AVERAGE DAILY MEMBERSHIP (“ADM”)

We examined the School’s ADM reports for both count dates during the year ended June 30, 2022 along with supporting student rosters. We selected a sample of 56 students for testing, of which one student was improperly included on the fall 2021 ADM report. This student was included on the September 17, 2021 count date, but withdrew from the School on September 2, 2021. The School must communicate this error to the Indiana Department of Education for resolution.

A student claimed for ADM must be an "eligible pupil". An eligible pupil is a student that is enrolled and attending. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 9)

REQUIRED REPORTS - NEGATIVE FUND BALANCE

The School reported a negative balance in fund 900 on the June 2022 Form 9, which was unrelated to a pending reimbursement. The negative fund balance totaled \$127,816.

Charter schools are required to comply with all grant agreements, rules, regulations, bulletins, directives, letters, letter rulings and filing requirements concerning reports and other procedural matters of federal and state agencies, including opinions of the Attorney General of the State of Indiana, and court decisions. Charter schools shall file accurate reports required by federal and state agencies. Noncompliance may require corrective action. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 10)

The fund balance of any fund may not be reduced below zero. Routinely overdrawn funds could be an indicator of serious financial problems which should be investigated by the charter school. (Accounting and Uniform Compliance Guidelines Manual for Indiana Charter Schools, Part 10)
