CRUISIN'...

Cruisin'... Everybody does it, right? Cruisin' around the "strip" in Frankfort, cruisin' with your friends... But did you ever think about the "cruisin'" you're doing right here at Clinton Prairie High School? Without even thinking about it all that much, you're building the "good old days" that you'll probably talk about later on in your life, the days that you'll tell your own children about someday. You're cruisin' through your high school years; and while sometimes those years seem to be moving awfully slowly, when you look back at the end of each year, time seems to be flying.

The more things change, the more they stay the same, right? Well, in some ways, things stay pretty much the same at Clinton Prairie over the years. But in many ways, things have definitely changed. Just ask CP's high school secretary, Mrs. Nicki Stillings, about the changes she's seen.

Mrs. Stillings graduated from Prairie in 1965 and, after living in several different states, came back to CP and has been working here for eleven years. She recalls, "One of the biggest differences I see between CPHS now and in the sixties is girls' sports. In the sixties, girls could be in music and cheerleading - that was about it! There were also two organizations - Rainbow and Sunshine Society - which I think are now probably obsolete.

"The most memorable moment has to be graduation! Some people were sad and were crying - not me! I was so anxious to go to the senior party; all I wanted to do was grab my date and **get out!** And now, after moving around from the Rocky Mountains in Utah to the Catskills in New York, I'm back here! It just goes to show you that some things never change."

Gophers Fall to Clinton Central, 42-20

Homecoming Week began on Monday, September 20, 1992. The Student Council had games which included the egg toss, wheelbarrow race, obstacle course, mummy wrap, and the annual tug of war. The Seniors came out on top in scoring to win the Homecoming Games. After the games the students left the football field and went to the bonfire where the cheerleaders led them to pump up the school spirit.

The class of 1993 swept the first place award for the second year in a row during the half time float competition. Then it was time for the crowning of the 1992 Homecoming Queen.

The court consisted of Seniors Angie Elliot, Kirsten Prater, Keisha Smith, Angie Teso. and Tina Cain; Junior class representative Ali Lock; Sophomore class representative Stephanie Lock; and the Freshmen class representative Carly Kinsler. Mandy Thompson, the previous year's queen, crowned the 1992 Homecoming Queen Keisha Smith.

The outcome of the Homecoming football game against the Clinton Central Bulldogs was 42-20, with the Gophers losing the game. The touchdowns were made by Trevor Fultz and Greg Maish, who made an outstanding offensive effort. Maish rushed for 174 yards.

The Homecoming dance followed the game and was held until 11:00 p.m. in the multi-purpose room. Music was provided by Darian Trimble and Brian Clark.

You Can Learn Lots About a Student

Go ahead, open it up. What's on the inside of your locker? Does it tell others anything about your personality? Chances are, it does just that.

Lockers are, in some ways, like your room at home: there are little "pieces" of you all over the place. Maybe your locker is neat and tidy, with the shelves you have put into it just for organizational purposes. Or maybe it's a disaster waiting to happen: one day you'll open it to find the entire locker contents landing on your head. Either way, your locker is kind of your "room away from home," and we checked out the ways in which some students decided to personalize their lockers in their own special ways.

Clinton Prairie Drama Club Presents

Senior Danea Cragun and Junior Rachel Flowers were featured in Clinton Prairie's 1992 fall play, *Up The Down Staircase*. The comedy was written by playwright Bel Kaufman and dramatized by Christopher Sergel. The fictional high school of this play is an overcrowded, understaffed New York City school with problems that are sometimes hilarious, sometimes heartbreaking. Underneath the comedy and humor, there's a real concern on the part of the faculty and students to teach and to be taught.

Directed by Sarah Sabens, drama teacher, and Danea Cragun, the cast and crew rehearsed for weeks in order to learn the many lines and actions involved in the play. Thursday, November 5, was the opening night for the cast to make the audience laugh and cry. The Friday night audience was entertained by the play, and the performance ended with Mrs. Sabens introducing all cast and crew members. Special recognition was given to the sixteen seniors, some of whom had been in the play for three or four years in a row. Student Director Danea Cragun received a gift for her dedicated and hard work on the play; the cast and crew members also presented Mrs. Sabens with a gift of their appreciation for her support. The night ended a fun year for the seniors and the rest of the cast and crew of *Up the Down Staircase*.

