City Council  
City of Fishers  
One Municipal Drive  
Fishers, IN 46038

We have received the Comprehensive Annual Financial Report of the City of Fishers, which was opined upon by BKD, LLP, Independent Public Accountants, for the period January 1, 2020 to December 31, 2020. Per the *Independent Auditor's Report*, the financial statements included in the Comprehensive Annual Financial Report present fairly the financial condition of the City of Fishers as of December 31, 2020, and the results of its operations for the period then ended, on the basis of accounting described in the report.

The report is filed with this letter in our office as a matter of public record.

A handwritten signature in blue ink that reads "Paul D. Joyce".

June 29, 2021

To the Honorable Mayor Scott A. Fadness,  
Members of the Common Council, and  
Citizens of the City of Fishers, Indiana:

The Comprehensive Annual Financial Report of the City of Fishers, Indiana for the fiscal year ended December 31, 2020 is hereby submitted.

It is with great pride the City submits its thirty-third consecutive Fishers Comprehensive Annual Financial Report (CAFR). This report was prepared by the City Controller's Office in conjunction with our financial advisor, Baker Tilly. Responsibility for the accuracy, completeness, and fairness of the presentation rests with the City. We believe the data as presented is accurate in all material respects and reported in a manner designed to present fairly the financial position of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2020 and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. The financial statements of the City of Fishers for the fiscal year ended December 31, 2020 are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP).

Internal control is a major part of managing a city. It is not a one-time event, but an ongoing series of actions and events that occur in a municipality. Internal controls are designed to provide reasonable but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use of disposition and reliability of financial records for preparing the financial statements and maintaining accountability for assets. Reasonable assurance recognizes the cost of internal controls should not exceed the benefits to be derived, and the valuation costs and benefits judgement by management.

The City of Fishers accounting system is specifically designed for governmental entities and is equipped to adequately report and record financial data accurately while keeping the City compliant with all laws and regulations. We believe that the City of Fishers internal controls adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions. Policies and procedures have been put into place at the City of Fishers to assure the best possible performance. The City has passed an internal control ordinance along with providing citywide training for those employees who handle money and key assets. In addition, the City has updated its internal control policies to comply with the requirements of the Indiana State Board of Accounts.

Our auditor, BKD CPAs and Advisors, has issued an unqualified opinion on the City of Fishers financial statements for the fiscal year ended December 31, 2020. The independent auditor's opinion is located at the front of the financial section of this report.

The State of Indiana requires that each reporting entity shall be required to report financial information on a financial statement. The City is also required to undergo an annual single audit in conformity with the U.S. Office

of Management and Budget (OMB) Title 2 U.S. Code of Federal Regulation Part 200, Uniform Administrative of Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the provisions of Indiana Code section 5-11-1-9 and the requirements of the Indiana State Board of Accounts. Information related to the single audit, including the schedule of federal awards, findings and recommendations, and the auditors' reports on the internal control structure and compliance with laws and regulations, is available as a separate report.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Fishers' MD&A can be found immediately following the report of the independent auditors.

### **PROFILE OF THE GOVERNMENT**

Fishers, Indiana was established in June of 1872 when a local landowner, Salathiel Fisher, divided his land into town lots. Fishers now occupies over 37.9 square miles, with more than 400 miles of public roadways, in the southeast quadrant of Hamilton County in central Indiana and is adjacent to the City of Indianapolis. Hamilton County is the fastest growing county in Indiana and the City of Fishers has experienced substantial population growth. The City population has expanded from 7,508 in 1990 to an estimated 99,116 in 2020. The City has become a vibrant residential, commercial, and retail area in Hamilton County and the Indianapolis-metropolitan area. The City has a strong economy, an outstanding school system in Hamilton Southeastern Schools, a favorable corporate environment, and quality residential neighborhoods. In September 2017 Fishers was named by Money Magazine as the Best Place to Live in the United States. In September 2019, the City was once again recognized by Money Magazine. This time as the #3 place to live in the United States and the only Indiana city in the top 30. In addition to the Money Magazine recognition the City is consistently ranked among the safest cities and best place to raise a family by numerous other rating agencies and websites.

The City is governed by a nine-member council, with each member elected to a four-year term. The Mayor serves as the chief executive of the City and serves a four-year term. The City Clerk, also elected to a four-year term, is responsible for the management of records and maintaining ordinances of the City. The Mayor appoints a City Controller that is responsible for matters related to the City's finances. The City employs approximately 516 full time employees.

The City provides general governmental services such as police, fire, planning, zoning, construction, inspection, street and road maintenance, infrastructure maintenance and construction, and cultural and recreational activities. By Indiana statute, the Mayor also serves as the executive and legislative body for the City's Sewage Utility.

The City of Fishers component units are composed of the City of Fishers Building Corporation and the Fishers Redevelopment Authority. The Hamilton East Public Library and Hamilton Southeastern School Corporation have been determined to be separate reporting entities.

The annual budget serves as the foundation for the City of Fishers financial planning and control. Budgetary controls are maintained at the fund level. The Fishers City Council is required to adopt a final budget for the next calendar year by no later than November 1st of each year. Budget to actual comparisons demonstrate how actual revenues and expenses/expenditures compare to both the original and final revised budgets. The City Council approves the annual budget as part of its legislative duties.

The legal level of budgetary control (the level at which expenditures may not exceed appropriations without the governing body's approval) is by object classification for all funds except for the General Fund, which is by object classification within each department. The City's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the Common Council. Any revisions that alter the total appropriations for any fund or any department of the General fund must be approved by the Common Council and in some instances, by the Indiana Department of Local Government Finance.

### **LOCAL ECONOMY AND QUALITY OF LIFE**

The City of Fishers is a suburb in an affluent metropolitan area and functions as a suburban regional center. The City is headquarters for many corporations such as First Internet Bank, Navient, Stanley Security Solutions, First Advantage, Custom Electric Design and Installation Association (CEDIA), and Knowledge Services. Since 2014, City has created approximately over 8,200 new jobs and Over \$904,000,000 of investment. The City experienced a near-record economic investment in 2020 despite the COVID-19 pandemic and well-documented slowdown in the economy. In 2020, nine companies selected the City to relocate, and five existing firms chose to expand operations in the City creating 1,100 new jobs with an average salary of over \$83,000 and investment of over \$121,000,000.

The City also functions as a destination for the metropolitan area particularly with Indiana's only IKEA and Top Golf locations. This economic diversity allows the City unemployment rate to be consistently lower than national and state averages, 2.6% for April 2021, compared to the State of Indiana unemployment rate of 4.2% and the United States unemployment rate of 5.8% for the same period. Median household incomes within the City are significantly higher than both the state and national average. Per the Bureau of Census Reports, the City has an average household income of \$140,401 compared with the Indiana state average of \$56,603 and the national average of \$79,900. The average home price in the City is \$279,340. Hamilton County ranks first in the State of Indiana for median household income and per capita personal income. The City has the second lowest unit tax rate in Hamilton County, at .7115, and the lowest until tax rate among Indiana's ten largest cities per information published by the Indiana Department of Local Government Finance.

Due to its strong and healthy local economy, the City of Fishers is the only municipality in the State of Indiana to have earned a general obligation credit rating of AAA from Standard & Poor's. This rating was first received in 2016 and affirmed in 2017, 2018, 2019, and 2020. The City is one of a limited number of local governments in the United States to have a AAA bond rating from Standard and Poor's.

## **MAJOR INITIATIVES**

Mayor Scott Fadness has consistently, during his first term and into his second term, laid out a vision of Fishers as a smart, vibrant, and entrepreneurial city that provides an exceptional quality of life and fosters a culture of innovation and resiliency. Fishers strives to be a city that continues to develop and redevelop in a purposeful and thoughtful way. The goal of sustaining and enhancing vibrancy in all neighborhoods and regions of the community is achieved by the City's commitment to preserving the integrity of every neighborhood and providing opportunities for neighborhoods to foster a stronger sense of place and maintaining a vitality, energy, and resiliency in all areas. Fishers' goal is to foster a strong identity, sense of place, and tolerance in all our diverse neighborhoods. Fishers works to foster a culture of innovation, where the entrepreneurial spirit of continual improvement and the pursuit of discovery thrive.

This Smart, Vibrant, and Entrepreneurial vision drives all the City's initiatives, and all initiatives continue to build upon this vision.

### ***CORONAVIRUS COVID-19 (SARS-CoV-2) Response and Health Department Creation***

The COVID-19 pandemic affected many aspects of everyone's lives and the City was not immune. The first person with COVID-19 in Indiana was identified in Fishers on March 6, 2020. The City leadership team, particularly Mayor Fadness and City Attorney Chris Greisl, quickly organized a strategic approach to target anticipated needs during the global pandemic. A key component of this strategic approach was the creation of the Fishers Health Department, an action allowed under Indiana law for second-class cities, by the City Council on April 24, 2020.

The newly formed Health Department worked quickly and in April 2020, just three days after creation, and before most Indiana health departments had any processes in place, the first COVID tests were being performed by City EMS personnel. The City offered its residents free, easily accessible testing at a time when access to testing nationwide was extremely limited. In addition, from its inception, the Health Department has maintained a robust contact tracing program which has outpaced the efforts of the State of Indiana and other local tracing programs. The Health Department became the first department in Indiana to produce an evidence-based community metrics and guidance for schools, in addition to being one of the first to implement a public health order requiring masks. Due to the City's excellent testing process, the State of Indiana awarded funds so the City could test all Indiana residents at its testing center, not just Fishers residents.

From April 2020 to December 2020, the City Health Department administered over 33,000 tests with over 38,000 online testing needs assessments completed. Over 3,200 close contacts were notified by the Health Department contact tracers after tests were sought at the City testing site.

In 2021, the City, while continuing to offer free testing, shifted its focus to vaccinations. The City opened a 48,000 square foot mass vaccination site in January 2021. The site can vaccinate up to 1,600 people a day. As of June 2021, the City Health Department has administered over 50,000 cumulative doses of COVID-19 vaccines. Over

64% of the eligible City population has been fully vaccinated while over 70% of the eligible population has received at least the first dose. Furthermore, over 90% of the City's residents 60 and older are fully vaccinated.

### ***Fishers 2040***

Fishers 2040 is the City of Fishers' 25-year comprehensive plan to ensure future financial sustainability, while creating an environment that supports quality of life that meets our vision for a smart, vibrant, entrepreneurial city. The Fishers 2040 plan was first introduced and adopted in 2015 and is being reviewed and updated in 2021 with input from members of the community along with City staff.

This comprehensive plan is a long-range document that helps the City prepare and manage expected population and employment growth, as well as plan and coordinate major public investments, policies, and programs. It provides a framework, not a rule book, for our city's future development, redevelopment, and policy decisions. The goal of the 2040 plan is to ensure the City grows smartly as its population increases to an estimated 135,000 by 2040.

Other common comprehensive plan objectives are:

- Creates a document that is supported by current and accurate data
- Incorporates best practices regarding multiple facets of planning and sustainability
- Addresses key issues facing Fishers
- Recognizes Fishers' past and tells a compelling and engaging story about Fishers' future
- Provides a mechanism for review, updates and amendments
- Establishes consistency in decision-making in a coordinated manner

### **AWARDS AND ACKNOWLEDGEMENTS**

While all City departments receive numerous prestigious recognitions on their respective fields, the Controller's office takes pride in having received its 13th GFOA Distinguished Budget Presentation Award, and its 32nd Certificate of Achievement for Excellence in Financial Reporting.

The preparation of this report could not have been accomplished without the dedicated services of the entire staff of the Controller's Office. Other departments and offices of the City have also contributed directly or indirectly to the preparation of this report. We would like to express our appreciation to all who assisted in this effort.

Finally, we acknowledge the Mayor and Council members who have consistently supported the City's goal of excellence in all aspects of financial management and for their support for maintaining the highest standards of professionalism in the management of the City of Fishers finances. Their support is greatly appreciated.

Respectfully submitted,

Lisa Bradford

## Independent Auditor's Report

Audit Committee  
City of Fishers, Indiana

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Fishers, Indiana (City) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Fishers, Indiana, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison, pension and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections, as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated June 28, 2021, on our consideration of City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*BKD, LLP*

Indianapolis, Indiana

## **CITY OF FISHERS, INDIANA**

### **Management's Discussion and Analysis**

As management of City of Fishers, Indiana, ("the City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages III-XIV of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

#### **Financial Highlights**

- The assets and deferred outflows of resources, \$665,559 and \$16,313 respectively of the City exceeded its liabilities and deferred inflows of resources, \$393,638 and \$6,129 respectively at the close of the most recent fiscal year by \$282,105 (net position).
- The City's total net position increased by \$12,169 as compared to the 2019 total net position.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$101,398 a decrease of \$19,369 in comparison with the prior year. Approximately 18.1% of the total amount in the combined ending fund balances, \$18,368 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, the fund balance for the general fund was \$25,152 which represented 44.4% of total general fund expenditures, excluding transfers out.
- The City's total par amount of bonds increased by \$7,614 during the current fiscal year. The net change was the result of nine new bond issues \$86,040 and \$75,950 of principal payments on existing debt.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The statement of net position presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, health and welfare and culture and recreation.

The government-wide financial statements can be found on pages 17-18 of this report.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, State Road 37 Match, and COVID - FMA Funds which are considered to be a major funds. Data for the remaining City governmental funds are combined into a single, aggregated presentation. Individual fund data for non-major governmental funds is provided in the form of combining statements elsewhere in the report. The City adopts an annual appropriated budget for its general fund, certain special revenue funds, debt service funds and certain capital projects funds. Budgetary comparison schedules have been provided for the general fund and major special revenues funds in the required supplementary information. Budgetary comparisons for selected nonmajor governmental funds are presented in the supplementary information to demonstrate compliance with approved budgets.

The governmental fund financial statements can be found on pages 19-22 of this report.

**Proprietary funds.** The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer operations and the stormwater operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses the internal service fund to account for health insurance/flexible spending. Because these services benefit the governmental-type functions, they have been included within the governmental activities on the Statement of Net Position in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 23-25 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 26-27 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-91 of this report.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's budgets for its major funds as well as a reconciliation between the budget schedules and fund financial statements. In addition, the City's funding progress for its obligation to provide pension and other post-employment benefits to certain employees is included as supplementary information. Required supplementary information can be found on pages 92-105 of this report.

Supplemental information on the General Fund budget by department is on pages 106-109.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on budgets. Combining and individual fund statements and schedules can be found pages on 110-165 of this report.

**Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of government's financial position. In the case of the City, assets exceeded liabilities by \$282,105 at the close of the most recent fiscal year.

By far the largest portion, \$209,042 (74.1%), of the City's net position reflects the investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

The following table reflects the condensed statement of net position:

**Statement of Net Position**

	Governmental Activities		Business-Type Activities		Total	
	2020	2019	2020	2019	2020	2019
Current and other assets	\$ 114,617	\$ 132,338	\$ 14,648	\$ 22,635	\$ 129,265	\$ 154,973
Capital assets	454,595	419,751	81,699	76,265	536,294	496,016
Total assets	569,212	552,089	96,347	98,900	665,559	650,989
Deferred outflow of resources	15,385	8,552	928	563	16,313	9,115
Long-term liabilities	319,766	339,127	26,602	28,522	346,368	367,649
Other liabilities	45,340	13,937	1,930	1,729	47,270	15,666
Total liabilities	365,106	353,064	28,532	30,251	393,638	383,315
Deferred inflow of resources	5,298	6,415	831	438	6,129	6,853
Net investment in capital assets	151,476	142,400	57,566	51,020	209,042	193,420
Restricted net position	50,114	51,744	6,223	10,565	56,337	62,309
Unrestricted net position	12,603	7,018	4,123	7,189	16,726	14,207
Total net position	\$ 214,193	\$ 201,162	\$ 67,912	\$ 68,774	\$ 282,105	\$ 269,936

An additional portion of the City's net position, \$56,337 (20.0%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City can report a positive balance in net position for Net Investment in Capital Assets and Restricted Net Position. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors. A negative for unrestricted net position is more common for units of government like the City that utilize pay as you go policies for long-term debt, pensions and other post-employment benefits rather than accumulating assets in advance.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

The City's net position from governmental activities, including the statement of net position increased by \$13,030 or 6.5% in 2020, over the net position of 2019. Notable changes in governmental activities revenues and expenses in 2020 compared to 2019 include the following:

- Property tax revenues increased in 2020 by \$11,112 due to the increase in statewide property tax growth rate.
- Income taxes and other taxes decreased by \$661.
- Auto and aircraft excise taxes; wheel tax and liquor taxes increased \$848, \$77 and \$167 respectively. The increases are reflective of the improvement in the economy and promotion of the attractions within the City.
- General government expenses decreased by \$1,943.
- Public safety expenses increased \$4,684 in 2020.
- Highway and streets expenses decreased in 2020 \$632.
- Economic development expenses decreased in 2020 \$3,243.
- Culture and recreation expenses increased in 2020 by \$529.
- Program revenues (charge for services) increased compared to the prior year by \$1,975.
- Interest expense increased in 2019 by \$442 due to increase in City debt.

The City's overall cash and cash equivalents plus investments position, \$97,042 and \$17,655 respectively, remained very strong in the current economic environment, which posed many challenges in the local government arena. The City's property tax rate for 2020 remained constant to \$2.3241 and \$2.3039 from \$2.3211 and \$2.3044 for 2019, per \$100 of assessed value for Fishers City and Fishers Fall Creek Township respectively.

**Program Revenue and Expenses – Governmental Activities**

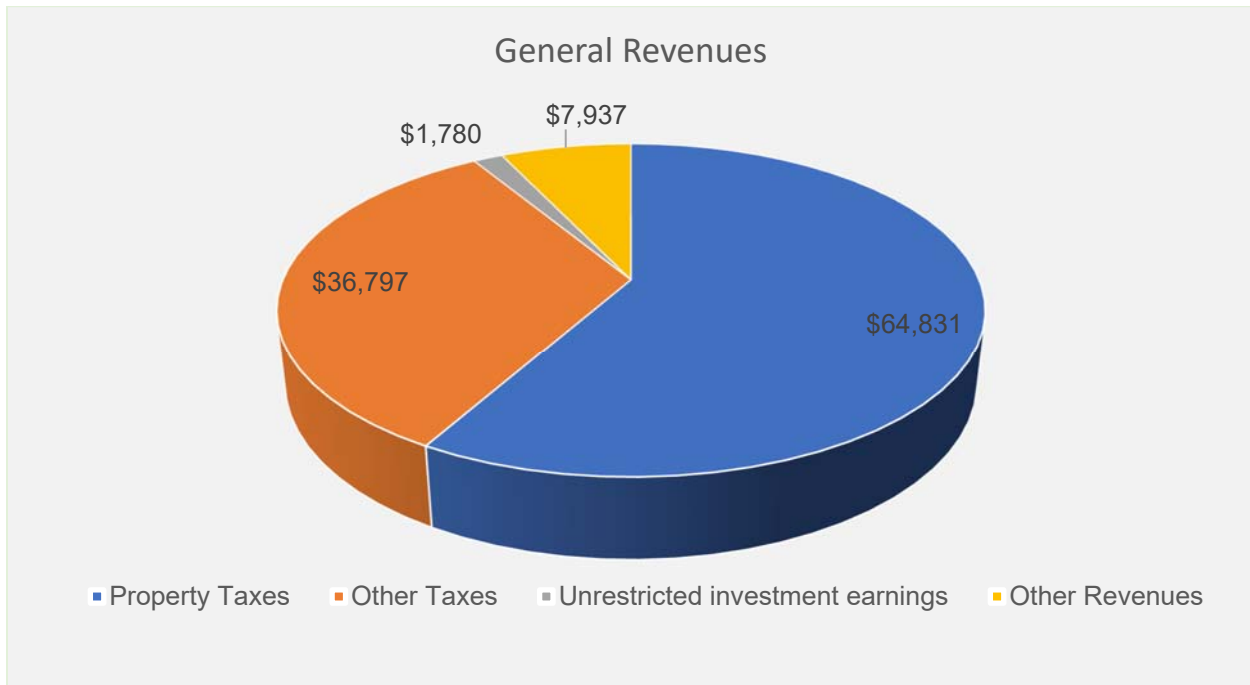

Taxes, as in prior years, were the City's major source of revenue supporting its activities, primarily in the area of public safety, health and welfare and general government. Other sources of revenue consisted primarily of unrestricted investment earnings and miscellaneous revenue. The following table displays program revenues as compared to program expenses. Deficits in programs are made up by general revenues.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
 (Cont'd)

The following displays the Expenses and Program Revenues of the City's governmental activities:

The following displays the General Revenues by source for the City's governmental activities. General revenues are used to help offset funding shortfalls related to governmental functions detailed in the preceding graph:

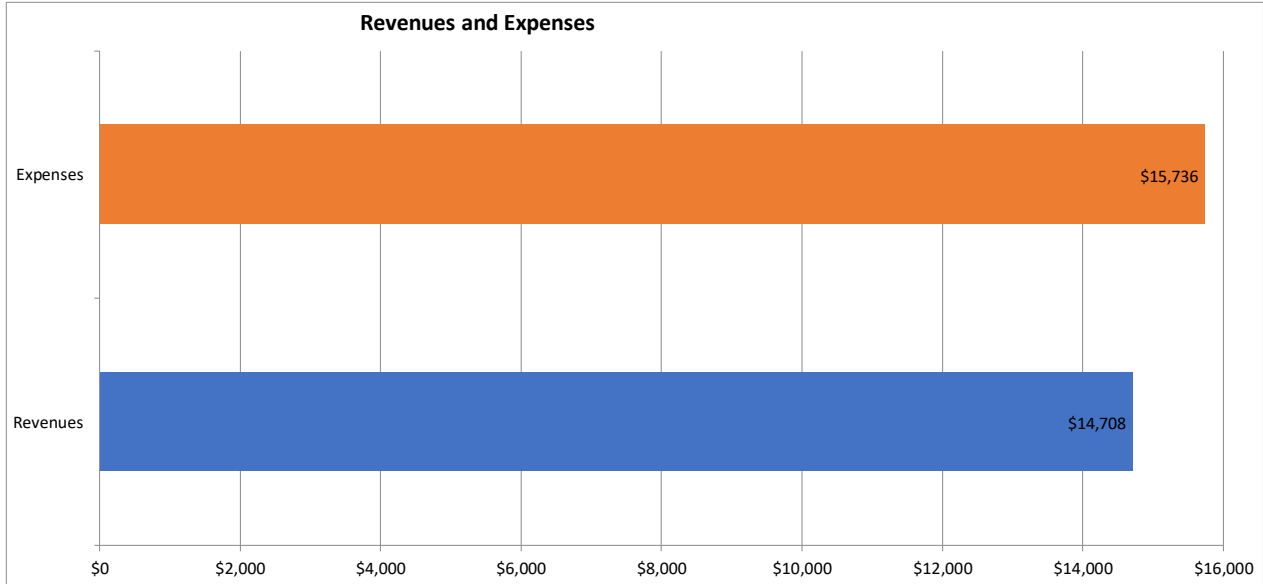

**Business-type Activities**

Business-type activities resulted in a decrease in net position of \$861 in 2020 compared to an increase of \$1,163 in 2019. The primary reason was a decrease in user and availability fees.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

The following displays the Expenses and Revenues of the City's business-type activities, in thousands.

**Financial Analysis of the Government's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful to assess the City's financial requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$101,398 a decrease of \$19,369 in comparison with the prior year.

Fund balances are the differences between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in a governmental fund. The nonspendable fund balance includes amounts that are not in spendable form or amounts that are required to be maintained intact. Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external providers, such as grant providers or bondholders, as well as amounts that are restricted constitutionally or through legislation. Committed fund balance includes amounts that can be used only for the specific purposes that are determined by a formal action of the government's highest level of decision-making authority. Assigned fund balance applies to amounts that are intended for specific purposes as expressed by governing body or authorized official and applies to remaining resources in any governmental fund other than the general fund. Unassigned fund balances include all amounts not contained in other classifications for the general fund and deficit fund balances in any other governmental fund.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$101,398 a decrease of \$19,369 in comparison with the prior year. The fund balance has restricted fund balance of \$72,598, committed fund balance of \$6,904, assigned fund balance of \$3,528 and unassigned fund balance of \$18,368 (See page 19).

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$21,624 while the total fund balance totaled \$25,152. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

balance to total expenditures of \$56,643 excluding transfers. Unassigned fund balance represents 38.17% of total general fund expenditures, while total fund balance represents 44.4% of that same amount.

The fund balance of the City general fund had an increase of \$5,060 during the current fiscal year. Key factors in this decrease are as follows:

- Revenues exceeded expenditures by \$3,759 excluding other financing sources and uses. Revenues increased by \$2,444 and expenses decreased by \$502 from 2019 to 2020.
- Majority of the revenue changes include an increase in charges and services \$1,582 and in income taxes \$2,424.
- Major expenditure changes include a decrease in general government, \$834, an increase in public safety expenditures of \$1,344, an increase in culture and recreation of \$134 and an increase in highways and streets of \$579.

At the end of the current fiscal year, unassigned fund balance of the COVID – FEMA Funds were (\$2,777).

- The COVID – FEMA Funds have a negative unassigned fund balance mainly due to unreimbursed grant funds.

At the end of the current fiscal year the State Road 37 Match had a restricted fund balance of \$566, with a decrease in fund balance of \$452 from the prior year. Key factors in this decrease are as follows:

- Expenditures exceeded revenues by \$452 excluding other financing sources and uses. Revenues and expenses increased by \$4,315 and \$4,772 respectively
- Majority of the revenue changes was a contribution from the county of \$3,516.
- Majority of expenditure changes were from \$4,772 of capital outlay related to the State Road 37 project.

### **General Fund Budgetary Highlights**

Elected officials and department heads submit budgets to allow for the effective operation of the City. Several revenue assumptions are used at the time of budget development, but when the actual revenue information becomes available, the City adjusts the budget accordingly.

Differences between the original budget and the final budget included a \$12,304 increase in appropriations that are briefly summarized below:

- The final budget for the general fund increased \$3,733 from the original budget passed by the City council. General government increased \$416 for personal services, \$2,606 for other services and charges and \$2,056 for capital outlay. Public safety decreased \$1,813 for personal services, \$253 for other services and charges and increased \$384 for supplies. Culture, Recreation and Education decreased \$453 for personal services, \$71 for other services and charges, and increased \$26 for supplies.
- During the year on a budgetary basis, revenues exceeded expenditures, excluding other financing sources (uses) for the general fund in the amount of \$9,200.

### **Capital Asset and Debt Administration**

**Capital assets.** The City's investment in capital assets for its governmental activities and business-type activities as of December 31, 2020 amounts to \$454,594 and \$81,699 respectively (net of accumulated

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment and infrastructure.

Major capital asset events during the current fiscal year included the following:

- Construction in progress expenditures totaling \$63,981 during 2020 related to projects
  - Completed projects include
    - 2019-02 Overlay/Resurface Project
    - Allisonville Widening
    - Fishers Test Kitchen
    - 136<sup>th</sup> & Cyntheanne Project
    - 126<sup>th</sup> & Reynolds Project

The following table displays the City's capital assets.

**Capital Assets**

	Governmental Activities		Business-type Activities		Total	
	2020	2019	2020	2019	2020	2019

Net capital assets	<u>\$ 454,594</u>	<u>\$ 419,751</u>	<u>\$ 81,699</u>	<u>\$ 76,265</u>	<u>\$ 536,293</u>	<u>\$ 496,016</u>

Additional information on the City's capital assets can be found on pages 52 and 53 in the Notes to the Financial Statements of this report.

**Long-term obligations.** At the end of the current fiscal year, the City had outstanding total long-term debt related liabilities (net of unamortized premiums and discounts and current portion) of \$319,766 related to governmental activities and \$26,987 related to business-type activities. Of this amount, \$300,401 comprises general obligation debt for governmental activities, and \$23,065 relates to revenue bond debt for the business-type activities.

The remainder of the City's long-term obligations consist of \$4,635 and \$319 related to a capital lease for the governmental activities and business-type activities respectively, \$5,626 and \$1,123 of other postemployment benefits for governmental activities and business-type activities respectively and \$9,104 and \$2,4780 of net pension liability for governmental activities and business-type activities respectively. The following table reflects the City's long-term obligations:

**CITY OF FISHERS, INDIANA**

Net pension liability	9,104	5,009	2,480	2,577	11,584	7,586
Sub-total	21,269	19,926	4,109	3,992	25,378	23,918
Less current portion	(31,894)	(30,861)	(1,122)	(1,099)	(33,016)	(31,960)
Total long-term obligations	\$ 319,766	\$ 308,267	\$ 26,601	\$ 27,423	\$ 346,367	\$ 335,690

The City's total long-term obligations increased by \$6,556 during the current fiscal year.

