Board of Directors  
Housing Authority of the City of Lafayette  
2601 Greenbush St.  
Lafayette, IN 47904

We have reviewed the audit report of the Housing Authority of the City of Lafayette, which was opined upon by Henderson & Pilleteri, LLC, Independent Public Accountants, for the period April 1, 2021 to March 31, 2022. *Per the Independent Auditor's Report*, the financial statements included in the report present fairly the financial condition of the Housing Authority of the City of Lafayette, as of March 31, 2022 and the results of its operations for the period then ended, on the basis of accounting described in the report.

In our opinion, Henderson & Pilleteri, LLC, prepared the audit report in accordance with the guidelines established by the State Board of Accounts.

The audit report is filed with this letter in our office as a matter of public record.

HOUSING AUTHORITY OF THE CITY OF LAFAYETTE  
MANAGEMENT'S DISCUSSION & ANALYSIS  
YEAR ENDED MARCH 31, 2022

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Management's Discussion and Analysis (the "MD&A") is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Housing Authority of the City of Lafayette's, (the "Authority") financial activity, (c) identify changes in the Authority's financial position (its ability to address the next and subsequent years' challenges), and (d) identify issues or concerns. This will now be presented at the front of each year's financial statements.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the financial statements, which follow this section.

**FINANCIAL HIGHLIGHTS**

- Net position at March 31, 2022, decreased to \$1,018,232. Since the Authority engages only in business-type activities, the decrease is all in the category of business-type net position. Net position was \$1,473,874 for 2021.
- The business-type activities operating revenues at March 31, 2022, decreased to \$8,032,364. Total operating revenues were \$9,364,320 for 2021.
- The total operating expenses of all programs for March 31, 2022, decreased to \$8,482,499. Total operating expenses were \$8,563,066 for 2021.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial statements included in this annual report are those of a special-purpose government engaged in a business-type activity.

This MD&A is intended to serve as an introduction to the Authority's basic financial statements.

The following statements are included:

- Statement of Net Position – reports current financial resources (short-term expendable resources) with capital assets and long-term obligations.
- Statement of Revenue, Expenses, and Changes in Fund Net Position – reports operating and nonoperating revenue, by major source along with operating and nonoperating expenses and capital contributions.
- Statement of Cash Flows – reports cash flows from operating, investing, capital, non-capital activities.

**PROGRAMS**

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, the Authority contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment (HAP) made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions funding to enable the Authority to structure a lease that sets the participant's rent at 30% or up 40% of household income.

Mainstream Program – Vouchers enable families having a person with disabilities to lease affordable private housing of their choice. Mainstream program vouchers also assist persons with disabilities who often face difficulties in locating suitable and accessible housing on the private market. The Mainstream program provides 137 vouchers to disabled families.

Emergency Housing Voucher Program – Vouchers assist individuals and families that are homeless, at risk of homelessness, fleeing, attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless or have a high risk of housing instability. The EHV program provides 38 vouchers to disabled families.

Section 8 Homeownership Vouchers – A subset of the HCVP, the Housing Authority administers a Homeownership program to qualified Section 8 Housing Assistance participants to purchase a home. This program is conducted in partnership with Lafayette Homestead Consulting Services.

Tenant Based Rental Assistance Vouchers (TBRA) – The Tenant Based Rental Assistance program funding is provided by HUD's HOME funds through contract with the Lafayette Housing Consortium. TBRA vouchers provide the assistance to households for the first year on the program and then the household is transferred to the Section 8 Housing Choice Voucher program in a seamless manner. This allows the housing authority to assist an additional 12 households from the waiting list annually.

Project Based Voucher Program – Project-based vouchers are a component of a public housing agencies (PHAs) housing choice voucher program. A PHA can attach up to 20 percent of its voucher assistance to specific housing units if the owner agrees to either rehabilitate or construct the units, or the owner agrees to set aside a portion of units in an existing development. In March of 2011, the Housing Authority has contracted with Lafayette Transitional Housing to cover 24 units at Lincoln Center, 24 units at the Singles Program and 11 units at the Families Program for an initial period of fifteen years. All 3 programs provide assistance for chronically homeless persons with high barriers. The Housing Authority Project bases 24 units at Friendship House, a senior housing development beginning in November 2021.

Veterans Affairs Supportive Housing (VASH) – The HUD-VASH program combines Housing Choice Voucher (HCV) rental assistance for homeless Veterans with case management and clinical services provided by the Department of Veterans Affairs (VA). The VASH program provides 43 vouchers to house homeless Veterans.

