Board of Directors
South Bend Public Transportation Corporation
1401 South Lafayette Blvd
South Bend, IN 46613

We have reviewed the audit report of the South Bend Public Transportation Corporation (Corporation) which was opined on by Crowe LLP, Independent Public Accountants, for the period January 1, 2018 to December 31, 2018. Per the *Independent Auditor's Report*, the financial statements included in the report present fairly the financial condition of the Corporation as of December 31, 2018, and the results of its operations for the period then ended, on the basis of accounting described in the report.

In our opinion, the audit report was prepared in accordance with the guidelines established by the State Board of Accounts.

The audit report is filed with this letter in our office as a matter of public record.

A handwritten signature in blue ink that reads "Paul D. Joyce".

Report on Financial Statements

We have audited the accompanying financial statements of the South Bend Public Transportation Corporation (the Corporation) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of December 31, 2018, and the changes in its financial position and its cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 7, the Schedule of Changes in the Corporation's Net Pension Liability and Related Ratios on page 23, and the Schedule of the Corporation's Contributions on page 24, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Corporation's basic financial statements. The accompanying schedule of expenditures of federal awards as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 19, 2019 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year ended December 31, 2018

As management of the South Bend Public Transportation Corporation (the "Corporation"), we offer the following discussion and analysis as insight into the financial performance of the Corporation for the fiscal year ended December 31, 2018. The Corporation's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Corporation's financial activity, and (c) identify changes in the Corporation's financial position (its ability to address the next and subsequent year challenges).

Because the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the financial statements, and the notes to the financial statements.

The South Bend Public Transportation Corporation is a municipal corporation established under Indiana Code 36-9-4-11 which provides transportation services for the citizens of South Bend and Mishawaka, Indiana. The Corporation is governed by a nine-member Board of Trustees appointed for a four-year term by the Mayor of South Bend (3), the Mayor of Mishawaka (1), the South Bend Common Council (4), and the Mishawaka Common Council (1).

With a fleet of forty-five (45) buses and a work force of one hundred twelve (112) employees, the Corporation operates an extensive system of bus routes that serve the twin cities six days a week. The Corporation services approximately 68 square miles with a population of more than 155,000.

In addition to an extensive fixed route system, the Corporation offers paratransit (ACCESS) services to individuals unable to use the fixed route service. The ACCESS service consists of nineteen (19) vehicles providing curb-to-curb service six days a week. The Corporation actively participates in Transit Watch and Safe Place programs dedicated to providing safety and information to those in need.

FINANCIAL HIGHLIGHTS

- Corporation's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at December 31, 2018 by \$32.3 million (net position). Of this amount, \$0.5 million (unrestricted net position) may be used to meet Corporation's ongoing obligations arising from providing transportation service to the community.
- Fare revenues for 2018 increased by less than 2% over that of the prior year.
- FTA capital contributions for 2018 decreased 38% from that of the prior year.
- Operating expenses before depreciation increased by less than 2% from the prior year.
- Net position decreased approximately \$1.3 million, or 4%.

OVERVIEW OF THE FINANCIAL STATEMENTS

This financial report essentially consists of five parts: management's discussion and analysis (this section), the financial statements, the notes to the financial statements, supplementary information, and reports on compliance and internal controls over financial reporting. The discussion and analysis is intended to serve as an introduction to the Corporation's financial statements, which is comprised of the financial statements and the notes to the financial statements.

(Continued)

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year ended December 31, 2018

The Corporation's financial statements are prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. Under this basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the statements of revenues, expenses, and changes in net position. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the Corporation are included in the statement of net position.

The financial statements provide both long and short-term information about the Corporation's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Financial statements. The financial statements are designed to provide readers with a broad overview of the Corporation's finances, in a manner similar to a private-sector business.

- **Statement of net position.** The statement of net position presents information on all of the Corporation's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Corporation is improving or deteriorating. Net position increases when revenues exceed expenses. Increases to assets without a corresponding increase to liabilities results in increased net position, which indicates an improved financial position.
- **Statement of revenues, expenses, and changes in net position.** The statement of revenues, expenses, and changes in net position presents information showing how the Corporation's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave). Expenses are subtracted from revenues to get the change in net position.
- **Statement of cash flows.** The statement of cash flows is used to categorize net cash provided or used during a period as either operating, investing, or financing activities and reconciles beginning and ending cash and cash equivalents.