- Debt increased by \$8,528 during the year due to scheduled principal payments on all outstanding bonds and capital leases.
- Other postemployment benefits increased by \$123 as a result of updated actuarial studies performed for the City.
- Net pension liability for pensions increased by \$3,998 as a result of updated actuarial studies performed for the City.

The City maintains long-term ratings of "AAA" on its outstanding general obligation bonds and redevelopment district and redevelopment authority bonds (which are rated as general obligation security pledges), a long-term rating of "AA+" on its outstanding COIT/local income tax revenue bonds, a long-term rating of "AA" on its outstanding sewage works revenue bonds, and a long-term rating of "BBB+" on outstanding bonds which are secured by tax increment revenues assigned by S&P Global Ratings.

Additional information of the City's long-term debt can be found on pages 54-62 in the Notes to the Financial Statements of this report.

**Economic Factors and Next Year's Budget and Rates**

- The 2020 tax rates for the City of Fishers increased from \$0.6915 in 2020 to a rate of \$0.7115 per \$100 in assessed value. Overall, the City's assessed value increased by approximately 5.5% from 2019 to 2020.
- The City is continuing to see an increase in new building and development activity, an indicator that the current economic climate is good. As a result, prior estimates of growth in tax base and related property tax revenues are showing improvement.
- Property tax is the City's largest source of revenue. Local Income Tax (LIT) formerly known as City option income tax (COIT) is the second largest source of the City's current governmental revenues. These funds can be used for capital projects as well as ongoing operating expenses. The recent improvement in employment has had a positive impact on LIT paid by City residents.
- HB1113 was signed by Governor Holcomb into law on 3/21/20. This law modifies the standard formula for the calculation of certified shares of local income tax revenue in Hamilton County after 2020 and before 2024 to calculate adjusted amounts of certified shares for the City of Carmel and the City of Fishers.
- State-wide property tax caps (based upon a percent of gross AV by property class) became effective in 2009, yet they had a minimal impact on the City's revenues received. For the 2020 budget year, the expected loss to the City due to the caps is \$5,367,800.45. Expenditure restraints have been used to offset this loss.

**CITY OF FISHERS, INDIANA**  
**Management's Discussion and Analysis**  
(Cont'd)

All the above factors were considered in preparing the City's budget for the 2020 calendar year.

The City recognizes likely economic impacts from the Coronavirus. These impacts will affect, at a minimum the following areas:

- Investment valuations and likely decreases to investment income
- Declines in revenues such as room tax, sales tax, income tax, state aids, fines or tickets etc.
- Decline in demand for services such as utilities, transit, recreational enterprise activities or permits and licenses, airport traffic
- Increase in delinquencies or uncollectible accounts receivable or loans receivable
- Timing or ability to issue bonds as planned or obtain financing (as the market has been disrupted)
- Increase in demand for services as a result of increased unemployment
- Increased costs related to pensions, OPEB, insurance, labor (sick time or overtime), etc.

**Request for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Fishers, 1 Municipal Drive, Fishers, IN 46038.

CITY OF FISHERS, INDIANA

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
December 31, 2020

Fund balance - governmental funds		\$ 101,397,861
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Capital assets not depreciated:		
Land	\$ 39,877,591	
Construction in progress	128,042,175	
Capital assets (net of accumulated depreciation):		
Buildings	67,034,591	
Improvements other than buildings	11,903,826	
Machinery and equipment	10,909,817	
Infrastructure	<u>196,826,446</u>	
Capital assets, net of depreciation		454,594,446
Prepays are not current financial resources and, therefore, are not reported in the funds		444,136
OPEB liability is not paid from current financial resources and, therefore, is not shown in the funds.		(5,626,406)
Deferred outflows of resources on the loss on refunding of debt are not recognized in the governmental funds, but are recorded in the statement of net position		5,467,204
Deferred outflows of resources on pension related items are not recognized in the governmental funds, but are recorded in the statement of net position		8,637,487
Deferred inflows of resources on pension related items are not recognized in the governmental funds, but are recorded in the statement of net position		(3,866,841)
Unavailable revenues are not available to pay current liabilities and, therefore, are not reported as liabilities in the Statement of Net Position.		4,943,661
Internal service funds are used by management to charge the costs of insurance to General and Highway Funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Position.		(369,867)
Total net pension liability is not paid from current financial resources and, therefore, is not shown in the funds		(9,104,321)
Deferred outflows of resources on OPEB related items are not recognized in the governmental funds, but are recorded in the statement of net position		1,280,294
Deferred inflows of resources on OPEB related items are not recognized in the governmental funds, but are recorded in the statement of net position		(1,431,595)
Compensated absences are not due and payable in the current period and therefore are not reported in the funds.		(615,964)
Accrued interest on bonds payable is not due and payable in the current period and, therefore, is not reported in the funds.		(4,628,062)
Long-term liabilities, including capital leases, are not due and payable in the current period and, therefore, are not reported in the funds		(6,539,217)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds		
General obligation bonds	\$ (322,195,000)	
Unamortized bond premium	<u>(8,195,750)</u>	
Total General Obligation Bonds		<u>(330,390,750)</u>
Net position of governmental activities		<u>\$ 214,192,066</u>

CITY OF FISHERS, INDIANA

RECONCILIATION OF THE STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
For The Year Ended December 31, 2020

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds (Statement of Revenues, Expenditures, and Changes in Fund Balances) \$ (19,368,830)

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation and loss on disposal of assets in the current period:

Capital outlays	\$ 58,960,613	
Loss on disposal of asset	(1,704)	
Depreciation expense	<u>(24,115,809)</u>	34,843,100

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Net Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:

Principal payments	\$ 75,055,000	
Amortization of bond discount/premium	957,665	
Par amount of new bonds	(86,040,000)	
Bond premium	(1,161,851)	
Principal paid on capital leases	<u>2,456,432</u>	(8,732,754)

Expenses in the Statement of Activities that do not use current financial resources are not reported as expenditures in the funds:

Amortization of deferred amount on refunding		3,551,622
Deferred outflow of resources: Pension related		2,482,289
Deferred outflow of resources: OPEB		799,384

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Deferred inflows of resources: Unavailable revenue		795,113
Deferred inflows of resources: pension related		2,232,438
Deferred inflows of resources: OPEB		(1,116,030)

Compensated absences reported in the Statement of Activities that do not require the use of current financial resources are not reported as expenditures in the governmental funds. (64,392)

Prepays amortized in the Statement of Activities require the use of current financial resources and, therefore, are reported as expenditures in governmental funds when paid. 204,218

Accrued interest reported in the Statement of Activities does not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (227,242)

Pension obligations are considered expenses of the general government and, therefore, are not reported as current expenditures in the funds. (4,095,817)

OPEB obligation reported in the Statement of Activities does not require the use of current resources and, therefore, are not reported as expenditures in governmental funds. 294,776

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities. 1,432,410

Change in net position of governmental activities (Statement of Activities) \$ 13,030,285

The notes to the financial statements are an integral part of this statement.

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### **NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

The City of Fishers, Indiana (primary government or the City) was established under the laws of the State of Indiana. The primary government operates under a Council-Mayor form of government and provides the following services: public safety (police and fire), public health, highways and streets, culture and recreation, public improvements, planning and zoning, wastewater service, stormwater service, and general administrative services.

The accounting policies of the City of Fishers, Indiana, conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

#### ***A. REPORTING ENTITY***

This report includes all of the funds of the City. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, and (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of three methods, discrete presentation, blended, or fiduciary. Discretely presented component units are generally reported in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### A. REPORTING ENTITY (cont.)

##### ***Blended Component Units***

The City of Fishers Building Corporation (Building Corporation) is a blended component unit of the City. The Building Corporation was created in 1990 and finances, constructs, and leases local public improvements to the primary government. The primary government appoints a voting majority of the Building Authority's board and a financial benefit/burden relationship exists between the City and the Building Authority. Although it is legally separate from the primary government, the Building Corporation is reported as if it were a part of the primary government because it provides services entirely or almost entirely to the primary government and is not involved in the operation/maintenance of these assets/infrastructure. The debt of the Building Corporation will be repaid entirely, or almost entirely, from resources of the primary government. Separately issued financial statements of the Authority may be obtained from the City's Administration office.

City of Fishers  
One Municipal Drive  
Fishers, Indiana 46038

The Fishers Redevelopment Authority (Authority) is a blended component unit of the City. The Authority was created in 2000 and finances, acquires, and constructs, local public improvements and infrastructure for the primary government. The primary government appoints a voting majority of the Authority's board and a financial benefit/burden relationship exists between the City and the Authority. Although it is legally separate from the primary government, the Authority is reported as if it were a part of the primary government because it provides services entirely or almost entirely to the primary government and is not involved in the operation/maintenance of these assets/infrastructure. The debt of the Authority will be repaid entirely, or almost entirely, from resources of the primary government. Separately issued financial statements of the Authority may be obtained from the City's Administration office.

City of Fishers  
One Municipal Drive  
Fishers, Indiana 46038

#### **B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. This statement establishes criteria for identifying fiduciary activities of all state and local governments for accounting and financial reporting purposes and how those activities should be reported. Implementation of GASB 84 was delayed by the issuance of GASB 95. As such, this standard was implemented by the primary government on December 31, 2020.

In March 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. This Statement defines debt for purposes of disclosure in notes to financial statements and establishes additional financial statement note disclosure requirements related to debt obligations of governments, including direct borrowings and direct placements. This standard was implemented December 31, 2020.

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### **NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

---

#### ***B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)***

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests - An Amendment of GASB Statements No. 14 and No. 61*. This statement establishes criteria for reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. This standard was implemented December 31, 2020.

#### ***Government-Wide Financial Statements***

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Direct expenses are clearly identifiable with a specific function or segment Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)***

##### ***Fund Financial Statements***

Financial statements of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

General Fund - accounts for the City's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.

The COVID-FEMA fund is used to account for and report financial resources from a federal grant that is restricted to expenditures related to response to the Coronavirus.

The State Road 37 Match fund is used to account for contributions and expenses related to improvements to the State Road 37 corridor. Revenues for this fund come from contributions from the State of Indiana, Hamilton County, and the City of Noblesville. In addition, the City of Fishers has allocated resources toward the completion of the project. Expenditures are restricted to highway improvements. Upon completion of the project the assets will be contributed to the State of Indiana for ongoing operation and maintenance.

The City reports the following major enterprise funds:

Wastewater Utility - accounts for operations of the wastewater system  
Stormwater Utility - accounts for operations of the stormwater system

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### **NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

---

#### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION***

##### ***Government-Wide Financial Statements***

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's wastewater and stormwater and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

##### ***Fund Financial Statements***

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recognized as revenues in the year they are levied.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in future years are reflected as receivables and unavailable revenues.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)***

##### ***Fund Financial Statements (cont.)***

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Wastewater Utility and Stormwater Utility are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

##### ***All Financial Statements***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE***

##### ***1. Deposits and Investments***

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statute (IC 5-13-9) authorizes the primary government to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Nonparticipating certificates of deposit, demand deposits and similar nonparticipating negotiable instruments that are not reported as cash and cash equivalents are reported as investments at cost.

Debt securities are reported at fair value. Debt securities are defined as securities backed by the full faith and credit of the United States Treasury or fully insured or guaranteed by the United States or any United States government agency.

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***1. Deposits and Investments (cont.)***

Investment income, including changes in the fair value of investments, is reported as revenue in the operating statements.

Indiana Code 5-13-9 authorizes the City to invest in securities backed by the full faith and credit of the United States Treasury or fully guaranteed by the United States of America and issued by the United States Treasury, a federal agency, a federal instrumentality, or a federal government sponsored enterprise. Indiana Code also authorizes the unit to invest in securities fully guaranteed and issued by a federal agency, a federal instrumentality or a federal government sponsored enterprise. These investments are required by statute to have a stated final maturity of not more than two years.

Indiana Code also provides for investment in money market mutual funds that are in the form of securities of or interest in an open-end, no-load, management-type investment company or investment trust registered under the provision of the federal Investment Company Act of 1940, as amended. Investments in money market mutual funds may not exceed fifty percent (50%) of the funds held by the City and available for investment.

The portfolio of an investment company or investment trust used must be limited to direct obligations of the United States of America, obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise; or repurchase agreements fully collateralized by direct obligations of the United States of America or obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. The form of securities of, or interest in, an investment company or investment trust must be rated as AAA, or its equivalent by Standard and Poor's Corporation or its successor or Aaa, or its equivalent, by Moody's Investors Service, Inc., or its successor. The form of securities in an investment company or investment trust should have a stated final maturity of one day.

Additionally, the City may enter into repurchase agreements with depositories designated by the State Board of Finance as depositories for state deposits involving the City's purchase and guaranteed resale of any interest-bearing obligations issued or fully insured or guaranteed by the United States of America, a United States of America government agency, an instrumentality of the United States of America, or a federal government sponsored enterprise. The repurchase agreement is considered to have a stated final maturity of one day. This agreement must be fully collateralized by interest-bearing obligations as determined by their current fair value.

No policy exists for the following risks:

Investments highly sensitive to interest rate changes.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***1. Deposits and Investments (cont.)***

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on methods and inputs as outlined in Note IIIa. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

See Note III. A. for further information.

##### ***2. Property Tax and Intergovernmental Receivables***

Property taxes levied are collected by the County Treasurer and are distributed to the primary government in June and in December. State statute (IC 61.11716) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments that become delinquent if not paid by May 10 and November 10, respectively. All property taxes collected by the County Treasurer and available for distribution were distributed to the primary government prior to December 31 of the year collected. Delinquent property taxes outstanding at year end for governmental funds are recorded as a receivable with an offset to deferred inflows of resources – unavailable revenue within the fund statements, since the amounts are not considered available. The City recognizes a receivable for property taxes levied when the abstract levy is produced each Spring. Due to the parcel by parcel nature of circuit breaker credits and the potential for large fluctuations based on changes in the tax rate and assessed values, the City recognizes revenue when the tax bills are computed by Hamilton County.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

##### ***3. Inventories and Prepaid Items***

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and/or operation and maintenance work. They are not for resale. They are valued at cost based on weighted average and charged to construction and/or operation and maintenance expense when used.

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***3. Inventories and Prepaid Items (cont.)***

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and proprietary fund financial statements.

