INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
New Castle Housing Authority
New Castle, Indiana

We have audited the accompanying financial statements of the New Castle Housing Authority, Indiana, (Authority) as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the New Castle Housing Authority, Indiana, as of June 30, 2010, and the changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 17, 2011, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages ii to v is not a required part of the financial statements but is supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the remaining accompanying supplemental information including the Financial Data Schedule are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Management's Discussion and Analysis (MD&A)

June 30, 2010

(Unaudited)

The management of the New Castle Housing Authority (PHA) offers this narrative overview and analysis of its audited financial statements for fiscal year ended June 30, 2010. The goal is for the reader to better understand the Authority's financial activities and its overall financial position and to show whether current year revenues covered current year expenses and the extent to which the Authority has invested its capital assets. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements.

FINANCIAL HIGHLIGHTS:

- The assets of the PHA exceed its liabilities as of June 30, 2010 by \$4,463,645 (Net Assets).
- The PHA's investment in Capital Assets, net of related debt as of June 30, 2010 was \$4,046,692.
- The PHA's total revenue and contributions for the fiscal year end June 30, 2010 was \$2,254,201.
- The PHA's total expenses for the fiscal year end June 30, 2010 was \$2,207,992. Therefore, the PHA's revenues and contributions exceed its expenses by \$46,209.

OVERVIEW OF THE FINANCIAL STATEMENTS:

The following financial statements are included in this report:

- *Statement of Net Assets* - reports the Authority's current financial resources: its cash and other current assets, current and non-current liabilities and comparing those two elements, the resulting net assets of the PHA. A comparison between this year and the preceding year is also provided.
- *Statement of Revenue and Expenses and Change in Net Assets* - reports the PHA's various revenue and expenses and provides a comparison between this year and the preceding year.

ANALYSIS OF FINANCIAL STATEMENTS (CONTINUED):

Net assets may serve, over time, as a useful indicator of a government's financial position. As stated in the table on the previous page, assets exceeded liabilities by \$4,463,645 at the close of the year ended June 30, 2010 up from \$4,417,436 in 2009. The increase in net assets of \$46,209 was due to the gain in change in net assets for the year.

The unrestricted net assets were \$242,792 as of June 30, 2010. This amount may be used to meet the Authority's ongoing obligations. The Authority had \$174,161 of net assets classified as restricted that are subject to external restrictions on how they may be used. At the end of the current fiscal year, the Authority is able to report positive balances in all categories of net assets. The same situation held true for the prior fiscal year.

Management's Discussion and Analysis (MD&A) - Continued

ANALYSIS OF FINANCIAL STATEMENTS (CONTINUED):

Total revenues and contributions increased by \$13,686 due to increases in HUD operating grants and other income which were partially offset by decreases in rental revenue, capital contributions, interest income and gain on capitals. The increase in Housing and Urban Development (HUD) Operating Grants is primarily due the increase in operating subsidy for the Housing Choice Vouchers Program. Capital contributions decreased due to decreased expenditures in the Capital Fund Program. Interest income decreased due to falling interest rates. Other income increased primarily due to the reclass of other tenant charges.

Total expenses increased by \$171,088 due to increases in personal services, utilities, operations and maintenance, housing assistance payments, depreciation and other supplies and expenses, which were partially offset by decreases in non routine maintenance, insurance, payment in lieu of taxes and interest expense. The increase in personal services is due to benefits, audit fees and due to more office expenses. The increase in housing assistance payments is due to higher payments passed through to landlords for rent. The increase in depreciation is due to more fixed assets. The increase in operations and maintenance is due to more supplies and contract costs.

BUDGETARY HIGHLIGHTS:

Low Rent Public Housing (Operations Only)

The Board approved budget anticipated an operating gain of \$30,981. Actual result of operation was an operation income before depreciation of \$8,586, for a variance of \$22,395.

