Subject: 1003 Flexibility Waivers

A 1003 Flexibility Waiver allows schools or groups of schools to waive statutory or regulatory requirements. As outlined in [House Enrolled Act 1003-2020](#), 1003 Flexibility Waivers offer the potential for district and school leaders seeking to transform student learning at the local level. A superintendent or principal may request a waiver from certain provisions in Title 20 of the Indiana Code or Title 511 of the Indiana Administrative Code. Of 225 total requirements, 96 are waivable with a 1003 Flexibility Waiver. A list of non-waivable provisions can be found in the [Flexibility Guide for Indiana's K-12 Schools](#) (page 7).

The objective of the waiver is to promote innovative approaches to student learning that will enhance student performance outcomes. A successful waiver is one with clearly defined, student-centered goals and is reflective of the community's needs.

Example

In 2023 and 2024, school corporations received a waiver for the Civics Education grade level requirement. This waiver allowed the school corporation the flexibility to implement an innovative strategy that involved restructuring the curriculum for the benefit of the students.
