## INDEPENDENT AUDITOR'S REPORT

Board of Commissioners  
Housing Authority of the City of Bloomington  
Bloomington, Indiana

### Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the City of Bloomington, Indiana as of and for the year ended September 30, 2021, and the related notes to the financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority as of September 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters**

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 7 through 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

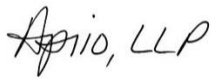

**Other Information**

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. Supplementary data is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Financial Data Schedule is presented for the Department of Housing and Urban Development's information and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The Financial Data Schedule and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting data and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting data and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2022 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners  
Housing Authority of the City of Bloomington  
Bloomington, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Authority, as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated April 13, 2022.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a *material weakness*, yet important enough to merit attention by those charged with governance.

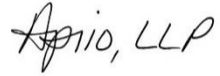

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be *material weaknesses* or *significant deficiencies*. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be *material weaknesses*. However, *material weakness* may exist that have not been identified

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners  
Housing Authority of the City of Bloomington  
Bloomington, Indiana

### Report on Compliance for the Major Federal Program

We have audited the Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Authority's major federal program for the year ended September 30, 2021. The Authority's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Authority's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the *Uniform Guidance* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Authority's compliance.

### Opinion on the Major Program

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2021.

### Report on Internal Control Over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a *material weakness* in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be *material weaknesses* or *significant deficiencies*. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*. However, *material weaknesses* may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Authority-Wide Financial Statements

### **Statement of Net Position**

These Statements include a Statement of Net Position, which is similar to a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Authority. The statement is presented in the format in which assets and deferred outflows of resources, equal liabilities, deferred inflows of resources and “Net Position”, formerly known as net assets. Assets and liabilities are presented in order of liquidity and are classified as “Current” (convertible into cash within one year), and “Non-current”.

The focus of the Statement of Net Position (the “Unrestricted Net Position”) is designed to represent the net available liquid (non-capital) assets and deferred outflows of resources, net of liabilities and deferred inflows of resources, for the entire Authority. Net Position (formerly net assets) is reported in three broad categories:

Net Investment in Capital Assets: This component of Net Position consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Position: Consists of Net Position that does not meet the definition of “Net Investment in Capital Assets”, or “Restricted Net Position.”

### **Statement of Revenues, Expenses, and Changes in Net Position**

The Authority-wide financial statements also include a Statement of Revenues, Expenses and Changes in Net Position (similar to an Income Statement). This Statement includes operating revenues, such as rental income, operating expenses, such as administrative, utilities, maintenance, and depreciation, and non-operating revenue and expenses, such as capital grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Net Position is the “Change in Net Position”, which is similar to Net Income or Loss.

### **Statement of Cash Flows**

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, investing activities and from capital and related financing activities.

## THE AUTHORITY'S MAIN PROGRAMS

Significant Programs – The focus of the Authority's Financial Statements should be on the significant programs of the Authority. The following are considered significant programs of the Authority.

Conventional Public Housing – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to offer housing at a rent that is based upon 30% of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority's properties.

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

Other Programs – In addition to the significant programs above, the Authority also maintains the following programs:

- Central Office Cost Center
- Community Development Block Grant
- Section 8 Moderate Rehabilitation – Single Room Occupancy Program
- Family Self Sufficiency Program
- Resident Opportunity and Supportive Services Program
- HOME Investment Partnerships Program
- State/Local
- CARES Act Funding through its Housing Choice Voucher Program
- Emergency Housing Voucher Program

### Major Factors Affecting the Condensed Statement of Net Position

During 2021, capital assets decreased due to depreciation exceeding capital improvements on the dwelling properties. See Tables 4 and 5 below, and the Notes to the Financial Statements for additional details on the changes in capital assets. Current liabilities increased due primarily to accrued payables owed to Bloomington RAD I, LP, the Authority's Rental Assistance Demonstration (RAD Program affiliate, for housing assistance payments and expense reimbursements. Restricted net position decreased due to a reduction of funds held and restricted for housing assistance payments.

Table 2 presents details on the change in Unrestricted Net Position

**Major Factors Affecting the Schedule of Revenue, Expenses and Changes in Net Position**

Tenant revenues decreased due to reduced leasing and a reduction of tenant income. Operating grants decreased due to reductions of Public Housing and CARES Act funding subsidies recognized. Capital grants decreased due to revenues recognized during fiscal year 2020 to pay-off the Fannie Mae loan in October 2019. Other revenue decreased due primarily to developer fee income recognized during 2020. The fiscal year 2020 gain on RAD program disposition was a result of the recognition of promissory notes in exchange for the assets disposed of through the RAD conversion.

