We have audited the financial statements of **Monument Lighthouse Charter School** (the "School") as of and for the year ended June 30, 2012 and have issued our report thereon dated October 29, 2012. As part of our audit, we tested the School's compliance with provisions of the Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools issued by the Indiana State Board of Accounts and related provisions of laws, regulations, contracts and grant agreements. Reported in the Audit Results and Comments are matters where we believe the School was not in compliance with those provisions.

Audit Results and Comments

Years Ended June 30, 2012 and 2011

CASH RECEIPTING AND DEPOSITING

In our audit, we examined records relating to cash receipts at the school pertaining to such items as uniform sales, student fees, fundraising, and field trips. From the records maintained at the school, it was not possible to trace transactions from the receipt records to bank deposits. A clear audit trail representing an accumulation of written receipts that combine to make up the bank deposit was not maintained. In addition, cash receipt books for the 2011-12 school year could not be located.

From our sample of 50 cash receipts transactions, we noted the following additional issues:

- Eighteen instances where the name of the payer was omitted.
- Four instances where the nature/purpose of the payment was omitted.
- Twelve instances where the form of payment (cash, check, etc.) was omitted.

All school corporation money must be deposited in the duly designated depository not later than the business day following the receipt of funds on business days of the depository designated in the same form in which the funds were received in accordance with IC 5-13-6-1. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 4)

The deposit ticket or attached documentation must provide a detailed listing of the deposit, which includes at a minimum, check numbers and corresponding names of payors. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 10)

Receipts shall be issued and recorded at the time of the transaction; for example, when cash or a check is received, a receipt is to be immediately prepared and given to the person making payment. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 8)

CAPITAL ASSETS

The School maintains a property record for accounting purposes, but this record does not include all assets in the possession of the School. A large number of assets with an initial cost of less than \$5,000 have been expensed in accordance with the School's accounting policies. A complete record of assets, whether capitalized or expensed, should be produced and maintained for disaster recovery purposes.

Every charter school must have a complete inventory of all capital assets owned which reflects their acquisition value. Such inventory must be recorded on the applicable Capital Assets Ledger. A complete inventory shall be taken for good internal control and for verifying account balances carried in the accounting records. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 15)

SCHOOL LUNCH ELIGIBILITY

In our audit sample of 15 students for the 2011-12 school year, we noted that the eligibility determination for 2 students determined to qualify for free meals could not be documented (a 13% error rate). In addition, evidence could not be provided for the 2010-11 school year or the 2011-12 school year to demonstrate that verification of income applications had been completed.

The results of test checks are to be reported to the Indiana Department of Education in accordance with 7CFR 245.6a...An error for purposes of the test-check is an approved application, attempted to be verified that cannot be verified by the program participants with requested income verification information (i.e., paycheck stub, W-2, etc.). (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 17)

Unless eligible for an alternative sample size under paragraph (d) of this section, the sample size for each local educational agency shall equal the lesser of:

- (i) Three (3) percent of all applications approved by the local educational agency for the school year, as of October 1 of the school year, selected from error prone applications; or
- (ii) 3,000 error prone applications approved by the local educational agency for the school year, as of October 1 of the school year. (7CFR 245.6a)

OFFICIAL RESPONSE for Monument Lighthouse Charter School

CASH RECEIPTING AND DEPOSITING

Audit comment: The school had instances where deposited items were not supported by individual receipts for sales to students of uniforms and collections from extra-curricular activities. It was noted that there were instances where issued receipts did not indicate the form of payment. It was also noted that receipt books could not be located.

School response: The school implemented change in May 2012 after another Lighthouse School's examination by the State Board of Accounts (SBOA). The school has implemented the following changes as commented on by the SBOA in relation to the SBOA's Extra-Curricular Accounts Manual:

- The school officer manager will be designated the Deputy Treasurer per the SBOA's Extra-Curricular Accounts manual and IC 20-41-1. The Deputy Treasurer will be bonded.
- The Deputy Treasurer will maintain control over the receipt books for student sales and Extra-Curricular Activities.
- The Deputy Treasurer will prepare and sign the extra-curricular receipts, noting the method of payment and retaining one copy for accounting and depositing and issuing the original receipt to the student. The accounting copy of the extra-curricular receipts will be retained with the deposit slip and the account entry receipt.
- Deputy Treasurers will maintain control over forms SA-8 which will be used by teachers or sponsors for collections in the classroom of extra-curricular activities. The teacher will complete the SA-8 and a listing of the students. The Deputy Treasurer will issue student receipts and retain one copy with the SA-8. The SA-8, listing and extra-curricular receipts will be retained with the deposit slip and the account entry receipt.
- Receipts will be deposited no later than the business day following the date of receipt. The name of the payer, the purpose of the receipt, and the form of payment and check number (if applicable) will be included in the receipt.
- Assistant treasurers will be deputized and bonded to assist in receipting. The treasurer's office will monitor bank transactions for daily deposits. Samples of deposits will be selected and analyzed to ensure compliance with policies and procedures. The results of this internal audit will be reviewed with the school's principals and regional superintendent.

CAPITAL ASSETS

Audit comment: The school maintains a property record for accounting purposes, but this record does not include all assets in the possession of the school. A large number of assets with an initial cost of less than \$5,000 have been expensed in accordance with the school's accounting policies. A complete record of assets, whether capitalized or expensed, should be produced and maintained for disaster recovery purposes.

School response: The school maintains a schedule for depreciation of capitalized fixed assets as described by the auditor's comment. The school also maintains a listing of all furniture and equipment on a data base using the software Trakker that notes the item, location and tag number. The asset data base is in the process of being updated for technology equipment which will include serial numbers in addition to tag numbers, location and user.

SCHOOL LUNCH ELIGIBILITY

Audit comment: There were instances noted by the auditor where eligibility status was not documented and no record that the verification process was completed.

School response: Improved monitoring will be implemented during the school year 2012-2013 including internal auditing and testing of the applications, and scheduling of the verification process.
