Report on the Financial Statements

We have audited the accompanying financial statements of Indianapolis Private Industry Council d/b/a EmployIndy (EmployIndy), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of EmployIndy as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and schedule of expenditures of state and local governmental awards are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 5, 2019, on our consideration of EmployIndy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering EmployIndy's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
Years ended June 30, 2018 and 2017

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: The Indianapolis Private Industry Council d/b/a EmployIndy (“EmployIndy”), the Workforce Development Board (WDB) for Marion County, was incorporated as a not-for-profit organization on June 23, 1983, under the laws of the State of Indiana.

The WDB within each Workforce Service Area (WSA) is responsible for providing policy guidance for, and exercising oversight with respect to, activities under its job training plan in partnership with local units of government. The WDB is also responsible for selecting the WSA's service providers for allocated Workforce Innovation and Opportunity Act (WIOA) funds from the Indiana Department of Workforce Development. EmployIndy is designated as the fiscal agent for the Marion County WSA by the local elected officials and therefore receives funds directly from the State of Indiana's Department of Workforce Development under the federal WIOA. These funds represent EmployIndy's core funding source and are directly allocated to EmployIndy. Although EmployIndy's primary funding source is WIOA, EmployIndy actively competes for other federal, state and private grants.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash: EmployIndy's deposit accounts exceeded federally insured limits at June 30, 2018 and 2017 by \$4,600,000 and \$895,000, respectively.

Property and Equipment: Expenditures for property, equipment, and items that substantially increase the useful lives of existing assets are capitalized at cost. EmployIndy provides for depreciation on the straight-line method at rates designed to depreciate the costs of assets over estimated useful lives as follows:

	<u>Years</u>
Furnishings and equipment	3-10

EmployIndy capitalizes all equipment purchases acquired under government grants if it is probable that EmployIndy will ultimately receive title to the assets. Title to the equipment acquired under government grants is held by the granting agency while used in the program for which it was purchased or other future authorized programs. The disposition of this equipment, as well as the right to a proportionate share of any proceeds therefrom, is subject to funding source regulations.

Impairment of Long-Lived Assets: On an ongoing basis, EmployIndy reviews its long-lived assets for impairment whenever events or circumstances indicate that the carrying amount may not be recoverable. EmployIndy recognizes impairment losses if the undiscounted cash flows expected to be generated are less than the carrying value of the related assets. If impaired, the assets are adjusted to fair value based on the discounted cash flows. No impairment loss has been recognized during the years ended June 30, 2018 and 2017.

Deferred Revenue: Revenues received for services provided, in advance of being earned, is deferred and recognized over the periods in which the services are performed and revenues are earned.

NOTES TO FINANCIAL STATEMENTS
Years ended June 30, 2018 and 2017

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

During January 2012, EmployIndy entered into a grant agreement with the City of Indianapolis to fund the workforce training program ("PowerTrain"). In June 2013, EmployIndy received \$1.5 million in advance of services. For the year ended June 30, 2018, \$20,181 was expended and \$36,953 remained as deferred revenue. For the year ended June 30, 2017, \$0 was expended and \$57,134 remained as deferred revenue.

Net Asset Classifications: The financial statements have been prepared in accordance with GAAP. This requires, among other things, that the financial statements report the changes in and total of each of the net asset classes, based upon donor restrictions, as applicable. Net assets are to be classified as unrestricted, temporarily restricted, or permanently restricted.

The following classes of net assets are maintained:

Unrestricted Net Assets – The unrestricted net asset class includes general assets and liabilities of EmployIndy. The unrestricted net assets of the entity may be used at the discretion of management to support EmployIndy's purposes and operations.

Temporarily Restricted Net Assets - This net asset class includes assets of EmployIndy whose use has been limited by donors to a specific period of time or purpose. Amounts are released from restriction when used for satisfaction of the donors' restrictions. Releases during the years ended June 30, 2018 and 2017 totaled \$1,193,852 and \$1,243,162, respectively.

Permanently Restricted Net Assets – The permanently restricted net asset class includes assets of EmployIndy related to contributions and other inflows of assets whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of EmployIndy. EmployIndy had no permanently restricted net assets as of June 30, 2018 and 2017.

Contributions: Gifts of cash and other assets received without donor stipulations are reported as unrestricted revenue and net assets. Gifts received with a donor stipulation that limits their use are reported as temporarily restricted net assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Gifts that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as temporarily restricted and then released from restriction.

Government Grants: Support funded by grants is recognized as EmployIndy performs the contracted services under grant agreements. Grant expenditures are subject to audit and acceptance by the granting agency. As a result of such audit, adjustments could be required.

Income Taxes: EmployIndy is exempt from income taxes on income from related activities under Section 501(c)(3) of the U.S. Internal Revenue Code and corresponding state tax law. Accordingly, no provision has been made for federal or state income taxes.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

GAAP requires EmployIndy to recognize a tax liability only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the “more likely than not” test, no tax benefit will be recorded. EmployIndy has examined this issue and has determined there are no material contingent tax liabilities or questionable tax positions.

EmployIndy does not expect the total amount of unrecorded tax benefits to significantly change in the next 12 months. EmployIndy recognizes interest and/or penalties related to income tax matters in income tax expense. EmployIndy did not have any amounts accrued for interest and penalties at June 30, 2018 or 2017.

Functional Allocation of Expenses: EmployIndy reports expenditures that can be specifically identified with a particular program objective to the appropriate funding source and cost category. EmployIndy's indirect and other pooled expenses are allocated monthly to the various projects or grants based on a cost allocation plan accepted by its oversight agency.

Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to June 30, 2018, to determine the need for any adjustments or disclosures to the financial statements for the year ended June 30, 2018. Management has performed their analysis through March 5, 2019, the date the financial statements were available to be issued.

NOTE 2 - PROPERTY AND EQUIPMENT

EmployIndy's property and equipment is as follows:

NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2018

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of EmployIndy under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of EmployIndy, it is not intended to and does not present the financial position, changes in net assets, or cash flows of EmployIndy.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, in the cost principles contained in Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Indianapolis Private Industry Council d/b/a EmployIndy
Indianapolis, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Indianapolis Private Industry Council d/b/a EmployIndy (EmployIndy), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 5, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered EmployIndy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of EmployIndy's internal control. Accordingly, we do not express an opinion on the effectiveness of EmployIndy's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether EmployIndy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entities' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Board of Directors
Indianapolis Private Industry Council d/b/a EmployIndy
Indianapolis, Indiana

Report on Compliance for Each Major Federal Program

We have audited the compliance of Indianapolis Private Industry Council d/b/a EmployIndy (EmployIndy) with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of EmployIndy's major federal programs for the year ended June 30, 2018. EmployIndy's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of EmployIndy's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about EmployIndy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of EmployIndy's compliance.

Opinion on Each Major Federal Program

In our opinion, EmployIndy complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of EmployIndy is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered EmployIndy's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of EmployIndy's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