Administrative expenses increased due to increases of service contracts, temporary office labor, and internet network and camera system upgrades. Maintenance and depreciation expenses decreased due to the fiscal year 2020 dwelling property disposition through the RAD conversion. General expenses decreased due to reductions of insurance, tenant bad debt charges, and the fiscal year 2020 accrual of a repayment to HUD for subsidies received under the Energy Performance Contract. Housing assistance payments increased due to an increase of leasing and market rents, and a reduction of tenant income.

## Capital Assets

As of year-end, the Authority had \$4.2 million invested in a variety of capital assets as reflected in the following schedule. For additional detail see the Notes to the Financial Statements.

## **ECONOMIC FACTORS**

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs

HOUSING AUTHORITY OF THE CITY OF  
BLOOMINGTON, INDIANA

NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2021

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Housing Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority is a Special Purpose Government engaged only in business-type activities and therefore, presents only the financial statements required for the enterprise fund, in accordance with GASB Statement 34 paragraph 138 and GASB Statement 63.

The Authority has multiple programs which are accounted for in one enterprise fund, which is presented as the "Enterprise Fund" in the basic financial statements as follows:

Enterprise Fund – In accordance with the Enterprise Fund Method, activity is recorded using the accrual basis of accounting and the measurement focus is on the flow of economic resources. Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded when are incurred. This required the Housing Authority to account for operations in a manner similar to private business or where the Board has decided that the determination of revenues earned, costs incurred, and/or net income is necessary for management accountability.

Governmental Accounting Standards – The Housing Authority has applied all applicable Governmental Accounting Standards Board pronouncements as well as applicable pronouncements issued by the Financial Accounting Standards Board.

Cash and Investments

The Housing Authority considers cash on hand and cash in checking to be cash equivalents. Cash on hand is not included in calculation of collateral required. The Authority's investments consisted of certificates of deposit.

Accounts Receivable

Accounts receivable are reported at amounts management expects to collect and consisted of tenant and fraud receivables, and grants receivable. Gross accounts receivable totaled \$181,033 and are reported net of allowances of \$67,402. See Note K for additional detail regarding accounts receivable.

Prepaid Items and Inventory

Prepaid items and inventory consist of payments made to vendors for services and materials that will benefit future periods.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

Depreciation on assets has been expensed in the statement of income and expenses. Estimated useful lives are as follows:

Buildings and Improvements	15 - 40 years
Furniture and equipment	5 - 7 years

Authority management has assessed the carrying values of capital asset balances as of September 30, 2021, and as of April 13, 2022. No significant capital asset value impairments exist as of the noted dates.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

### NOTE B - REPORTING ENTITY DEFINITION

The Housing Authority was established by the City of Bloomington pursuant to the laws of the State of Indiana to provide assisted housing for qualified individuals. An independent Board of Commissioners, appointed by the Mayor, is responsible for the activities of the Authority. The Housing Authority has complete legislative and administrative authority and it recruits and employs personnel. The Authority adopts a budget that is approved by the Board of Commissioners, funded primarily by the U.S. Department of Housing and Urban Development (HUD) based upon performance funding and program and capital grants. The Authority has substantial legal authority to control its affairs without local government approval; therefore, all operations of the Authority are a separate reporting entity as reflected in this report. The Authority is responsible for its debts and is entitled to surpluses.

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in *Section 2100 and 2600 of the Codification of Governmental Accounting and Financial Reporting Standards, Statement No. 14 (amended)*, of the *Governmental Accounting Standards Board: The Financial Reporting Entity, Statement No. 39: Determining Whether Certain Organizations are Component Units*, and *Statement No. 61: The Financial Reporting Entity: Omnibus*. These criteria include manifestation of oversight responsibility including financial accountability, appointment of a voting majority, imposition of will, financial benefit to or burden on a primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and organizations included in the reporting entity although the primary organization is not financially accountable.

Based upon the application of these criteria, the Authority has the following component units:

*Summit Hill Community Development Corporation* (the Corporation) – is a legally separate not-for-profit corporation, organized for the purpose of assisting the Authority in providing affordable housing for low-moderate income individuals and families in the Bloomington area. The Corporation is a blended component unit of the Authority and had a September 30 fiscal year end. The Corporation's fiscal year end was amended in April of 2021 to a December 31 year end. The Corporation did not have any significant financial activity during, or balances as of, its previous fiscal year ended September 30, 2020 or December 31, 2020.

*Bloomington RAD I Manager, LLC* (the LLC) – is a limited liability company organized for the purpose of acquiring a general partnership interest in Bloomington RAD I, LP (an affiliated limited partnership), in order to facilitate the Authority's participation in HUD's Rental Assistance Demonstration (RAD) Program. The LLC is a discrete component unit of the Authority and has a December 31 year end. The LLC did not have any significant financial activity during, or balances as of, the year ended December 31, 2020. Therefore, the Authority has not discretely presented financial activity or balances of the LLC with these financial statements for the Authority's fiscal year ended September 30, 2021.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE C - CASH AND INVESTMENT DEPOSITS

*Custodial Credit Risk* - The Authority's policy is to limit credit risk by adherence to the list of HUD-permitted investments, which are backed by the full faith and credit of or a guarantee of principal and interest by the U.S. Government.

