Jasper County Hospital c/o Franciscan Alliance, Inc.
1701 South Creasy Lane
Lafayette, IN 47905

We have reviewed the audit report prepared by Blue & Co., LLC, Independent Public Accountants, for the period January 1, 2014 to December 31, 2014. In our opinion, the audit report was prepared in accordance with the guidelines established by the State Board of Accounts. Per the Independent Public Accountants' opinion, the financial statements included in the report present fairly the financial condition of the Jasper County Hospital, as of December 31, 2014 and the results of its operations for the period then ended, on the basis of accounting described in the report.

The Independent Public Accountants' report is filed with this letter in our office as a matter of public record.

We call your attention to the finding in the report classified as a material weakness and referenced in the Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*.

REPORT OF INDEPENDENT AUDITORS

Board of Trustees
Jasper County Hospital
Rensselaer, Indiana

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Jasper County Hospital (the Hospital), a component unit of Jasper County, Indiana, and its discretely presented component unit, which comprise the consolidated balance sheet as of December 31, 2014, and the related consolidated statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guidelines for Audits of County and City Hospitals by Independent Certified Public Accountants, issued by the Indiana State Board of Accounts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Hospital's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Hospital as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 1 to the consolidated financial statements, during 2014, the Hospital adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 69, Government Combinations and Disposals of Government Operations. Our opinions are not modified with respect to this matter.

Subsequent Event

As discussed in Note 16 to the consolidated financial statements, on June 8, 2015, the Hospital entered into an Agreement to sell substantially all of its assets in exchange for the purchaser assuming substantially all of the Hospital's liabilities. The anticipated closing date of the Agreement is August 31, 2015. Our opinion is not modified with respect to that matter.

Report on Summarized Comparative Information

We have previously audited the Hospital's 2013 consolidated financial statements and, our report dated, July 29, 2014, expressed an unmodified opinion on those consolidated financial statements. In our opinion, the summarized comparative financial information presented herein as of and for the year ended December 31, 2013, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic consolidated financial statements. Such information, although not a part of the basic consolidated financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic consolidated financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic consolidated financial statements, and other knowledge we obtained during our audit of the basic consolidated financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Trustees
Jasper County Hospital
Rensselaer, Indiana

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 25, 2015 on our consideration of the Hospital's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Hospital's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

JASPER COUNTY HOSPITAL

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2014

This section of Jasper County Hospital's (the Hospital) annual consolidated financial statements presents background information and management's discussion and analysis (MD&A) of the Hospital's consolidated financial performance during the year ended December 31, 2014. This MD&A also includes a discussion and analysis of the activities and results of the Hospital's Discrete Component Unit, Jasper County Hospital Foundation, Inc. (the Foundation). Please read it in conjunction with the Hospital's consolidated financial statements that follow this MD&A.

FINANCIAL HIGHLIGHTS

- The Hospital's total assets and deferred outflows decreased approximately \$2,257,000 or 6.1% during 2014. Total liabilities increased approximately \$1,636,000 or 6.9% during 2014.
- The Hospital's net position decreased approximately \$3,893,000 or 28.9% in 2014.
- The Hospital reported an operating loss of approximately \$3,350,000 for 2014, representing a change of approximately \$4,437,000 in comparison to operating income of approximately \$1,087,000 for 2013.
- The Hospital added capital assets, net of retirements, of approximately \$2,644,000 during 2014. Net additions and disposals combined with depreciation expense resulted in net capital assets decreasing approximately \$1,345,000 from 2013.
- The Hospital's long-term debt increased approximately \$1,087,000, net of principal payments, from 2013 as a result of capital leases entered into during 2014.
- The Hospital leases the operations of a long-term care facility. As a result of the lease agreement, the Hospital recognized approximately \$4,080,000 of additional gross patient service revenue related to long-term care.
- In June 2015, the Hospital entered into an Asset Purchase Agreement (Agreement) with Franciscan Alliance, Inc. Under the Agreement, the Hospital will transfer its assets and deferred outflows to Franciscan Alliance and Franciscan Alliance will assume the Hospital's obligations. The anticipated closing date of the transaction is August 31, 2015.

USING THIS ANNUAL REPORT

The Hospital's consolidated financial statements consist of three statements, a Balance Sheet; a Statement of Revenues, Expenses and of Changes in Net Position; and a Statement of Cash Flows. These consolidated financial statements and related notes provide information about the activities and the financial position of the Hospital.

JASPER COUNTY HOSPITAL

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2014

The Consolidated Balance Sheet includes all of the Hospital's assets, deferred outflows and liabilities and provides information about the nature and amounts of investments in resources (assets and deferred outflows) and the obligations to Hospital creditors (liabilities). All of the current year's revenue earned and expenses incurred are accounted for in the Consolidated Statement of Revenues, Expenses and Changes in Net Position.

Finally, the purpose of the Consolidated Statement of Cash Flows is to provide information about the Hospital's cash flows from operating activities, financing activities including capital additions, and investing activities. This statement provides information on the sources, uses and the changes in cash and cash equivalents balance during the year.

THE CONDENSED BALANCE SHEET AND STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

One of the most important questions asked about the Hospital's finances is, "Is the Hospital as a whole better or worse off as a result of the year's activities?" The consolidated balance sheet and the consolidated statement of revenues, expenses and changes in net position report information about the Hospital's resources and its activities in a way that helps answer this question. These consolidated statements include all restricted and unrestricted assets, deferred outflows and all liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two consolidated statements report the Hospital's net position and changes in it. The Hospital's net position is the difference between assets, deferred outflows and liabilities. It is one way to measure the Hospital's financial health, or financial position. Over time, increases or decreases in the Hospital's net position are one indicator of whether its financial health is improving or deteriorating. Consider other nonfinancial factors, however, such as changes in the Hospital's patient base and measures of the quality of service it provides to the community, as well as local economic factors to assess the overall health of the Hospital.