##### ***4. Restricted Assets***

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements, City Ordinance, and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

##### ***5. Capital Assets***

###### ***Government-Wide Statements***

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets, \$50,000 for buildings and improvements and \$100,000 for infrastructure assets, and an estimated useful life in excess of 1 year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. The cost of routine property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation. Material losses on property replaced, retired or otherwise disposed of are reported separately in the financial statements.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***5. Capital Assets (cont.)***

###### ***Government-Wide Statements (cont.)***

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements	20-40 Years
Machinery and Equipment	5-20 Years
Vehicles	5-15 Years
Infrastructure	10-40 Years
Collectors and residential	50 Years
Wastewater collection system	50 Years

For depreciated assets, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

###### ***Fund Financial Statements***

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

##### ***6. Deferred Outflows of Resources***

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time. The government has three items that qualify for reporting in this category. The deferred charge on refunding reported in the government-wide Statement of Net Position and deferred outflows for pension and other postemployment benefit items.

A deferred loss on refunding arises from the advance refunding of debt. The difference between the cost of the securities placed in trust for future payments of the refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund financial statements.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***7. Compensated Absences***

Primary government employees earn paid time off (PTO) leave at rates from 18 to 33 days per year based on number of years of service. PTO may be accumulated to a maximum of 50% of one year's PTO accrual. Employees may carry-over or cash-out a maximum of 50% of one annual normal PTO accrual. The excess of the 50% of one annual normal accrual is lost at year-end. Accumulated PTO leave is paid to employees upon termination. Only amounts due and payable at year-end to terminated employees are included in the fund statements. All compensated absences are current liabilities because the carry-over is used first in the next calendar year prior to expending the amount earned in the ensuing calendar year.

##### ***8. Long-Term Obligations***

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of bonds payable and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

##### ***9. Deferred Inflows of Resources***

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time. The city has three types of items, one, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The second and third deferred inflow is for pension items, as well as other postemployment benefit items.

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***10. Net Position/Fund Balance Classifications***

###### ***Government-Wide Statements***

Net Position is classified in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

###### ***Fund Statements***

Governmental fund balances are displayed as follows:

- a. Nonspendable - Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted - Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (ordinance) of the Common Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Common Council that originally created the commitment.

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

##### ***10. Net Position/Fund Balance Classifications (cont.)***

###### ***Fund Statements (cont.)***

- d. Assigned - Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The Common Council may take official action to assign amounts. Assignments may take place after the end of the reporting period.
- e. Unassigned - Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund net position is classified the same as in the government-wide statements.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

See Note III. H. for further information.

##### ***11. Postemployment Benefits Other Than Pensions (OPEB)***

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City OPEB Plan and additions to/deductions from the City OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the City OPEB Plan. For this purpose, the City OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

##### ***12. Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions expense, information about the fiduciary net position of the 1977 Police Officers' and Firefighters' Pension and Disability Fund and the Indiana Public Employees' Retirement Fund (the Plans), and additions to and deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with benefit terms. Pension investments are reported at fair value.

---

***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (cont.)***

**13. Use of Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

---

**NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

---

**A. BUDGETARY INFORMATION**

A budget has been adopted for the General Fund, Motor Vehicle Highway, Local Roads and Streets, Rainy Day, Local Income Tax, County Wheel Tax, Cumulative Capital Improvement, Cumulative Capital Development, Law Enforcement Continuing Education, Park Impact, Road Impact, Bridge Impact, Certified Tech Park, Court Record Perpetuation, Court Referral User Fee, B&I-GO Bond 2-Pre 0701, B&I-GO Bond Debt Post, Saxony Debt Service, 96th and Allisonville Lease Payment, B&I-GO 126th St/Phase II, Fire Station 93 Debt Service.

**B. DEFICIT BALANCES**

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of December 31, 2020, the following individual funds held a deficit balance:

<u>Fund</u>	<u>Amount</u>	<u>Reason</u>
COVID - FEMA Funds	\$ (2,776,835)	Paid in advance of reimbursements
Right of Way Grant Fund	(478,737)	Paid in advance of reimbursements
COVID - Cares Act Fund	(302,902)	Paid in advance of reimbursements
Internal Service Funds	(369,867)	Claims payable

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### **NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)**

---

#### ***C. ANNUAL BUDGETS***

Annual budgets are adopted on the cash basis which is not consistent with accounting principles generally accepted in the United States. All annual appropriations lapse at fiscal year-end.

On or before August 31, the City Controller submits to the Common Council a proposed operating budget for the year commencing the following January 1. Prior to adoption, the budget is advertised and public hearings are conducted by the Common Council to obtain taxpayer comments. In September of each year, the Common Council through the passage of an ordinance approves the budget for the next year. Copies of the budget ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the City Controller receives approval of the Indiana Department of Local Government Finance.

The primary government's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the Common Council. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

#### ***D. CONDUIT DEBT OBLIGATION***

From time to time, the primary government has issued economic development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the primary government, nor the State, nor any political subdivision thereof, is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2020, there were seven series of economic development revenue bonds outstanding with an aggregate principal amount payable of \$22,189,490.

# CITY OF FISHERS, INDIANA

### NOTE III - DETAILED NOTES ON ALL FUNDS

#### A. DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as cash and investments.

The City's deposits and investments at year end were comprised of the following:

	<u>Carrying Value</u>	<u>Bank Statement Balances</u>	<u>Associated Risks</u>
Checking Accounts	\$ 71,287,591	\$ 93,968,227	Custodial credit
Municipal bonds	3,892,083	3,892,083	Custodial credit, credit, Concentration of Credit, Interest Rate, Sensitivity to Interest Rate
US Agencies	12,463,883	12,463,883	Custodial credit, credit, Concentration of Credit, Interest Rate, Sensitivity to Interest Rate
Certificates of Deposit	1,299,512	1,299,512	Custodial credit
Money Market	<u>25,803,160</u>	<u>25,803,160</u>	Custodial credit
 Total Deposits and Investments	 <u>\$ 114,746,229</u>	 <u>\$ 137,426,865</u>	
 Reconciliation to financial statements			
Per statement of net position			
Unrestricted cash and cash equivalents	\$ 43,923,090		
Restricted cash and cash equivalents	53,119,264		
Unrestricted investments	15,361,865		
Restricted investments	2,293,613		
Per statement of net position - fiduciary funds			
Fiduciary Funds	<u>48,397</u>		
 Total Deposits and Investments	 <u>\$ 114,746,229</u>		

Deposits in each local and area bank are insured by the FDIC or the Indiana Public Depository Insurance Fund.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

#### A. DEPOSITS AND INVESTMENTS (cont.)

##### *Fair Value Disclosure*

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Below is the fair value hierarchy for the City's investments at December 31, 2020.

Investment Type	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Negotiable certificates of deposit	\$ -	\$ 1,299,512	\$ -	\$ 1,299,512
US agencies	-	12,463,883	-	12,463,883
Municipal bonds	-	3,892,083	-	3,892,083
Money market accounts	25,803,160	-	-	25,803,160
Total	\$ 25,803,160	\$ 17,655,478	\$ -	\$ 43,458,638

##### *Custodial Credit Risk*

Custodial credit risk for deposits and investments is the risk that in the event of a financial institution failure, the City's deposits and investments may not be returned to the City.

Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds, and had a principal office or branch that qualifies to receive public funds of the political subdivision. The City's deposit policy for custodial credit risk is to comply with Indiana Code 5-13-8-1. At December 31, 2020, the City's deposits were insured by the Federal Deposit Insurance Corporation or the Indiana Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

The City does not have any deposits exposed to custodial credit risk.

At December 31, 2020, all City investments and all collateral securities pledged against City investments are held by the counterparty's trust department or agent in the City's name. The City's investments in money market mutual funds were not subject to custodial risk at December 31, 2020 as their existence is not evidenced by securities that exist in physical book entry form.

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)**

**A. DEPOSITS AND INVESTMENTS (cont.)**

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy for credit risk is to stay in compliance with Indiana Code.

As of December 31, 2020, the City's investments were rated as follows:

S&P Rating	Certificates of Deposit	Municipal Bonds	US Agencies	Money Market Accounts
A+	\$ -	\$ 157,409	\$ -	\$ -
AA	-	1,129,275	-	-
AA+	-	2,237,539	12,463,883	-
AAA	-	367,860	-	-
Unrated	<u>1,299,512</u>	<u>-</u>	<u>-</u>	<u>25,803,160</u>
Total	<u>\$ 1,299,512</u>	<u>\$ 3,892,083</u>	<u>\$ 12,463,883</u>	<u>\$ 25,803,160</u>

Moody's Ratings	Certificates of Deposit	Municipal Bonds	US Agencies	Money Market Accounts
A2	-	469,160	-	-
Aaa	-	204,521	12,463,883	-
Baa2	-	209,379	-	-
Unrated	<u>1,299,512</u>	<u>3,009,023</u>	<u>-</u>	<u>25,803,160</u>
Total	<u>\$ 1,299,512</u>	<u>\$ 3,892,083</u>	<u>\$ 12,463,883</u>	<u>\$ 25,803,160</u>

**Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy is to limit investments to not more than 50% of the funds held by the investing officer and available for investment.

At December 31, 2020, the investment portfolio contained the following investments in individual issuers that was five percent or more than their total investment portfolio:

Issuer	Investment Type	Amount	Percentage of Portfolio
Cambridge	Money Market	\$ 8,512,989	14.00%
Cambridge	Money Market	2,983,657	5.00%
Huntington	Money Market	5,162,479	9.00%

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)**

**A. DEPOSITS AND INVESTMENTS (cont.)**

***Interest Rate Risk***

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of December 31, 2020, the City's investments were as follows:

Investment Type	Fair Value	Maturity (In Years)		
		Less than 1	1 to 5	More than 5
Certificates of Deposit	\$ 1,299,512	\$ 523,314	\$ 776,198	\$ -
Municipal Bonds	3,892,083	2,387,151	1,504,932	-
US agencies	12,463,883	-	12,463,883	-
Money market accounts	<u>25,803,160</u>	<u>25,803,160</u>	<u>-</u>	<u>-</u>
Totals	<u>\$ 43,458,638</u>	<u>\$ 28,713,625</u>	<u>\$ 14,745,013</u>	<u>\$ -</u>

***Foreign Currency Risk***

Foreign currency risk is the risk that changes in the exchange rates will adversely affect the fair value of an investment or deposit. The City does not have investments in foreign securities.

See Note I.D.1. for further information on deposit and investment policies.

**B. RECEIVABLES**

Receivables as of year end for the government's individual major and nonmajor funds, internal service, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Nonmajor and Other Funds	Totals
Receivables			
Taxes	\$ 8,755,107	\$ 1,258,288	\$ 10,013,395
Accounts	804,176	-	804,176
Intergovernmental	<u>100,311</u>	<u>1,642,482</u>	<u>1,742,793</u>
Gross receivables	9,659,594	2,900,770	12,560,364
Less: Allowance for uncollectibles	<u>(302,720)</u>	<u>-</u>	<u>(302,720)</u>
Net Total Receivables	<u>\$ 9,356,874</u>	<u>\$ 2,900,770</u>	<u>\$ 12,257,644</u>

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)**

**B. RECEIVABLES (cont.)**

All of the receivables on the balance sheet are expected to be collected within one year. The Emergency Management Services receivable accounts, included in the Accounts Receivable line of Governmental activities, have timing and credit characteristics different from typical accounts receivable. Many of these receivables are due from insurance companies and collection experience indicates that most are received within 90 days.

Revenues of the Wastewater Utility and Stormwater Utility are reported net of uncollectible amounts. Total uncollectible amounts related to revenues of the current period are as follows:

	Wastewater Utility	Stormwater Utility	Totals
Accounts receivable	\$ 677,710	\$ 84,794	\$ 762,504
Special assessments receivable	1,132,156	-	1,132,156
Allowance for uncollectible accounts	(115,210)	(14,415)	(129,625)
Accounts receivable (net of allowance)	\$ 1,694,656	\$ 70,379	\$ 1,765,035

Governmental funds report *unavailable revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. All funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* reported in the governmental funds were as follows:

	Unavailable
Property taxes obtained prior to revenue recognition	\$ 4,943,661
Total Unavailable Revenue for Governmental Funds	\$ 4,943,661

**C. RESTRICTED ASSETS**

The following represent the balances of the restricted assets:

***Long-Term Debt Accounts***

- Redemption - Used to segregate resources accumulated for debt service payments over the next twelve months.
- Reserve - Used to report resources set aside to make up potential future deficiencies in the redemption account.
- Construction - Used to report proceeds of revenue bond issuances that are restricted for use in construction.

Following is a list of restricted assets at December 31, 2020:

	Restricted Assets		
	Governmental Funds	Wastewater Utility	Stormwater Utility
Bond redemption accounts	\$ 20,840,315	\$ 6,223,284	\$ -
Construction accounts	28,349,278	-	-
Total	\$ 49,189,593	\$ 6,223,284	\$ -

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

#### ***E. INTERFUND TRANSFERS***

The following is a schedule of interfund transfers:

Fund Transferred To	Fund Transferred From	Amount	Principal Purpose
Nonmajor governmental General Fund	Nonmajor governmental Rainy Day (nonmajor)	\$ 30,702,468	Operating support & debt service
Health Department Fund (nonmajor)	General Fund	1,500,000	Management policy
		2,000,000	Establishment of fund
General Fund	Health Department Fund (nonmajor)	<u>1,800,000</u>	Repayment of establishment of fund transfer
<b>Total</b>		<b><u>\$ 36,002,468</u></b>	

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**General Obligation Debt**

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and infrastructure. All general obligation notes and bonds payable are backed by the full faith and credit of the City. The bonds are generally issued as ten to twenty year serial bonds with varying amounts of principal maturing each year. Bond Anticipation Notes are included within the current portion of long-term liabilities at December 31, 2020 as they mature during 2022. The outstanding general obligation bonds of the governmental funds will be retired by future property tax levies, tax increment revenues, income taxes or other revenues.

**Revenue Debt**

Business-type activities revenue bonds are payable only from revenues derived from the operation of the Wastewater Utility.

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)**

**F. LONG-TERM OBLIGATIONS (cont.)**

**Revenue Debt (cont.)**

The Wastewater Utility has pledged future operating revenues, net of specified operating expenses, to repay revenue bonds issued in 2016. Proceeds from the bonds provided financing for capital improvements to the wastewater utility. The bonds are payable solely from net operating revenues and are payable through 2036. Annual principal and interest payments on the bonds are expected to require 48.4% of net revenues. The total principal and interest remaining to be paid on the bonds is \$13,091,456. Principal and interest paid for the current year and total customer net revenues were \$848,599 and \$1,754,405, respectively.

