AUDIT RESULT AND COMMENT

INTERNAL CONTROLS

Internal controls over the receipting, disbursing, recording, and accounting for the financial activities were insufficient. Management of the Vigo County Title IV-D program has not established an effective internal control system for federal grant reporting. Controls are not in place to ensure that the reports submitted to the State for reimbursement and reporting are correct and reflective of the activity of the program. As a result, errors have not been identified and all necessary corrected reports have not been submitted to the State.

Governmental units should have internal controls in effect which provide reasonable assurance regarding the reliability of financial information and records, effectiveness and efficiency of operations, proper execution of management's objectives, and compliance with laws and regulations. Among other things, segregation of duties, safeguarding controls over cash and all other assets and all forms of information processing are necessary for proper internal control.
