RE: **Latch Key Program Waiver – Milan Community School Corporation**

Recommendation: Approve the Latch Key Program Waiver Request

Milan Community School Corporation (“Milan”) is seeking a waiver from the latch key program requirement for the 2022-2023 school year. Approval by the Indiana State Board of Education (“Board”) is required for Latch Key Program Waivers under IC 20-26-5-2.

School-age child care programs, commonly known as Latch Key Programs, are programs that provide care and education for children of working parents. This program is designed to be a link between the home and the school. Certified, qualified and experienced child care providers supervise, teach and interact with children to ensure that they are cared for, supervised, exposed to many learning activities, allowed to complete homework and share enjoyment in a relaxed and carefully designed developmentally appropriate environment.

Pursuant to IC 20-26-5-2(c), a school corporation may seek a waiver from the child care program requirement if the school corporation believes compliance with the requirement would result in “undue hardship.” To receive a waiver, the school corporation must include a detailed description of the school corporation’s attempt to implement a child care program, including the following:

- (1) A description of the steps taken to:
 - (A) conduct a child care program described in subsection (a)(1); or
 - (B) actively solicit nonprofit organizations or for-profit organizations to implement a child care program as provided in subsection (a)(2)
- (2) Evidence that a request in writing was made to each parent to contact the school corporation to indicate the parent’s willingness to use a child care program and documentation of the results received from parents.

Milan has provided the required documentation. As such, Milan’s request for a Latch Key Program Waiver should be approved.

WAIVER FORM

Indiana State Board of Education
School-Age Child-Care Program Waiver

Deadline: September 1st (Annually)

Submission Date: March 16, 2023

Milan Community School Corp. requests a waiver of the requirement that it make a school-age child-care program available to all children in Kindergarten through Grade Six as required by IC 20-26-5-2, because the school corporation would experience an undue hardship due to the low number of eligible children intending to use the child care program. In support of this request, the school corporation submits the following detailed description of its attempt to implement a child care/latchkey program:

1. A description of the steps taken by the school corporation to conduct a latch-key program or to actively solicit other nonprofit organizations or for-profit organizations to implement the program as described in IC 20-26-5-2(a). [IC 20-26-5-2(c)(1)]
2. Evidence that a request in writing was made to all parents to contact the school corporation to indicate their willingness to utilize the latch-key program. Attach a copy of the survey along with documentation of the results received from parents in this regard. [IC 20-26-5-2(c)(2)]
3. The nature of the hardship that the school corporation would experience due to a low number of eligible children intending to utilize the services of the latch-key program, as described in item 2 of this request, regardless of whether the latch-key program is conducted by the school or under a contractual agreement. [IC 20-26-5-2(c)]

The school corporation believes that the hardship described in item 3 of this request constitutes an undue hardship, and requests that the Indiana State Board of Education grant a waiver of the requirements of IC 20-26-5-2 for the

2023-24 school year.

SCHOOL AGE CHILD CARE PROGRAM WAIVER

Milan Community School Corporation requests a waiver of the requirement that it make a school age child care program available to all children in K-6 as required by IC 20-26-5-1. The corporation submits the following detailed information that is required by law to support the request:

1. A description of the steps taken by the school corporation to conduct a latch key program or solicit other not-for-profit organizations or for-profit organizations to implement the program. IC 20-26-5-1.

Planning and visitation have taken place over a three-year period. Discussion was held with the local Step Ahead consultant and the Ripley County Health Coalition concerning not-for-profit organizations implementing the program. There is no interest in our rural community. There is also no available for-profit organization to implement such a program in our rural community.

The school board adopted our official Child Care Policy on March 16, 1992. The survey and outline for the program was approved at this time also. The survey approved in 1992 was changed somewhat to reuse in the 2005-06 survey.

A survey was sent to each parent on January 27, 2023 with a return date of February 17, 2023, concerning interest in the latch key program.

RESULTS OF THE 2023-2024 LATCH KEY SURVEY:

472 surveys distributed

107 returned

60 interested

47 not interested

365 no response

There were a total of 472 surveys distributed in grades kindergarten through 5th grade at the elementary school. (This encompasses the students who will be in 6th grade next school year.) Of this number, 107 completed surveys were returned. Of the total surveys returned, parents of 60 students showed an interest in the latch key program, with 41 parents of students stating they could not or would not pay for the service. Of the 107 returned, 47 parents stated they had no interest in the latch key program.

- A. Evidence is provided that a request was made to all parents, in writing, concerning the latch key program. (copy enclosed)
- B. The results of the 2023-2024 survey indicate that the parents of the Milan Community School Corporation are not interested in the latch key program.
- C. Board policy (copy enclosed)

The results of the survey indicated there was no need for the latch key program to be further pursued.

FINANCIAL INFORMATION:

ESTIMATED DAILY ATTENDANCE:

Milan Elementary School – 60 students

19 students whose parents will pay for service

41 students whose parents cannot contribute

FEES: \$75.00 weekly per child

\$35.00 additional child(ren)

13 students x \$75.00 weekly = \$ 975.00 per week

6 students x \$35.00 weekly = \$ 210.00 per week

Total payment = \$ 1,185.00 per week

\$ 15.00 per day x 180 days = \$ 2,700.00 per child per year generated

\$ 7.00 per day x 180 days = \$ 1,260.00 per child per year generated

\$2,700.00 year x 13 students = \$ 35,100.00 per year

\$1,260.00 year x 6 students = \$ 7,560.00 per year

Total income for program = \$ 42,660.00 per year

CARETAKER: 1 for every 10 students

6 caretakers x \$18.00 per hour x 4 hrs./day x 5 days/wk. = \$2,160.00/wk.

3:15 p.m. to 7:15 p.m.

+ 10% fringes = \$ 144.00

+ supplies = \$ 225.00

+ food = \$ 450.00

WEEKLY COST = \$ 3,699.00

Salary - \$432.00/day x 180 days = \$ 77,760.00

Food &
Supplies -\$ 135.00 x 180 days = \$ 24,300.00

Total cost for program = \$ 102,060.00 per year

As a result of the financial information provided, it is not economically feasible for Milan Elementary School to offer a child care program.

The Milan Community School Corporation has valid reasons for not being able to provide a latch key program.

1. An undue financial hardship would be placed on the school corporation.
2. Lack of participants in the program.
3. An undue hardship because the parents showed no interest in the program.

REQUEST FOR WAIVER:

The Milan Community School Corporation requests the Indiana State Board of Education grant a waiver of the requirement of IC 20-26-5-1 for the 2022-23 school year.

Latch Key Program Survey

This survey will assess

the need for a school age child care program: first to see if there is enough interest to offer a program, and second, to determine if the program can be self-sustaining.

Beginning with the

1992-93 school year, each Indiana school corporation was required to offer, on the school grounds, a school aged childcare program that at a minimum, is operated after the school day, and is available to all of that corporations' students in grades K-6. The school corporation may assess fees for the program, but only to reimburse for added costs directly connected to the operation of the program. The school corporation may contract with an

outside agency to provide these services, but the program itself must use school facilities. A school corporation

may receive a waiver from the state board from this requirement if the corporation believes it would experience an undue hardship due to the low number of eligible children intending to use the services of the program.

Please answer the following questions to help Milan Community Schools determine the need for a program.
