### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Justice Center of St. Joseph County, Inc. as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Report on Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of federal, state, and local awards, as required by *Uniform Compliance Guidelines for Examination of Entities Receiving Financial Assistance from Governmental Sources* issued by the Indiana State Board of Accounts, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

Nature of Organization:

Family Justice Center of St. Joseph County, Inc. (the Organization, we, us, our) is a tax-exempt nonprofit Indiana corporation organized to provide a convenient, centralized, client-centered holistic service to survivors of domestic violence. Our operations are supported primarily by grants from federal, state, and local governmental agencies.

Significant Accounting Policies:

*Use of Estimates:*

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts. Significant estimates used in the accompanying financial statements include:

- Revenue earned from government-funded grants and contracts. The majority of our revenue is earned from such awards, which are governed by governmental cost principles and other administrative and programmatic regulations and are subject to audit by regulatory authorities. It is at least reasonably possible that revenue earned under such awards will be adjusted upon audit.
- The allocation of expenses among program and supporting services, which is based on factors discussed late in this Note.

*Net Asset Classes:*

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- *Net assets without donor restrictions* – Net assets available for use in general operations and not subject to donor restrictions.
- *Net assets with donor restrictions* – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity; however, we not received any such contributions. We report contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2019 and 2018

---

*Cash and Cash Equivalents:*

We consider highly liquid financial instruments with original maturities of three months or less and that are neither held for nor restricted by donors for long-term purposes to be cash and cash equivalents.

*Grants Receivable and Promises to Give:*

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value, using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statements of activities. The allowance for uncollectable grants receivable and promises to give is based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Promises to give are written-off when deemed uncollectable.

*Property and Equipment:*

Property and equipment is stated at cost if acquired, or at fair market value at the date of receipt if donated. Depreciation is recorded by the straight-line method over the estimated useful lives of the assets, which are generally as follows:

Furniture and equipment ..... 3 to 5 years

All of our property and equipment has been purchased with governmental grant funds. Disposition of these assets, as well as the ownership of any sale proceeds, is subject to funding source and other regulatory directives. Because we expect such assets to be used in accordance with the funding source directives, the cost of the assets is recorded as an asset when they are acquired.

We review the carrying values of property and equipment for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent that carrying value exceeds the fair value of the assets.

*Revenue and Revenue Recognition:*

Revenue is recognized when earned. Program service fees and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed or expenditures are incurred, respectively. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

**FAMILY JUSTICE CENTER OF ST. JOSEPH COUNTY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2019 and 2018

---

Contributions of goods are recorded at fair value at the date contributed. Contributions of services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not donated, are recorded at their fair value in the period received. In addition, a substantial number of volunteers donate significant amounts of time to the Organization that are not recorded because the criteria for recognition have not been met.

*Functional Allocation of Expenses:*

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function and report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy and depreciation, which are allocated on a square footage basis, as well as salaries and wages, benefits, payroll taxes, professional services, office expenses, information technology, interest, insurance, and others, which are allocated on the basis of estimates of time and effort or other factors driving expenses.

*Advertising Costs:*

Advertising costs are expensed when incurred and were \$75 and \$857 for the years ended June 30, 2019 and 2018, respectively.

*Income Taxes:*

We are exempt from income tax under Internal Revenue Code Section 501(c)(3) and a similar section of the Indiana Code, except for tax on income derived from business activities that are unrelated to our exempt purpose. We have been determined to not be a private foundation under Internal Revenue Code Section 509(a)(1).

We recognize the tax benefit from an uncertain tax position only if it is more likely than not that the position will be sustained on examination by taxing authorities based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Examples of tax positions include our tax-exempt status and positions related to the potential sources of unrelated business taxable income. We have not identified any uncertain tax positions taken or expected to be taken in a tax return, and there are no unrecognized tax benefits recorded as liabilities in the accompanying financial statements. We classify interest and penalties, if any, associated with uncertain tax positions as a component of income tax expense, and there was no accrued interest or any penalties related to unrecognized tax benefits at either June 30, 2019 or 2018, or any interest or penalties expense related to unrecognized tax benefits for the years then ended. We are no longer subject to examination by the Internal Revenue Service or the State of Indiana for years prior to June 30, 2016.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019 and 2018

---

*Financial Instruments and Credit Risk:*

We manage deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed by us to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, we have not experienced losses in any of these accounts. Credit risk associated with grants receivable and promises to give is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies, local individuals, and others supportive of our mission.

*Subsequent Events:*

We have evaluated events occurring subsequent to June 30, 2019 for possible adjustment to the financial statements or disclosure through March 12, 2020, the date the financial statements were available to be issued.

**NOTE 2. LIQUIDITY AND AVAILABILITY**

Financial assets available for general expenditure (that is, without donor or other restrictions limiting their use) within one year of June 30, 2019 are as follows:

|   |                  |
|---|------------------|
| Cash and cash equivalents                                       | \$ 25,297        |
| Grants receivable   | <u>65,304</u>    |
| <i>Total financial assets available for general expenditure</i> | <u>\$ 90,601</u> |

We also maintain a \$150,000 line of credit (see Note 5) to supplement our operating needs if necessary.

**NOTE 3. GRANTS RECEIVABLE**

Grants receivable consist of reimbursements due under government-funded grants. All amounts are due within one year, and no allowance for uncollectable amounts is considered necessary. In addition, at June 30, 2019 we had received approximately \$438,000 of conditional promises to give in excess of allowable costs incurred under cost-reimbursement awards. Such promises will be recognized as revenue if and when allowable costs are incurred.

**NOTE 4. PROPERTY AND EQUIPMENT**

Property and equipment consists of the following at June 30, 2019 and 2018, respectively:

|                                   | <u>2019</u>     | <u>2018</u>     |

**NOTE 5. NOTE PAYABLE, BANK LINE OF CREDIT**

We have a \$150,000 bank line of credit agreement with interest at bank prime plus 200 basis points (7.50% at June 30, 2019). The line is collateralized by all our assets. The outstanding borrowings on the line were \$25,219 and \$32,800 at June 30, 2019 and 2018, respectively.

**NOTE 6. NET ASSETS INFORMATION**

Net assets with donor restrictions of \$8,500 at June 30, 2019 represent contributions for a fundraising event scheduled to occur in the next year and so are time-restricted for that future period.

**NOTE 7. LEASE INFORMATION**

We lease our office facility under an operating lease that expired in September 2012 and has continued on a month-to-month basis since. Total rent expense for this lease and for other short-term equipment leases was \$14,004 and \$9,491 for the years ended June 30, 2019 and 2018, respectively.

**NOTE 8. CONCENTRATIONS**

Financial instruments that expose us to concentrations of credit risk consist primarily of grants receivable. At June 30, 2019, amounts due from the State of Indiana and the U.S. Department of Justice were approximately 89% and 11%, respectively, of total grants receivable. At June 30, 2018, amounts due from the State of Indiana and the U.S. Department of Justice were approximately 74% and 26%, respectively, of total grants receivable.

Our contributors and service recipients are concentrated in the St. Joseph County, Indiana area. Accordingly, our contributions, grants, and other sources of support and revenue may be affected by conditions in that area. In addition, of total support and revenue for the year ended June 30, 2019, approximately 41% was from grants from the State of Indiana and 38% was from a grant from the U. S. Department of Justice. Of total support and revenue for the year ended June 30, 2018, approximately 55% was from grants from the State of Indiana; 23% was from a grant from the U. S. Department of Justice; and 11% was from a grant from the St. Joseph County Prosecutor's office.