Notes to the financial statements. The notes are a required part of the financial statements that provide necessary information for the understanding of the Corporation's financial report. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

Other information. The Corporation has provided more detailed information regarding certain facets of the financial statements in the "Required Supplementary Information" and "Supplemental Schedules" sections.

FINANCIAL ANALYSIS

Net position. Net position may serve, over time, as a useful indicator of a corporation's financial position. At December 31, 2018, the Corporation's total assets decreased by \$1,449,766 to \$35,203,474, or approximately 4% below the prior year, primarily due to depreciation expense on capital assets. Total liabilities amounted to \$3,463,394. This represents an increase of \$556,214 or approximately 19% above the prior year. The increase is mainly attributed to an increase in net pension liability of \$881,888 and an increase in accounts payable of \$321,662 offset with a \$675,111 decrease in outstanding debt related to payments on the loans payable. Consequently, net position changed to \$32,265,944. This represents a decrease of \$1,316,233 or approximately 4%.

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year ended December 31, 2018

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. As of December 31, 2018, the Corporation had invested \$32,191,195 in capital assets net of accumulated depreciation. As compared to the prior year, this amount represents a decrease (including additions and disposals) of \$1,610,643 or 5% (see Table 3). The most significant capital additions in 2018 were vehicles. See Note 3 for further disclose on capital assets.

TABLE 3 - CAPITAL ASSETS (NET OF ACCUMULATED DEPRECIATION)

	<u>2018</u>	<u>2017</u>	Percentage Change <u>2018 vs. 2017</u>
Land	\$ 1,622,941	\$ 1,622,941	0 %

Shop and garage equipment	3,879	7,973	(51) %
Furniture and office equipment	106,422	29,653	259 %
CNG facility	<u>3,106,973</u>	<u>3,373,400</u>	<u>(8) %</u>
Total capital assets, net	<u>\$ 32,191,195</u>	<u>\$ 33,801,838</u>	<u>(5) %</u>

Long-term debt. As of December 31, 2018, the Corporation had \$124,900 in outstanding loan payable compared to \$800,000 at December 31, 2017. The decrease in debt is attributed to payments made during 2018 on the two loan balances which were used to fund the local share for the acquisition of new buses. See Note 4 for further information.

On February 28, 2019, the Corporation acquired a \$750,000 loan with a fixed interest rate of 3.40% for working capital. Principal payments begin in July 2019. The loan has a maturity date of December 28, 2021.

CURRENTLY KNOWN FACTS

Other than the uncertainty of general economic indicators on the Corporation, its funding affiliates, and its customers, there are no significant facts, decisions or conditions that are expected that management believes will have a material impact on the financial position or results of operations. The Corporation anticipates a decrease in both total revenues and total expenditures, which have been incorporated into the fiscal year 2019 budget. These decreases are due to changes in our current state funding (PMTF) that the Corporation has experienced since 2015. In addition, the Corporation has been in the process of reviewing expenses to determine ways to reduce these costs.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Corporation's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Controller, South Bend Public Transportation Corporation, 1401 S. Lafayette Blvd., South Bend, Indiana 46613.

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE 1 - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Operations: South Bend Public Transportation Corporation (Corporation) is a municipal corporation established under Indiana Code 36-9-4-11 which provides transportation services for the citizens of South Bend and Mishawaka, Indiana.

Basis of Accounting: The Corporation's operations are accounted for as an enterprise fund on an accrual basis in order to recognize the flow of economic resources. Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, depreciation of assets is recognized, and all assets and liabilities associated with the operation of the Corporation are included in the statement of net position. The principal operating revenues of the Corporation are passenger fares. The Corporation also recognizes as operating revenue the fees collected from advertisements on Corporation property and miscellaneous operating revenues. Operating expenses for the Corporation include the costs of operating the transit system, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity: The accompanying financial statements comply with the provisions of GASB. GASB Statement No. 61 requires that financial statements of the reporting entity include all of the organizations activities, functions and component units for which the reporting entity is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board and either (1) the reporting entity's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the reporting entity. Based upon the application of these criteria, no entities have been considered to be potential component units for the purpose of defining the Corporation's reporting entity.

Proprietary Fund Type: The Corporation operates as an enterprise fund, a type of proprietary fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Cash and cash equivalents: The Corporation had a \$689,072 bank balance deposited in local banks at December 31, 2018, which is fully insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposits Insurance Fund. For presentation in the statement of cash flows, cash and cash equivalents includes unrestricted cash deposits and other investments with original maturities of three months or less. The difference in the carrying amount of cash and the bank balance is caused by items in transit and outstanding checks at December 31, 2018.