Table 1 – Condensed Consolidated Balance Sheet

The significant change in the Hospital's assets and deferred outflows was in current assets which decreased approximately \$2,777,000 in 2014 compared to 2013 as a result of a decrease in cash and investments that correspond to the operating loss for 2014. Total liabilities increased approximately \$1,636,000 in 2014 as cash flow was restricted due to the current year operating loss. Net position decreased by approximately \$3,893,000 from 2013 through 2014 due to a significant loss from operations.

JASPER COUNTY HOSPITAL

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2014

The following is a summary of the consolidated balance sheets:

	2014	2013	Change
Assets			
Current assets	\$ 10,487,873	\$ 13,264,494	\$ (2,776,621)

Current liabilities	\$ 9,970,160	\$ 8,798,051	\$ 1,172,109
Long-term debt	15,405,895	14,942,028	463,867
Total liabilities	<u>25,376,055</u>	<u>23,740,079</u>	<u>1,635,976</u>
Net position			
Net investment in capital assets	5,675,286	5,416,997	258,289
Restricted for debt service	1,021,353	1,191,609	(170,256)
Unrestricted	2,885,122	6,866,224	(3,981,102)
Total net position	<u>9,581,761</u>	<u>13,474,830</u>	<u>(3,893,069)</u>
Total liabilities and net position	<u>\$ 34,957,816</u>	<u>\$ 37,214,909</u>	<u>\$ (2,257,093)</u>

Table 2 – Condensed Consolidated Statement of Revenues, Expenses and Changes in Net Position

The Hospital's performance in 2014 was unfavorable with a negative return on equity of 33.8% compared to 2013 positive return of 4.2%. Total operating revenue decreased approximately \$5,943,000 as a result of decreased utilization.

Expenses decreased approximately \$1,507,000 between 2013 and 2014. Salaries, wages and benefits remained consistent between years as did professional fees and contract services. Supplies expense decreased approximately \$860,000 due to a decrease in volume. Depreciation and amortization expense increased approximately \$128,000 from 2013.

Nonoperating revenue (expense) remained relatively consistent from 2013 to 2014.

JASPER COUNTY HOSPITAL

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2014

The following is a summary of the consolidated statement of revenues, expenses and changes in net position:

	2014	2013	Change
Operating revenue			
Net patient service revenue	\$ 35,489,061	\$ 40,569,903	\$ (5,080,842)
Other operating revenue	1,154,971	2,017,210	(862,239)
Total operating revenue	36,644,032	42,587,113	(5,943,081)
Operating expenses			
Salaries and benefits	20,119,374	20,353,161	(233,787)
Professional fees and contract services	6,859,727	7,081,965	(222,238)
Supplies	4,908,283	5,768,029	(859,746)

Other	6,734,184	7,053,266	(319,082)
Total operating expenses	39,993,636	41,500,367	(1,506,731)
Operating income (loss)	(3,349,604)	1,086,746	(4,436,350)
Nonoperating revenue (expense), net	(543,465)	(530,026)	(13,439)
Change in net position	(3,893,069)	556,720	(4,449,789)
Net position			
Beginning of year	13,474,830	12,918,110	556,720
End of year	\$ 9,581,761	\$ 13,474,830	\$ (3,893,069)

Table 3 – Condensed Consolidated Statement of Cash Flows

The final required statement is the consolidated statement of cash flows. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities. It provides answers to such questions as “Where did cash come from?” “What was cash used for?” and “What was the change in cash balance during the reporting period?”

Total cash and cash equivalents decreased approximately \$2,322,000 during 2014. This is a change of approximately \$5,329,000 from 2013. Operating activities used cash and cash equivalents of approximately \$118,000 during 2014. Capital and related financing used cash and cash equivalents of approximately \$2,294,000 during 2014 mainly as the result of expenditures for equipment, debt service, net of additional long-term debt borrowings. Investing activities generated cash and cash equivalents of approximately \$90,000 in 2014.

JASPER COUNTY HOSPITAL

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2014

The following is a summary of cash flows for 2014 and 2013:

Cash flows	2014	2013	Change
From operating activities	\$ (117,790)	\$ 4,834,895	\$ (4,952,685)
From capital and related financing activities	(2,293,896)	(1,654,139)	(639,757)
From investing activities	89,794	(173,660)	263,454
Change in cash and cash equivalents	<u>\$ (2,321,892)</u>	<u>\$ 3,007,096</u>	<u>\$ (5,328,988)</u>

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

During 2014, the Hospital invested approximately \$2,644,000 in capital assets, net of asset disposals. Accumulated depreciation increased \$1,299,000, net of disposals. Capital assets are comprised of the following as of December 31, 2014 and 2013:

	2014	2013	Change
Land	\$ 53,965	\$ 53,965	\$ -0-
Land improvements	1,859,740	1,859,740	-0-
Buildings and improvements	22,511,009	22,511,009	-0-
Equipment	10,950,614	8,306,797	2,643,817
Total capital assets	35,375,328	32,731,511	2,643,817
Less accumulated depreciation	13,061,761	11,763,166	1,298,595
Capital assets, net	<u>\$ 22,313,567</u>	<u>\$ 20,968,345</u>	<u>\$ 1,345,222</u>

More detailed information about the Hospital's capital assets is presented in the notes to the consolidated financial statements

Long-Term Debt and Capital Leases

The Hospital has debt outstanding with the United States Department of Agriculture and capital lease obligations. Overall, debt and capital leases increased approximately \$1,087,000 from 2013 and 2014. More detailed information about the Hospital's long-term debt and capital leases is presented in the notes to the consolidated financial statements.

