AUDIT RESULTS AND COMMENTS

BANK ACCOUNT RECONCILIATIONS

Condition and Context

The same comment also appeared in prior Reports B51706, B51779, and B53378.

Monthly reconciliations of the Clerk of the Circuit Court's (Clerk) record balances to the bank account balances were not performed for any month during the audit period.

Criteria

Indiana Code 5-13-6-1(e) states: "All local investment officers shall reconcile at least monthly the balance of public funds, as disclosed by the records of the local officers, with the balance statements provided by the respective depositories."

INTERNAL CONTROLS OVER FINANCIAL TRANSACTIONS AND REPORTING

The same comment also appeared in prior Reports B51706, B51779, and B53378.

Condition and Context

There were several deficiencies in the internal control system of the Clerk related to financial transactions and reporting. There was a lack of segregation of duties, as the Clerk had not separated incompatible activities related to cash and investments, receipts, and disbursements.

Cash and Investments

The Clerk had not designed or implemented controls, including segregation of duties, to ensure the accuracy of the cash and investments balance. During the audit period, no reconciliations of the bank statement balances to the Clerk's ledger or accounting software balances were prepared.

AUDIT RESULTS AND COMMENTS
(Continued)

Receipts

The Clerk had not separated incompatible activities to ensure the accuracy of the receipts. One employee received money, issued official receipts, prepared bank deposits, posted receipts, approved adjustments, and was responsible for preparing bank reconciliations. The process was completed without a documented oversight, review, or approval process.

Disbursements

The Clerk had not designed or implemented controls, including segregation of duties, related to disbursements. One employee prepared, processed, and distributed checks for the Trust. The process was completed without a documented oversight, review, or approval process to ensure the accuracy of the disbursements.

Criteria

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."
