Board of Directors
Housing Authority of the City of Mishawaka
601 East 11th Street, PO Box 1347
Mishawaka, IN 46544

We have reviewed the audit report prepared by Henderson & DeJohn, LLC, Independent Public Accountants, for the period July 1, 2014 to June 30, 2015. In our opinion, the audit report was prepared in accordance with the guidelines established by the State Board of Accounts. Per the Independent Public Accountants' opinion, the financial statements included in the report present fairly the financial condition of the Housing Authority of the City of Mishawaka, as of June 30, 2015 and the results of its operations for the period then ended, on the basis of accounting described in the report.

We call your attention to the finding in the report concerning noncompliance as noted in the Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133. This finding details the lack of required depository agreements with financial institutions in a form required by the Department of Housing and Urban Development (HUD).

The Independent Public Accountants' report is filed with this letter in our office as a matter of public record.

MANAGEMENT'S DISCUSSION & ANALYSIS
JUNE 30, 2015

Management's Discussion and Analysis

The Management's Discussion and Analysis (the "MD&A") is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Housing Authority of the City of Mishawaka's, (the "Authority") financial activity, (c) identify changes in the Authority's financial position (its ability to address the next and subsequent years' challenges), and (d) identify issues or concerns. This will now be presented at the front of each year's financial statements.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the financial statements, which follow this section.

Financial Highlights

- Net position at June 30, 2015, decreased to \$8,021,738. Since the Authority engages only in business-type activities, the decrease is all in the category of business-type net position. Net position was \$8,569,197 for 2014.
- The business-type activities operating revenue at June 30, 2015, increased to \$3,095,984. Total operating revenue was \$2,975,622 for 2014.
- The total operating expenses of all programs for June 30, 2015, decreased to \$3,794,320. Total operating expenses were \$3,974,669 for 2014.
- Total capital grant contributions at June 30, 2015, decreased to \$149,167. Total capital grant contributions were \$224,660 for 2014.

Overview of the Financial Statements

The financial statements included in this annual report are those of a special-purpose government engaged in a business-type activity.

This MD&A is intended to serve as an introduction to the Authority's basic financial statements.

The following statements are included:

- Statement of Net Position – reports current financial resources (short-term expendable resources) with capital assets and long-term obligations.
- Statement of Revenue, Expenses, and Changes in Fund Net Position – reports operating and nonoperating revenue, by major source along with operating and nonoperating expenses and capital contributions.
- Statement of Cash Flows – reports cash flows from operating, investing, capital, non-capital activities.

Programs

Conventional Public Housing – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides operating subsidy and capital grant funding to enable the Authority to provide the housing at a rent that is based upon 30% of household income (as defined in the HUD regulations).

Capital Fund Grants – The Authority's capital funds are received from the federal government through a formula driven computation. These funds are used to upgrade our facilities at various developments to give our residents the decent and safe living environment they need. Each year's grant funds must be entirely obligated within two years of inception of the grant, and entirely expended within four years.

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, the Authority contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment (HAP) made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions funding to enable the Authority to structure a lease that sets the participant's rent at 30% or up 40% of household income.

FINANCIAL ANALYSIS

The following tables focus on the net position and the change in net position of the primary government as a whole.

TABLE 1 – STATEMENT OF NET POSITION

	<u>2015</u>	<u>2014</u>	<u>Variance</u>	<u>% Change</u>
Current Assets	\$ 2,046,253	\$ 1,875,171	\$ 171,082	9.12%

MAJOR FACTORS AFFECTING THE STATEMENT OF NET POSITION

Current assets increased by \$171,082 due to the increases in cash on hand and accounts receivable partially offset by decreased in prepaid expenses.

Capital assets decreased by \$663,006 due to normal depreciation exceeding modernization work and capital asset purchases.

Current liabilities increased by \$32,219, primarily due to increases in unearned revenues and accounts payable – other government, partially offset by decreases in accrued compensated absences – current and accrued liabilities – other.

Noncurrent liabilities increased by \$23,316 due to an increase in accrued compensated absences – noncurrent.

MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUE, EXPENSES AND CHANGES IN FUND NET POSITION

Decrease in net position was \$547,459 primarily due to an excess of expenses over revenue throughout the year.

The Authority had an operating loss of \$698,336 including non-cash depreciation expense of \$812,152 versus an operating loss of \$999,047 and depreciation expense of \$829,501 in the prior year.

Total operating revenue increased by \$120,362 to \$3,095,984 primarily due to an increase in rental income and federal awards received in the current fiscal year.

Total operating expenses decreased by \$180,349 to \$3,794,320 primarily due to a decrease in administrative costs, utilities, and housing assistance payments, partially offset by increases in tenant services, maintenance and general expenses.