Inspection Fees – Since August 1998, the Housing Authority conducts inspections for the City of Lafayette homes that are part of city-funded rehabilitation loans. Annual inspections are required throughout the duration of each loan's term. As these loans expire, the number of inspections required will decrease until which time all loans are complete.

HOME Investment Partnership Program (HOME) and Community Development Block Grant (CDBG) – A Memorandum of Understanding (MOU) was signed in 2015 for the Lafayette Housing Authority to manage both the HOME and CDBG programs for the City of Lafayette. The HOME program funds a wide range of activities including building, buying and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low -income people. The CDBG program provides communities with resources to address a wide range of unique community development needs benefiting low-income people.

## FINANCIAL ANALYSIS

The following tables focus on the net position and the change in net position of the primary government as a whole.

## MAJOR FACTORS AFFECTING THE STATEMENT OF NET POSITION

Current assets decreased by \$363,339 due to the decreases in unrestricted cash, restricted cash, and prepaid expenses, partially offset by an increase in fraud recovery and accounts receivable.

Capital assets increased by \$405 due to modernization work and capital asset purchases exceeding normal depreciation.

Current liabilities increased by \$51,887, primarily due to increases in unearned revenues and accounts payable to vendors, slightly offset by a decrease in the current portion of accrued compensated absences.

**TABLE 2 – STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN FUND NET POSITION**

Ending Net Position	<u>\$ 1,018,232</u>	<u>\$ 1,473,874</u>	<u>\$ (455,642)</u>	-30.91%

**MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN FUND NET POSITION**

Net position decreased by \$455,642 due to operating expenses exceeding operating revenues.

The Authority had operating loss of \$450,135 including non-cash depreciation expense of \$61,346 versus operating income of \$801,254 and depreciation expense of \$66,189 in the prior year.

Total operating revenues decreased by \$1,331,956 to \$8,032,364 due to decreases in HAP revenue and COVID funds not being received in the current year.

Total operating expenses decreased by \$80,567 to \$8,482,499 primarily due to decreases in housing assistance payments, maintenance, general, and depreciation expenses.

## **CAPITAL ASSETS**

As of March 31, 2022, investment in capital assets for its business-type activities was \$385,357, net of accumulated depreciation. This investment in capital assets includes land, buildings, improvements, equipment, and construction in progress. See footnote 3 to the financial statements for further detail.

Major capital asset purchases during the current fiscal year included the following:

- Security cameras
- HVAC reconfiguration
- Office furniture

There were no major capital asset disposals during the current fiscal year.

## **DEBT OUTSTANDING**

As of year-end, the Authority had \$127,685 in debt outstanding compared to \$133,143 last year, a decrease of \$5,458. This debt is in the form of mortgages payable.

## **ECONOMIC FACTORS**

Significant economic factors affecting the Authority are as follows:

- Federal funding of the Department of Housing and Urban Development.
- Local labor supply and demand, which can affect salary and wage rates.
- Local inflation, recession, and employment trends, which can affect resident incomes.
- Inflationary pressure on utility rates, supplies and other costs.

## **Independent Auditor's Report**

To the Board of Commissioners  
Housing Authority of the City of Lafayette

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the Housing Authority of the City of Lafayette (the "Authority"), as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the Authority, as of March 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages 1-4, schedule of changes in net pension liability – defined benefit pension plan on page 21, schedule of employer contributions – defined benefit pension plan on page 22, are presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority’s basic financial statements. The accompanying supplemental data, including the financial data schedule, statement of net position – by program, and statement of revenue, expenses, and changes in fund net position – by program are presented for purposes of additional analysis as required by the U.S. Department of Housing and Urban Development and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial data schedule, statement of net position – by program, statement of revenue, expenses, and changes in fund net position – by program, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated November 2, 2022, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority’s internal control over financial reporting and compliance.

**Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of  
Financial Statements Performed in Accordance with *Government Auditing Standards***

**Independent Auditor's Report**

To the Board of Commissioners  
Housing Authority of the City of Lafayette

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Housing Authority of the City of Lafayette (the "Authority"), as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated November 2, 2022.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance**

**Independent Auditor's Report**

To the Board of Commissioners  
Housing Authority of the City of Lafayette

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Housing Authority of the City of Lafayette's (the "Authority") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended March 31, 2022. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Authority's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Authority's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

HOUSING AUTHORITY OF THE CITY OF LAFAYETTE  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED MARCH 31, 2022

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Housing Authority of the City of Lafayette (the “Authority”) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority has previously implemented GASB Statement 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. Certain significant changes in the statements are as follows: The financial statements will include a Management’s Discussion and Analysis (MD&A) section providing an analysis of the Authority’s overall financial position and results of operations.