Inventory: Inventory consists of parts and supplies and is valued at the lower of cost (first-in, first-out method) or market.

Note Receivable: In January 2016, the Corporation entered an agreement to sell a piece of land for a purchase price of \$1,050,000. The sales agreement includes an \$850,000 promissory note payable to the Corporation due in full by January 2020. At December 31, 2018, the outstanding balance of the note receivable was \$564,000.

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE 1 - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounts and Grants Receivable: Receivables consist of outstanding balances due from local, state, and federal sources. No allowance for bad debts has been established as management considers all receivables to be collectible.

Capital Assets: Property, buildings and equipment are capitalized at cost. Expenditures for maintenance and repairs are charged to operations as incurred. The capitalization threshold for the Corporation is \$1,500. Depreciation is recorded using the straight-line method over the following useful lives:

Buildings and improvements	5 - 25 years
Revenue vehicles and equipment	7 - 12 years
Service vehicles and equipment	3 - 6 years
Shop and garage equipment	3 - 10 years
Furniture and office equipment	3 - 10 years

Accrued Compensated Absences: Substantially all employees receive compensation for vacations, holidays, and certain other qualifying absences such as sick leave. Compensated absences, which have been earned but not paid as of December 31, 2018, are accrued on the statement of net position.

Property Tax Calendar: Property taxes for the 2018 tax levy were attached as an enforceable lien on properties as of March 1, 2018; these taxes were levied in January 2018, by passage of a tax ordinance. Tax bills were prepared by St. Joseph County and were issued in April 2018 and October 2018 and payable in May 2018 and December 2018.

Management Estimates and Assumptions: Management must make estimates and assumptions in preparing financial statements in conformity with accounting principles generally accepted in the United States of America that affect the amounts reported therein and the disclosures provided. These estimates and assumptions may change in the future and the future results could differ.

Restricted Asset Spending Policy: Any restricted net position may be released from restriction by incurring expenses satisfying the restricted purpose or by occurrence of other events. When an expenditure is incurred for which both restricted and unrestricted resources are available, it is the Corporation's policy to apply restricted resources first, then unrestricted resources as needed.

Net Pension Liability: For purposes of measuring the net pension liability on the South Bend Public Transportation Corporation Pension Trust (Plan), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense of the Plan have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds to employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements: In 2018, the Corporation implemented the following GASB Statements as required:

- Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.
- GASB Statement No. 85, *Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during the implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits (OPEB)).
- GASB Statement No. 86, *Certain Debt Extinguishment Issues*. The objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance.

These new statements had no effect on the Corporation net position or changes therein.

NOTE 2 - LEASE RECEIVABLES

Under two of its federal capital assistance grants, the Corporation was awarded \$4,000,000 of funding during 2005 to purchase an additional parking garage in downtown South Bend. The Corporation purchased a garage from the City of South Bend (the City) that was renovated with certain modifications to accommodate the Corporation's needs. The Corporation entered into a \$4,000,000 direct financing lease with the City to lease the garage to the City for 20 years, until 2025. The City performs all management functions and pays the Corporation \$200,000 per year, with no interest and a percentage of the parking revenues over expenses. There were no additional payments for excess parking revenues to the Corporation for year ended December 31, 2018.

At December 31, 2018, the outstanding balance of the lease receivable was \$1,345,205. Future minimum lease payments to be received under both leases are as follows:

2019	\$ 200,000
2020	200,000
2021	200,000
2022	200,000
2023	200,000
2024 - 2025	<u>345,205</u>
	1,345,205
Less: Current portion	<u>200,000</u>
Noncurrent position	<u>\$ 1,145,205</u>

Total long term liabilities	<u>1,061,403</u>	<u>129,139</u>	<u>(785,001)</u>	<u>405,541</u>	<u>234,900</u>

(Continued)

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2018

NOTE 4 - LOAN PAYABLE (Continued)

In 2014, the Corporation obtained a \$1,500,000 promissory note to fund the acquisition of new buses. The loan requires monthly, interest only payments until February 2016 when quarterly principal payments of \$125,000 plus interest commence. The loan has a fixed interest rate of 2.0% and matures in February 2019. The outstanding balance on the loan is \$124,900 at December 31, 2018.

