

# Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

To: Indiana State Board of Education

From: Brenda Erbse, Senior Director, Office of School Finance

Date: January 14, 2026

Subject: 2026 Summer School Program

The Indiana Department of Education (IDOE) is seeking approval for the 2026 summer school course list. Pursuant to 511 IAC Article 12, the courses must be approved by January 15, of each year by the State Board of Education.

Given that the total summer school reimbursement requests submitted by schools have exceeded the state summer school appropriation for several years, summer school funding continues to be refocused, prioritizing core courses that help drive key priorities such as early literacy, math, science, as well as ensuring students have the academic credits necessary for high school graduation. To allow schools time to make any necessary adjustments to student schedules and school budgets, this course prioritization is taking place in phases, with summer 2026 being the second phase. The final phase will occur in summer 2027. Please note, while only certain courses will be eligible for reimbursement by the state, schools can continue to offer any summer school courses they choose, as their local budget allows.

The below list outlines the recommended priorities for each grade level for summer 2026. Eligible courses may be paid in full or prorated based on priority. A detailed list of courses that would be eligible for funding can be found in Appendix A:

The following courses will be approved for summer 2026:

- **All Grade Levels**
  - English as a New Language
- **Elementary/Middle School (K-8)**
  - English/Language Arts, including specific reading and literature courses
  - Mathematics
  - Science
- **High School (9-12)**
  - English/Language Arts
  - Mathematics
  - Science

# Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

- Social Studies (including civics)
- Physical Education I and II
- Career and Technical Education

School corporations and charter schools are eligible for reimbursement for all approved courses in Appendix A. All school types are eligible to receive reimbursement for second and third grade reading. While CTE courses are being funded through summer school for summer 2026, CTE summer school funding may be revisited as other funding sources are explored.

The following courses will be approved for summer 2027:

- **All Grade Levels**
  - English as a New Language
- **Elementary/Middle School (K-8)**
  - English/Language Arts, including specific reading and literature courses
  - Mathematics
  - Science
- **High School (9-12)**
  - English/Language Arts
  - Mathematics
  - Science
  - Social Studies (including civics)
  - Career and Technical Education (if other funding sources are not identified)