The Wastewater Utility has pledged future operating revenues, net of specified operating expenses, to repay revenue bonds issued in 2017. Proceeds from the bonds provided financing for capital improvements to the wastewater utility. The bonds are payable solely from net operating revenues and are payable through 2041. Annual principal and interest payments on the bonds are expected to require 22.90% of net revenues. The total principal and interest remaining to be paid on the bonds is \$18,014,640. Principal and interest paid for the current year and total customer net revenues were \$401,193 and \$1,754,405, respectively.

Revenue debt payable at December 31, 2020, consists of the following:

**Business-type Activities Revenue Debt**

Totals	\$ 23,455,000	\$ 7,651,099

**Advance Refunding**

On June 8, 2020, the City of Fishers issued \$7,540,000 of Taxable General Obligation Refunding Bonds, Series 2020A with coupon rate of 2.24% each year from 2020 to 2030 to refund \$7,135,000 of outstanding General Obligation Bonds of 2010, Series A. The net proceeds were used to prepay the outstanding debt and pay issuance costs.

The cash flow requirements on the refunded debt prior to the current refunding was \$8,721,258 from 2020 through 2030. The cash flow requirements on the Taxable General Obligation Refunding Bonds, Series 2020A are \$8,371,091 from 2020 through 2030. The refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$312,626. As of December 31, 2020, \$7,135,000 of bonds outstanding are considered defeased.

On July 14, 2020, the City of Fishers issued \$5,170,000 of Taxable Redevelopment District Refunding Bonds, Series 2020 with coupon rate of 2.62% from 2020 to 2034 to refund \$4,715,000 of outstanding Redevelopment District Bonds, Series 2011 (State Road 37 Project). The net proceeds were used to prepay the outstanding debt, establish a debt service reserve and to pay issuance costs.

The cash flow requirements on the refunded debt prior to the refunding was \$6,753,188 from 2020 through 2034. The cash flow requirements on the Taxable Redevelopment District Refunding Bonds, Series 2020 are \$6,133,796 from 2020 through 2034. The refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$476,500. At December 31, 2020, \$4,715,000 of bonds outstanding are considered defeased.

On October 20, 2020, the City of Fishers issued \$17,155,000 of Lease Rental Taxable Refunding Bonds of 2020, Series B with coupon rate of 1.70% from 2020 to 2033 to refund \$7,695,000 of outstanding Lease Rental Revenue Bonds of 2011 and \$8,125,000 of Lease Rental Revenue Bonds of 2013. The net proceeds were used to prepay the outstanding debt, and to pay issuance costs.

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

---

#### *F. LONG-TERM OBLIGATIONS* (cont.)

##### ***Advance Refunding*** (cont.)

The cash flow requirements on the refunded debt prior to the refunding was \$19,906,445 from 2020 through 2033. The cash flow requirements on the Lease Rental Taxable Refunding Bonds of 2020, Series B are \$18,845,380 from 2020 through 2033. The refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$836,727. At December 31, 2020, \$7,695,000 and \$8,125,000 of bonds outstanding are considered defeased.

On November 12, 2020, the City of Fishers issued \$14,620,000 of Taxable Economic Development Revenue Refunding Bonds, Series 2020 (Fishers Station Project) with coupon rates ranging from .447% to 2.918% from 2020 to 2038 to advance refund \$12,680,000 of outstanding Taxable Economic Development Revenue Bonds, Series 2013 (Fishers Station Project). The net proceeds were used to prepay the outstanding debt, to fund a lease rental reserve fund and to pay issuance costs.

The cash flow requirements on the refunded debt prior to the refunding was \$19,845,677 from 2020 through 2038. The cash flow requirements on the Taxable Economic Development Revenue Refunding Bonds, Series 2020 (Fishers Station Project) are \$17,735,035 from 2020 through 2038. The refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,573,784. At December 31, 2020, \$12,680,000 of bonds outstanding are considered defeased.

##### ***Current Refunding***

On May 21, 2020, the Fishers Redevelopment Authority issued \$7,525,000 of Lease Rental Revenue Refunding Bonds of 2020, Series A with coupon rates of 1.33% each year from 2020 to 2025 to refund \$7,240,000 of outstanding Lease Rental Revenue Bonds of 2009. The net proceeds were used to prepay the outstanding debt and pay issuance costs.

The cash flow requirements on the refunded debt prior to the refunding was \$8,237,178 from 2020 through 2025. The cash flow requirements on the Lease Rental Revenue Refunding Bonds of 2020, Series A are \$7,760,930 from 2020 through 2025. The refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$412,432.

**G. LEASE DISCLOSURES**

***Lessee - Capital Leases***

The City has entered into various capital leases for information technology, fire equipment, police vehicles and other equipment that are reported in governmental activities. The Wastewater Utility has entered into a capital lease to fund an improvement project for the utility. The gross amount of these assets under capital leases is \$18,871,660, which are included in capital assets in the governmental activities. Depreciation on the leased assets totals \$10,757,229. The future minimum lease obligations and the net present value on these minimum lease payments as of December 31, 2020, are as follows:

Years	Governmental Activities			Business-type Activities		
	Principal	Interest	Totals	Principal	Interest	Totals
2021	\$ 1,904,240	\$ 137,728	\$ 2,041,968	\$ 207,574	\$ 8,971	\$ 216,545

**Public Employees' Retirement Fund**

**Plan description.** The City participates in the Public Employees' Retirement Fund, a cost-sharing multiple-employer defined benefit plan effective July 1, 2013 based on 35 IAC 21-1-1, 35 IAC 21-1-2 and amended IC 5-10.2-2-11(b). PERF was established to provide retirement, disability, and survivor benefits to full-time employees of the State of Indiana not covered by another plan, those political subdivisions that elect to participate in the retirement plan, and certain INPRS employees. Political subdivisions mean a county, city, town, township, political body corporate, public school corporation, public library, public utility of a county, city, town, township, and any department of, or associated with, a county, city, town, or township, which department receives revenue independently of, or in addition to, funds obtained from taxation. There are two (2) tiers to the PERF Plan. The first is the Public Employees' Defined Benefit Plan (PERF Hybrid Plan) and the second is the My Choice Retirement Savings Plan for Public Employees (My Choice). Details of the PERF Hybrid Plan are described below.

**PERF Hybrid Plan Description.** The PERF Hybrid Plan was established by the Indiana Legislature in 1945 and is governed by the INPRS Board of Trustees in accordance with Indiana Code (IC) 5-10.2, IC 5-10.3, and IC 5-10.5. There are two (2) aspects to the PERF Hybrid Plan defined benefit structure. The first portion is the monthly defined benefit pension that is funded by the employer. The second portion of the PERF Hybrid Plan benefit structure is the Public Employees' Hybrid Members Defined Contribution Account (DC Account), formerly known as the Annuity Savings Account (ASA), which that supplements the defined benefit at retirement.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE IV - OTHER INFORMATION (cont.)

---

#### **A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Contributions.** Members are required to contribute 3% of their annual covered salary to their defined contribution account. The primary government is required to contribute at an actuarially determined rate; the current rate for calendar year 2019 was 11.20% of annual covered payroll. The rate for 2020 is also 11.20%. The contribution requirements of plan members and the primary government are established and may be amended by the INPRS Board of Trustees. The actuarial amount, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the PERF plan from the City were \$1,748,810 for the calendar year ended December 31, 2020.

**Retirement Benefits.** The PERF Hybrid Plan retirement benefit consists of the sum of a defined pension benefit provided by employer contributions plus the amount credited to the member's a DC Account. Pension benefits vest after ten (10) years of creditable service. The vesting period is eight (8) years for certain elected officials. Members are immediately vested in their annuity savings account. At retirement, a member may choose to receive a lump sum payment of the amount credited to the member's annuity savings account, receive the amount as an annuity, or leave the contributions invested with INPRS. Vested PERF members leaving a covered position, who wait 30 days after termination, may withdraw their DC account and will not forfeit creditable service or a full retirement benefit. However, if a member is eligible for a full retirement at the time of the withdrawal request, he/she will have to begin drawing his/her pension benefit in order to withdraw the DC Account. A non-vested member who terminates employment prior to retirement may withdraw his/her DC Account after 30 days, but by doing so, forfeits his/her creditable service. A member who returns to covered service and works no less than six (6) months in a covered position may reclaim his/her forfeited creditable service.

A member who has reached age 65 and has at least 10 years of creditable service is eligible for normal retirement and, as such, is entitled to 100% of the pension benefit component. This annual pension benefit is equal to 1.1% times the average annual compensation times the number of years of creditable service. The average annual compensation in this calculation uses the highest 20 calendar quarters of salary in a covered position. All 20 calendar quarters do not need to be continuous, but they must be in groups of four (4) consecutive calendar quarters. The same calendar quarter may not be included in two (2) different groups. For PERF members who serve as an elected official, the highest one (1) year (total of four (4) consecutive quarters) of annual compensation is used. Member contributions paid by the employer on behalf of the member and severance pay up to \$2,000 are included as part of the member's annual compensation.

A member who has reached age 60 and has at least 15 years of creditable service is eligible for normal retirement and, as such, is entitled to 100% of the pension benefit. A member who is at least 55 years old and whose age plus number of years of creditable service is at least 85 is entitled to 100 percent of the benefits as described above.

A member who has reached at least age 50 and has at least 15 years of creditable service is eligible for early retirement with a reduced pension. A member retiring early receives a percentage of the normal annual pension benefit. The percentage of the pension benefit at retirement remains the same for the member's lifetime. For age 59, the early retirement percentage of the normal annual pension benefit is 89 percent. This amount is reduced five (5) percentage points per year (e.g., age 58 is 84%) to age 50 being 44%.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE IV - OTHER INFORMATION (cont.)

---

#### **A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

The monthly pension benefits for members in pay status may be increased periodically as cost of living adjustments (COLA). Such increases are not guaranteed by statute and have historically been provided on an "ad hoc" basis and can only be granted by the Indiana General Assembly.

**Disability and Survivor Benefits.** The PERF Hybrid Plan also provides disability and survivor benefits. A member who has at least five (5) years of creditable service and becomes disabled while in active service, on FMLA leave, receiving workers' compensation benefits, or receiving employer-provided disability insurance benefits may retire for the duration of the disability, if the member has qualified for social security disability benefits and has furnished proof of the qualification. The disability benefit is calculated the same as that for a normal retirement without reduction for early retirement. The minimum benefit is \$180 per month, or the actuarial equivalent.

Upon the death in service of a member with 15 or more years of creditable service as of January 1, 2007, a survivor benefit may be paid to the surviving spouse to whom the member had been married for two (2) or more years, or surviving dependent children under the age of 18. This payment is equal to the benefit which would have been payable to a beneficiary if the member had retired at age 50 or at death, whichever is later, under an effective election of the joint and survivor option available for retirement benefits. A surviving spouse or surviving dependent children are also entitled to a survivor benefit upon the death in service after January 1, 2007, of a member who was at least 65 years of age and had at least 10 but not more than 14 years of creditable service.

**Retirement Benefits – My Choice.** Members are required to participate in My Choice. The My Choice DC Account consists of the member's contributions, set by statute at three 3% of compensation as defined by IC 5-10.2-3-2 for PERF, plus the interest/earnings or losses credited to the member's account. The employer may elect to make the contributions on behalf of the member. The City has elected to make the contributions on behalf of the member. In addition, under certain conditions, members may elect to make additional voluntary contributions of up to 10% of their compensation into their DC Account. A member's contributions and interest credits belong to the member and do not belong to the State or political subdivision.

**Rate of Return.** The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the fiscal year ended December 31, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense for Public Employee's Retirement Fund was 2.58%.

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE IV - OTHER INFORMATION (cont.)**

**A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Net Pension Liability**

At December 31, 2020, the City reported a liability of \$6,859,919 for its proportionate share of the net pension liability. The City's proportion of the total was measured as of June 30, 2020 on the ratio of the wages reported by employers relative to the collective wages of the plan. This basis of allocation measures the proportionate relationship of an employer to all employers and is consistent with the manner in which contributions to the pension plan are determined. The plan does not have a special funding situation, as there is not a non-employer contributing entity legally responsible for making contributions that are used to provide pension benefits to members of the pension plan. At December 31, 2020, the City's proportion was 0.22712 percent which was an increase of 0.00301 which is approximately 1.30 percent higher from its proportion measured as of June 30, 2020 of .22411%. The proportional allocation between the City, Wastewater and Stormwater and the changes in net pension liability for fiscal year 2020 is calculated as set forth in the following tables:

	City	Wastewater	Stormwater	Totals
2020	0.14502	0.05003	0.03207	0.22712
2019	<u>0.14614</u>	<u>0.05085</u>	<u>0.02712</u>	<u>0.22411</u>

**A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

\$554,706, \$189,677, and \$116,850 reported as deferred outflows related to pension resulting from the Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended December 31:	Year Ended December, 31 Deferred Outflows and Deferred Inflows of Resources (Net)			
	City	Wastewater	Stormwater	Totals
2021	\$ (346,940)	\$ (119,704)	\$ (76,724)	\$ (543,368)
2022	(89,433)	(30,857)	(19,777)	(140,067)
2023	(53,400)	(18,424)	(11,809)	(83,633)
2024	159,232	54,940	35,213	249,385

**Pension Expense.** The City recognized pension expense for the following proportionate share of pension expense:

Pension Expense	City	Wastewater	Stormwater	Totals
Proportionate share of plan pension expense	\$ 352,746	\$ 121,707	\$ 78,007	\$ 552,460
Net amortization of deferred amounts from changes in proportion and differences between employer contributions and proportionate share of contributions	105,028	36,237	23,226	164,491
Internal change in proportionate share	(100,737)	(48,886)	149,623	-
Total	\$ 357,037	\$ 109,058	\$ 250,856	\$ 716,951

---

### NOTE IV - OTHER INFORMATION (cont.)

---

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Key Methods and Assumptions.** Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuations are presented below:

Valuation Date:	June 30, 2020
Assets:	June 30, 2019 - Member census data as of June 30, 2019 was used in the valuation and adjusted, where appropriate, to reflect changes between June 30, 2019 and June 30, 2020. Standard actuarial roll forward techniques were then used to project the total pension liability computed as of June 30, 2019 to the June 30, 2020 measurement date.
Liabilities:	
Actuarial Cost Method:	Entry Age Normal (Level percent of payroll)
Experience Study Date:	Period of 5 years ended June 30, 2019
Investment Rate of Return:	6.75%, net of investment expense, including inflation
Cost of Living Increases:	2020-2021 - 13th check Beginning January 1, 2022 - 0.40% Beginning January 1, 2034 - 0.50% Beginning January 1, 2039 - 0.60%
Salary increases, including inflation:	2.75% - 8.75%
Inflation:	2.25%
Mortality:	
Health:	Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019.
Disability:	Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019.
Funding policy location:	<a href="http://www.in.gov/inprs/files/INPRS_Funding_Policy.pdf">www.in.gov/inprs/files/INPRS_Funding_Policy.pdf</a>

**Change in Assumptions.** The future salary increase assumption changed from an age-based table ranging from 2.50% to 4.25% to a service-based table ranging from 2.75% to 8.75%.