During 2017, the Corporation obtain a \$300,000 promissory note to fund the acquisition of new buses. The loan requires monthly, interest only payments until April 2018 when semi-annual principal payments of \$100,000 plus interest commence. The loan has an interest rate of 2.25% plus one-month LIBOR and matures in March 2019. The Corporation paid off the loan in full as of December 31, 2018. The future maturities of the long-term debt are as follows:

<u>Years ending December 31</u>	<u>Amount</u>
2019	\$ 124,900
	124,900
Current portion	<u>124,900</u>
Noncurrent portion	<u><u>\$ -</u></u>

Interest expense was \$38,756 for the year ended December 31, 2018.

NOTE 5 - STATE, LOCAL AND FEDERAL ASSISTANCE

State, local and federal assistance is as follows:

Non-operating:

Local government assessments and taxes:

Property tax appropriation	\$ 3,052,031
Other tax appropriations	<u>896,849</u>
Total	3,948,880

Federal grants and reimbursement:

Federal preventive maintenance assistance grant	1,372,400
Federal operating assistance grant	<u>1,751,790</u>
Total	3,124,190

State operating assistance grant	<u>2,030,690</u>
----------------------------------	------------------

Total state, local and federal assistance	<u><u>\$ 9,103,760</u></u>
---	----------------------------

The Corporation is the designated recipient of funds under the Urban Mass Transportation Act of 1964. The preventative maintenance assistance grants and federal operating assistance grants are awarded to the Corporation and funds may be earned and disbursed generally over a two-year period. The Corporation received assistance under these grants for the year ended December 31, 2018 of \$3,124,190.

The Corporation is also a designated recipient of operating assistance funds from the State of Indiana. The state makes distributions of funds to transit systems, which have been appropriated for mass transit operating assistance. The total operating grant earned for the year ended December 31, 2018 was \$2,030,690.

(Continued)

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE 5 - STATE, LOCAL AND FEDERAL ASSISTANCE (Continued)

Capital:

The Corporation received \$968,260 of capital contributions from both federal and local sources for the year ended December 31, 2018. Capital grants are earned as the Corporation expends funds in accordance with its federal and state grants. Generally, the Corporation receives an 80% federal match on all funds spent for budgeted items included in the grant agreements.

NOTE 6 - CONTINGENT LIABILITIES

Capital and operating assistance grants financed by state and federal agencies are subject to audit by these agencies to determine if expenditures comply with conditions of the grants. In the opinion of management, no significant unrecorded liabilities will arise from such audits.

The Corporation is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters and employee health and accident benefits. For the year ended December 31, 2018, the Corporation has purchased commercial insurance policies covering risks of loss related to the above-mentioned events. There were no significant reductions in insurance coverage during 2018 and there were no settlements that exceeded insurance coverage during the previous three years for those risks that the Corporation purchased insurance. In addition, various claims and lawsuits arising from the normal course of business are pending against the Corporation. In the opinion of management, the potential loss on all claims should not have a material effect on the financial statements.

NOTE 7 - TEMPORARY LOAN TAX ANTICIPATION WARRANTS

In 2018, the Corporation issued \$1,100,000 of tax anticipation warrants to provide short-term operating cash at an interest rate of 1.64%. The warrants were paid in full by December 31, 2018.

On January 4, 2019, the Corporation issued \$1,100,000 of tax anticipation warrants to provide short-term operating cash at an interest rate of 3.18%. The warrants are due December 31, 2019 and are to be paid with property tax revenue received during the year. The tax warrants were issued to improve operating cash until the property tax revenue is received later in the year.

NOTE 8 - EMPLOYEE PENSION PLAN

Defined Benefit Pension Plan: The Corporation sponsors a trustee, single-employer, defined benefit pension plan, The South Bend Public Transportation Corporation Pension Trust (Plan), covering certain full-time permanent union and nonunion employees. The Plan was established for the purpose of providing retirement, death, and disability benefits for employees of the Corporation.

The Plan's trust document authorizes a Board of Trustees consisting of three members appointed by the Board of Directors of the Corporation and three members of the Union, with one member being the person holding the office of Union President, as elected by the Union membership, and the second and third member being selected by the Union President. The Corporation reserves the right at any time to amend the plan provisions as deemed necessary, however, no plan amendments shall make it possible for any part of the plan assets to be used for purposes other than to satisfy all benefits entitled to the plan participants.

(Continued)

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE 8 - EMPLOYEE PENSION PLAN (Continued)

The plan is audited separately from these financial statements. Requests for additional financial information related to the plan should be addressed to the Controller, South Bend Public Transportation, 1401 S. Lafayette Blvd., South Bend, Indiana 46613.

