Capital Assets & Accumulated Depreciation (A/D)

• Key concepts:
  • Update your Capital Assets Policy.
  • Keep the Capital Assets Ledger updated.
  • Document Historical Cost and Estimated Useful life to calculate Depreciation.
Additional AFR Questions – Joint Ventures

• Question 15. “Do you participate in any joint ventures?”

• GASB Statement 14 para. 69:
  • A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. Generally, the purpose of a joint venture is to pool resources and share the costs, risks, and rewards of providing goods or services to the venture participants directly, or for the benefit of the general public or specific service recipients. Joint control means that no single participant has the ability to unilaterally control the financial or operating policies of the joint venture. If the organization is jointly controlled but the participants do not have an ongoing financial interest or ongoing financial responsibility, as defined in paragraphs 70 and 71, it is a jointly governed organization, rather than a joint venture.
Additional AFR Questions – Related Parties

• Question 16. “Are there related party transactions?”

• GASB Statement 62 para. 57:
  • A related party is one that either:
    • Can significantly influence the management or operating policies of the transacting parties (for example, through imposition of will)
    • Has an ownership interest in one of the transacting parties and can significantly influence the other to the extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests
Related Parties - Examples

• A related party can be:
  • A related organizations, joint venture or jointly governed organizations, (GASB 14)
  • Elected and appointed officials of the unit.
  • The government’s management.
  • Members of the immediate families of elected or appointed officials.
  • Other parties if one party can significantly influence the management or operating policies of the other to the extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

• Examples of related party transactions include:
  • Transactions between a related party with a conflict of Interest.
  • Selling property at a price that differs significantly from its appraised value.
  • Exchanging property for similar property in a nonmonetary transaction.
Additional AFR Questions – Tax Abatements

**Question 17.** “Is your unit affected by tax abatements through direct or *indirect* agreements?”

“A tax abatement is an *agreement* between one or more governments and an individual or entity in which one or more governments promise to *forgo* tax revenues to which they are otherwise entitled and the individual or entity promises to *take a specific action* that contributes to economic development or benefits the government or citizens.”

**Ask your County Auditor!**
Question 18. “Did your unit have Interfund Loans (Due to-Due from) during the year?”

“An interfund loan is a transfer that moves money from one fund to another fund that will need to be repaid.”
AFR – Investment Funds

• Investment Funds – FAQs (#64 to #72).
  • https://gateway.ifionline.org/userguides/AFRguide#nav_FrequentlyAskedQuestions

• If you have an investment fund (or clearing account) that records bank transactions for investments already accounted for in other reported funds – **do not include in the AFR!**

• These investment funds are subsidiary accounts that account for investment transactions rather than the traditional funds that account for cash balances/transactions.
ECA Risk Report – ECA Closure

• If an ECA is combined or closed, you must notify SBOA.

• ECA Risk Reports should be filed for each year financial activity occurred.

• In the final year of operation, the ECA should report $0 cash balances in every fund in Gateway.
Recent ECA Engagements

• Limited compliance review
  • Not providing an “Audit Opinion”

• Instances of noncompliance are reported either in the public report or in a management letter to the board.
Common ECA Findings

- Internal Controls over ticket sales
  - Most Common
- Prescribed Forms
- Internal Controls over Fundraisers
- Late ECA Risk Report Submission
- Old Outstanding Checks
- Scholarship Funds
- Bank Account Reconciliations
- Condition of Records
Schedule of Expenditures of Federal Awards

- **All** Federal Medicaid Reimbursements should be reported on the SEFA.

- **Common Mistakes:**
  - Misidentification of pass-through awards.
  - Inclusion of items not defined as a federal award.
    - Either a federal financial assistance award, or a cost-reimbursement received directly from a federal awarding agency or indirectly from a pass-through entity.
  - Missing or incorrect Assistance Listing (CFDA – old term) numbers.
  - Incorrect grouping of program clusters.
  - Incorrect reporting of expenditure amounts.
  - Subrecipient expenditures not properly reported on the face of the SEFA.
We developed best practice documents with a focus on internal controls.

Corrective Action Plans - Background

Adds IC 5-11-5-1.5:

◦ Requires entities to take action to resolve noncompliance noted in an SBOA audit report
◦ If the same or similar noncompliance is found in a subsequent report, then the entity must file a corrective action plan with the SBOA
◦ If the corrective action plan is not submitted or completed within 6 months, then the SBOA is required to notify the legislative audit committee
◦ Subsection (f) provides actions the legislative audit committee may take when notified

Timeline:

◦ Engagements started September 1, 2017 and exited October 1, 2017 or after
  ◦ Include statement that it is a repeat finding
    Could also include a management letter
◦ Engagements started December 1, 2017 and exited February 1, 2018 or after
  ◦ If repeat findings are included, then a corrective action plan is required
CAP Template

• Views of the Responsible Official:

• Description of Corrective Action Plan:

• Anticipated Completion Date:

• If Applicable: Document reason issue will NOT be corrected within 6 months:
Views of the Responsible Official

• Two Options:

1. “We Agree”

Or,

2. “We do not agree because...”
Description of CAP - Clearly State the Issue

• Restate the issue identified in the repeat finding.

• Is the Who/What/When/Where/How addressed?

• IN YOUR OWN WORDS!
Description of CAP - List the Requirements That Were Not Followed

• Restate each requirement not followed:
  • SBOA Uniform Compliance Guidelines (manual, bulletins, State Examiner Directives)
  • Code of Federal Regulations (CFR)
  • Local Policy
  • Administrative Regulations (Other State Agencies)
  • Indiana Code
Identify the Root Cause

• Do not focus on the effect

- What created this issue, or what led to the noncompliance?
- Why do you continue to have this issue?

• 5 whys – problem solving technique
HIV Consent – records missing one of the following: signed consent form; documentation of verbal consent; documentation that client declined HIV testing.

Why is this happening?

1. Staff has been trained but they did not obtain consent.

2. There are many things to remember and staff simply forgot.

3. There is no process or system in place to remind staff that they need to obtain consent prior to performing an HIV test.
Description of CAP - Steps to be taken to correct the issue

• Please be detailed!

• S.M.A.R.T Goals guidelines:
  • Specific
  • Measurable
  • Achievable
  • Results-Focused
  • Time-Bound
Anticipated Completion Date

• Timeline – focus on when the action takes place, not after (or the outcome)

• Example: Timeline of when you put your new policy in place. NOT when the next reporting requirement occurs.
Description of CAP - Summary of How the Corrections Will Prevent Future Occurrence

• How will the items outlined in the CAP prevent this issue?

• If can’t 100% ensure, detail controls to prevent, detect, and timely correct the issue
CAP writing - an Opportunity

• This should be your plan to fix the issue.

• Take advantage of us!

• Should stand on its own (generally more detailed than federal CAP).