The Authority is a special-purpose government engaged only in business-type activities and therefore, presents only the financial statements required for enterprise funds, in accordance with GASB Statement 34, paragraph 138. For these governments, basic financial statements and required supplemental information consist of:

- Management Discussion and Analysis (MD&A)
- Enterprise fund financial statements consisting of –
  - Statement of Net Position
  - Statement of Revenues, Expenses, and Changes in Fund Net Position
  - Statement of Cash Flows
- Notes to financial statements
- Required supplemental information other than MD&A

The Authority has multiple programs which are accounted for in one enterprise fund, which is presented as the “enterprise fund” in the basic financial statements. Significant Authority policies are described below.

**A. The Reporting Entity**

The Housing Authority of the City of Lafayette was established by the City of Lafayette pursuant to the laws of the State of Indiana, to transact business and to have powers as defined therein. The Authority is a special-purpose governmental unit as an entity under the United States Housing Act of 1937 for the purpose of providing affordable housing to low and moderate income families in Tippecanoe County, Indiana. The governing body of the Authority is composed of a 7 member appointed Board of Commissioners (the “Board”). The Mayor appoints the Board, who in turn hires the Executive Director (ED). The Authority is governed by its charter and by-laws, state and local laws and federal regulations. The Board is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Authority’s management. The Authority has no component units.

**B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The Authority’s financial statements are accounted for on the flow of economic resources management focus using the accrual basis of accounting. The accounting objectives are a determination of net income, financial position, and changes in cash flow.

All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with a proprietary fund’s activities are included on the Statement of Net Position. Proprietary fund net position is segregated into Net Investment in Capital Assets, Restricted Net Position, and Unrestricted Net Position. Revenues are recognized when they are earned and expenses are recognized when incurred. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the proprietary funds are rental charges to tenants and operating subsidy grants from HUD. Operating expenses for proprietary funds include the cost of administrative expenses, maintenance expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The Authority applies restricted resources to fund restricted costs and unrestricted resources to fund unrestricted costs when restricted and unrestricted net position is available. All material inter-program accounts and transactions are eliminated in the preparation of the basic financial statements.

The Authority has previously adopted GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*. In accordance with this statement, the Authority accounted for all grants that qualify as non-exchange transactions, recognizing receivables and revenues when all applicable eligibility requirements are met. In addition, capital contributions are recorded on the Statement of Revenues, Expenses, and Changes in Fund Net Position after income before contributions and before changes in net position.

HOUSING AUTHORITY OF THE CITY OF LAFAYETTE  
 NOTES TO FINANCIAL STATEMENTS  
 YEAR ENDED MARCH 31, 2022

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Generally accepted accounting principles for state and local governments requires that resources be classified for accounting and reporting purposes into the following three net position categories:

- *Net investment in capital assets* – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- The *restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.
- The *unrestricted* component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component on net position.

**C. Cash, Cash Equivalents, and Investments**

Cash and cash equivalents include cash on hand, demand deposits, and money market accounts. For purposes of the statement of cash flows, the Authority considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. The carrying amounts reported on the balance sheet approximate fair values because of the short maturities of those investments.

**D. Receivables**

All receivables are current and due within one year. Receivables are reported net of an allowance for uncollectible accounts. Allowances are reported when accounts are proven to be uncollectible.

**E. Restricted Assets and Liabilities**

Debt covenants, HUD regulations, and inter-local agreements restrict the use of certain assets. Restricted assets are offset by related liabilities in accordance with their liquidity.

**F. Inventories**

Inventories are accounted for under the consumption method and recorded at the lower of cost or market, net of an allowance for obsolete inventories. Materials and supplies are recorded as inventories when purchased and as expenditures when used. Allowances are reported when materials and supplies are deemed obsolete.

**G. Prepaid Items**

Prepaid items consist of payments made to vendors for services that will benefit future periods.

