TO: THE OFFICIALS OF HUNTINGTON COUNTY, INDIANA

This report is supplemental to our audit report of Huntington County (County), for the period from January 1, 2017 to December 31, 2017. It has been provided as a separate report so that the reader may easily identify any Federal Findings that pertain to the County. It should be read in conjunction with our Financial Statement and Federal Single Audit Report of the County, which provides our opinions on the County's financial statement and federal program compliance. This report may be found at www.in.gov/sboa.

The Federal Finding, identified in the above referenced audit report, is included in this report.

Any Corrective Action Plan for the Federal Finding, incorporated within this report, was not verified for accuracy.

HUNTINGTON COUNTY
FEDERAL FINDING

FINDING 2017-001

Subject: Preparation of the Schedule of Expenditures of Federal Awards
Audit Findings: Material Weakness, Noncompliance

Condition

The County did not have a proper system of internal control in place to prevent, or detect and correct, errors on the Schedule of Expenditures of Federal Awards (SEFA). There was an approval process involving another individual at the County to ensure the SEFA was accurate. However, the approval process did not detect the errors in the SEFA.

Context

The lack of effective controls was a systemic problem, occurring throughout the audit period. As a result, the SEFA presented for audit contained the following errors:

1. The Child Support Enforcement program was understated by \$29,640.
2. Not all CFDA numbers, program names, grants, and pass-through identifying numbers were correct or listed.
3. The Formula Grant for Rural Areas grant passed through to subrecipient amounts were understated by \$283,358. The Hospital Preparedness Program (HPP) and Public Health Emergency Preparedness (PHEP) Aligned Cooperative Agreements grant passed through to subrecipient amount was overstated by \$15,864.

Audit adjustments were proposed, accepted by the County, and made to the SEFA.

Criteria

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

2 CFR 200.508 states in part: "The auditee must: . . . (b) Prepare appropriate financial statements, including the schedule of expenditures of Federal awards in accordance with § 200.510 Financial statements. . . ."

COUNTY AUDITOR
HUNTINGTON COUNTY
FEDERAL FINDING
(Continued)

2 CFR 200.510(b) states:

"Schedule of expenditures of Federal awards. The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with § 200.502 Basis for determining Federal awards expended. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:

- (1) List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within a cluster of programs, and provide the applicable Federal agency name. For R&D, total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- (2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.
- (3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available. For a cluster of programs also provide the total for the cluster.
- (4) Include the total amount provided to subrecipients from each Federal program.
- (5) For loan or loan guarantee programs described in § 200.502 Basis for determining Federal awards expended, paragraph (b), identify in the notes to the schedule the balances outstanding at the end of the audit period. This is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.
- (6) Include notes that describe that significant accounting policies used in preparing the schedule, and note whether or not the auditee elected to use the 10% de minimis cost rate as covered in § 200.414 Indirect (F&A) costs."

Cause

Management had not established a system of internal control that would have ensured proper reporting of the SEFA.

Effect

Without a proper system of internal control in place that operated effectively, material misstatements of the SEFA remained undetected. The SEFA contained the errors identified in the *Context*.

Recommendation

We recommended that the County's management establish controls related to the preparation of the SEFA.