The mortality assumption changed from the RP-2014 (with MP-2014 improvement removed) Total Data Set Mortality Tables projected on a fully generational basis using the future mortality improvement scale inherent in the mortality projection included in the Social Security Administration's 2014 Trustee Report to the Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. Specific mortality table variants and adjustments are used for different subpopulations.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

### NOTE IV - OTHER INFORMATION (cont.)

#### **A. EMPLOYEES' RETIREMENT SYSTEM** (cont.)

The retirement assumption was updated based on recent experience and was updated from an age- and service-based table to an age based table dependent on eligibility for a reduced benefit or unreduced benefit. Additionally, for actives who are eligible for early retirement (reduced benefit), 30% are now assumed to commence benefits immediately and 70% are assumed to commence benefits at unreduced retirement eligibility. Previously 33% of actives were assumed to commence benefits with early retirement while 67% were assumed to wait for unreduced retirement eligibility.

The termination assumption was updated based on recent experience. For state members the tables were combined from being split by salary and sex to being one unisex service-based table. For members in political subdivisions earning more than \$20,000, the sex-distinct tables were combined to one unisex service-based table. For members in political subdivisions earning less than \$20,000, the sex-distinct age-based table was maintained and the rates were updated based on experience.

The disability assumption was updated based on recent experience. The marital assumption was updated based on recent experience. 80% of male members and 65% of female members are assumed to be married or to have a dependent beneficiary. Previously, 75% of male members and 60% of female members were assumed to be married or to have a dependent beneficiary.

The load placed on the final average earnings to account for additional wages received upon termination, such as severance pay or unused sick leave, decreased from \$400 to \$200.

**Plan Amendments.** There were no changes in the plan provisions during the fiscal year.

**Long Term Return Expectation.** The long-term return expectation has been determined by using a building-block approach and assumes a time horizon, as defined by INPRS Investment Policy Statement. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established and the long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

Global Asset Class	Long-Term Expected Rate of Return (Geometric Basis)	Target Asset Allocation
Public Equity	4.4%	22.0%
Private Markets	7.6	14.0
Fixed Income - Ex Inflation-Linked	1.9	20.0
Fixed Income - Inflation-Linked	0.5	7.0
Commodities	1.6	8.0
Real Estate	5.8	7.0

**1977 Police Officers' and Firefighters' Pension and Disability Fund**

**Plan Description.** The 1977 Police Officers' and Firefighters' Pension and Disability Fund (1977 Fund) provides pensions for all police officers and firefighters hired after April 30, 1977. The plan is a cost-sharing, multiple-employer defined benefit pension plan administered by the Indiana Public Employees' Retirement Plan (INPRS). The pension system issues a publicly available financial report that can be obtained at <http://www.inprs.in.gov>.

For purposes of employer allocations, the Police Officers and Firefighters are considered separate submission units and their respective pension items are reported herein.

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE IV - OTHER INFORMATION (cont.)

---

#### **A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Retirement Benefits.** The plan provides retirement, disability, and death benefits. Benefit terms are established and amended by State legislative action.

Annual retirement benefits for employees are calculated equal to 50% of the salary of a first class officer for 20 years of service. Normal retirement age is 52 with early retirement at 50. Employees are eligible for non-duty disability benefits after five years of services and for duty related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. Death benefits equal the benefit which would have been payable to a beneficiary if the member had retired at age 50 or at death, whichever is later, under an effective election of the joint and survivor option available for retirement benefits. An employee who leaves service may withdraw his or her contributions, plus any accumulated interest.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance subsequent to the employee's retirement date.

The annual adjustments are determined by statute equal to the change in the Consumer Price Index but not in excess of a 3% increase.

**Retirement Benefits - Disability and Survivor Benefits.** The 1977 Fund also provides disability and survivor benefits. An active member may file an application for disability benefits. A determination is then made by the local pension board, and reviewed by the INPRS Board of Trustees, as to whether the member has a covered impairment and whether the impairment was incurred in the line of duty or not.

The calculation for disability benefits is based on when the member was first hired, the type of impairment and other factors. In addition, the heirs or estate of a fund member may be entitled to receive \$12,000 upon the member's death.

If a member dies while receiving retirement or disability benefits, there are provisions for the surviving spouse and child(ren) to receive a portion of the benefits. The member's surviving spouse is entitled to a monthly benefit equal to 60% of the member's monthly benefit during the spouse's lifetime. Each of the member's surviving child(ren) is entitled to a monthly benefit equal to 20% of the member's monthly benefit until the age of 18, or age 23, if a full-time student. If there is no eligible surviving spouse or child(ren), a dependent parent(s) may receive 50% of the member's monthly benefit during their lifetime.

**Retirement Benefits - Deferred Retirement Option Plan.** The Deferred Retirement Option Plan (DROP) for the 1977 Fund was established by the Indiana Legislature in 2002 and is governed by the INPRS Board of Trustees in accordance with Indiana Code (IC) 36-8-8.5. Members of the 1977 Fund that are eligible to retire may elect to accumulate a DROP benefit while continuing to work. At the time of their election, the member executes an irrevocable election to retire on a DROP retirement date and remains in active service contributing to the fund until that date. The DROP retirement date must be not less than twelve (12) months and not more than thirty-six (36) months after their DROP entry date, and not after the date they reach any mandatory retirement age that may apply.

The member may make an election to enter the DROP only once in their lifetime. The DROP and future retirement monthly benefit is calculated as of the member's DROP entry date. At the time of retirement, the member must choose among the available options for distribution of the accumulated benefit under the DROP. As of June 30, 2020 the amount held by the plan pursuant to the DROP is \$80.2 million.

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE IV - OTHER INFORMATION (cont.)**

**A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Contributions.** The funding policy for the 1977 Fund requires remittances of member and employer contributions based on percentages of the salary of a first class officer or firefighter rather than actual payroll. The employer contribution rate is actuarially determined. The required contributions are determined by the INPRS Board of Trustees based on actuarial investigation and valuation in accordance with IC 36-8-8-6. As the 1977 Fund is a cost-sharing system, all risks and costs, including benefit costs, are shared proportionally by the participating employers. During calendar year 2020, all participating employers were required to contribute 17.5% of the salary of a first-class officer or firefighter. City contributions for the year ended December 31, 2020 were \$1,732,781 and \$1,956,435 for the Police Officers and Firefighters Funds, respectively.

**Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Indiana Public Retirement System (INPRS) and additions to/deductions from INPRS's fiduciary net position have been determined on the same basis as they are reported by INPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

As of December 31, 2020, the City reported a pension liability of \$2,163,782 for the Police and \$2,560,481 for the Firefighter proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's reported wages as a proportion of total collective reported wages for all employers. At June 30, 2020, the City's proportion of the Police Officers' fund was 0.89115%, which is an increase of 0.03538 (approximately 1.70%) from its proportion measured as of June 30, 2019 of 0.87612%. At June 30, 2020, the City's proportion of the Firefighters' fund 1.05453%, which was a decrease of 0.00527 (approximately 0.50%) from its proportion measured as of June 30, 2019 of 1.05980%.

For the year ended December 31, 2020, the City recognized pension expense of \$1,443,691 for the Police Officers and \$1,701,617 Firefighters' fund. Changes in net pension liability for fiscal year 2020 is calculated as set forth in the following table:

	Police Officers	Firefighters'	Totals
Net pension liability beginning December 31, 2019	\$ 80,743	\$ 97,671	\$ 178,414
Total pension expense	1,443,691	1,701,617	3,145,308
Difference between expected and actual experience	(51,226)	(91,694)	(142,920)
Net difference between projected and actual investment	1,832,824	2,188,137	4,020,961
Change in assumptions	314,076	408,286	722,362
Change in proportionate share of contributions	(10,199)	(32,281)	(42,480)
Defined benefit plan employer contributions	(1,446,127)	(1,711,255)	(3,157,382)
Net Pension Liability - December 31, 2020	<u>\$ 2,163,782</u>	<u>\$ 2,560,481</u>	<u>\$ 4,724,263</u>

**A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

	Deferred Inflows of Resources		
	Police	Fire	Total
Differences between expected and actual experience	\$ 221,117	\$ 261,656	\$ 482,773
Changes in assumptions	1,095,612	1,296,477	2,392,089
Changes in proportion and differences between employer contributions and proportionate share of contributions	2,760	17,790	20,550
Totals	\$ 1,319,489	\$ 1,575,923	\$ 2,895,412

\$860,828 reported for the Police Officers' and \$1,001,309 reported for the Firefighters' funds as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ended December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31:	Police	Fire	Totals
2021	\$ (60,840)	\$ (78,749)	\$ (139,589)
2022	50,153	52,593	102,746
2023	292,324	346,425	638,749
2024	596,935	702,621	1,299,556
2025	188,991	216,857	405,848
Thereafter	176,983	200,051	377,034

**Actuarial Assumptions.** The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	2.75%
Mortality rates	Pub-2010 Public Retirement Plans Mortality Tables (Amount-Weighted) with a fully generational projection of mortality improvements using SOA Scale MP-2019
Investment rate of return (COLA) or "Ad Hoc" (COLA) or "Ad Hoc"	6.75% net of investment expense, including inflation 2.10%

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE IV - OTHER INFORMATION (cont.)**

**A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

The actuarial assumptions used in the June 30, 2020 valuation of the Public Employees' Retirement Fund were adopted by the INPRS Board in February 2019. The majority of the actuarial and methods are based on plan experience from July 1, 2014 through June 30, 2019 and were first used in the June 30, 2020 valuation. The INPRS Board adopted a funding policy in April 2014, and the policy was last updated in October 2018. The funding policy is available online at:

[www.in.gov/inprs/files/INPRS\\_Funding\\_Policy.pdf](http://www.in.gov/inprs/files/INPRS_Funding_Policy.pdf)

The target allocation and best estimates of arithmetic real rates of return as of June 30, 2020 for each major asset class are summarized in the following table:

Global Asset Class	Long-Term Expected Rate of Return (Geometric Basis)	Target Asset Allocation
Public Equity	4.4%	22.0%
Private Markets	7.6	14.0
Fixed Income - Ex Inflation-Linked	1.9	20.0
Fixed Income - Inflation-Linked	0.5	7.0
Commodities	1.6	8.0
Real Estate	5.8	7.0
Absolute Return	2.9	10.0
Risk Parity	5.5	12.0

**Discount rate.** The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from units will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

**NOTE IV - OTHER INFORMATION (cont.)**

**A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate.** The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease to Discount Rate (5.75%)	Current Discount Rate (6.75%)	1% Increase to Discount Rate (7.75%)
City's proportionate share of the net pension liability/(asset) - Police Officers'	\$11,524,058	\$2,163,782	\$(5,419,990)
City's proportionate share of the net pension liability/(asset) - Firefighters'	13,636,835	2,560,481	(6,413,670)

**Pension Plan Fiduciary Net Position.** Detailed information about the pension plan's fiduciary net position is available in the separately issued INPRS Annual Comprehensive Financial Report (ACFR) and Actuarial Valuations. These reports can be found at:

[https://www.in.gov/inprs/files/INPRSConsolidatedAR\\_FY20.pdf](https://www.in.gov/inprs/files/INPRSConsolidatedAR_FY20.pdf)  
[https://www.in.gov/inprs/files/2020ActuarialReport\\_PERF.pdf](https://www.in.gov/inprs/files/2020ActuarialReport_PERF.pdf)

**B. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

**Medical Benefits to Employees, Retirees and Dependents**

The City has chosen to establish a risk financing fund for risks associated with risk of loss related to employee health claims for City and Wastewater Utility employees. The risk financing fund is accounted for in the Health Insurance Fund (an internal service fund) where assets are set aside for claim settlements. An excess policy through commercial insurance covers individual claims in excess of \$90,000 per year. Settled claims resulting from this risk did not exceed commercial insurance coverage in the past three years. A premium is charged to each fund that accounts for employee payroll. The total charge allocated to each of the funds is based primarily upon the percentage of each fund's current year payroll as it relates to total payroll, and are reported as interfund services provided and used. Provisions are also made for unexpected and unusual claims.

#### ***B. RISK MANAGEMENT*** (cont.)

Claim expenditures and liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amounts of payouts and other economic and social factors.

Changes in the balance of claim liabilities during the past two years are as follows:

	<u>Prior Year</u>	<u>Current Year</u>
Unpaid claims - Beginning of Year	\$ 1,367,180	\$ 1,754,019
Current year claims and changes in estimates	11,596,950	8,531,061
Claim payments	<u>(11,210,111)</u>	<u>(9,574,289)</u>
Unpaid Claims - End of Year	<u>\$ 1,754,019</u>	<u>\$ 710,791</u>

#### ***C. COMMITMENTS AND CONTINGENCIES***

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the City is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the City attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

**D. OTHER POSTEMPLOYMENT BENEFITS**

**GENERAL INFORMATION ABOUT THE OPEB PLAN**

**Plan description.** The City's single-employer defined benefit healthcare plan provides comprehensive medical benefits to eligible retirees and their dependents. To be eligible, participants must be, at a minimum, age 52 with 15 years of service with an Indiana public employer (10 years must be completed immediately prior to his or her retirement date. The employer provides access to an on-site medical clinic until the participant reaches his or her 65th birthday. Spouse coverage continues until the spouse becomes Medicare eligible.

The City administers the plan and issues a report that includes financial information and required supplementary information of the plan as a whole. The report may be obtained by contacting the City at 1 Municipal Drive, Fishers, Indiana 46038. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

***D. OTHER POSTEMPLOYMENT BENEFITS (cont.)***

***Employees covered by benefit terms.*** At December 31, 2020, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefit payments	2
Active plan members	456
<b>Total</b>	<b>458</b>

***TOTAL OPEB LIABILITY***

The City's total OPEB liability of \$6,729,776 was measured as of December 31, 2020, and was determined by an actuarial valuation as of that date.