**H. Capital Assets**

Capital assets include property, furniture, equipment, and machinery. Capital assets with initial, individual costs that equal or exceed \$1,000 and estimated useful lives of over one year, or those costs selected at the discretion of the Executive Director, are recorded as capital assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. Construction in progress consists of capital improvements funded by modernization grant programs. Capital assets are depreciated using the straight line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Buildings and improvements	10
Furniture, equipment, and machinery	5

**I. Compensated Absences**

Full-time employees are allowed to accrue annual leave and sick leave on the last day of each month. Employees accumulate annual leave monthly and all vacation will be paid out upon separation unless the employee is not past the probationary period. Annual leave cannot be carried over from year to year; however, employees who separate and are past the probationary period will receive pay for an unused portion of leave accumulated during that year. Sick leave accumulated is paid upon separation provided that the employee is at least 60 years old with 10 years of service or the employee has 25 years of service at any age and is in the process of retirement. Employees may accumulate up to 375 hours of accumulated sick leave, which will be paid out at a rate of \$10 per hour. The majority of employees utilize their annual accrual of vacation during the year accrued. The Authority records compensated absences in the period they use a systematic allocation process to allocate between short-term and long-term liability classification.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**J. Unearned Revenue**

The Authority recognizes revenues as earned. An amount received in advance of the period in which it is earned is recorded as a liability under unearned revenue.

**K. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**L. Recent Accounting Pronouncements**

The Authority has adopted GASB Statement No.91, *Conduit Debt Obligation*. This statement clarifies what is a conduit debt obligation, clarifies how government issuers should account for and report commitments and arrangements associated with conduit debt obligations, and enhances note disclosures. The adoption of GASB Statement No. 91 had no material effect on the Authority's March 31, 2022 financial statements.

The Authority has adopted GASB Statement No.98, *The Annual Comprehensive Financial Report*. This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. The adoption of GASB Statement No. 98 had no material effect on the Authority's March 31, 2022 financial statements.

**NOTE 2 – CASH DEPOSITS AND INVESTMENTS**

Cash and investments may be invested in the following HUD and the State of Indiana IC 36-7-18-19 approved vehicles:

- Direct obligations of the federal government backed by the full faith and credit of the United States;
- Obligations of government agencies;
- Securities of government sponsored agencies;
- Demand and savings deposits; and,
- Time deposits and repurchase agreements.

At March 31, 2022, cash was in bank deposits or money market funds that were insured or collateralized with securities held by the Authority or by its agent through the State of Indiana's collateralization program. Cash balances at March 31, 2022 totaled \$723,000. The Authority held no investments during the year.

*Interest Rate Risk* – The Authority's formal investment policy does not specifically address the exposure to this risk.

*Credit Risk* – The Authority's formal investment policy does not specifically address credit risk, other than the limitations of Indiana state law and/or HUD regulations. Credit risk is generally evaluated based on the credit ratings issued by nationally recognized statistical rating organizations.

*Custodial Credit Risk* – The Authority's policy is to limit credit risk by adherence to the list of HUD permitted investments, which are backed by the full faith and credit of or a guarantee of principal and interest by the U.S. Government.

*Concentration of Credit Risk* – The Authority's investment policy does not restrict the amount that the Authority may invest in any one issuer.

**NOTE 5 – NOTES AND LOANS PAYABLE**

The Authority entered into a loan agreement with Security Federal Savings Bank in the amount of \$150,000. The loan bears an interest rate of 4.375%. The Authority is required to make monthly payments on principal and interest and thus, the amount of principal that is currently due within the next 12 months of \$5,715 is classified as a current liability, with the remaining balance of \$121,970 being classified and presented as a noncurrent liability on the face of the statement of net position. For the year ended March 31, 2022, the amount of interest incurred and charged to expense related to this loan payable was \$5,809 and the amount of debt principal payments amounted to \$5,458.

The following are the debt service requirements to maturity on the Authority's loan payable:

**NOTE 6 – DEFINED BENEFIT PENSION PLAN**

Plan Description

The Public Employee’s Defined Benefit Account is a cost-sharing, multiple-employer defined benefit pension plan administered by the Indiana Public Retirement System (INPRS). For additional details about the plan, please refer to Note 1 – Descriptions of System and Funds in the Annual Comprehensive Financial Report (ACFR) located on the INPRS website.

Special Funding Situation

This pension plan does not have a special funding situation.

Basis of the Allocation

Wages reported by employers relative to the collective wages of the plan serve as the basis to determine the employer’s proportionate share. This basis of allocation measures the proportionate relationship of an employer to all employers and is consistent with how contributions to the pension plan are determined.