*Interest Rate Risk* - The Authority's formal investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from interest rate volatility.

The U.S. Department of HUD requires housing authorities to invest excess funds in obligations of the U.S., certificates of deposit or any other federally insured investments.

The Housing Authority's cash, and cash equivalents consist of funds held in interest bearing checking accounts with reconciled balances totaling \$3,573,541. Investments consist of certificates of deposit totaling \$322,213, yielding interest at varying rates of .30%. The remaining \$750 is held in the form of petty cash. Deposits balances held with financial institutions were secured as follows:

	<b>Bank Deposits</b>
Insured by FDIC	\$ 500,000
Public Funds collateralized by the State of Indiana Public Deposit Fund	72,213
Collateralized with specific securities in the Authority's name which are held by a third-party financial institution	<u>3,386,306</u>
	<b><u>\$ 3,958,519</u></b>

All investments are carried at cost plus accrued interest, which approximates market. The Authority had no realized gains or losses on the sale of investments. The calculation of realized gains or losses is independent of a calculation of the net change in the fair value of investments.

NOTE D - CONTRACTUAL COMMITMENTS

The Authority's outstanding contractual commitments, as of September 30, 2021, were as follows:

<b><u>Type of Commitment:</u></b>	
Modernizations and Improvements	\$ 41,429

<b>Total Outstanding Contractual Commitments</b>	<b><u>\$ 76,466</u></b>

NOTE E - CONCENTRATION OF RISK

The Housing Authority receives most of its funding from HUD. These funds and grants are subject to modification by HUD depending on the availability of funding.

## NOTES TO FINANCIAL STATEMENTS – CONTINUED

### NOTE F – SIGNIFICANT ESTIMATES

These financial statements are prepared in accordance with generally accepted accounting principles. The financial statements include some amounts that are based on management's best estimates and judgments. The most significant estimates relate to depreciation and useful lives, and the realizable value of notes receivables. These estimates may be adjusted as more current information becomes available, and any adjustment could be significant.

### NOTE G – RISK MANAGEMENT

The Housing Authority is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Housing Authority carries commercial insurance for all risks of loss, including workman's compensation and employee health and accident insurance. The Housing Authority has not had any significant reductions in insurance coverage, or any claims not reimbursed.

### NOTE H – INTER-PROGRAM ACTIVITY

The Housing Authority manages several programs. Many charges, i.e., payroll, benefits, insurance, etc. are paid by the Housing Authority's various funds and subsequently reimbursed. Balances due for such charges are reflected in the Inter-Program Due to/Due from account balances. Inter-program balances at the fiscal year end consisted of the following:

Central Office Cost Center	\$	34,650
Family Self Sufficiency Program		(17,203)

	\$	<u><u>-</u></u>

### NOTE I – DEFINED CONTRIBUTION RETIREMENT PLANS

The Authority provides retirement benefits for all of its eligible full-time employees through a defined contribution plan, known as the Housing Authority of the City of Bloomington Retirement Plan. The plan is administered by One American (American United Life). In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The Authority contributes 10% of the eligible employees' base salary and employees are not required to contribute to the plan. Contributions and allocated investment earnings are fully vested after 5 years of continuous service. During 2021, the Authority made the required contributions in the amount of \$93,946, and there were no significant unpaid pension liabilities outstanding as of September 30, 2021.

The Authority also provides a 457 Deferred Compensation Plan and a Roth Individual Retirement Account (IRA) for eligible full-time employees. During the fiscal year, employees contributed \$6,118 to the 457 Deferred Compensation Plan and \$1,650 to the Roth IRA.

The Authority does not provide any other post-employment benefit plans.

NOTE L – COMPENSATED ABSENCES

Employees earn vacation and sick time annually, in varying amounts depending on tenure with the Authority. The Authority's policy allows employees to accumulate and carry-over up to one year of earned vacation. Additionally, employees are permitted to accumulate up to 420 hours of sick leave. This policy also allows for payment of accrued vacation and sick leave upon termination, with certain limitations and specified exceptions. The Authority's leave liability accrual is divided and reported between current and non-current liabilities in the Statement of Net Position.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE M – LONG TERM LIABILITIES

In September of 2006, the Authority obtained a loan from Fannie Mae in the amount of \$2,275,000. NOTE N – COMMITMENTS AND CONTINGENCIES

Amounts received or receivable from HUD are subject to audit and adjustment by grantor agencies. If expenses are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the Authority. In the opinion of management, any such adjustments would not be significant.
