Problem Areas
Most Common Reasons for Budget Denials

• Error with Budget Advertisement
  – Not advertised by deadline \(\text{(and online for 2015)}\)
  – Not advertised at least 10 days before meeting
  – Did not allow 7 days between public notices
  – 1st publication must be before September 14
  – 2nd publication must be before September 21
  – Did not allow 10 days between public hearing and adoption meeting.

DO NOT COUNT DAY OF PUBLICATION
Most Common Problems

- Errors with Budget
  - Budget hearing or adoption meeting not held on date advertised
    - Last possible day for public hearing is Oct 24\textsuperscript{th}
    - Last possible day to adopt budget is Nov. 3\textsuperscript{rd}
  - Rescheduled meetings and revised notices can be published if done timely but rarely ever successful.
  - Budget not submitted to county council for non-binding recommendation by deadline (Sept 2\textsuperscript{nd})
Most Common Problems

• Error(s) with Budget Advertisement:
  – Publication does not include all funds;
  – Publication has incorrect amounts or zeroes;
  – Publication must include amount of excessive levy appeals (if any) in both the appeal column and included in the total amount of the levy for that fund.

Remember

1\textsuperscript{st} Notice must be AT LEAST 10 days before public hearing, 2\textsuperscript{nd} Notice at least 3 days before hearing
Public hearing must be at least 10 days before adoption meeting
More Common Problems

• Fiscal body does not have a quorum at adoption meeting.
  – Action: Postpone action on the budget to a new date and time specified during the advertised meeting.

• No budget amounts in Gateway “Adopted” budget columns. Amounts are only in the “Published” column.
  – Action: Copy amounts to the Adopted column and have fiscal body sign Form 4. Remember the deadlines.

• Council did not sign Form 4 at adoption meeting.
  – Action: Schedule a special meeting of the fiscal body giving at least 48 hours notice and re-adopt budget and sign form(s).
More Common Problems

• DLGF cannot approve an appropriation or debt service levy for debt not reported in Gateway (IC 5-1-18-7)

• Required Reports to be filed with the Board of Accounts before budget is certified:
  • Annual Financial Report (IC 6-1.1-17-16.2)
  • Personnel Report (5-11-13-1)
    • Includes an indication if unit provides a health plan, pension & other benefits to full and part-time employees
  • Anti-nepotism Policy Statement (IC 36-1-20.2)

The 1782 Requirement

- How to read 1782 Notice Fund Report:
  - Line 1 is the proposed budget for the ensuing year
  - Line 2 is the remaining appropriations for reminder of the current year. Passing an ordinance or resolution to reduce this amount increases available funding for next year's budget.
  - Line 8a is the estimated misc. revenues for the 2\textsuperscript{nd} half of the current year. Does this amount need to be adjusted?
  - Line 8b is estimated misc. revenues for the budget year. Do you agree with this amount?
The 1782 Requirement

• How to respond to the 1782 Notice:
  – Line 11 is the estimated available balance at the end of the budget cycle. If this amount is zero, line 1 is maximum amount that can be funded.
  – Line 16 is the property tax levy for the following year. This should be relatively close to the amount approved by the fiscal body. If it is not, try to understand why it’s different.
  – Line 17 is the property tax rate for the budget year. This should be close to the rate approved by the fiscal body and close to last year’s rate.
The 1782 Requirement

• How to respond to the **1782 Notice:**
  – After you receive the 1782, you may request changes by responding in writing within 10 days of receiving the notice. Send your response to the email address on the Notice. You may need to provide documentation to support your request.
  – This is your last opportunity to make corrections to budget, tax rates, or tax levies for the budget.
Transfers

• Two Types of Transfers:
  – Transfer of *Appropriations* or transfer of *Funds*:
    1. Transfer of appropriations (budget) from one line-item to another within the same fund.
    - Requires fiscal body approval if the transfer crosses major classification of appropriation,
    - Requires approval of DLGF only if it changes the total amount appropriated to the fund.
    2. Transfer of budget from one department to another;
    - This requires an ordinance or resolution increasing and decreasing the budgets in both departments.
**Transfers**

- **Two Types of Transfers:**
  - Transfer of *funds*:
    1. Transfer of money from one fund to another
       - Requires fiscal body approval of ordinance or resolution allowing the transfer.
       - Does not require approval of DLGF. However, DLGF approval is required when appropriated (certain funds).
    - Very few transfer of funds allowed under Indiana Code
Transfers

- Rainy Day Fund Transfers:
  - Transfer to rainy day fund:
    - Requires fiscal body approval of ordinance or resolution allowing the transfer (IC 36-1-8-5.1).
    - Transfer does not require approval of DLGF. However, DLGF approval is required when appropriated.
    - Transfer is limited to 10% of total annual budget for that fiscal year.
    - Transfer cannot be made from a debt service fund.
Transfers

- Rainy Day Fund Transfers:
  - Transfer from rainy day fund:
    - A county, city, or town may at any time, by ordinance or resolution, transfer to:
      1. It’s general fund, or
      2. Any other appropriated funds of the county, city, or town, money that has been deposited into the rainy day fund.

See IC 36-1-8-5.1