Capital contributions decreased by \$75,493 to \$149,167 due to less capital projects completed during the current fiscal year.

CAPITAL ASSETS

As of June 30, 2015, investment in capital assets for its business-type activities was \$6,173,372, net of accumulated depreciation. This investment in capital assets includes land, buildings, improvements, equipment and construction in progress.

Major capital asset purchases during the current fiscal year included the following:

- Flooring replacements
- Roofing
- Hot water heaters
- Bed bug dryer
- Site improvements

There were no major capital asset disposals during the current fiscal year.

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding of the Department of Housing and Urban Development.
- Local labor supply and demand, which can affect salary and wage rates.
- Local inflation, recession and employment trends, which can affect resident incomes and therefore the amount of rental income.
- Inflationary pressure on utility rates, supplies and other costs.

FINANCIAL CONTACT

This financial report is designed to provide a general overview of the finances for all those with an interest in the Authority's finances. Questions concerning any of the information provided in this report or request for additional information should be addressed to Ms. Kathryn Baumgartner, Interim Executive Director, Housing Authority of the City of Mishawaka, (574)258-1658.

Independent Auditor's Report

To the Board of Commissioners
Housing Authority of the City of Mishawaka

Report on the Financial Statements

We have audited the financial statements of the Housing Authority of the City of Mishawaka (the "Authority"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 1-4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that comprise the Housing Authority's basic financial statements. The accompanying supplemental data including the financial data schedule, statement of net position – by program, and statement of revenues, expenses and changes in net position – by program is presented for purposes of additional analysis as required by the U.S. Department of Housing and Urban Development and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The financial data schedule, statement of net position – by program, statement of revenues, expenses, and changes in net position – by program, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial data schedule, statement of net position – by program, statement of revenues, expenses, and changes in net position – by program, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2016 on our consideration of the Authority’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority’s internal control over financial reporting and compliance.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Board of Commissioners
Housing Authority of the City of Mishawaka

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Housing Authority of the City of Mishawaka (the "Authority"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 28, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the Authority in a separate letter dated March 28, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by OMB Circular A-133

Independent Auditor's Report

To the Board of Commissioners
Housing Authority of the City of Mishawaka

Report on Compliance for Each Major Federal Program

We have audited the Housing Authority of the City of Mishawaka (the "Authority") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2015. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 2015-001. Our opinion is not modified with respect to these matters.

The Authority's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Authority's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

HOUSING AUTHORITY OF THE CITY OF MISHAWAKA
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Housing Authority of the City of Mishawaka (the “Authority”) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority has previously implemented GASB Statement 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. Certain significant changes in the statements are as follows: The financial statements will include a Management’s Discussion and Analysis (MD&A) section providing an analysis of the Authority’s overall financial position and results of operations.

The Authority is a special-purpose government engaged only in business-type activities and therefore, presents only the financial statements required for enterprise funds, in accordance with GASB Statement 34, paragraph 138. For these governments, basic financial statements and required supplemental information consist of:

- Management Discussion and Analysis (MD&A)
- Enterprise fund financial statements consisting of –
 - Statement of Net Position
 - Statement of Revenues, Expenses and Changes in Fund Net Position
 - Statement of Cash Flows
- Notes to financial statements
- Required supplemental information other than MD&A

The Authority has multiple programs which are accounted for in one enterprise fund, which is presented as the “enterprise fund” in the basic financial statements. Significant Authority policies are described below.

A. The Reporting Entity

The Authority was established as a tax-exempt quasi-governmental entity under the United States Housing Act of 1937 for the purpose of providing affordable housing to low and moderate income families in St. Joseph County, Indiana. The governing body of the Authority is composed of a 5 member appointed Board of Commissioners (the “Board”). The Mayor appoints the Board, who in turn hires the Executive Director. The Authority is governed by its charter and by-laws, state and local laws and federal regulations. The Board is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Authority’s management. The Authority has no component units.

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Authority’s financial statements are accounted for on the flow of economic resources management focus using the accrual basis of accounting. The accounting objectives are a determination of net income, financial position, and changes in cash flow.

All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with a proprietary fund’s activities are included on the Statement of Net Position. Proprietary fund net position is segregated into Net Investment in Capital Assets, Restricted Net Position and Unrestricted Net Position. Revenues are recognized when they are earned and expenses are recognized when incurred. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the proprietary funds are rental charges to tenants and operating subsidy grants from HUD. Operating expenses for proprietary funds include the cost of administrative expenses, maintenance expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The Authority applies restricted resources to fund restricted costs and unrestricted resources to fund unrestricted costs. All material inter-program accounts and transactions are eliminated in the preparation of the basic financial statements.