Home Country: Japan

Differences between Japanese schools and American schools: "In Japan we don't have the same classes everyday, so I've got many classes. Our schools start in April, and we graduate in March; we have three semesters. We don't have any counseling teachers, so homeroom teachers have to counsel their students."

Favorite thing about America: not having to go to school on Saturday like in Japan

Favorite American fashion fads: Guess U.S.A. and nice dresses ("We don't have so many chances to wear them at home.")

Things missed most about home: friends, family, and TV

Favorite American actor/actress: Kevin Costner and Demi Moore

This year's yearbook staff polled the class of 1993, to come up with winners in all of our zany catagories. We decided that plain catagories were just too boring. A thanks goes out to all of the seniors who participated in the poll.

Casey Dillon Makes All-State Team

The Clinton Prairie Gophers worked hard during the entire 1992 season, showing great improvement toward the end. The overall record was 3-7, and the conference record was 0-3.

Senior quarterback Greg Maish set a record for a single game, rushing 245 yards against Central Catholic. Maish also was outstanding offensive back. Other outstanding team members were: Casey Dillon, outstanding linebacker; Evan Hodgen, outstanding offensive lineman; Chris Neal, outstanding defensive lineman; Shawn Golden, outstanding defensive back and outstanding special teams player; and newcomer of the year, Senior Trevor Fultz.

There were two captains in 1992. Coach Dan Hilgediek commented, "Co-captains Casey Dillon and Greg Maish did an outstanding job of leading the team. While the record may not show much success in terms of wins and losses, the team continued to work hard and showed great improvement, winning three of the last five games. Also the memories of playing in the Hoosier Dome will last a lifetime, as will the friendships made."

Cory Caplinger gives the countdown.

James Waddell takes off with the ball.

The 1992-93 junior varsity basketball team finished their season 10-10 overall and 3-2 in the Hoosier Heartland Conference. Coach Bill Taylor had this to say about a few of his players: "Ken Stillings, Cory Caplinger, and Jake Tharp not only led in many statistical areas, but they exemplified the characteristics of a good athlete." As a team, Coach Taylor felt, "as young as we were and as many games where we were short players, we had a great year. The guys learned a lot about what it means to be team players by playing their roles."

Several members found that they are capable of shooting respectable scores, something which should continue to improve with increased play during the summer months."

Hilgediek Gets Career Win #100

The 1993 season was a great one for Clinton Prairie's varsity baseball team, which was still engaged in sectional play at the time of this copy deadline.

Coached by Mr. Dan Hilgediek, the team sported a 23-6 overall record, with an outstanding conference record of 10-0. For the third consecutive season, the team won the conference championship. In addition, 1993 marked the team's second consecutive county and Tri-County championships. Records were also set for most wins in a season and most consecutive wins.

The team was led by Senior Greg Maish, who accomplished many feats: he moved into third position in the state in career stolen bases; he moved into fifth position in the state in career put outs; and he set numerous school records in stolen bases, runs scored, and hits. Other team leaders included Jeremy Maish, who set a new school record in RBI's in one season and also led the team in homeruns. Leftfielder Mike Rominger committed only one error all season.

Coach Hilgediek, who chalked up his one hundredth career win during 1993, stated, "This team has met all its goals and done everything asked of it. All players made strong contributions building into the team's success. The team is best known for its 'never-say-die' attitude. That, along with strong senior leadership, made this season very memorable."

The coaches watch and ponder their next move.

Senior Jeremy Maish readies for the swing at the plate.

Due to small numbers and rainouts, the JV baseball season was cut short, but at a record of 5-4, the team nonetheless had a successful season. Freshman Cory Caplinger was the Outstanding JV Contributor, while team members Carey Benefiel, Marc Garriott, and Trevor Fultz were other outstanding players. The players worked hard in practice in order to help prepare themselves for future years of play, and, according to Coach Dan Hilgediek, "They will make strong contributions at the varsity level in the next few years."

Eighth grade cheerleader Jessica Winters stated that she liked the athleticism involved in being a cheerleader, and, Jessica said, "Cheer leading is fun, and I think everyone, even boys, should try it." Seventh grader Libby Edmondson had this to say about cheerleading: "If you don't think you would like being a cheerleader, then you don't know what you're missing. You can really show your school spirit in cheerleading. It's fun, entertaining, and really enjoyable."