Actuarial Assumptions

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of June 30, 2021 using member census data as of June 30, 2020. Standard actuarial roll-forward techniques were used to project the total pension liability computed as of June 30, 2020 to the June 30, 2021 measurement date. The valuation was performed using the assumptions in place at the time of the valuation as reported within the System’s ACFR as of June 30, 2021.

As a result of the Asset Liability Study completed in May 2021, there were changes to many assumptions from the June 30, 2021 and June 30, 2020 reports. For further information reference Appendix C in the PERF Actuarial Valuation report located on the INPRS website.

Actuarial assumptions that changed which impact the liability are:

- Price inflation was lowered from 2.25 percent per year to 2.00 percent per year.
- The investment return assumption was lowered from 6.75 percent to 6.24 percent.
- The future salary increase assumption changed from 2.75 percent per year to 2.65 percent per year. Future salary increase rates are now in a service-based table ranging from 2.65 percent to 8.65 percent per year.

The following major assumption remain the same after the experience study:

- Rates of mortality, disability, termination, and retirement.
- Cost of Living adjustment – As a result of legislation, a 1.0 percent cost-of-living adjustment will be paid as of January 1, 2022. Thereafter, the following COLAs, compounded annually, are assumed: 0.4 percent beginning of January 1, 2024, 0.5 percent beginning on January 1, 2034, and 0.6 percent on January 1, 2039.

**NOTE 6 – DEFINED BENEFIT PENSION PLAN (Continued)**

The changes in the net pension liability for June 30, 2021 is calculated as set forth in the following table:

Net pension liability (asset) - beginning July 1, 2020	\$0
Deferred Outflows/Inflows	\$78,497
Total pension expense (income)	\$57,644
Defined benefit plan employer contributions	(\$25,873)
 Net pension liability (asset) - ending June 30, 2021	 \$110,268

Amortization of Collective Deferred Outflows and Inflows of Resources

Annual changes to the net pension liability (asset) resulting from differences between expected and actual experience with regard to economic and demographic factors and from changes of assumptions about future economic or demographic factors or other inputs are deferred and amortized over the average of the expected service lives of all plan participants.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,771	\$ 2,202
Changes of assumptions	55,466	24,768
Net difference between projected and actual earnings on pension plan investments	-	143,173
Changes in proportion and differences between Authority contributions and proportionate share of contributions	208,989	19,586
Authority contributions subsequent to the measurement date	19,405	-
Total	\$ 287,631	\$ 189,729

The net difference between projected and actual earnings on pension plan investments are amortized over a 5- year period.

<b>Year ended March 31:</b>

Thereafter	-

Deferred outflows of resources and deferred inflows of resources resulting from changes in an individual employer’s proportion are amortized over the expected service lives of the plan participants.

HOUSING AUTHORITY OF THE CITY OF LAFAYETTE  
 NOTES TO FINANCIAL STATEMENTS  
 YEAR ENDED MARCH 31, 2022

**NOTE 6 – DEFINED BENEFIT PENSION PLAN (Continued)**

Average Expected Remaining Service Lives

The average expected remaining service life of the pension plan is determined by taking the calculated total future service years of the plan divided by the number of people in the plan, including retirees. The total future service years of the plan are determined using the mortality, termination, retirement, and disability assumptions associated with the plan. The average expected remaining service lives is used to amortize all deferred outflows and inflows of resources, except for the difference between expected and actual investment earnings, which is amortized over five years.

<u>Years</u>	<u>Remaining Amortization</u>
June 30, 2021	3.82
June 30, 2020	2.84
June 30, 2019	1.86
June 30, 2018	0.93

Collective Pension Expense

As part of the plan expense, employer's service purchase credits (specific liabilities of individual employers) as expensed in the year purchased. The total pension expense allocated to employers has been reduced by the amount of contributions paid by INPRS.

Sensitivity Analysis

The following table presents the net pension liability of the Authority calculated using the discount rate of 6.25 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1.00 percent lower (5.25 percent) or 1.00 percent higher (7.25 percent) than the current rate.

	<u>1% Decrease</u> <u>(5.25%)</u>	<u>Current</u> <u>Discount Rate</u> <u>(6.25%)</u>	<u>1% Increase</u> <u>(7.25%)</u>
Authority's proportionate share of the net pension liability	\$ 288,399	\$ 110,268	\$ (38,317)

**NOTE 7 – INTER-PROGRAM BALANCE**

Inter-program balances March 31, 2022, consisted of the following.

