Frequently Asked Questions

- **Will I need to purchase or install any computer software?**

No, the Gateway application is accessed through the internet. All you will need to access the application is an internet browser such as Google Chrome, or Mozilla Firefox. A web browser is already installed on most computers. You should be able to use the same web browser that you used to enter your Annual Financial Report or ECA Risk Report. Microsoft Internet Explorer and Edge are not supported or recommended to use on Gateway.

- **Why must documents be uploaded to Gateway?**

This will allow us to do as much of the audit work as possible remotely which should result in efficiencies and reduced audit costs for you. It is our intent to use the monthly information to more effectively plan our engagements. Additionally, we are required to conduct a risk assessment to plan the priorities of our engagements and the information requested should allow us to more efficiently conduct that risk assessment to better prioritize our engagements.
