TO: THE OFFICIALS OF THE WALTON & TIPTON TOWNSHIP

This report is supplemental to our audit report of the Walton & Tipton Township Public Library (Library), for the period from January 1, 2016 to December 31, 2018. It has been provided as a separate report so that the reader may easily identify any Audit Results and Comments that pertain to the Library. AUDIT RESULT AND COMMENT

**INTERNAL CONTROLS**

*Condition and Context*

There were deficiencies in the internal control system of the Library related to financial transactions and reporting. The Library had not separated incompatible activities related to receipts. The failure to establish these controls could have enabled material misstatements to occur and remain undetected.

One employee issued receipts, recorded receipts, prepared the deposit slip, and deposited the collections at the bank. There was no evidence of an oversight or review process.

*Criteria*

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."