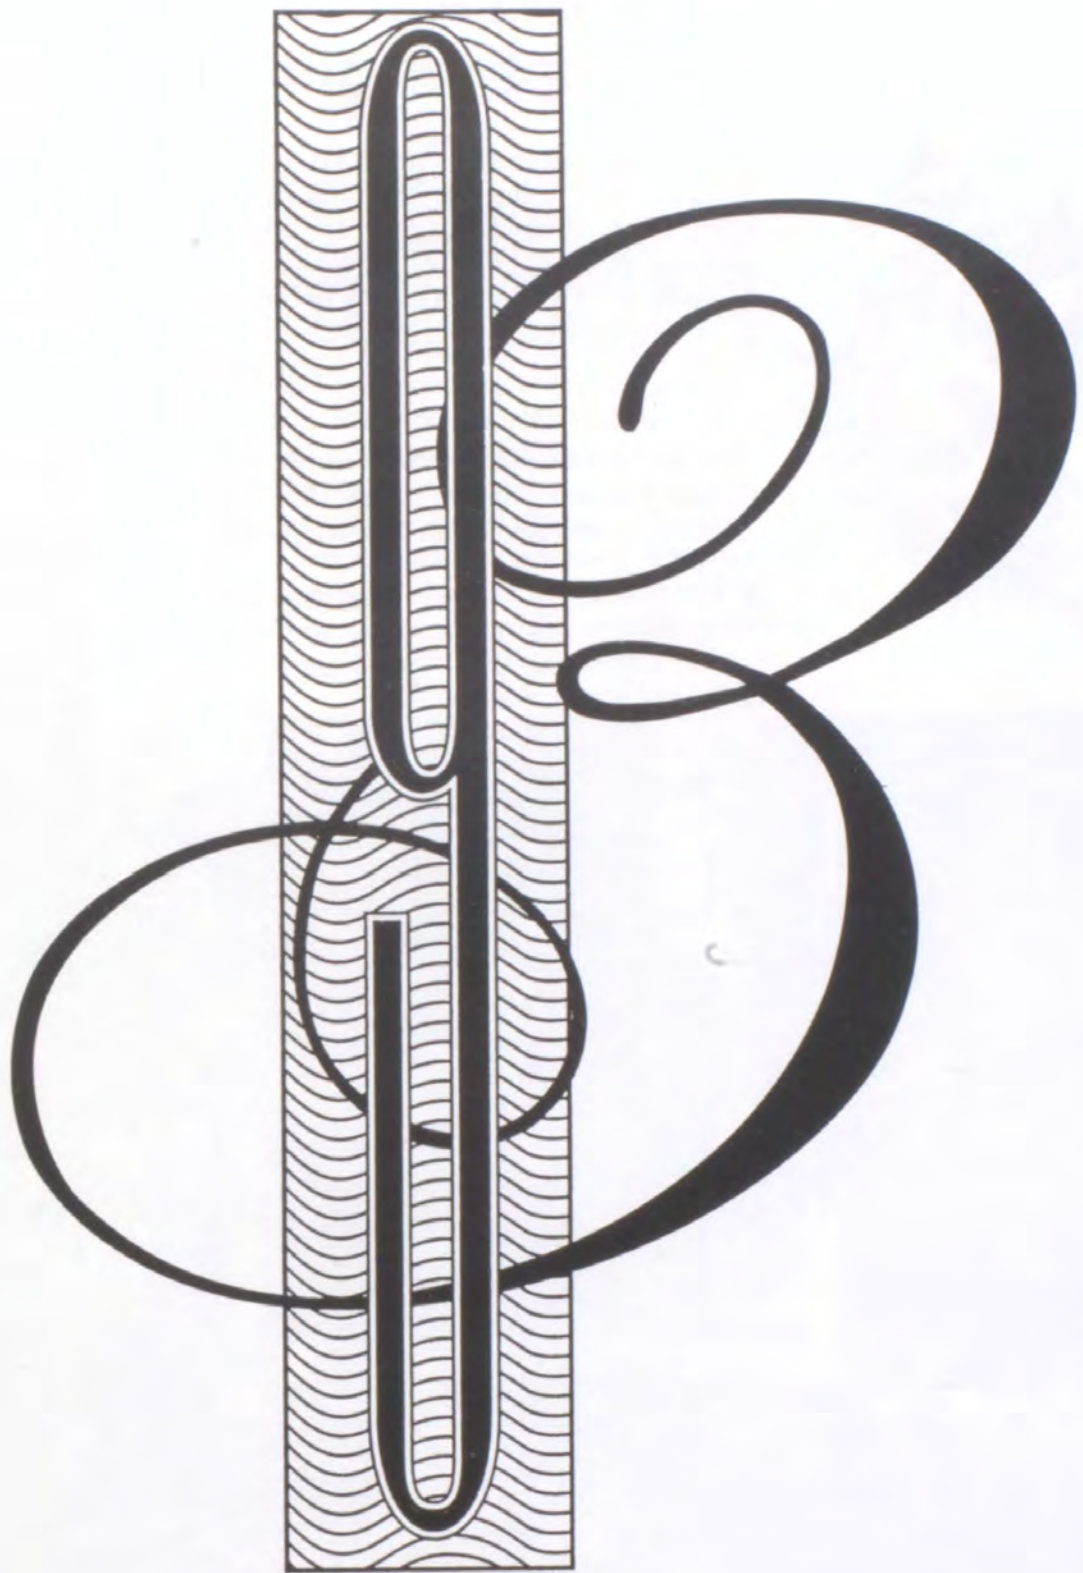

JV cheerleaders Anitra Chestnut and Kara Elliott flash their smiles.

Ms. Karon McColley

"I was sitting in study hall my junior year and hearing my name announced as being one of the new members selected to join National Honor Society. During my sixth grade year I was quite ill and only attended school the first month of the school year. I was better by my seventh grade year and had been promoted to seventh grade so that my twin sister and I would not be split up. I had always made good grades, but felt I had something to prove after having been moved to the seventh grade. Being elected to National Honor Society meant to me personally that I had paid my dues and had proved that it had not been a mistake to move me to the seventh grade without doing the sixth grade completely."

What was one of the most memorable moments from your school years?

"As a blocking fullback in high school, I did not get many chances to run with the football. On one occasion, when my play number was called, I burst through the line of scrimmage and saw no one between me and the goal post 55 yards away. I was excited. The crowd roared, RAH! The coaches shouted, "Go Bake Go!" I tripped and fell on the 50 yard line. During our next practice, our coach had the entire team stomp back and forth across the field on the 50 yard line. He did not want it to reach up and trip me if I ever got to carry the ball again. He said, the chances of me carrying the ball again were very small."

"Hobart won the state cross country meet and no one expected it. We all came together as a team and ran our best race of the year to win pretty easily. As we entered the town of Hobart on our return trip, the fire truck met us outside of the city limits and we all got to ride it through town back to school where we had a pep rally. This upset state victory probably has meant more to me later than I ever realized it would at the time. I'll always remember that cold day in November when the snow was 1" deep and the temperature was 30 degrees. We were the first team to ever wear black tights and socks as gloves, but it kept the warmth in and probably was the difference. They all laughed at us at the beginning as we warmed up. We were different looking. But it was amazing how many teams showed up in tights and gloves the next year. Yes, this was a great memory I'll never forget."