ECONOMIC OUTLOOK

Management believes that the health care industry's and the Hospital's operating margins will continue to be under pressure because of changes in payor mix and growth in operating expenses that are in excess of the increases in contractually arranged and legally established payments received for services rendered. Another factor that poses a challenge to management is the increasing competitive market for the delivery of health care services.

JASPER COUNTY HOSPITAL

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) DECEMBER 31, 2014

The ongoing challenge facing the Hospital is to continue to provide quality patient care in this competitive environment, and to attain reasonable rates for the services that are provided while managing costs. The most significant cost factor affecting the Hospital is the increases in labor costs due to the increasing competition for quality health care workers. Uncompensated care is also a significant factor on the Hospital's margin.

CONTACTING HOSPITAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, patients, and other interested parties with a general overview of the Hospital's financial condition. If you have any questions about this report, you may contact the Hospital's Administrative offices at 1104 East Grace Street, Rensselaer, Indiana 47978.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

1. SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Jasper County Hospital (the Hospital) is a county-owned facility and operates under the Indiana County Hospital Law, Indiana Code (IC) 16-22. The Hospital provides short-term inpatient, outpatient and long-term health care. The Board of County Commissioners of Jasper County appoints the Governing Board of the Hospital and a financial benefit/burden relationship exists between the County and the Hospital. For these reasons, the Hospital is considered a component unit of Jasper County Indiana (the County).

The consolidated financial statements of Hospital are intended to present the financial position, the changes in financial position and cash flows of only that portion of the business-type activities of the County that is attributable to the transactions of the Hospital. They do not purport to, and do not, present fairly the financial position of the County as of December 31, 2014, and the changes in its financial position or its cash flows for the year then ended.

Discrete Component Units

Discretely presented component units are involved in activities of an operational nature independent from the government; their transactions are reported in a separate column in the consolidated financial statements to emphasize they are legally separate from the primary government. They are financially accountable to the primary government, or have relationships with the primary government such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Jasper County Foundation, Inc. (the Foundation) is considered a discrete component unit for reporting purposes. All significant transactions between the Hospital and the Foundation have been eliminated for financial reporting purposes. The financial statements of the Foundation may be obtained from the Treasurer's office at 1104 East Grace Street, Rensselaer, Indiana 47978.

Long-Term Care Services

The Hospital leases a long-term care facility to provide inpatient, therapy and other related long-term care services to its patients. The Hospital provides these services through a purchased service agreement with a long-term care vendor.

The lease and purchased service agreements expire in October 2016. The terms of the agreements may be renewed at the end of each term for an additional period of two years. All parties involved can terminate the agreements without cause with 90 days written notice.

Use of Estimates

The preparation of the consolidated financial statements include only the financial position, results of operations, changes in net position and cash flows of the Hospital in conformity with accounting principles generally accepted in the United States of America. The consolidated financial statements require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

Enterprise Fund Accounting

The Hospital utilizes the enterprise fund method of accounting whereby revenues and expenses are recognized on the accrual basis. Substantially all revenues and expenses are subject to accrual.

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits and investments in highly liquid debt instruments with an original maturity date of three months or less. The Hospital maintains its cash in accounts, which at times, may exceed federally insured limits. The Hospital has not experienced any losses in such accounts. The Hospital believes that it is not exposed to any significant credit risk on cash and cash equivalents.

Investments

Investments consist of mutual funds held by the Foundation. Investments are stated at fair value in the consolidated financial statements. Investment interest, dividends, gains and losses, both realized and unrealized are included in nonoperating revenues (expenses) in the consolidated statement of revenues, expenses and changes in net position.

Patient Accounts Receivable and Net Patient Service Revenue

Patient revenues and the related accounts receivable are recorded at the time services to patients are performed. The Hospital is a provider of services to patients entitled to coverage under Titles XVIII and XIX of the Health Insurance Act (Medicare and Medicaid). The Hospital was granted Critical Access Status by Medicare and is paid for Medicare services based upon a cost reimbursement methodology. The Hospital is reimbursed for cost reimbursable items at an interim rate, with final settlement determined after submission of annual cost reports. Differences between the total program billed charges and the payments received are reflected as deductions from revenue. At the Hospital's year-end, a cost report is filed with the Medicare program computing reimbursement amounts related to Medicare patients. The difference between computed reimbursement and interim reimbursement is reflected as a receivable from or payable to the third-party program. These programs have audited the year-end cost report filed with the Medicare program through December 31, 2012 with differences reflected as deductions from revenue in the year the cost report is settled. Amounts for unresolved cost reports for 2013 through 2014 are reflected in estimated third-party settlements on the consolidated balance sheets. During 2014, the Hospital recognized a decrease of approximately \$53,000 in net patient service revenue in the consolidated statement of revenues, expenses and changes in net position due to the differences between original estimates and subsequent revisions for the final settlement of cost reports. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. Although these audits may result in some changes in these amounts, they are not expected to have a material effect on the accompanying consolidated financial statements.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2014

The Hospital has entered into agreements with certain commercial carriers. Reimbursement for services under these agreements includes discounts from established charges and other payment methodologies. Patient charges under these programs, on which no interim payments have been received, are included in patient accounts receivable at the estimated net realizable value of such charges.

Management estimates an allowance for uncollectible patient accounts receivable based on an evaluation of historical losses, current economic conditions, and other factors unique to the Hospital's customer base.

