

March 1, 2019

Dear Department of Education Accreditation Committee,

I am the Head of School at Mooresville Christian Academy, and we plan to start adding high school grade levels this fall. We are starting the enrollment process March 1, so I am requesting to amend the grade level offerings in our freeway contract from PK - 8th grade to PK - 12th grade.

MCA, C965, is accredited through ACSI and Freeway. I have filed for the waiver, and continued to be accredited by ACSI. MCA has a scheduled visit already planned by ACSI after August 7, start of school, to get high school accreditation started with them.

It is my understanding that I need approval from the DOE before I can officially apply after May 1, 2019.

Thank you for your time and help,

Bruce Peters  
Head of School  
Mooresville Christian Academy
