Report on the Financial Statements

We have audited the accompanying financial statements of Haven House, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Haven House, Inc. as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Report on Summarized Comparative Information

We have previously audited the Haven House, Inc.'s 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 3, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

HAVEN HOUSE, INC.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities - Haven House, Inc. (the Organization) was incorporated on June 26, 1987 to establish, maintain and operate an emergency shelter for victims of domestic violence, and to provide other necessary aid, counseling and educational services through various programs in Northwest Indiana. The Organization finances these activities through contributions (cash and in-kind), federal and state grants, and fundraisers.

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, which is used for both income tax and financial reporting purposes.

Financial Statement Presentation - The Organization has adopted Financial Accounting Standards Board's Accounting Standards Codification (ASC) 958-205 which provides guidance to reporting on not-for-profit organizations. Under ASC 958-205, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Contributions whose restrictions are met in the same period as the recognition of the contribution are considered unrestricted for reporting purposes. There were no permanently restricted net assets at June 30, 2017. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Use of Estimates in Preparation of Financial Statements - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates of revenues and expenses during the reporting period.

Cash and Cash Equivalents - Cash, as presented on the accompanying statement of financial position and statement of cash flows, includes cash on hand and deposits in interest bearing and non-interest bearing accounts in financial institutions. Cash equivalents consist of highly liquid accounts with original maturities of 90 days or less. Certificates of deposit and other securities with original maturities over 90 days are classified as short-term investments and stated at cost, which approximates market value.

Financial Instruments and Credit Risk - During the fiscal year ended June 30, 2017, the Organization occasionally had balances in financial institutions in excess of the Federal Deposit Insurance Corporations' (FDIC) insured level of \$250,000. At June 30, 2017 the Organization had funds of \$39,796 which were uninsured.

Investments - The Organization carries investments in marketable securities with readily determinable fair values at their fair values on the Statement of Financial Position. Unrealized gains and losses are included in the accompanying Statement of Activities.

HAVEN HOUSE, INC.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Certificates of Deposit - Certificates of deposit held for investment that are not debt securities are included in "short-term investments - CD". Certificates of deposit with original maturities greater than three months are remaining maturities less than one year are classified as short-term investments. Certificates of deposit with remaining maturities greater than one year are classified as long-term investments. At June 30, 2017 all certificates of deposit were classified as short-term investments.

Grants Receivable - The Organization records bad debts on the direct write-off method when, in management's opinion, an account becomes uncollectible. The direct write-off method is a departure from generally accepted accounting principles. Bad debt expenses, calculated using the direct write-off method do not differ materially from those calculated using generally accepted methods. Government grants make up 87% of grants receivable at June 30, 2017. Government grants also make up 31% of total revenues for the fiscal year ended June 30, 2017.

Fixed Assets - Fixed assets are carried at cost, if purchased or fair market value, if donated. The Organization's policy is to capitalize fixed assets valued at \$500 or greater at the time of purchase or donation. Depreciation expense is computed using the straight-line method over the estimated useful life of the fixed assets. When fixed assets are retired or otherwise disposed of, the cost of related accumulated depreciation is removed from the accounts and any gain or loss resulting from the transactions is recognized as income for the period. The cost of repairs and maintenance is charged to income as incurred; significant renewals and betterments are capitalized.

Income Taxes - Haven House, Inc. is a not-for-profit corporation organized under the laws of the State of Indiana. The Internal Revenue Service has given the Organization a favorable determination under Section 501 (c) (3) of the Internal Revenue Code, exempting the Organization from taxation. In addition, the Organization is exempt from local property taxes.

Contributed (In-Kind) Materials - The Organization regularly receives contributions of items that are used to assist clients (clothing, food, school supplies, etc.) or are used in the operation of the shelter (cleaning supplies, bedding, office supplies, etc.). In-kind contributions are recognized as income at the estimated fair market value at the date of donation. These items are provided to clients or are consumed by the Organization relatively quickly, so no inventory is reported; rather, expenses are recorded on the Statement of Activities in the appropriate categories (client assistance, institutional supplies, etc.).

HAVEN HOUSE, INC.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Contributed (In-Kind) Services - The Organization benefits from services provided by volunteers. Those services include staffing the crisis line, participation in children's activities, client intake, and counseling, among others. Certain volunteer services qualify to meet the matching requirements of grants received by the Organization. Volunteer services are valued at the rate of \$15 per hour donated. During the year ending June 30, 2017, the Organization used \$22,376 of volunteer services as grant matches. That amount has been reported in the financial statements as an in-kind donation and is included in client assistance expenses.

Allocation of Expenses - The Organization has allocated their expenses by function based on the time spent on supporting and program activities.

Comparative Financial Information - The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2016, from which the summarized information was derived.

Subsequent Events - In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through December 15, 2017 the date the financial statements were available to be issued. No events were noted that were significant enough in nature to require disclosure.

NOTE 2 - FIXED ASSETS

Total	<u>\$ 937,209</u>	<u>\$ 39,431</u>	<u>\$ 976,640</u>

NOTE 5 - TEMPORARILY RESTRICTED NET ASSETS

The Organization has received authorization from the City of Hammond through a Community Development Block Grant from the U.S. Department of Housing and Urban Development (HUD) to expend funding for the Transitional Housing. Invoices for the project were submitted to the City and vendors were paid by the City. All funding from the City was used up in the fiscal year ended June 30, 2012. The total was \$841,615. HUD regulations require that the Transitional Housing building be used for its specified purpose for a period of seven years. Until this requirement is met the contribution from the City of Hammond will be recorded as temporarily restricted. The Transitional Housing building was placed into service in March 2014; therefore, the restriction ends in March 2021. At June 30, 2017 the book value of the donated portion of the building is \$769,682.

NOTE 8 - FAIR VALUE MEASUREMENTS

The Organization has adopted FASB ASC 820 which defines the fair value as the exchange price that would be received for an asset in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. ASC 820 established a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets.

Level 2 - Observable inputs other than quoted prices included in level 1, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.
