INDEPENDENT ACCOUNTANT'S REVIEW REPORT

TO: THE OFFICIALS OF THE ST. JOE-SPENCERVILLE REGIONAL
SEWER DISTRICT, DEKALB COUNTY, INDIANA

We have reviewed the accompanying financial statement of the St. Joe-Spencerville Regional Sewer District (District), for the period of January 1, 2017 to December 31, 2018. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the District's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statement as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with a regulatory basis of accounting that demonstrates compliance with the reporting requirements established by the Indiana State Board of Accounts as allowed by state statute (IC 5-11-1-6); which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This includes determining that the basis of accounting the District uses is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with *Statement on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statement for it to be in accordance with the prescribed basis of accounting described in Note 1. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statement in order for it to be in accordance with the prescribed basis of accounting described in Note 1.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT
(Continued)

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The financial statement is prepared in accordance with the prescribed basis of accounting that demonstrates compliance with the reporting requirements established by the Indiana State Board of Accounts as allowed by state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

The notes to the financial statement are an integral part of this statement.

ST. JOE-SPENCERVILLE REGIONAL SEWER DISTRICT
NOTES TO FINANCIAL STATEMENT

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The District was established under the laws of the State of Indiana. The District operates under a governing board.

The accompanying financial statement presents the financial information for the District.

B. Basis of Accounting

The financial statement is reported on a regulatory basis of accounting prescribed by the Indiana State Board of Accounts in accordance with state statute (IC 5-11-1-6), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The basis of accounting involves the reporting of only cash and investments and the changes therein resulting from cash inflows (receipts) and cash outflows (disbursements) reported in the period in which they occurred.

The regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, in that receipts are recognized when received in cash, rather than when earned, and disbursements are recognized when paid, rather than when a liability is incurred.

C. Cash and Investments

Investments are stated at cost. Any changes in fair value of the investments are reported as receipts in the year of the sale of the investment.

D. Receipts

Receipts are presented in the aggregate on the face of the financial statement. The aggregate receipts include the following sources:

Utility fees. Amounts received from charges for current services.

Penalties. Amounts received from late payment fees.

Other receipts. Amounts received from various sources, including, but not limited to, the following: net proceeds from borrowings; interfund loan activity; transfers authorized by statute, ordinance, resolution, or court order; internal service receipts; and fiduciary receipts.

E. Disbursements

Disbursements are presented in the aggregate on the face of the financial statement. The aggregate disbursements include the following uses:

Personal services. Amounts disbursed for salaries, wages, and related employee benefits provided for all persons employed. In those units where sick leave, vacation leave, overtime compensation, and other such benefits are appropriated separately, such payments would also be included.

ST. JOE-SPENCERVILLE REGIONAL SEWER DISTRICT
NOTES TO FINANCIAL STATEMENT
(Continued)

Other services and charges. Amounts disbursed for services including, but not limited to, the following: professional services, communication and transportation, printing and advertising, insurance, utility services, repairs and maintenance, and rental charges.

Utility operating expenses. Amounts disbursed for operating the utilities.

Other disbursements. Amounts disbursed for various other purposes including, but not limited to, the following: interfund loan payments; loans made to other funds; internal service disbursements; and transfers out that are authorized by statute, ordinance, resolution, or court order.

F. Interfund Transfers

The District may, from time to time, make transfers from one fund to another. These transfers, if any, are included as a part of the receipts and disbursements of the affected funds and as a part of total receipts and disbursements. The transfers are used for cash flow purposes as provided by various statutory provisions.

G. Fund Accounting

Separate funds are established, maintained, and reported by the District. Each fund is used to account for amounts received from and used for specific sources and uses as determined by various regulations. Restrictions on some funds are set by statute while other funds are internally restricted by the District. The amounts accounted for in a specific fund may only be available for use for certain, legally-restricted purposes. Additionally, some funds are used to account for assets held by the District in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units and, therefore, the funds cannot be used for any expenditures of the unit itself.

Note 2. Deposits and Investments

Deposits, made in accordance with state statute (IC 5-13), with financial institutions in the State of Indiana, at year end, should be entirely insured by the Federal Depository Insurance Corporation or by the Indiana Public Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

State statutes authorize the District to invest in securities including, but not limited to, the following: federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Note 3. Risk Management

The District may be exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job-related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents; and natural disasters.

ST. JOE-SPENCERVILLE REGIONAL SEWER DISTRICT
NOTES TO FINANCIAL STATEMENT
(Continued)

These risks can be mitigated through the purchase of insurance, establishment of a self-insurance fund, and/or participation in a risk pool. The purchase of insurance transfers the risk to an independent third-party. The establishment of a self-insurance fund allows the District to set aside money for claim settlements. The self-insurance fund would be included in the financial statement. The purpose of participation in a risk pool is to provide a medium for the funding and administration of the risks.

ST. JOE-SPENCERVILLE REGIONAL SEWER DISTRICT
EXIT CONFERENCE

The contents of this report were discussed on February 24, 2020, with Robyn McCann, Clerk, and Jerry Markle, President of the District Board.