CAPITAL ASSETS & LONG-TERM DEBT ACTIVITY DURING THE YEAR:

Capital Assets - The New Castle Housing Authority's capital assets, as of June 30, 2010 amounts to \$4,173,008 (net of accumulated depreciation). The capital assets include land, buildings, improvements, equipment and construction in progress.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2010

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1b. Basis of Presentation (Continued)

Following is a description of the Authority's programs:

Program	Brief Description
Low Rent	Accounts for activities of the Public and Indian Housing program which HUD provides an annual subsidy to help public housing agencies (PHAs) pay some of the cost of operating and maintaining public housing units.
Housing Choice Vouchers	Accounts for activities of the Voucher program which assists very low-income families, the elderly, and the disabled to afford decent, safe and sanitary housing in the private market.
Capital Fund Program	Accounts for activities of the Capital Fund which provides funds to housing authorities to modernize public housing developments.
American Recovery and Reinvestment Act - Formula Capital Stimulus Grant	Accounts for activities of the Stimulus Grant Capital Fund which provides funds to housing authorities to modernize public housing developments with the emphasis on preservation and creation of jobs.

1c. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the financial statements, the "economic resources" measurement focus is used as follows:

- ▶ The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2010

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1c. Measurement Focus and Basis of Accounting (Continued)

Basis of Accounting

In the financial statements, the proprietary fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

1d. Assets, Liabilities, and Equity

Cash and Investments

For the purpose of the Statement of Net Assets, "cash and cash equivalents" includes all demand, savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less. For the purpose of the Statement of Cash Flows, "cash and cash equivalents" include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments are carried at fair value except for short-term U.S. Treasury obligations, if any, with a remaining maturity at the time of purchase of one year or less. Those investments, if any, are reported at amortized cost. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes 2b. and 3a.

Interprogram Receivables and Payables

During the course of operations, numerous transactions occur within individual programs that may result in amounts owed between these programs. Offsetting interprograms, if any, are eliminated for financial statement presentation.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Tenant accounts receivable, fraud recovery, accrued interest receivable and accounts receivable from U.S. Department of Housing and Urban Development compose the majority of receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Inventories

Inventories are valued at average cost, and consist of expendable supplies held for consumption. The cost of inventories are recorded as expenditures when consumed, rather than when purchased.

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1d. Assets, Liabilities, and Equity (Continued)

Budgets and Budgetary Accounting

The Authority adopts a formal operating budget each year for its operating programs and on a project length basis for its capital expenditures which are approved by the Board of Commissioners and submitted to the Department of Housing and Urban Development for their approval, if required.

Estimates and Assumptions

The Authority uses estimates and assumptions in preparing financial statements. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses.

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) is as follows:

In the financial statements, capital assets purchased or acquired with an original cost of \$100.00 or more are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense depending on the program where the asset is shown, in the Statement of Revenues, Expenses and Changes in Net Assets, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	40	years
Furniture, equipment and machinery - dwelling	10	years
Furniture, equipment and machinery - administration	3 - 10	years
Leasehold improvements	5 - 15	years

Restricted Assets

Restricted assets include cash and investments legally restricted as to their use. The primary restricted assets are related to Housing Choice Vouchers which is a HUD program.

June 30, 2010

NOTE 1 - Summary of Significant Accounting Policies (Continued)

1d. Assets, Liabilities, and Equity (Continued)

Compensated Absences

The Housing Authority's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as short-term and long-term liabilities based on historical trends. In accordance with the provisions of GASB Statement No. 16, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Equity Classifications

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets - Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

1e. Revenues, Expenditures, and Expenses

Operating Revenues and Expenses

Operating revenues and expenses are those that result from providing services and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

NOTE 2 - Stewardship, Compliance, and Accountability

The Authority and its component units, if any, are subject to various federal, state, and local laws and contractual regulations. An analysis of the Authority's compliance with significant laws and regulations and demonstration of its stewardship over Authority resources follows.