***Actuarial assumptions and other inputs.*** The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Measurement date	For fiscal year ending December 31, 2020, December 31, 2020 measurement date was used
Actuarial valuation date	December 31, 2020 with no adjustments to get to the December 31, 2020 measurement date. Liabilities as of January 1, 2020 are based on an actuarial valuation date of January 1, 2019 projected to the December 31, 2019 measurement date on a "no loss/no gain" basis
Discount rate	2.12% as of December 31, 2020 and 3.26% as of January 1, 2020
Payroll Growth	2.75% inflation plus the salary merit increase based on the Public Employees' Retirement Fund (PERF) June 30, 2020 actuarial valuations. Increases ranging from 0% to 6% based on years of service
Inflation	2.75% year

***D. OTHER POSTEMPLOYMENT BENEFITS (cont.)***

***TOTAL OPEB LIABILITY (cont.)***

Cost method	Allocation of Actuarial Present Value of Future Benefits for services prior and after the Measurement Date was determined using Entry Age Normal Level % of Salary method where: Service Cost for each individual participant, payable from date of employment to date of retirement, is sufficient to pay for the participant's benefit at retirement; and Annual Service Cost is a constant percentage of the participant's salary that is assumed to increase according to the Payroll Growth.
Healthcare cost trend rates	8% for 2021 declining to 4.5% for 2028 and after
Retirees' share of benefit-related costs	Retiree contributions are assumed to increase according to health care trend rates

The discount rate of 2.12% was based on a range of indices as, using Bond Buyer GO 20 bond municipal bond index fund, S&P municipal bond 20 year high grade rate index, and Fidelity 20 year GO municipal bond index.

**Mortality Assumptions.** General employees and retirees: SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2020. Safety employees and retirees: SOA Pub-2010 Public Safety Headcount Weighted Mortality Table fully generational using Scale MP-2020. Surviving Spouses: SOA Pub-2010 Continuing Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2020.

The actuarial assumptions used in the December 31, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2018 to December 31, 2018.

### NOTE IV - OTHER INFORMATION (cont.)

---

#### *E. SUBSEQUENT EVENTS* (cont.)

##### ***Supplemental Income Tax ("LIT") Distribution***

Indiana Code Citation IC 6-3.6-9-15 requires the State Budget Agency to provide the amount of supplemental distributions for qualifying counties to the Department of Local Government Finance before May 2nd. The supplemental distribution is disbursed to counties that have a balance in the county trust account exceeding fifteen percent (15%) of the certified distribution to be made to the County in the year of determination.

The City's distribution in 2021 is \$3,129,149. The distribution will be deposited into the City General Fund.

##### ***Debt Issuance***

##### Lease Rental Revenue Bond Anticipation Notes, Series 2021 (State Road 37 Phase II Project)

On January 20, 2021, the City issued Lease Rental Revenue Bond Anticipation Notes, Series 2021 (State Road 37 Phase II Project) in the amount of \$6,460,000 with an interest rate of 1.08%. This amount will be used to pay for the costs of (i) design, acquisition and construction of all or a portion of certain road and infrastructure projects related to improvements to State Road 37, between 131st Street and 146th Street, including improvement to the intersections of State Road 37 and 131st Street, 135th Street, 141st Street, and 146th Street and projects related thereto (the "Projects"), (ii) funding the capitalized interest on the BANs, and (iii) paying the costs of issuance of the BANs.

##### Economic Development Revenue Bonds, Series 2021A (Pullman Pointe Project)

On February 3, 2021, the City issued Economic Development Revenue Bonds, Series 2021A (Pullman Pointe Project) in the amount of \$7,000,000 with an interest rate of 4.0%. This amount will be used for the purpose of paying a portion of the costs of acquiring, constructing, renovating, and equipping of approximately 180 apartment units, together with related improvements to be constructed by the Company (the "Project") and to pay issuance expenses.

##### Lease Rental Revenue Bond Anticipation Notes, Series 2021B (Geist Park Improvement Project)

On March 24, 2021, the City issued Lease Rental Revenue Bond Anticipation Notes, Series 2021B (Geist Park Improvement Project) in the amount of \$15,725,000 with an interest rate of 0.73%. This amount will be used to pay for the costs of (i) the design, acquisition and construction of all or a portion of (a) certain site preparation and earthwork, (b) a recreational beach amenity including, but not limited to, walking and hiking trails; boardwalk; kayak launching area; shelters and picnic areas; bike trails; and playground equipment, among other features, and (c) projects related to clauses (a) and (b) (collectively, the "Projects"), (ii) funding the capitalized interest on the BANs, and (iii) paying the costs of issuance of the BANs.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE IV - OTHER INFORMATION (cont.)

---

#### ***F. JOINTLY GOVERNED ORGANIZATIONS***

##### ***Hoosier Heritage Port Authority***

The City of Fishers and the City of Noblesville, Indiana jointly own, on an equal basis, a certain railroad right-of-way obtained from a railroad company extending approximately 37 miles from the Town of Tipton, Indiana, to near downtown Indianapolis. The City of Fishers and the City of Noblesville created the Hoosier Heritage Port Authority (Port Authority) for the purpose of protecting and preserving the existence of real property, contained within the railroad's right-of-way, as a single parcel of real estate in perpetuity for such uses as may benefit the citizens of the City of Noblesville and City of Fishers, including but not limited to, recreational, transportation and tourism purposes. Subsequently, Hamilton County, Indiana joined in with the City of Fishers and the City of Noblesville to become part of the Port Authority. The Port Authority's board consists of six members, with two appointed by the Mayor of the City of Fishers, two appointed by the Mayor of the City of Noblesville and two appointed by the County Commissioners of Hamilton County. The City of Fishers, the City of Noblesville, and Hamilton County do not have an obligation for, or any financial interest in, Port Authority matters.

#### ***G. TAX ABATEMENT***

Under the state statute, IC 6-1.1-12.1 the City provides tax abatements for rehabilitation or redevelopment of real property in economic revitalization areas. Economic revitalization area (ERA) means an area which is within the corporate limits of a city, town or county which has become undesirable for, or impossible of, normal development and occupancy because of lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values or prevent a normal development of property or use of property. The tax abatements under this statute are for real property tax and personal property tax.

##### ***Tax Abatements - Real Property (I.C. 6-1.1-12.1)***

The abatements are obtained through application by the property owner, approval by the City Council, and a signed agreement between the parties. The agreement is usually for a ten-year period in which the City is willing to forgo tax revenues (real property tax) and the property owner promises to take specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments. Each year of the agreement's time frame the property owner must verify that they have met the commitments set forth in the agreement. The City must also agree that the commitments have been met. The City then allows the percentage of reduction to be applied to the eligible assessed value.

# CITY OF FISHERS, INDIANA

## NOTES TO FINANCIAL STATEMENTS December 31, 2020

---

### NOTE IV - OTHER INFORMATION (cont.)

---

#### **G. TAX ABATEMENT (cont.)**

##### ***Tax Abatements - Personal Property Tax (I.C. 6-1.1-12.1)***

The City Council approves the tax abatements for personal property tax. Once approval is granted the taxpayer must file forms with the County Assessor each year of the abatement. The forms used, depending on the type of property, are 103-ERA, State form 52503; CF-1/PP, State form 51765; SB-1/PP, State form 51764; and form 103-EL, State form 52515 that accompanies the ERA. After the forms are filed, the County Assessor calculated the minimum value ratio (MVR) which is the Total True Tax Value, from Schedule A divided by 30% of Adjusted Cost, from Schedule A. The adjusted cost is multiplied by the True Tax Value percentage for the property pool by year of purchase of the asset, then times the MVR. Each year of the agreement's time frame the property owner must verify that they have met the commitments set forth in the agreement. The City must also agree that the commitments have been met. The City then allows the reduction in personal property tax to be applied.

##### ***Vacant Building Abatement (I.C. 6-1.1-12.1-4.8)***

Up to a two year real property tax abatement is available to a company, according to local qualifications, based on occupying a building that has been vacant for more than a year. The building must be used for commercial or industrial purposes and be located in a designated Economic Revitalization Area, as designated by the Council. Prior approval of the Council must occur before occupying the facility and the Council determines the time period for the abatement. All of these programs are designed to spur job creation and retention, grow the income and property tax base, support the redevelopment of areas experiencing a cessation of growth, attract and retain businesses in targeted industries, and assist distressed businesses, among other objectives. Minimum eligibility criteria for such abatements vary by program, as noted above, but generally require that an investment in real or personal property be projected to increase assessed value, create or retain jobs and/or promote economic revitalization. In return for such abatements, the City generally commits to permit, zoning and job training assistance. Included in each abatement agreement are provisions specifying certain damages, among which may include a clawback of some or all of the taxes previously abated. If a company ceases operations or announces the cessation of operations at the facility for which the abatement was granted, termination of the abatement agreement is warranted and 100% clawback is required. Other clawbacks are calculated based on the highest level of non-compliance among the measured categories for that project.

##### ***Impact of Abatements on Revenues***

Indiana property tax laws complicate the calculation of the exact impact of property tax abatements on the tax revenues of a given unit of local government. Constraints on the growth of the annual tax levy and constitutional limitations on taxes (also known as property tax caps) are the chief complicating factors. The increase in the annual tax levy is limited to the growth in the 6-year moving average of nonfarm personal income growth, which is known as the Assessed Value Growth Quotient (AVGQ). Statutory property tax caps for homesteads, agricultural and other residential and commercial are equal to 1%, 2% and 3%, respectively, of associated assessed valuations.

The tax rate, which is established for each taxing unit by the Department of Local Government Finance, is based on the tax levy requested by the taxing unit (as limited by the AVGQ) divided by the net assessed value of the property in a physical taxing district. The theory behind the AVGQ is that the costs of government should not be increasing at a greater rate than taxpayer incomes.

**CITY OF FISHERS, INDIANA**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2020

---

**NOTE IV - OTHER INFORMATION (cont.)**

---

**G. TAX ABATEMENT (cont.)**

***Impact of Abatements on Revenues (cont.)***

Tax abatements are granted on the assessed value of the property abated. The taxpayer's taxes are then calculated based on this reduced assessment, thus resulting in a lower tax liability. But because a given district's tax rate is calculated based on the total net assessed value in the district (net of abatements and other adjustments), the certified levy of each unit in the district is the same as if the abatements had not been granted.

Additionally, to the extent that parcels have reached the constitutional limit of tax liability as a percentage of gross assessed value, the property tax rate caps (circuit breaker credits) reduce the property tax collections of the affected taxing units. The degree to which property tax abatements exacerbate circuit breaker losses differs by parcel and is dependent on the proportion of abated assessed value to total gross assessed value, as well as prevailing property tax rates.

The estimated gross amount, on an accrual basis, by which the City of Fisher's property tax revenues (payable 2020 taxes) were reduced as a result of the aforementioned City abatement programs, totaled \$727,273. The abatements for the City of Fishers included abatements for the following programs:

Real Property Tax Abatement	\$ 603,332
Personal Property Tax Abatements	<u>123,941</u>
Total	<u><u>\$ 727,273</u></u>

While the City of Fishers has calculated the potential impact of existing tax abatements on its property tax revenues for 2020 to approximate \$727,273 the actual extent of lost revenues is something less than this amount and cannot be reasonably determined due to the application of circuit breaker credits.

The City of Fishers estimated gross amount, on an accrual basis, by which the City of Fishers' property tax revenues (payable 2020 taxes) were reduced are also affected by abatements approved by other taxing units in Hamilton County. The estimated allocated portion of abatements approved by Hamilton County totaled \$44,094. Abatements from other taxing districts in Hamilton County are considered immaterial.

Tax abatements are comprised of the following programs:

Real Property Tax Abatement	\$ 7,932
Personal Property Tax Abatements	<u>36,162</u>
Total	<u><u>\$ 44,094</u></u>

While the City of Fishers has calculated the potential impact of existing tax abatements on its property tax revenues for 2020 to approximate \$44,094, the actual extent of lost revenues is something less than this amount and cannot be reasonably determined due to the application of circuit breaker credits.

CITY OF FISHERS, INDIANA  
 REQUIRED SUPPLEMENTARY INFORMATION  
 BUDGET TO GAAP RECONCILIATION - GENERAL FUND  
 For the Calendar Year Ended December 31, 2020

---

The major differences between Budgetary (Non-GAAP) basis and GAAP basis are:

- a. Revenues are recorded when received in cash (budgetary) as opposed to susceptible to accrual (GAAP)
- b. Expenditures are recorded when paid in cash (budgetary) as opposed to when the liability is incurred (GAAP)

Adjustments necessary to convert the results of operations at the end of the year on a budgetary basis to a GAAP basis are as follows:

	General
Excess of revenues and other financing sources over expenditures and other financing uses (budgetary basis)	\$ 5,398,250
Adjustments	
To adjust revenue for accruals	(132,080)
To adjust expenditures for accruals	(206,794)
Excess of revenues and other financing sources over expenditures and other financing uses (GAAP basis)	\$ 5,059,376

 Public Employees' Retirement Fund  
 Last 10 Fiscal Years

	2020	2019	2018	2017	2016	2015	2014
City's proportion of the net pension liability	0.22712%	0.22411%	0.21397%	0.21285%	0.19718%	0.18622%	0.17595%
City's proportionate share of the net pension liability	\$ 6,859,919	\$ 7,406,978	\$ 7,268,658	\$ 9,496,395	\$ 8,948,905	\$ 7,584,558	\$ 4,623,822
City's covered payroll	12,261,534	11,676,361	10,918,126	10,559,778	9,449,804	8,919,470	\$ 8,590,454
City's proportionate share of the net pension liability as a percentage of its covered payroll	55.9%	63.4%	66.6%	89.9%	94.7%	85.0%	53.8%
Plan fiduciary net position as a percentage of total pension liability	81.4%	80.1%	78.9%	72.7%	71.2%	73.3%	81.1%

Notes:

The plan fiduciary net position as a percentage of total pension liability comes from the INPRS annual report.

The City's covered payroll comes from the City specific report for INPRS.

The amounts presented for each fiscal year were determined as of June 30 (measurement date).

Benefit changes: Pursuant to HEA 109 survivor benefits now require 10 years of creditable service rather than 15 years.

