- December 25: Legal Holiday - Christmas Day [IC 1-1-9-1]
- December 31: All local investment officers shall reconcile at least monthly the balance of public funds, as disclosed by the records of the local officers, with the balance statements provided by the respective depositories. [IC 5-13-6-1(e)]
- Last day for the Department of Local Government Finance to accept additional appropriation requests for the 2026 budget year from units. [IC 6-1.1-18-5]

CLOTHING AND AUTOMOBILE ALLOWANCES

IC 36-8-12-5 requires a unit served by a volunteer fire department (VFD) to pay directly to each active and participating member of the department a clothing allowance and an automobile allowance, each in an amount not less than \$250 per year. This may lead to situations in which a single firefighter receives more than one allowance if the individual is an active and participating member of more than one VFD. This is true whether one township contracts with multiple VFDs in which the firefighter is an active and participating member, or multiple townships contract with the same VFD, in which the firefighter is an active and participating member.

The State Board of Accounts (SBOA) expects additional legislative action next session to further clarify the intent of the statute. Therefore, SBOA will not take audit exception if a unit pays the required statutory allowances in a manner that results in a VFD member receiving allowance payments from multiple units of government or from only one unit of government.

RAINY DAY FUND

IC 36-1-8-5.1(c) states: "The rainy day fund (RDF) is subject to the same appropriation process as other funds that receive tax money." So, if the township has money in its RDF that the township wants to spend, the township must have appropriations approved by DLGF prior to expending the funds.

IC 36-1-8-5.1(g) states: "A county, city, or town may at any time, by ordinance or resolution, transfer to: (1) its general fund; or (2) any other appropriated funds of the county, city, or town;

money that has been deposited in the rainy day fund of the county, city, or town.” It is our position that since this statute specifically lists unit types, but omits townships, RDF funds can NOT be transferred from the RDF once the money is receipted in the RDF.

IC 36-1-8-5.1 states in part: “A political subdivision may establish a rainy day fund by the adoption of: ... (2) a resolution...(b)...[A] resolution adopted under this section must specify the following: (1) The purposes of the rainy day fund...” It is our position that the RDF can be used for any appropriate and legal expenditures of the township as long as the disbursements follow the purposes of the fund as set out in the resolution that sets up the RDF.

STATE MILEAGE REIMBURSEMENT RATE

IC 36-6-8-3(b) states: “The township executive is entitled to a sum for mileage in the performance of official duties equal to the sum per mile paid to state officers and employees. However, this subsection does not apply when the township executive uses a township vehicle in the performance of official duties.”

On August 6, 2026, the Department of Administration issued the following memo that changed the mileage reimbursement rate from \$.49 to \$.64 per mile effective August 7, 2026.

STATE OF INDIANA

Subject: State Mileage Reimbursement Rate

Pursuant to Ind. Code 4-12-1-13 and Ind. Code 4-13-1-4, the Indiana Department of Administration and the State Budget Agency are charged with setting mileage reimbursement rates for the state.

Effective August 7, 2026, the personal vehicle mileage reimbursement rate for state employees will be \$0.64 per mile. This rate is calculated using an average of the PADD 2 Midwest state reimbursement rates; however, depending on market conditions, future adjustments may depart from this formula.

IDOA and SBA will review this rate annually in May of each year and may make ad hoc adjustments to the state mileage reimbursement rate as necessary.

Please direct questions to the Department of Administration Travel Services at idoatravel@idoa.in.gov or (317) 232-4258, or the appropriate Budget Analyst at (317) 232-5610.

If you have questions, please contact the IDOA Travel Management Office at (317) 232-4258 or idoatravel@idoa.in.gov.

BOARD APPROVAL OF SALARIES

IC 36-6-6-10(c) states: "The township legislative body shall fix the compensation of all officers and employees of the township." We recommend the township board fix the compensation of all officers and employees of the township in conjunction with the board approval of the township budget. However, just approving the budget is NOT sufficient to fulfill this statute. The township board must fix the salaries, wages, rates of pay, etc. of all officers and employees in a public meeting. The State Board of Accounts has prescribed Township Form No. 17, Resolution Establishing Salaries of Township Officers and Employees, for documenting the approval of salaries of all township officers and employees.