Inventory and Other Current Assets

Inventory is valued at the lower of cost or market with cost being determined on the first-in, first-out (FIFO) method. Inventory consists of medical supplies and pharmaceuticals. Other current assets consist of other receivables and various other current items related to long-term care operations. These assets are classified as current as they are expected to be utilized during the next fiscal year.

Assets Whose Use is Limited

Assets whose use is limited are stated at fair value in the consolidated financial statements. These assets include investments designated by the Hospital Board for internal purposes such as funded depreciation and investments restricted for debt service. These investments consist of cash and cash equivalents. Investment income is reported as nonoperating revenue in the consolidated statement of revenues, expenses and changes in net position.

Capital Assets

Capital assets, which include land, land improvements, buildings and improvements, and equipment, are reported at historical cost. Contributed or donated assets are reported at estimated fair value at the time received. Capital assets under capital lease obligations are amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the consolidated financial statements.

The capitalization threshold (the dollar values above which asset acquisitions are added to the capital asset accounts) is \$2,500 per item. Depreciation is calculated on the straight-line method over the estimated useful lives of capital assets which range from 5-40 years. A mid-year convention is used for calculating depreciation of capital assets. For depreciated assets, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

New Standards Implementation

During 2014, the Hospital implemented GASB Statement No. 69, Government Combinations and Disposals of Government Operations. This Statement was issued in January 2013 and became effective for government combinations and disposals of government operations occurring financial reporting periods for periods beginning after December 15, 2013. This Statement established accounting and financial reporting standards related to government combinations (mergers, acquisitions, and transfers of operations) and disposal of government operations. The disclosures required by this Statement enable the financial statement users to evaluate the nature and financial effects of those transactions. Goodwill created through a government acquisition is to be reported as a deferred outflow of resources and recognized as a component of depreciation and amortization expense attributed to future periods in a systematic and rational manner, considering the relevant circumstances of the acquisition. As a result of implementation of this Statement, approximately \$323,000 as of December 31, 2014 was reclassified from other assets to deferred outflows.

Deferred Outflows

Deferred outflows consist of goodwill resulting from an acquisition of a health care entity in 1997. Goodwill is amortized over 40 years. The original cost of the goodwill was approximately \$575,000. Accumulated amortization of approximately \$252,000 has been recorded for a net carry value of approximately \$323,000 as of December 31, 2014. The Hospital expects to recognize amortization expense of approximately \$14,000 annually over the remaining life of the goodwill.

Costs of Borrowing

Except for capital assets acquired through gifts, contributions, or capital grants, interest cost on borrowed funds during the period of construction of capital assets are capitalized as a component of the cost of acquiring those assets. During 2014, no interest was capitalized.

Net Position

The net position of the Hospital is classified into three components. Net investment in capital assets represents capital assets net of accumulated depreciation and reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. Restricted expendable net position is the assets that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Hospital. Unrestricted net position is the remaining assets that do not meet the definition of invested in capital assets net of related debt or restricted.

Consolidated Statements of Revenues, Expenses and Changes in Net Position

The Hospital's consolidated statement of revenues, expenses and changes in net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services, the Hospital's principal activity. Nonoperating revenue includes contributions received for purposes other than capital asset acquisition, and other nonoperating activities and are reported as nonoperating revenue. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

Grants and Contributions

From time to time, the Hospital receives contributions from individuals and private organizations. Revenues from grants and contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements are met. Grants and contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as nonoperating revenue. Amounts, if any, restricted to capital acquisitions are reported as nonoperating revenue and expense.

Charity Care

The Hospital provides care without charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy on a sliding scale on the basis of financial need. Because the Hospital does not pursue collection of approved charity care balances, the charges are not reflected in net revenue. Rather, charges approved for charity are posted to gross revenue and subsequently written off as a charity adjustment before the resulting net patient service revenue.

Of the Hospital's total expenses reported within the consolidated statement of revenue and expenses, an estimated \$94,000 arose from providing services to charity patients. The estimated costs of providing charity services are based on a calculation which applies a ratio of costs to charges to the gross uncompensated charges associated with providing care to charity patients. The ratio of cost to charges is calculated based on the Hospital's total expenses including interest expense to gross patient service revenue.

Electronic Health Records (EHR) Incentive Payments

The Hospital receives EHR incentive payments under the Medicare and Medicaid programs. To qualify for the EHR incentive payments, the Hospital must meet "meaningful use" criteria that become more stringent over time. The Hospital periodically submits and attests to its use of certified EHR technology, satisfaction of meaningful use objectives, and various patient data. These submissions generally include performance measures for each annual EHR reporting period (Federal fiscal year ending September 30).

The related EHR incentive payments are paid out over a four year transition schedule and are based upon data that is captured in the Hospital's cost reports. For Critical Access Hospitals, the payment calculation is based upon the net book value of the qualifying assets multiplied by the Medicare utilization using Medicare to total inpatient days plus 20%, not to exceed 100%. The total days are multiplied by a factor of total charges excluding charity care to total charges. Critical Access Hospitals can be reimbursed over a four year period for additional qualifying assets not claimed in the first year. The transitional factor ranges from 100% in first payment year and decreases by 25% each payment year until it is completely phased out in the fifth year.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

The Hospital recognizes EHR incentive payments as grant income, under the ratable recognition method, when there is reasonable assurance that the Hospital will comply with the conditions of the meaningful use objectives and any other specific contract requirements. In addition, the consolidated financial statement effects of the revenue must be both recognizable and measurable. During 2014, the Hospital recognized approximately \$244,000 in EHR incentive payments as grant income. EHR incentive revenue is included in other operating revenue in the consolidated statement of revenues, expenses and changes in net position.

