or the Pershing Township Fire Protection District's treasurer, Reah Ault (by P.O.A. Vickie Fleetwood), could download the form and enter the correct information." The Field Examiner suggested it would probably be easier for him to do this since he had the Pershing Township Fire Protection District's books at the time. He thought the Pershing Township Fire Department had entered their information under the wrong department. I, Vickie Fleetwood, spoke to Pershing Township Fire Department's treasurer, Kaleb McKinney, about this matter. His comments stated, he received an email from the State Board of Accounts and only had a few days to get the form filled out. He had never had to do this before. He is checking to see if he can provide Pershing Township Fire Protection District with a copy of this email.

Pershing Township Fire Protection District's Treasurer,

Reah D. Ault