Changes in actuarial methods: None

Changes in assumptions:

Salary increases changed from an age-based table ranging from 2.50% to 4.25% to a service-based table ranging from 2.75% to 8.75%

Mortality assumption changed from RP-2014 Total Data Set Mortality Tables projected on a fully generational basis using the future mortality improvement

scale inherent in the mortality projection included in the Social Security Administration's 2014 Trustee Report to the Pub-2010 Public Retirement Plans

Mortality Tables with fully generational projection of mortality improvements using SOA Scale MP-2019.

Retirement assumption was updated from an age- and service-based table to an age-based table dependent on eligibility for a reduced benefit or unreduced benefit. Additional 30% of retirees eligible for early retirement is assumed, down from 33%.

Termination assumption changed from being split for male and female to a unisex service-based table for state members. For political subdivisions the split for sex was changed to a unisex table for employees earning more than \$20,000.

The disability assumption was updated based on recent experience

The marital assumption was updated to 80% for males and 65% for females from 75% for males and 60% for females

Decreased the load for additional wages upon termination from \$400 to \$200

Information is not available prior to 2014.

Additional years will be added until 10 years of historical data is shown.

The turnover assumption has been updated based on the PERF actuarial valuation as of June 30, 2020

The retirement rate assumptions has been updated based on the PERF actuarial valuation as of June 30, 2020

The salary growth assumptions has been updated based on the PERF actuarial valuation as of June 30, 2020

Health care trend rates have been updated to an initial rate of 8.0% decreasing by 0.5% annually to 4.5%

CITY OF FISHERS, INDIANA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2020

I. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the budgetary comparison schedules:

1. The Controller submits to the Common Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. The City advertises the budget prior to adoption and the Common Council holds public hearings to obtain taxpayer comments.
3. The budget is approved in September of each year by the Common Council through passage of an ordinance.
4. Copies of the budget ordinance and advertisements are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the Controller receives approval from the Indiana Department of Local Government Finance. The budget ordinance as approved by the Indiana Department of Local Government Finance becomes the City's expenditures budget. The City's maximum tax levy is restricted by Indiana Law, with certain adjustments and exceptions. If the advertised budget exceeds the spending and tax limits of the state control laws, an excess levy can be granted by the Indiana Department of Local Government Finance, upon appeal by the City.
5. The legal level of budgetary control (the level at which expenditures may not exceed appropriations without the governing body's approval) is by object classification for all funds except for the General Fund, which is by object classification within each department. The City's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the Common Council. Any revisions that alter the total appropriations for any fund or any department of the General fund must be approved by the Common Council and in some instances, by the Indiana Department of Local Government Finance.
6. Formal budgetary integration is required by State Statute and is employed as a management control device. An annual budget was legally adopted for the following funds:

Major fund:

General

Nonmajor funds:

Special revenue funds:

Motor Vehicle Highway, Local Roads and Streets, Law Enforcement Continuing Education, Court Record Perpetuation, LOIT Special Distribution, Wheel Tax, Court Deferral User Fee, Park Impact, Road Impact, Bridge Impact, Rainy Day

Debt service funds:

B&I-Revenue Bond Debt, B&I- GO Bond 2 Debt Pre 0801, B&I-GO Bond Debt Post, B&I-GO 126<sup>th</sup> St./Phase II, 96<sup>th</sup> & Allisonville Lease Payment

Capital projects funds:

Certified Tech Park, Cumulative Capital Improvement, Cumulative Capital Development

CITY OF FISHERS, INDIANA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2020

Internal service funds:  
Employee Health Fund, Flexible Spending Fund

Enterprise funds:  
Sewer, Sewer Bond and Interest, Sewer BONY B&I, Sewer Reserve, Sewer  
Construction, Stormwater Construction, Stormwater

II. Financial Reporting – Pension Plans

- A. In 2020, there were no changes to the Plan that impacted the pension benefits during the fiscal year.

In 2019 pursuant to HEA 109 the years of service required to receive survivor benefits was reduced from 15 years to 10 years.

PERF Plan:

- a) The actuarial assumptions and methods used in the June 30, 2020 valuation of the Public Employees' Defined Benefit Account were adopted by the INPRS Board in June 2020. The majority of the actuarial assumptions and methods are based on plan experience from July 1, 2014 through June 30, 2019 and were first used in the June 30, 2020 valuation. The INPRS Board adopted a funding policy in April 2014, and the policy was last updated in October 2018.
- b) Changes in Actuarial Assumptions

The future salary increase assumption changed from an age-based table ranging from 2.50 percent to 4.25 percent to a service-based table ranging from 2.75 percent to 8.75 percent.

The mortality assumption changed from the RP-2014 (with MP-2014 improvement removed) Total Data Set Mortality Tables projected on a fully generational basis using the future mortality improvement scale inherent in the mortality projection included in the Social Security Administration's 2014 Trustee Report to the Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. Specific mortality table variants and adjustments are used for different subpopulations.

The retirement assumption was updated based on recent experience and was updated from an age- and service-based table to an age-based table dependent on eligibility for a reduced benefit or unreduced benefit. Additionally, for actives who are eligible for early retirement (reduced benefit), 30 percent are now assumed to commence benefits immediately and 70 percent are assumed to commence benefits at unreduced retirement eligibility. Previously 33 percent of actives were assumed to commence benefits with early retirement while 67 percent were assumed to wait for unreduced retirement eligibility.

The termination assumption was updated based on recent experience. For state members the tables were combined from being split by salary and sex to being one unisex service-based table. For members in political subdivisions earning more than \$20,000, the sex-distinct tables were combined to one unisex service-based table. For members in political subdivisions earning less than \$20,000, the sex-distinct age-based table was maintained and the rates were updated based on experience.

The disability assumption was updated based on recent experience.

The marital assumption was updated based on recent experience. 80 percent of male members and 65 percent of female members are assumed to be married or to have a dependent

CITY OF FISHERS, INDIANA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2020

beneficiary. Previously, 75 percent of male members and 60 percent of female members were assumed to be married or to have a dependent beneficiary.

The load placed on the final average earnings to account for additional wages received upon termination, such as severance pay or unused sick leave, decreased from \$400 to \$200.

1977 Police Officers' and Firefighters' Pension and Disability Fund:

- c) The actuarial assumptions and methods used in the June 30, 2020 valuation of the 1977 Police Officers' and Firefighters' Retirement Fund were adopted by the INPRS board in June 2020. The majority of the actuarial assumptions and methods are based on plan experience from July 1, 2014 through June 30, 2019 and were first used in the June 30, 2020 valuation. The INPRS Board adopted a funding policy in April 2014, and the policy was last updated in October 2018.
- d) Changes in Actuarial Assumptions

The future salary increase assumption changed from a table ranging from 2.50 percent to 12.50 percent to a table ranging from 2.75 percent to 12.00 percent.

The mortality assumption changed from the RP-2014 White Collar Mortality Table with Social Security Administration generational projection scale from 2006 to the Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. Specific mortality table variants and adjustments are used for different subpopulations.

The retirement assumption was updated based on recent experience and was updated from an age-based table split by regular retirement, rule of 85 retirement, and early retirement to an age-based table dependent on eligibility for a reduced benefit or unreduced benefit. Additionally, for actives who are eligible for early retirement (reduced benefit), 30 percent are now assumed to commence benefits immediately and 70 percent are assumed to commence benefits at unreduced retirement eligibility. Previously, all active retirements were assumed to commence benefits immediately.

The termination assumption was updated based on recent experience. The age-based table and service-based tables which were used previously were replaced by one service-based table.

The disability assumption was updated based on recent experience.

The marital assumption was updated based on recent experience. 80 percent of male members and 75 percent of female members are assumed to be married or to have a dependent beneficiary. Previously, 100 percent of members were assumed to be married or to have a dependent beneficiary. Additionally, for female members, the assumption for their spouse's age changed from 2 years older to 3 years older.

The load placed on the final average earnings to account for additional wages received upon termination, such as severance pay or unused sick leave, decreased from \$400 to \$200.

CITY OF FISHERS, INDIANA

## SUPPLEMENTARY INFORMATION FUND DESCRIPTIONS

December 31, 2020

---

### MAJOR GOVERNMENTAL FUNDS

**Major Governmental Funds** - Major funds are presented to ensure the City's most important funds (in terms of size and management's qualitative factors. For 2019, the City reported the following major funds:

General Fund -	Is the primary operating fund of the City. The general fund is used to account for all financial resources except those required to be accounted for in another fund.
COVID – FEMA Funds -	To account for expenses relating the coronavirus pandemic that will be reimbursed by FEMA. Funding is provided from grant funds.
State Road 37 Match -	To account for expenditures related to the construction and improvements of road work on State Road 37

### NONMAJOR GOVERNMENTAL FUNDS

**Special Revenue Funds** – Special revenue funds are used to account for specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for particular purposes. The title of the fund is descriptive of the activities involved. The primary government maintains the following nonmajor special revenue funds:

Levy Excess -	To account for excess levy funds.
COVID – Cares Act Fund -	To account for expenses relating the coronavirus pandemic specifically those reimbursed by the CARES Act. Funding is provided from grant funds.
COVID – Medicaid Funds -	To account for expenses relating the coronavirus pandemic specifically those being reimbursed by Medicaid. Funding is provided from grant funds.
COVID – Testing Fund -	To account for expenses relating to the coronavirus pandemic specifically costs for providing testing. Funding is provided from grant funds.
Health Department Fund -	To account for expense relating to the City's Health Department. Beginning in 2021 funding is provided through a property tax which cannot be higher than one cent per one hundred dollars of assessed value and funding is also provided through charges for services.
Motor Vehicle Highway -	To account for street construction and the operations of the street and property tax levy and by state motor vehicle highway distributions.
Local Road and Streets -	To account for operation and maintenance of local and arterial road and street systems. Financing is provided by state gasoline tax distributions.
Right of Way Grant Fund -	To account for the expenditures for right of way purchases. Funding is provided from the grants.

## SUPPLEMENTARY INFORMATION FUND DESCRIPTIONS

December 31, 2020

---

### PROPRIETARY FUNDS

**Proprietary Funds** – Proprietary funds are used to account for operations financed in a manner similar to private business; or where goods or services are provided by one department or agency to other departments or agencies.

**Internal Service Funds** – Internal Services Funds may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. Internal services funds should be used only if the reporting government is the predominant participant in the activity. Otherwise, the activity should be reported as an enterprise fund.

Health Insurance/Flexible Spending - To account for the collection and payment to an insurance carrier for the City's health insurance and dependent care services. Funding is provided by employee and City contributions.

**Fiduciary Funds** – Fiduciary funds are used to account for resources that have been collected on behalf of other governmental agencies or other individuals.

Fiduciary Funds - Custodial Fund - Used to account for assets held by the primary government as an agent for the court system related to court costs and fees, payroll withholding amounts and the park system.

Parks Agency Fund - To revenues and expenditures for sales tax collected by the park.

Court - To account for the receipts and disbursements of the city court.

**Business-Type Activity – Enterprise Funds** – Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the Common Council is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the Common Council has decided that the periodic determination of net income is appropriate for accountability purposes. Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met.

1. The activity is financed with debt that is secured solely by a pledge of net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit - even if that government is not expected to make any payments - is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity.)
2. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.
3. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

## SUPPLEMENTARY INFORMATION FUND DESCRIPTIONS

December 31, 2020

---

### Wastewater Utility -

To account for the provision of wastewater services. All activities necessary to provide such services are accounted for in this fund. The intent of the Common Council is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Common Council has decided that the periodic determination of net income is appropriate for accountability purposes. The utility service area is primarily contiguous with the City limits.

### Stormwater Utility -

To account for the provision of wastewater services. All activities necessary to provide such services are accounted for in this fund. The intent of the Common Council is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Common Council has decided that the periodic determination of net income is appropriate for accountability purposes. The utility service area is primarily contiguous with the City limits.

## **STATISTICAL SECTION**

## CITY OF FISHERS, INDIANA

### STATISTICAL SECTION OVERVIEW

This part of the City of Fishers' annual comprehensive financial report represents detailed information as context for understanding information in the financial statements, note disclosures, and required supplementary information and the City of Fishers' overall financial health. Certain schedules do not display ten year trends if data was unavailable. This information has not been audited by the independent auditors.

<b>CONTENTS</b>	<b>PAGE(S)</b>
<b>Financial Trends</b> These schedules contain information to help the reader understand how the City of Fishers' financial performance and well-being have changed over time.	167-171
<b>Revenue Capacity</b> These schedules contain information to help the reader assess the factors affecting the City of Fishers' ability to generate its property and sales taxes	172-176
<b>Debt Capacity</b> These schedules present information to help the reader assess the affordability of the City of Fishers' current levels of outstanding debt and the City's ability to issue additional debt in the future.	177-182
<b>Demographic and Economic Information</b> These schedules offer demographic and economic indicators to help the reader understand the environment within which the City of Fishers' financial activities take place and to help make comparisons over time with other governments.	183-184
<b>Operating Information</b> These schedules contain service and infrastructure information about the City of Fishers' operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	185-187

**Sources:** Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the corresponding year.

**City of Fishers, Indiana**  
**Notes to Schedule of Expenditures of Federal Awards**  
**Year Ended December 31, 2020**

***Notes to Schedule***

1. The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of the City of Fishers, Indiana (City) under programs of the federal government for the year ended December 31, 2020. The accompanying notes are an integral part of this Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.
2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance or other applicable regulatory guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
3. The City of Fishers had no federal loans that they were administering as of December 31, 2020.

**Report on Internal Control Over Financial Reporting and on Compliance and  
Other Matters Based on an Audit of Financial Statements Performed in  
Accordance With *Government Auditing Standards***

**Independent Auditor's Report**

Audit Committee  
City of Fishers, Indiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining information of the City of Fishers, Indiana (City) as of and for the year ended December 31, 2020 and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 28, 2021.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**BKD, LLP**

Indianapolis, Indiana  
June 28, 2021

**Report on Compliance for the Major Federal Program;  
Report on Internal Control Over Compliance; and Report on Schedule of  
Expenditures of Federal Awards Required by Uniform Guidance**

**Independent Auditor's Report**

Audit Committee  
City of Fishers, Indiana

**Report on Compliance for the Major Federal Program**

We have audited the City of Fishers, Indiana (City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended December 31, 2020. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for the City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the City's major federal program. However, our audit does not provide a legal determination of the City's compliance.

## ***Opinion on the Major Federal Program***

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2020.

## **Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated June 28, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
