AUDIT RESULT AND COMMENT

**ANNUAL FINANCIAL REPORT**

*Condition and Context*

Financial, supplemental, and other information are required to be entered annually into the Annual Financial Report (AFR) via the Indiana Gateway for Government Units (Gateway) financial reporting system. The City had not established effective internal controls over the AFR information entered into Gateway. The supplementary information and other information section entered by the City contained the following errors.

*Grants:*

1. The Formula Grants for Rural Areas and Tribal Transit Program expenditures were overstated in the amount of \$148,381.
2. Other errors included incorrect federal program names.

Audit adjustments were proposed, accepted by the City, and made to the Schedule of Expenditures of Federal Awards presented in the Federal Compliance Audit Report.

*Criteria*

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

Indiana Code 5-11-1-4(a) states:

"The state examiner shall require from every audited entity financial reports covering the full period of each fiscal year. These reports shall be prepared, verified, and filed with the state examiner not later than sixty (60) days after the close of each fiscal year. The reports must be in the form and content prescribed by the state examiner and filed electronically in the manner prescribed under [IC 5-14-3.8-7](#)."