2a. Program Accounting Requirements

The Authority complies with all state and local laws and regulations requiring the use of separate programs. The programs used by the Authority are as follows:

Program	Required By
Public and Indian Housing	U.S. Department of Housing and Urban Development
Housing Choice Vouchers	U.S. Department of Housing and Urban Development
Capital Fund Program	U.S. Department of Housing and Urban Development
American Recovery and Reinvestment Act - Formula Capital Stimulus Grant	U.S. Department of Housing and Urban Development

2b. Deposits and Investments Laws and Regulations

In accordance with state law, all uninsured deposits of the Authority in financial institutions must be secured with acceptable collateral valued at the lower of market or par. All financial institutions pledging collateral to the Authority must have a written collateral agreement. As reflected in Note 3a., all deposits were fully insured or collateralized.

Investments of the Authority are limited by state law to the following:

- a. Direct obligations of the U.S. Government or its agencies or instrumentalities to which acceptable collateral is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral.

2c. Revenue Restrictions

The Authority has various restrictions placed over certain revenue sources. The primary restricted revenue sources include:

<i>Revenue Source</i>	<i>Legal Restrictions of Use</i>
Capital Fund Program	Modernization
American Recovery and Reinvestment Act - Formula Capital Stimulus Grant	Modernization/Job creation

For the year ended June 30, 2010, the Authority complied, in all material respects, with these revenue restrictions.

NOTE 3 - Detail Notes on Transaction Classes/Accounts

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues, and expenditures/expenses.

3a. Cash and Investments

Deposits

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it or the Authority will not be able to recover collateral securities in the possession of an outside party. As of June 30, 2010, the Authority's bank balances of \$329,630.86, of which, \$250,000.00 was insured by federal depository insurance and \$89,630.86 was collateralized with securities held by the pledging financial institutions in the Authority's name.

Investments

Custodial Credit Risk - Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2010, the Authority's investments were \$150,359.88. These investments were fully insured by federal depository insurance.

Credit Risk Investments, Concentrations of Credit Risk and Interest Rate Risk - Investments:

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Authority will minimize credit risk by reviewing the financial institutions with which the Authority will do business so that potential losses on individual securities will be minimized.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority has chosen longer term investments due to current favorable rates. Longer terms will minimize the adverse effect of possible future declining rates.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the Authority's investment in a single issuer.

4a. Employee Retirement Plan

The Public Employees' Retirement Fund (PERF) is an agent multiple-employers public employee retirement system and a defined benefit plan that acts as a common investment and administrative agent for the state and local governments in Indiana.

The Indiana Code, Title 5, Articles 10.2 and 10.3, amended only by Indiana General Assembly, identifies the benefit provisions and establishes the authority under which members and employers are obligated to contribute to the Plan.

The most recent actuarial valuation was completed using a valuation date of June 30, 2010 and census data as of July 1, 2010. All employees currently covered by the Plan's provisions are included in the census data. The valuation results were determined and are presented in accordance with GASB statements #25, #27, and #50. There is no relationship between the actuary and the Plan sponsor that may impair the objectivity of the valuation.

Included are the Annual Pension Cost and Net Pension Obligation as of June 30, 2010, the Three Year Trend Information, and the Required Supplementary Information with the Schedule of Funding Progress.

Actuarial Methods

Annual Funding

Actuarial Cost Method

Entry Age Normal - Level Percent of Payroll

Asset Valuation Method

4-year smoothing of gains/losses on market value

Entry Age Normal - Level Percent of Payroll

The normal cost is calculated separately for each active member and is equal to the level percentage of payroll needed as an annual contribution from entry age to retirement age to fund projected benefits. The actuarial accrued liability on any valuation date is the accumulated value of such normal costs from entry age to the valuation date.

Gains and losses occurring from census experience different than assumed, assumption changes, and benefit changes are amortized over a 30-year period with level payments each year. A new gain or loss base is established each year based on the additional gain or loss during that year and that bases is amortized over a new 30-year period. The purpose of the method is to give a smooth progression of the costs from year to year and, at the same time, provide for an orderly funding of the unfunded liabilities.

Summary of Major Actuarial Assumptions

Interest	7.00% (net of administrative and investment expenses).
Future Salary Increases	4.00% per year, based on PERF experience 2000-2005.
Cost of Living Increases	An increase of 1.00% (compounded) is assumed to be applied to the pension benefit each year following retirement. No increase is assumed to be applied to annuitized ASA balances.
Mortality	2008 IRS Static Mortality projected 5 years with scale AA.

