TO: THE OFFICIALS OF CLINTON COUNTY, INDIANA

This report is supplemental to our audit report of Clinton County (County), for the period from January 1, 2015 to December 31, 2015. It has been provided as a separate report so that the reader may easily identify any Federal Findings that pertain to the County. It should be read in conjunction with our Financial Statement and Federal Single Audit Report of the County, which provides our opinions on the County's financial statement and federal program compliance. This report may be found at www.in.gov/sboa.

The Federal Findings, identified in the above referenced audit report, are included in this report.

Any Corrective Action Plan for the Federal Findings, incorporated within this report, was not verified for accuracy.

COUNTY AUDITOR
CLINTON COUNTY

COUNTY AUDITOR
CLINTON COUNTY
FEDERAL FINDINGS

FINDING 2015-001 - FINANCIAL TRANSACTIONS AND REPORTING

Condition

The County had deficiencies in their internal control system in the following areas:

1. Cash and Investments: The County had not separated incompatible activities related to cash and investments. The County Treasurer prepared the monthly bank reconcilements. There was no control in place, such as an oversight, review, or approval process, to ensure the accuracy of the monthly reconcilements.
2. Financial Close and Reporting: The County Auditor processed the financial close and reporting of the County's financial information by submitting the financial information into the Indiana Gateway for Government Units, which is a financial reporting system and the source of the financial statement and the Annual Financial Report (AFR). There was no control in place, such as an oversight, review, or approval process, to ensure the accuracy of the financial information prior to the submission.
3. Monitoring of Controls: The County had no process to identify or communicate corrective actions to improve controls. Effective internal controls over financial reporting required the County to monitor and assess the quality of their system of internal control.

Criteria

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

"Evaluations are used to determine whether each of the five components of internal control is present and functioning. These evaluations may be conducted on an ongoing or periodic basis. The criteria used are developed by the oversight body, elected officials, management, governing boards, or recognized standard-setting bodies or regulators. . . .

A baseline of the current state of the internal control system is compared against the original design of the internal control system. The baseline consists of issues and deficiencies identified in the internal control system. The results of the monitoring process are evaluated and documented. . . .

COUNTY AUDITOR
CLINTON COUNTY
FEDERAL FINDINGS
(Continued)

Management remediates identified issues. . . ."

Cause

Management of the County had not established a proper system of internal control. An evaluation of the County's system of internal control had not been conducted.

Effect

The failure to establish controls could have enabled material misstatements or irregularities to remain undetected. The failure to monitor the internal control system placed the County at risk that controls may not have been either designed properly or operating effectively to provide reasonable assurance that controls would have prevented, or detected and corrected, material misstatements in a timely manner.

Views of Responsible Officials

For the views of responsible officials, refer to the Corrective Action Plan that is part of this report.

FINDING 2015-002 - SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Condition

The County had not established effective internal controls over the financial information entered into the Indiana Gateway for Government Units, which is a financial reporting system and the source of the Schedule of Expenditures of Federal Awards (SEFA). Due to the lack of controls, the following material errors occurred on the SEFA:

1. Child Support Enforcement expenditures were understated by \$193,065.
2. Formula Grants for Rural Areas expenditures were overstated by \$185,411.
3. A state grant was reported in the amount of \$85,118.
4. Numerous grants were reported with incorrect project titles.
5. One direct grant was reported as a pass-through grant.

Audit adjustments were proposed, accepted by the County, and made to the SEFA.

Criteria

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event.

Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

2 CFR 200.508 states in part: "The auditee must: . . . (b) Prepare appropriate financial statements, including the schedule of expenditures of Federal awards in accordance with § 200.510 Financial statements. . . ."

2 CFR 200.510(b) states:

"*Schedule of expenditures of Federal awards.* The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with § 200.502 Basis for determining Federal awards expended. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:

- (1) List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name. For R&D, total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- (2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.
- (3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available. For a cluster of programs also provide the total for the cluster.
- (4) Include the total amount provided to subrecipients from each Federal program.
- (5) For loan or loan guarantee programs described in § 200.502 Basis for determining Federal awards expended, paragraph (b), identify in the notes to the schedule the balances outstanding at the end of the audit period. This is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.
- (6) Include notes that describe the significant accounting policies used in preparing the schedule, and note whether or not the auditee elected to use the 10% de minimis cost rate as covered in § 200.414 Indirect (F&A) costs."

COUNTY AUDITOR
CLINTON COUNTY
FEDERAL FINDINGS
(Continued)

Cause

Management had not established a system of internal control that would have ensured proper reporting of the SEFA.

Effect

Without a proper system of internal control in place that operated effectively, material misstatements of the SEFA remained undetected. The SEFA contained the errors identified in the *Condition*.

Views of Responsible Officials

For the views of responsible officials, refer to the Corrective Action Plan that is part of this report.

1. The IC code 5-11-27 referring to internal controls was not in place until June 30, 2016. The Treasurer's office is in compliance with that code from 2016 as required. The Audit is for 2015 data.
2. All funds are balanced prior to the end of the year by all accounting personnel in the Auditor's office and funds are balanced with the Treasurer's office. End of the year balance report is also provided to the County Council at their January meeting. We will have accounting personnel and the Auditor sign and date each balance sheet and keep on file for audit as of April 25, 2017.
3. The State internal control policy and required certifications were a requirement in effect after June 30, 2016. An internal control plan over financial reporting is in effect in 2016 as required. This audit is for 2015 financial data.