A couple of other statutes to keep in mind when completing this:

IC 36-6-6-10 states in part(d): "Subject to subsection (e), the township legislative body may reduce the salary of an elected or appointed official. However, except as provided in subsection (i), the official is entitled to a salary that is not less than the salary fixed for the first year of the term of office that immediately preceded the current term of office.

(e) Except as provided in subsection (i), the township legislative body may not alter the salaries of elected or appointed officers during the fiscal year for which they are fixed, but it may add or eliminate any other position and change the salary of any other employee, if the necessary funds and appropriations are available.

(f) If a change in the mileage allowance paid to state officers and employees is established by July 1 of any year, that change shall be included in the compensation fixed for the township executive and assessor under this section, to take effect January 1 of the next year. However, the township legislative body may by ordinance provide for the change in the sum per mile to take effect before January 1 of the next year.

(g) The township legislative body may not reduce the salary of the township executive without the consent of the township executive during the term of office of the township executive as set forth in IC 36-6-4-2.

(h) This subsection applies when a township executive dies or resigns from office. The person filling the vacancy of the township executive shall receive at least the same salary the previous township executive received for the remainder of the unexpired term of office of the township executive (as set forth in IC 36-6-4-2), unless the person consents to a reduction in salary.

(i) In a year in which there is not an election of members to the township legislative body, the township legislative body may vote to reduce the salaries of the members of the township legislative body by any amount."

FINANCIAL ASSISTANCE TO NON-GOVERNMENTAL ENTITIES

Townships providing financial assistance to non-governmental entities are required to notify those entities annually in writing the following information:

- 1) The Entity Annual Report (E-1) filing requirement established by IC 5-11-1-4 and the audit requirement established by IC 5-11-1-9;
- 2) The source(s) of the funding provided:
 - a) Local and/or state funds (in the case of subsidies, contributions, or general aid);

- b) Federal grants passed through, including the formal name of the program and CFDA number; or
 - c) Fees for service arrangements;
- 3)The State Board of Accounts may request documentation to support the categorization of the financial assistance;
- 4)The E-1 is not to be confused with the Secretary of State's Business Entity Report; and
- 5)The entity may obtain additional information from the State Board of Accounts at notforprofit@sboa.in.gov.

The financial assistance provided is to be reported by the township on the Annual Financial Report via Gateway.

'Entity' is defined in IC 5-11-1-16(e) as "any provider of goods, services, or other benefits that is: (1) maintained in whole or in part at public expense; or (2) supported in whole or in part by appropriations or public funds or by taxation." This includes for-profit and not-for-profit corporations, unincorporated associations, organizations, individuals, etc. Examples of non-governmental entities are volunteer fire departments, a local YMCA, youth leagues, senior citizen centers, 4-H clubs, daycare centers, health service organizations, emergency medical service organizations, community centers, historical societies, etc.

Financial assistance to non-governmental entities is defined as payments received in the form of grants (whether from local, state, or federal sources), subsidies, contributions as permitted by statute, aid, or other agreements. For more information on what constitutes financial assistance, please refer to the State Board of Accounts' *Uniform Compliance Guidelines for Examination of Entities Receiving Financial Assistance from Governmental Sources* found on the State Board of Accounts' website at www.in.gov/sboa under Non-Governmental Entities Receiving Governmental Assistance/ Guidelines (Manuals).

Each non-governmental entity receiving financial assistance from governmental units is required to submit a Gateway financial report, the E-1, in accordance with IC 5-11-1-4(a). Information requested includes the source and use of financial assistance

provided by governmental units. The entity is subject to a State Board of Accounts audit in accordance with IC 5-11-1-9 if certain funding thresholds are met.

TOWNSHIP FIREFIGHTING AND EMERGENCY SERVICES FUND – FEES AND SERVICE CHARGES

IC 36-8-13-4(f) requires all money received for a fee or service charge imposed by the township legislative body to be deposited in the township's firefighting and emergency services fund or the township's firefighting fund. IC 36-8-13-4.5(e) allows the township trustee to accept donations for the purpose of firefighting and emergency services and requires these donations to be receipted into the township firefighting and emergency services fund. If the purpose of the donation is for firefighting, then, if applicable, the trustee shall receipt the donation into the firefighting fund. If the purpose of the donation is for emergency services, then, if applicable, the trustee shall receipt the donation into the emergency services fund.

All payments received on behalf of other governmental units for which the township provides fire protection services would be considered fee-for-service arrangements and are required to be receipted into the township firefighting fund.