The Authority has previously adopted GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*. In accordance with this statement, the Authority accounted for all grants that qualify as non-exchange transactions, recognizing receivables and revenues when all applicable eligibility requirements are met. In addition, capital contributions are recorded on the Statement of Revenues, Expenses and Changes in Fund Net Position after income before contributions and before changes in net position.

HOUSING AUTHORITY OF THE CITY OF MISHAWAKA
 NOTES TO FINANCIAL STATEMENTS
 FOR YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Generally accepted accounting principles for state and local governments requires that resources be classified for accounting and reporting purposes into the following three net position categories:

- *Net investment in capital assets* – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- The *restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.
- The *unrestricted* component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component on net position.

C. Cash, Cash Equivalents and Investments

Cash and cash equivalents include cash on hand, demand deposits and money market accounts. For purposes of the statement of cash flows, the Authority considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. The carrying amounts reported on the balance sheet approximate fair values because of the short maturities of those investments.

D. Receivables

All receivables are current and due within one year. Receivables are reported net of an allowance for uncollectible accounts. Allowances are reported when accounts are proven to be uncollectible.

E. Restricted Assets and Liabilities

Debt covenants, HUD regulations, and inter-local agreements restrict the use of certain assets. Restricted assets are offset by related liabilities in accordance with their liquidity.

F. Inventories

Inventories are accounted for under the consumption method and recorded at the lower of cost or market, net of an allowance for obsolete inventories. Materials and supplies are recorded as inventories when purchased and as expenditures when used. Allowances are reported when materials and supplies are deemed obsolete.

G. Prepaid Items

Prepaid items consist of payments made to vendors for services that will benefit future periods.

H. Capital Assets

Capital assets include property, furniture, equipment and machinery. Capital assets with initial, individual costs that equal or exceed \$1,000 and estimated useful lives of over one year are recorded as capital assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. Construction in progress consists of capital improvements funded by modernization grant programs. Capital assets are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings & Improvements	20-40
Furniture, equipment, and machinery	5

I. Compensated Absences

Full-time employees are allowed to accrue annual leave and sick leave on the last day of each month. Employees accumulate annual leave at monthly accrual rates between 3.33 and 13.33 hours depending on length of service. Annual leave cannot be carried over from year to year; however, employees who separate will receive pay for an unused portion of leave accumulated during that year. Time accrued beyond these amounts is forfeited unless exception is granted by the Board. Sick leave is accumulated at a rate of one day per month or twelve days per year to a maximum of 72 days. Sick leave accumulated is not paid upon separation. The majority of employees utilize their annual accrual of vacation during the year accrued. The Authority records compensated absences in the period they use a systematic allocation process to allocate between short-term and long-term liability classification.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Unearned Revenue

The Authority recognizes revenues as earned. An amount received in advance of the period in which it is earned is recorded as a liability under unearned revenue.

K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L. Recent Accounting Pronouncements

The Authority's management has assessed the potential impact of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* and determined this is not applicable as the Authority provides no other postemployment benefits.

The Authority adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*. The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement. The adoption of GASB Statement No. 68 had no material effect on the Authority's June 30, 2015 financial statements.

The Authority adopted GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*. The objective of this Statement is to improve financial reporting by addressing accounting and financial reporting for government combinations and disposals of government operations. As used in this Statement, the term *government combinations* include a variety of transactions referred to as mergers, acquisitions, and transfers of operations. This Statement requires disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and financial effects of those transactions. The adoption of GASB Statement No. 69 had no material effect on the Authority's basic financial statements.

The Authority adopted GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts. The provisions of this Statement are required to be applied simultaneously with the provisions of Statement 68. The adoption of GASB Statement No. 71 had no material effect on the Authority's June 30, 2015 financial statements.

NOTE 2 – CASH DEPOSITS AND INVESTMENTS

Cash and investments may be invested in the following HUD-approved vehicles:

- Direct obligations of the federal government backed by the full faith and credit of the United States;
- Obligations of government agencies;
- Securities of government sponsored agencies;
- Demand and savings deposits; and,
- Time deposits and repurchase agreements.

At June 30, 2015, cash was in bank deposits or money market funds that were insured or collateralized with securities held by the Authority or by its agent in the Authority's name except for \$193,810 which was not backed by specific collateral pledged to the Authority. Cash balances at June 30, 2015 totaled \$975,174. The Authority had no investments at June 30, 2015.

FOR YEAR ENDED JUNE 30, 2015

NOTE 2 – CASH DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk – The Authority’s formal investment policy does not specifically address the exposure to this risk.

Credit Risk – The Authority’s formal investment policy does not specifically address credit risk. Credit risk is generally evaluated based on the credit ratings issued by nationally recognized statistical rating organizations.

Custodial Credit Risk – The Authority’s policy is to limit credit risk by adherence to the list of HUD permitted investments, which are backed by the full faith and credit of or a guarantee of principal and interest by the U.S. Government.

