MONROE CENTRAL SCHOOL CORPORATION  
AUDIT RESULT AND COMMENT

**PREPAID SCHOOL LUNCH**

*Condition*

The School Corporation did not perform reconciliements of the balance in the Prepaid Lunch fund with the total of the individual meal accounts.

*Criteria*

When a student puts money into their individual meal account, it should not be considered income to the child nutrition program until that student goes through the lunch line and charges a meal to their account. Therefore, while money is in the student's individual account, the balance should not be included in Fund 800 School Lunch. A school should set up a clearing account with the fund number of 8400 Prepaid School Lunch Accounts which is included in Chapter 4 of the State Board of Accounts Uniform Compliance Guidelines for Indiana Public School Corporations. When a student brings in a deposit the receipt should be recorded to Fund 8400 using receipt account 1630 Special Functions. After the student has charged meals, you should disburse the amount charged from Fund 8400 using expenditure account 31900 Other Food Services and receipt this into Fund 800 using the Food Services receipt accounts 1611-1623 at the time established in a written school policy to ensure accurate monthly reporting. At this point the receipts are considered program income and should be included on any reports that are required to be completed. Also, on a monthly basis it is required that the balance of Fund 8400 be reconciled with the total of the individual meal accounts. (The School Bulletin and Uniform Compliance Guidelines, February 2019)
