INDEPENDENT AUDITORS' REPORT

To the Board
Monroe Township Volunteer Fire Department Inc

We have audited the accompanying financial statements of Monroe Township Volunteer Fire Department Inc (a nonprofit corporation), which comprise the statement of assets, liabilities, and net assets – modified cash basis as of December 31, 2015, and the related statement of revenue and expenses and changes in net assets – modified cash basis, and statement of cash flows – modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Monroe Township Volunteer Fire Department Inc
Notes to the Financial Statements
December 31, 2015

Note 1 – Nature of Organization and Operations:

Nature of Activities:

Monroe Township Volunteer Fire Department Inc (a nonprofit corporation) operates trained volunteers to fight fires, maintain fire fighting equipment, and otherwise provide fire protection and fire prevention services for Monroe Township in Clark County, Indiana.

Note 2 – Summary of Significant Accounting Policies:

Basis of Presentation:

The Organization maintains its accounts on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this basis, support and revenue are recognized when collected rather than when earned, and expenses are recognized when paid rather than when incurred. Consequently, accounts receivable from supporting agencies, accounts payable to vendors and suppliers, accrued income and expenses are not included in these financial statements. The modifications to the cash basis of accounting are capitalization of property and equipment and recording of long-term debt obligations.

Estimates:

The preparation of financial statements in conformity with modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents:

The Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalent.

Property and Equipment:

It is the Organization's policy to capitalize property and equipment over \$500. Lesser amounts are expensed. Property and equipment are stated at cost. Depreciation is computed using the straight-line method for financial reporting purposes over periods ranging from 3 to 40 years. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred. Depreciation expense for 2015 is \$126,090.

Revenue:

The Organization has an annual contract with the Monroe Township Fire Protection District of Clark County, Indiana. They receive funds twice a year from the District. In the event the tax revenues are less than anticipated, the Organization shall be paid an amount less than the contract amount.

Contributions:

Contributions received are recorded on cash basis, they are recorded when received, and no allowance for doubtful accounts is used. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted. There have been no temporary or permanent restrictions placed on balances as of December 31, 2015.