EHR incentive income recognized is based on management's estimate and amounts are subject to change, with such changes impacting operations in the period the changes occur.

Receipt of these funds is subject to the fulfillment of certain obligations by the Hospital as prescribed by the programs, subject to future audits and may be subject to repayment upon a determination of noncompliance.

Advertising and Community Relations

The Hospital expenses advertising and community relations costs as they are incurred. Total advertising and community relations expense for 2014 was approximately \$45,000.

Compensated Absences

The Hospital's employees earn time off at varying rates depending on years of service under separate policies for sick and vacation leaves. The estimated amount of unused time off is reported as a liability within the accrued salaries and related liabilities on the consolidated balance sheet.

Income Taxes

The Hospital is a governmental instrumentality organized under Title 16, Article 12, of the Indiana statutes. The Hospital is generally exempt from federal income tax under Section 115 of the Internal Revenue Code (IRC) of 1986. As a governmental entity under Section 115 of the IRC, the Hospital is not required to file Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only.

The Foundation is a tax-exempt organization under Internal Revenue Code 501(c)(3). As such, the Foundation is generally exempt from income taxes. However, the Foundation is required to file Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Hospital and Foundation and recognize a tax liability if the Hospital and Foundation have taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Hospital and the Foundation and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying consolidated financial statements.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

The Foundation has filed its federal and state income tax returns for periods through December 31, 2013. These income tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions). The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risk Management

The Hospital is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters.

The Hospital is involved in litigation arising in the normal course of business. After consultation with legal counsel, management estimates that any matters will be resolved without material adverse effect on the Hospital's future financial position, results from operations or cash flows.

Subsequent Events

The Hospital evaluated events or transactions occurring subsequent to the consolidated balance sheet date for recognition and disclosure in the accompanying consolidated financial statements through the date the consolidated financial statements are available to be issued which is August 25, 2015.

2. INVESTMENTS

Investments consist of mutual funds reported at fair value of approximately \$974,000 as of December 31, 2014.

3. ASSETS WHOSE USE IS LIMITED

Assets whose use is limited consist of cash and cash equivalent and are designated as follows:

Internally designated - Amounts transferred by the Hospital's Board of Trustees through funding depreciation expense. Such amounts are to be used for equipment and building, remodeling, repairing, replacing or making additions to the Hospital buildings as authorized by IC 16-22-3-13.

Restricted for debt service - Hospital funds deposited with a trustee and limited as to use in accordance with the requirements of a trust indenture for debt service.

4. DEPOSITS AND INVESTMENTS

Deposits with financial institutions in the State of Indiana at year end were entirely insured by the Federal Deposit Insurance Corporation or by the Indiana Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

Investments are carried at fair market value. Net realized gains and losses on security transactions are determined on the specific identification cost basis.

As of December 31, 2014, the Hospital, through the Foundation, had the following investments and maturities, all of which were held in the Foundation's name by custodial banks that are agents of the Foundation:

	Investment Maturities (in years)				
	Carrying Amount	Less than 1	1-5	6-10	More than 10
Mutual funds	\$ 974,031	\$ 974,031	\$ -0-	\$ -0-	\$ -0-

Interest rate risk – The Hospital does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates.

Credit risk – Statutes authorize the Hospital to invest in interest bearing deposit accounts, passbook savings accounts, certificates of deposit, money market deposit accounts, mutual funds, pooled fund investments, securities backed by the full faith and credit of the U.S. Treasury and repurchase agreements. The statutes require that repurchase agreements be fully collateralized by U.S. Government or U.S. Government Agency obligations.

Concentration of credit risk – The Hospital maintains its investments, which at times may exceed federally insured limits. The Hospital has not experienced any losses in such accounts. The Hospital believes that it is not exposed to any significant credit risk on investments. Deposits consist of the following as of December 31, 2014:

Carrying amount	
Deposits	\$ 4,519,108
Investments	974,031
	<u>\$ 5,493,139</u>
Included in the balance sheet captions	
Cash and cash equivalents	\$ 2,686,169
Investments	974,031
Internally designated	811,586
Restricted for debt service	1,021,353
	<u>\$ 5,493,139</u>

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Hospital has the ability to access.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Hospital are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Hospital are deemed to be actively traded.

The following table sets forth by level, within the hierarchy, the Hospital's assets and liabilities measured at fair value on a recurring basis as of December 31, 2014.

	Total	Level 1	Level 2	Level 3
Assets				
Investments				
Mutual funds				
Mid cap	\$ 88,989	\$ 88,989	\$ -0-	\$ -0-
Large cap	329,331	329,331	-0-	-0-
Small cap	29,763	29,763	-0-	-0-
International and global	190,481	190,481	-0-	-0-
Fixed income	335,467	335,467	-0-	-0-
Total investments	<u>\$ 974,031</u>	<u>\$ 974,031</u>	<u>\$ -0-</u>	<u>\$ -0-</u>

The Hospital's policy is to recognize transfers between levels as of the end of the reporting period. There were no transfers during 2014.

Realized gains (losses) are included in earnings are reported in the consolidated statement of revenues, expenses and changes in net position as a component of investment income. There were no realized gains (losses) recorded in 2014. Gains of approximately \$32,000 included in earnings for 2014 are attributable to the change in unrealized gains relating to assets held as of December 31, 2014 and are reported in the consolidated statement of revenues, expenses and changes in net position as a component of investment income.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

The Hospital holds investments which are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the amounts reported in the accompanying consolidated financial statements.