Concentration of Credit Risk – The Authority’s investment policy does not restrict the amount that the Authority may invest in any one issuer.

NOTE 3 – MISCELLANEOUS RECEIVABLE, NET

At June 30, 2015, miscellaneous receivable, net consisted of \$975,872 related to the assisted living centers managed by the Authority.

NOTE 4 – CAPITAL ASSETS

B. Capital Contributions

The Authority receives capital grants from HUD. The Authority recognized \$149,167 in capital contributions for the fiscal year ended June 30, 2015.

NOTE 5 – LONG-TERM LIABILITIES

Long-term liabilities at June 30, 2015 consisted of the following:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year

HOUSING AUTHORITY OF THE CITY OF MISHAWAKA
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED JUNE 30, 2015

NOTE 6 – PENSION PLAN (DEFINED CONTRIBUTION)

The Authority provides benefits for all of its full-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings. Employees are eligible to participate after a six month exclusionary period. The Authority contributes 13% of the employee's base salary each month for employees hired before January 1, 2006 and 6% of base salary each month for employees hired on or after January 1, 2006. Employees are not required to contribute to the plan. The Authority's contributions for each employee (and interest allocated to the employee's account) are vested 20% annually for each year of participation. An employee is fully vested after 5 years of participation. Contributions to the plan were \$55,676 by the Authority and \$3,845 by employees for the year ended June 30, 2015.

NOTE 7 – RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority has mitigated this risk by obtaining insurance coverage from commercial insurance companies. Premiums paid for insurance coverage are recorded as expenses of the funds affected. The various insurance policies are subject to deductible amounts and maximum coverages. If the deductibles and maximums are exceeded, this could cause the Authority to suffer losses if a loss is incurred from any such incidents. The ultimate outcome of uninsured losses cannot presently be determined, and no provision for any liability that may result, if any, has been made in the financial statements. During the current year and the prior three years, settled claims have not exceeded coverage levels, and insurance coverage, by major categories of risk, is consistent with prior year.

NOTE 8 – CONCENTRATION OF RISK

The Authority receives most of its funding from HUD. These funds and grants are subject to modification by HUD depending on availability of funding.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

Grants

Amounts received or receivable from HUD are subject to audit and adjustment by grantor agencies. If expenses are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the Authority. In the opinion of management, any such adjustments would not be significant.

NOTE 10 – RESTRICTED NET POSITION

Restricted Net Position consists of excess Housing Assistance Payment (HAP) funds available to the Authority under the Section 8 Housing Choice Vouchers program. These funds are to be used only for HAP expenditures for the program. These funds are also known as Restricted Net Position since there is no offsetting liability. Total restricted net position related to this excess were \$14,106 as of the end of the fiscal year.

NOTE 11 – SUBSEQUENT EVENTS

Events that occur after the balance sheet date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about the conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the balance sheet date require disclosure in the accompanying notes. Management evaluated the activity of the Authority through March 28, 2016 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 12 – FINANCIAL DATA SCHEDULE

The Authority prepares its financial data schedule in accordance with HUD requirements in a prescribed format. The schedule's format excludes depreciation expense from operating activities and includes investment revenue and capital grant revenue in operating activities, which differs from the presentation of the basic financial statements.

Housing Authority of the City of Mishawaka

Independent Accountant’s Report on Applying Agreed-Upon Procedure

We have performed the procedure described in the second paragraph, which was agreed to by the Housing Authority of the City of Mishawaka (the “Authority”) and the U.S. Department of Housing and Urban Development, Real Estate Assessment Center (REAC), solely to assist them in determining whether the electronic submission of certain information agrees with related hard copy documents. The Authority is responsible for the accuracy and completeness of the electronic submission. This agreed upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submission of the items listed in the “UFRS Rule Information” column with the corresponding printed documents listed in the “Hard Copy Documents” column. The results of the performance of our agreed-upon procedure indicate agreement or non-agreement of electronically submitted information and hard copy documents as shown in the chart below.

We were engaged to perform an audit in accordance with OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, for the Authority as of and for the year ended June 30, 2015, and have issued our reports thereon dated March 28, 2016. The information in the “Hard Copy Documents” column was included within the scope, or was a by-product, of that audit. Further, our opinion on the fair presentation of the Authority’s Financial Data Schedule (FDS) dated March 28, 2016, was expressed in relation to the basic financial statements of the Authority taken as a whole.

A copy of the reporting package required by OMB Circular A-133, which includes the auditor’s reports, is available in its entirety from the Authority. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the U.S. Department of Housing and Urban Development, REAC.

This report is intended solely for the information and use of the Authority and the U.S. Department of Housing and Urban Development, REAC, and is not intended to be and should not be used by anyone other than these specified parties.
