**To: Members of the Indiana State Board of Education**

**From: Brenda Erbse, Senior Director, Office of School Finance**

**Date: October 2, 2025**

**Subject: Common school loan amendment**

The following school corporation requests approval to reallocate funds for loan proceeds that were awarded on May 7, 2025 in the amount of \$1,999,999. This amendment will reflect an updated student device refresh cycle. This change extends the life cycle from 4 to 7 years. With this amendment the school corporation will begin replacing all 9<sup>th</sup> grade classroom devices instead of grade levels 9-12. With the decrease in the cost per unit of student devices from \$550 to \$400, additional 9<sup>th</sup> grade student devices will be purchased. The school corporation also requests to reallocate funds in the amount of \$6,510 originally designated for the purchase of Ricoh copiers to allocate these funds to purchase additional 9<sup>th</sup> grade devices. The project total decreases by \$110 from \$2,002,277 to \$2,002,167. We respectfully request your approval of the request.