6. ACCOUNTS RECEIVABLE AND ACCOUNTS PAYABLE

Patient accounts receivable and accounts payable (including accrued expenses) reported as current assets and liabilities by the Hospital consisted of the following amounts as of December 31, 2014:

Patient accounts receivable	
Receivable from patients and insurance carriers	\$ 6,495,712
Receivable from Medicare	2,227,101
Receivable from Medicaid	556,775
Receivable from long-term care services	<u>294,373</u>
Total patient accounts receivable	9,573,961
Less allowances for contractual agreements and uncollectible amounts	<u>4,649,710</u>
Patient accounts receivable, net	<u><u>\$ 4,924,251</u></u>
Accounts payable and accrued salaries	
Payable to employees and related liabilities	\$ 2,095,248
Payable to suppliers and others	<u>6,342,526</u>
Total accounts payable and accrued salaries	<u><u>\$ 8,437,774</u></u>

7. CAPITAL ASSETS

Capital asset activity for 2014 is as follows:

	December 31, 2013	Additions	Disposals	Transfers	December 31, 2014
Land	\$ 53,965	\$ -0-	\$ -0-	\$ -0-	\$ 53,965
Land improvements	1,859,740	-0-	-0-	-0-	1,859,740
Buildings and improvements	22,511,009	-0-	-0-	-0-	22,511,009
Equipment	8,306,797	2,712,969	(69,152)	-0-	10,950,614
Total	32,731,511	2,712,969	(69,152)	-0-	35,375,328
Accumulated depreciation	11,763,166	1,367,747	(69,152)	-0-	13,061,761
Net capital assets	<u>\$ 20,968,345</u>	<u>\$ 1,345,222</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ 22,313,567</u>

There were no significant remaining commitments for capital assets as of December 31, 2014.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

8. LONG-TERM DEBT

In 2010, the Hospital entered into a long-term debt arrangement with the United States Department of Agriculture (USDA) in order to finance a construction/renovation project primarily related to the Hospital's main building. The USDA loan matures in 2050, is due in semi-annual installments of approximately \$386,000 which includes principal and interest, at a fixed rate of 4.125%. The USDA loan is secured by Hospital revenues.

The Hospital also has various capital lease obligations with interest rates ranging from approximately 4% to 10% executed for property and equipment and are due at various times through 2019. Amounts are due in monthly installments ranging from approximately \$1,000 to \$20,000, including interest and are collateralized by equipment with net book values of approximately \$2,800,000 as of December 31, 2014.

Notes payable, due in March 2015, bear interest at 6.3% and are unsecured.

A schedule of changes in the Hospital's long-term debt for 2014 follows:

	December 31, 2013	Additions	Payments	December 31, 2014	Current portion
USDA loan payable	\$ 14,435,189	\$ -0-	\$ (178,000)	\$ 14,257,189	\$ 186,000
Notes payable	57,957	352,326	(346,224)	64,059	64,059
Capital leases	1,058,202	1,932,846	(674,015)	2,317,033	982,327
Total long-term debt	<u>\$ 15,551,348</u>	<u>\$ 2,285,172</u>	<u>\$ (1,198,239)</u>	<u>\$ 16,638,281</u>	<u>\$ 1,232,386</u>

Scheduled principal and interest payments on long-term debt are as follows:

Year Ending December 31,	Principal			Total Principal	Interest	Total
	USDA	Notes Payable	Capital Leases			
2015	\$ 186,000	\$ 64,059	\$ 982,327	\$ 1,232,386	\$ 664,798	\$ 1,897,184
2016	192,000	-0-	863,537	1,055,537	647,560	1,703,097
2017	200,000	-0-	428,356	628,356	604,725	1,233,081
2018	210,000	-0-	35,597	245,597	564,969	810,566
2019	218,000	-0-	7,216	225,216	553,954	779,170
2020-2024	1,233,000	-0-	-0-	1,233,000	2,622,920	3,855,920
2025-2029	1,516,000	-0-	-0-	1,516,000	2,343,245	3,859,245
2030-2034	1,855,000	-0-	-0-	1,855,000	2,000,375	3,855,375
2035-2039	2,276,000	-0-	-0-	2,276,000	1,580,120	3,856,120
2040-2044	2,791,000	-0-	-0-	2,791,000	1,064,763	3,855,763
2045-2049	3,424,000	-0-	-0-	3,424,000	432,504	3,856,504
2050	156,189	-0-	-0-	156,189	3,221	159,410
	<u>\$ 14,257,189</u>	<u>\$ 64,059</u>	<u>\$ 2,317,033</u>	<u>\$ 16,638,281</u>	<u>\$ 13,083,155</u>	<u>\$ 29,721,436</u>

The cost and accumulated depreciation of assets under capital leases included in property and equipment as of December 31, 2014 are as follows:

Equipment	\$ 3,732,844
Accumulated depreciation	868,487
	<u>\$ 2,864,357</u>

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

9. OPERATING LEASES

The Hospital has multiple operating leases expiring at various times through 2018. Leases that do not meet the criteria for capitalization are classified as operating leases with related rentals charged to operating expense as incurred. Total facility and equipment lease expense, including cancelable and non-cancelable leases, for 2014 was approximately \$2,655,000.

Minimum lease payments for non-cancellable leases for the years ending subsequent to December 31, 2014 are as follows:

<u>Year Ending December 31,</u>	
2015	\$ 1,067,049
2016	867,236
2017	469,291
2018	37,251
2019	7,028
	<u>\$ 2,447,855</u>

Rent expense for facilities and equipment under the long-term care leases discussed in Note 1 was approximately \$230,000 for 2014. Annual rent expense through 2016 will approximate \$230,000 under these leases.

