Unclaimed Property Law

- Unclaimed Property Law is guided by Uniform Law.
- The Uniform Unclaimed Property Act has been enacted by every state, in one form or another.
- The Uniform Unclaimed Property Act allows for a central location in each state where people can search for their unclaimed funds.
- Indiana: Established unclaimed property law which was passed by the Indiana General Assembly in 1967.

Unclaimed Property Law

- The Unclaimed Property Law requires businesses to review their records each year to determine whether they hold any funds, securities, or other property that has been unclaimed.
- These businesses, or holders, make annual reports and transfer the property to the appropriate states.
- The business does not have to be incorporated in Indiana or even conduct business in the state, to have reportable property for Indiana. The only requirement is that the business records show that the owner's last known address is in Indiana.
- The custodial nature of the unclaimed property law obliges each state to maintain unclaimed funds and related owner information for claim by the rightful owner. All states make a diligent effort to locate and return these funds to the rightful owner, at no cost to the owner.
Unclaimed Property in Indiana

- The only Unclaimed Property office in the nation under admin of the Attorney General’s Office
- IC 32-34-1
- Remittance due with annual report
- Strong Consumer Protection Focus: the Attorney General’s Office holds the property for 25 years while attempting to locate the rightful owner or their heirs. During this time, individuals who are legally entitled may file a claim for the property with the Unclaimed Property Division.
- Until claimed by the rightful owners, funds are used for the good of all Indiana citizens.

Unclaimed Property in Indiana

- The Attorney General annually publishes the name of the owner in a newspaper in the county of the owner’s last known address as submitted by the holder.
- The Attorney General participates in the Indiana State Fair, Library Days, and the Indiana Black Expo to maintain awareness of the program and FREE public service.
- The Unclaimed Property Division has a full-time staff member that works to proactively locate owners.
- Send out proactive letters.
- If the money goes unclaimed after 25 years, it is permanently absorbed into the General Fund and can no longer be claimed.
The State’s Responsibility

- Release and indemnify the holder from liability
- Secure the funds in a custodial capacity
- Make efforts to locate the owners
- Pay claims

How to Report

Where to Report

- State of owner’s last known address
- State of Holder’s incorporation or domicile if address not known
- State of holder’s incorporation or domicile if address of apparent owner is in a foreign country and if holder is incorporated or domiciled in the U.S.
Holder Obligations

- **PROTECT** funds until reported and transferred to the state
- **FILE** a report
- **PERFORM** due diligence
- **REMIT** the property
- **MAINTAIN** copies of all reports and supporting documentation for 10 years.

Indiana Compliance

- **SUCCESSFUL RETURN** is only possible with diligent annual compliance, as required by law
- **IF AUDITED,** companies may be required to provide financial statements, employment records, physical evidence of due diligence processes, zero report records, or acceptable rationale in using statistical extrapolation for periods where records were not available.
- **ALL AUDIT & LEGAL EXPENSES** will be billed to the company.
Reporting

• Reporting Periods and Deadlines
  • Life Insurance: May 1
  • All other funds: November 1
  • Safekeeping Items: November 30

• Due Diligence
  • All holders are legally bound to perform due diligence.
  • Due diligence must be performed no more than one hundred twenty (120) days, or no less than sixty (60) days, prior to the filing of the report.
  • Mail notifications must be sent to property owners by first class mail or better at their last known address.
Reporting

• **Information To Report**
  • Include all identifying information known to you
  • Full name
  • Last known address
  • Social Security Number or Tax ID Number
  • Date of birth
  • Driver’s License / State ID 
  • Email address

Reporting

• **Aggregate Reporting**
  • The threshold dollar value of an individual owner’s account that will require owner detail included on the company’s unclaimed property report. This may also trigger additional due diligence efforts. In Indiana, the aggregate amount is $50, meaning all individual accounts equal to or greater than $50 must be identified on the report and due diligence performed.
Reporting

**Zero Reporting**

- "Negative" or "Zero" annual reports reflecting that no unclaimed property is held by the holder or business enterprise are not statutorily required. However, submission of such reports is strongly encouraged and deemed to be a best governance practice by most corporate legal and accounting advisors. Filing an annual "zero report" demonstrates an entity's awareness of the legal requirements and compels a recurring annual book and records review.
- Zero reports can be filed through the “Zero Reports” tab on the IndianaUnclaimed.gov home page.
Reporting

• Online Reporting
  • IndianaUnclaimed.gov
  • Holders are required to report by Nov. 1 (Life insurance by May 1)
  • Allows for mass changes, automatic validation for errors, and audit tracking convenience.
  • Eliminates risk of human and process error on both ends.
  • By statute, Holders are now required to file their reports electronically. Paper and CD reports are no longer accepted.