	<u>Interprogram Due-To</u>	<u>Interprogram Due-From</u>
Housing Choice Voucher Program	\$ -	\$ 40,474
Emergency Housing Voucher Program	40,474	-
	\$ 40,474	\$ 40,474

These inter-program balances exist because in the normal course of operations, certain programs may pay for common costs or advance funds for operational shortfalls that create inter-program receivables or payables. The balances are expected to be repaid within one year from the balance sheet date.

**NOTE 8 – RISK MANAGEMENT**

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority has mitigated this risk by obtaining insurance coverage from commercial insurance companies. Premiums paid for insurance coverage are recorded as expenses of the funds affected. The various insurance policies are subject to deductible amounts and maximum coverages. If the deductibles and maximums are exceeded, this could cause the Authority to suffer losses if a loss is incurred from any such incidents. The ultimate outcome of uninsured losses cannot presently be determined, and no provision for any liability that may result, if any, has been made in the financial statements. During the current year and the prior three years, settled claims have not exceeded coverage levels, and insurance coverage, by major categories of risk, is consistent with prior year.

HOUSING AUTHORITY OF THE CITY OF LAFAYETTE  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED MARCH 31, 2022

---

**NOTE 9 – CONCENTRATION OF RISK**

The Authority receives most of its funding from HUD. These funds and grants are subject to modification by HUD depending on availability of funding.

**NOTE 10 – COMMITMENTS AND CONTINGENCIES**

**Grants**

Amounts received or receivable from HUD are subject to audit and adjustment by grantor agencies. If expenses are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the Authority. In the opinion of management, any such adjustments would not be significant.

**NOTE 11 – RESTRICTED NET POSITION**

Restricted Net Position consists of excess Housing Assistance Payment (HAP) funds available to the Authority under the Section 8 Housing Choice Vouchers and Emergency Housing Vouchers programs. These funds are to be used only for HAP expenditures for the program. These funds are also known as Restricted Net Position since there is no offsetting liability. Total restricted net position related to this excess was \$225,893 as of the end of the fiscal year.

**NOTE 12 – SUBSEQUENT EVENTS**

Events that occur after the balance sheet date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about the conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the balance sheet date require disclosure in the accompanying notes. Management evaluated the activity of the Authority through November 2, 2022 (the date the financial statements were available to be issued) and concluded that the following subsequent events have occurred that require recognition in the financial statements or disclosure in the notes to the financial statements.

In December of 2019, COVID-19 emerged and has subsequently spread throughout the world. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the United States have declared a state of emergency. It is anticipated that these impacts will continue for some time. There has been no immediate impact to the Authority's operations. Future potential impacts may include disruptions or restrictions on our employees' ability to work or the tenant's ability to pay the required monthly rent. Operating functions that may be changed include intake, recertifications and maintenance. Changes to the operating environment may increase operating costs. Additional impacts may include the ability of tenants to continue making rental payments as a result of job loss or other pandemic related issues. The future effects of these issues are unknown.

**NOTE 13 – FINANCIAL DATA SCHEDULE**

The Authority prepares its financial data schedule in accordance with HUD requirements in a prescribed format. The schedule's format excludes depreciation expense from operating activities and includes investment revenue and capital grant revenue in operating activities, which differs from the presentation of the basic financial statements.

**Note 1 – Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Authority under programs of the federal government for the year ended March 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

**Note 2 – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The Authority has elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

To the Board of Commissioners  
Housing Authority of the City of Lafayette

Independent Accountant's Report

We have performed the procedures enumerated below, which was agreed to by the Housing Authority of the City of Lafayette ("the Authority") and the U.S. Department of Housing and Urban Development, Real Estate Assessment Center (REAC), on whether the electronic submission of certain information agrees with related hard copy documents included within the Single Audit reporting package for the year ended March 31, 2022. The Authority's management is responsible for accuracy and completeness of the electronic submission for the year ended March 31, 2022.

The Authority has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of whether the electronic submission of certain information agrees with related hard copy documents included within the Single Audit reporting package. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and the associated findings are as follows:

We compared the electronic submission of the items listed in the chart below under "UFRS Rule Information" column with the corresponding printed documents listed in the chart under the "Hard Copy Documents" column. The results of the performance of our agreed-upon procedure indicate agreement or non-agreement of electronically submitted information and hard copy documents as shown in the chart below.

We were engaged by the Authority to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA and, if applicable, the standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States, and/or any other standards or requirements to be followed. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the electronic submission of the items listed in the "UFRS Rule Information" column in the chart below for the year ended March 31, 2022. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.