10. PATIENT SERVICE REVENUE

The Hospital has agreements with third-party payors that provide for reimbursement to the Hospital at amounts different from its established rates. Estimated contractual adjustments under third-party reimbursement programs represent the difference between the Hospital's billings at standard rates and amounts reimbursed by third-party payors. They also include any differences between estimated third-party reimbursement settlements for prior years and subsequent final settlements. A summary of the reimbursement arrangements with major third-party payors is as follows:

Medicare

The Hospital is a provider of services to patients entitled to coverage under Titles XVIII and XIX of the Health Insurance Act (Medicare and Medicaid). The Hospital was granted Critical Access Status by Medicare and is paid for Medicare services based upon a cost reimbursement methodology. The Hospital is reimbursed for cost reimbursable items at an interim rate, with final settlement determined after submission of annual cost reports. Differences between the total program billed charges and the payments received are reflected as deductions from revenue. At the Hospital's year-end, a cost report is filed with the Medicare program computing reimbursement amounts related to Medicare patients.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

Medicaid and the Hospital Assessment Fee Program

The Hospital is reimbursed for Medicaid inpatient services under a prospectively determined rate-per-discharge and is not subject to retroactive adjustment. The differences between standard charges and reimbursement from these programs are recorded as contractual adjustments. Reimbursement for Medicaid outpatient services is based on predetermined rates, and is not subject to retroactive cost based settlements.

In 2012, Hospital Assessment Fee (HAF) Program was approved by Centers for Medicare & Medicaid Services (CMS). The purpose of the HAF Program is to fund the State share of enhanced Medicaid payments and Medicaid Disproportionate Share (DSH) payments for Indiana hospitals. Previously, the State share was funded by governmental entities through intergovernmental transfers. The Medicaid enhanced payments relate to both fee for service and managed care claims. The Medicaid enhanced payments are designed to follow the patients and result in increased Medicaid rates.

During 2014, the Hospital recognized HAF Program expense of approximately \$1,133,000. The HAF Program expense is included in operating expenses in the consolidated statement of revenues and expenses and changes in net position. The Medicaid rate increases under the HAF Program are included in net patient service revenue in the consolidated statement of revenues, expenses and changes in net position. The HAF Program was approved for extension through June 30, 2017.

As a governmental entity, the Hospital is also eligible for the Indiana Medicaid Supplemental programs including Medicaid DSH and Municipal Upper Payment Limit programs. The Hospital recognized reimbursement from these programs within net patient revenue of approximately \$767,000 during 2014. These programs are administered by the State of Indiana, but rely on Federal funding.

Other Payors

The Hospital also has entered into payment agreements with certain commercial insurance carriers and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Net patient service revenue for 2014 consists of the following:

Inpatient services	\$ 12,308,559
Outpatient services	38,777,194
Long-term care services	4,080,130
Gross patient service revenue	<u>55,165,883</u>
Contractual allowances	14,710,096
Provision for bad debts	4,835,816
Charity care	130,910
Deductions from revenue	<u>19,676,822</u>
Net patient service revenue	<u>\$ 35,489,061</u>

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

11. EMPLOYEE HEALTH PLAN

The Hospital is self-insured for employee health claims. The Hospital has chosen to establish a risk financing fund for risks associated with medical benefits to employees. An excess policy through commercial insurance generally covers individual claims in excess of \$80,000 per year with an overall aggregate of approximately \$3,200,000.

Claim expenditures and liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported (IBNR).

Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amounts of payouts and other economic and social factors. Health insurance expense for 2014 was approximately \$2,309,000.

Changes in IBNR for 2014 are as follows:

Unpaid claims, beginning of year	\$ 310,437
Incurred claims and changes in estimates	2,309,084
Claim payments	<u>(2,391,229)</u>
Unpaid claims, end of year	<u>\$ 228,292</u>

12. RISK MANAGEMENT

The Indiana Medical Malpractice Act (the Act) provides for a maximum recovery of \$1,250,000 per claim (\$7,500,000 annual aggregate) for professional liability, \$250,000 of which would be paid through the Hospital's malpractice insurance coverage and the balance would be paid by the State of Indiana Patient Compensation Fund. The Hospital is insured against medical malpractice claims under a claims-made basis policy, whereby claims resulting from incidents that occur and are reported to the insurance carrier during the policy term are covered. Under the terms of the policy, the Hospital bears the risk of the ultimate costs of any individual claims exceeding \$250,000 or aggregate claims exceeding \$5,000,000, for claims asserted in the policy year. In addition, the Hospital has an umbrella policy with an additional \$5,000,000 of coverage.

13. CONCENTRATIONS OF CREDIT RISK

The Hospital is primarily located in Rensselaer, Indiana. The Hospital grants credit without collateral to its patients, most of who are local residents and are insured under third-party payor agreements.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

The mix of gross patient accounts receivable and gross patient revenues from self-pay and third party payors as of and for the year ended December 31, 2014 was as follows:

	Receivables	Revenue
Medicare	27%	50%
Medicaid	8%	12%
Blue Cross	6%	16%
Commercial and other payors	14%	12%
Self-pay payors	45%	10%
	<u>100%</u>	<u>100%</u>

14. PENSION PLAN

Plan Description

The Hospital has a defined contribution pension plan, Jasper County Hospital Money Purchase Pension Trust (the Plan) for employees that meet certain eligibility requirements. The Plan provides retirement benefits to Plan members. The Plan was established by written agreement between the Board of Trustees and the Plan administrator, Lincoln National Life Insurance Company. Reports of the Plan are available by contacting the Hospital's accounting department.