Benefits provided: Plan participants who retire at or after age 65 (or at age 60 with reduced benefits) are entitled to an annual retirement benefit payable monthly for life, in an amount based upon compensation and credited service. Employees are also entitled to disability benefits in instances in which employment terminates from the result of "total and permanent disability". Employees who retire at age 65 (or active employees who die either before or after attaining age 55 with reduced death benefits) are entitled to death benefits payable to a designated beneficiary or spouse upon death of the retiree.

Employees covered by benefit terms: Employees who are members of the union automatically become participants in the plan as of their employment commencement date and nonunion employees can commence participation when they agree to make mandatory contributions to the plan. Nonunion employees that did not elect to participate in the plan within the later of one year of their employment commencement date or May 1, 2002 were no longer eligible to participate in the plan.

At January 1, 2018, the following employees were covered by the benefit terms:

Active plan members	71
Inactive plan members and beneficiaries currently receiving benefits	65
Inactive plan members entitled to but not yet receiving benefits	18
	<u>154</u>

Contributions: The Corporation's and participant's contributions are fixed amounts payable weekly. During 2018, the collective bargaining agreement was renewed which increased the Corporations' contribution from \$54.63 per participant to \$74.63 per participant. The participant's contribution increased from \$31.50 to \$34.56 per week. The required contribution is calculated through actuarial analysis to determine the contribution rates that are required over time to allow sufficient assets to be available to pay benefits when due. The allocation of the required contribution between the Corporation and the participants is determined and governed by collective bargaining agreements.

Net Pension Liability: The Corporation's net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018. At December 31, 2018, the Plan's fiduciary net position, or fair value of Plan assets was \$7,342,514 compared to a total pension liability of \$9,480,038, resulting in a net pension liability of \$2,137,524.

(Continued)

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2018

NOTE 8 - EMPLOYEE PENSION PLAN (Continued)

Actuarial assumptions. The total pension liability in the January 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Measurement date	December 31, 2018, based on a valuation date of January 1, 2018
Actuarial cost method	Entry Age Method
Amortization method	Open 20 year amortization of unfunded actuarial accrued liability
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.00%
Salary increases	Not applicable
Investment rate of return	6.50%, including inflation, and net of pension plan investment expense
Retirement rate	100% retirement at age 65
Disability rates	1963 category II
Mortality	RP-2014 Blue Collar with fully generational improvements from 2006, based on assumptions from the Social Security Administration's 2018 trustee report
Cost of living adjustment	Not applicable

The mortality tables used in the actuarial valuation were updated from the prior year. No other changes to actuarial assumptions were noted from the prior year.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These expected future real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflations. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2018, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income and cash	22%	2.0%
Domestic equity	24%	10.0%
International equity	6%	6.0%
Alternatives/bonds	48%	3.0%
Total	<u>100%</u>	

(Continued)

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE 8 - EMPLOYEE PENSION PLAN (Continued)

Discount rate. The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed the plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in net pension liability:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) – (b)
Balances at December 31, 2017	\$ 9,295,416	\$ 8,039,780	\$ 1,255,636
Changes for the year:

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

Board of Directors
South Bend Public Transportation Corporation
South Bend, Indiana

We have audited the financial statements of South Bend Public Transportation Corporation (the Corporation) as of and for the years ended December 31, 2018, 2017, 2016, 2015, 2014, 2013, 2012, 2011, 2010, 2009, and 2008 and our reports thereon dated August 19, 2019, August 20, 2018, August 21, 2017, August 18, 2016, July 20, 2015, July 9, 2014, June 17, 2013, May 30, 2012, May 24, 2011, May 13, 2010, and May 11, 2009, which contained an unmodified opinion on those financial statements. Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of operating revenues, expenses, and nonoperating revenues is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SOUTH BEND PUBLIC TRANSPORTATION CORPORATION
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year ended December 31, 2018

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Corporation under programs of the federal government for the year ended December 31, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Corporation, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Corporation.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. The Corporation has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments* or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 2 – OTHER INFORMATION

The Corporation did not have any subrecipient activity during the year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
South Bend Public Transportation Corporation
South Bend, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the South Bend Public Transportation Corporation ("Corporation") as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements, and have issued our report thereon dated August 19, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROLS OVER COMPLIANCE

Board of Directors
South Bend Public Transportation Corporation
South Bend, Indiana

Report on Compliance for Each Major Federal Program

We have audited the South Bend Public Transportation Corporation's (Corporation) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Corporation's major federal program for the year ended December 31, 2018. The Corporation's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Corporation's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Corporation's compliance.

Opinion on Each Major Federal Program

In our opinion, the Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management of the Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