Amount of Benefits

Normal Retirement	The normal retirement benefit is an annuity payable for life with 60 months guaranteed and is equal to 1.1 % of average monthly earnings* times years of creditable service earned.
Early Retirement	The early retirement benefit is the accrued retirement benefit determined as of the early retirement date and payable commencing at the normal retirement date. A participant may elect to have the benefit commence prior to normal retirement provided the benefit is reduced by 1/10% for each of the first 60 months and by 5/12% for each of the next 120 months that the benefit commencement date precedes the normal retirement date.
Late Retirement	The late retirement benefit is calculated in the same manner as the normal retirement benefit. Creditable service and earnings earned after normal retirement is included in the computation.
Disability Retirement	The disability retirement benefit is the accrued retirement benefit determined as of the disability date and payable commencing the month following disability date without reduction for early commencement.

* Average monthly earnings is the monthly average of earnings during the 20 quarters (in groups of 4 consecutive contribution quarters) preceding retirement that produce the highest such average. Earnings include basic salary, the member's 3% mandatory contribution paid by the employer, the member's salary reduction agreement under Section 125, 430(b) or 457 of the Internal Revenue Code, and up to \$2,000 of additional compensation received from the employer in anticipation of the member's termination or retirement.

Termination	The termination benefit is the accrued retirement benefit determined as of the termination date and payable commencing at 65. If the member has 15 or more years of creditable service, then the member may elect to receive a reduced early retirement benefit.
Pre-Retirement Death	The spouse or dependent beneficiary is entitled to receive the monthly life annuity under the assumption that the participant retired on the later of age 50 or the day before the date of death and elected the joint and full survivor option.
Employee Contributions	Each member is required to contribute to an employee annuity at the rate of 3% of pay (unless the employer has opted to make the contribution for the employee). These contributions are kept on deposit and credited with interest until such time as they are refunded or used to provide the annuity benefit at retirement.

The benefits provided by the Annuity Savings Account are in addition to the benefits provided by employer contributions.

4b. Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The Authority manages these various risks of loss as follows:

Type of Loss	Method Managed
a. Torts, errors and omissions	Purchased insurance with Pfenninger Agency, Inc.
b. Injuries to employees (workers' compensation)	Purchased insurance with Travelers Insurance Company; Claims are administered by The Pfenninger Agency, Inc.
c. Physical property loss and natural disasters	Purchased commercial insurance with \$1,000.00 deductibles.
d. Health and life	Purchased health insurance with Anthem - Blue Cross and Blue Shield; Life insurance is provided by Anthem - Blue Cross and Blue Shield.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Authority. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

4c. Economic Dependency

The New Castle Housing Authority receives a significant portion of its revenue from funds provided through Federal grants. The grant amounts are appropriated each year at the Federal level. The amount of the funds the Authority receives could be reduced significantly and have an adverse impact on its operations.

SECTION III
REPORTS ON COMPLIANCE
AND
ON INTERNAL CONTROL

**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed
in Accordance With *Government Auditing Standards***

Board of Commissioners
New Castle Housing Authority
New Castle, Indiana

We have audited the financial statements of the New Castle Housing Authority, Indiana, (Authority) as of and for the year ended June 30, 2010, and have issued our report thereon dated February 17, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

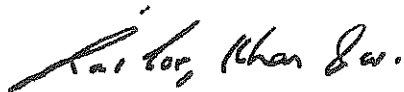

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Report on Compliance with Requirements That Could Have a Direct
and Material Effect on Each Major Program and on
Internal Control over Compliance in Accordance with OMB Circular A-133**

Board of Commissioners
New Castle Housing Authority
New Castle, Indiana

Compliance

We have audited the New Castle Housing Authority, Indiana, (Authority) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2010. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Authority's compliance with those requirements.

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

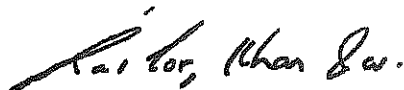

Internal Control Over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Authority's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the New Castle Housing Authority, Indiana's management, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