Funding Policy

The contribution requirements of Plan members are established by the written agreement between the Board of Trustees and the Plan administrator. Plan members are not required to contribute to the Plan. The current employer contribution rate is 2.5% of an eligible employee's first \$50,000 in wages and 5.0% on all wages above \$50,000 up to the maximum allowed by the Internal Revenue Service. Pension expense for 2014 was approximately \$343,000.

15. COMMITMENTS AND CONTINGENCIES

Subsequent to December 31, 2014, the Hospital entered into a contingent settlement agreement with a vendor related to certain equipment leases and contracts for professional services. The settlement is contingent upon the anticipated closing of the Asset Purchase Agreement between the Hospital, Franciscan Healthcare – Jasper County, Indiana, Inc. and Franciscan Alliance, Inc. The anticipated closing date for the Asset Purchase Agreement is scheduled for August 31, 2015. See the Subsequent Event Note for more information.

An accrual for the contingent settlement agreement is included in accounts payable and accrued expenses in the consolidated balance sheet as of December 31, 2014 and in facility and equipment leases expense in the consolidated statement of revenue, expenses and changes in net position for 2014.

The Hospital is involved in litigation and regulatory investigations arising in the course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Hospital's future financial position, results from operations, and cash flows.

JASPER COUNTY HOSPITAL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2014

16. SUBSEQUENT EVENT – ASSET PURCHASE AGREEMENT

From 2011 through 2014, the Hospital's net position decreased approximately \$4,454,000. In response to declining financial conditions, the Hospital pursued an affiliation with another healthcare system.

In June 2015, the Hospital entered into an Asset Purchase Agreement (Agreement) with Franciscan Healthcare – Jasper County, Indiana, Inc. (Franciscan Healthcare) and Franciscan Alliance, Inc. (Franciscan Alliance), both Indiana nonprofit corporations. The anticipated closing date of the Agreement is August 31, 2015.

On the anticipated closing date, Franciscan Healthcare will purchase substantially all of the Hospital's assets, except for specifically excluded assets, as determined by the Agreement. The purchase price is outlined in the Agreement as the aggregate amount of assumed liabilities on the anticipated closing date, except for specifically excluded liabilities. The Foundation's assets, liabilities and net position are excluded from the Agreement. As a result of the anticipated consummation of the Agreement on August 31, 2015, the Hospital will transfer substantially all of its assets and liabilities to Franciscan Healthcare, a new financial entity under Franciscan Alliance.

17. UPCOMING GASB PRONOUNCEMENTS

Management has not currently determined what effects, if any, the implementation of the following recently enacted statements may have on its future consolidated financial statements:

GASB Statement No. 72, Fair Value Measurement and Application, issued February 2015, will be effective for periods beginning after June 15, 2015. This Statement will enhance the comparability of financial statements among governments by requiring the measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. This Statement also will enhance fair value application guidance and related disclosures in order to provide information to financial statements users about the impact of fair value measurements on a government's financial position.

REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees
Jasper County Hospital
Rensselaer, Indiana

Report on Consolidated Financial Statements

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guidelines for Examination of Entities Receiving Financial Assistance from Governmental Sources, issued by the Indiana State Board of Accounts, the consolidated financial statements of Jasper County Hospital (the Hospital), a component unit of Jasper County, Indiana, and its discretely presented component unit, which comprise the consolidated balance sheet as of December 31, 2014, and the related consolidated statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated August 25, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Hospital's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, we do not express an opinion on the effectiveness of the Hospital's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Hospital's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses as item 2014-001 to be a material weakness.

Board of Trustees
Jasper County Hospital
Rensselaer, Indiana

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hospital's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Hospital's Response to Findings

The Hospital's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The Hospital's response was not subjected to the auditing procedures applied in the audit of the consolidated financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Hospital's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Hospital's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

Blue & Co., LLC

Indianapolis, Indiana
August 25, 2015

JASPER COUNTY HOSPITAL

SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED 2014

FINDINGS RELATED TO FINANCIAL STATEMENTS REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS:

2014-001 – Material weakness related to segregation of duties:

Criteria – Management is responsible for establishing and maintaining effective internal control over financial reporting.

Condition – With limited personnel resources in the Hospital's accounting department, maintaining segregation of duties in key accounting functions is restricted in assessing, reconciling and reviewing key financial statement accounts.

Context – A strong internal control environment requires adequate review and oversight of processes and procedures in the Hospital's key transaction cycles.

Effect - Potential material misstatements in the consolidated financial statements due to error or fraud could occur and not be prevented or detected and corrected in a timely manner. During 2014, cash received through electronic fund transfers was not reconciled timely in the general ledger resulting in an understatement of cash and overstatement of receivables. Additionally, the accounts payable module in the general ledger is not current and requires manual oversight to ensure payables are recorded and reported timely in the financial statements.

Cause – The cause of this deficiency relates to limited personnel resources to provide oversight, review and approval of processes in the Hospital's key transaction cycles.

Recommendation: We recommend management review available personnel resources in conjunction with the procedures in the Hospital's key transaction cycles to strengthen and improve segregation of duties to promote cross training and additional compensating controls.

Views of Responsible Officials and Planned Corrective Actions: The Hospital agrees with the finding 2014-001 and is assessing the resources available in the accounting department to strengthen segregation of duties.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS:

2013-01 – Material weakness related to segregation of duties:

Condition – With limited personnel resources in the Hospital's accounting department, maintaining segregation of duties in key accounting functions is restricted in assessing and reviewing key financial statement accounts.

Recommendation: We recommended management review available personnel resources in conjunction with the procedures in the Hospital's key transaction cycles to strengthen and improve segregation of duties to promote cross training and additional compensating controls.

Current status: See item 2014-001.