What was one of the most memorable moments from your school years?

"My most vivid memory from my school days takes me back to a Saturday in the fall of my senior year in high school. Four members of my class and one junior were on their way to a day on campus at Purdue. The driver of the car in which they were riding passed a semi carrying a load of concrete; he cut back into the lane of traffic too quickly and the rear of the car struck the semi. The impact instantly killed two members of my class, and the two others, after spending several months in rehabilitation, were able to graduate with the rest of us. As a class, we felt this tragedy in everything that we accomplished from that day on. It was especially difficult for me as Senior Editor of the yearbook because I had to develop the appropriate written memorial for our two classmates who did not graduate with us."

A couple girl friends and I would pitch in a quarter apiece - gas was around 25 cents a gallon then! - and drive around the drive ins in Frankfort - Georgie Porgie's and Art's. Boy, were we ever cool!"

-Mrs. Linda Marshall

"We dissected frogs in my seventh grade science class, and another girl and I decided to pull a trick on my best friend. I kept one of my frog's eyeballs, which was a pale yellow color, and took it to lunch that day. My friend was sitting across from me, so I casually reached over to take a potato chip from her tray; in the process I dropped the frog eye in her corn. I'll never forget my friend eating every kernel of corn and then asking, 'Is there anyone who doesn't want her corn?' After being let in on the secret, my friend drank about half a bottle of Pepto Bismol but eventually forgave me and is one of my best friends even today. My science teacher is still trying to get me to admit to the prank, but I just keep him guessing."

We were so shocked that no one talked for the rest of the hour. Can you imagine eighth graders not talking? The following period was P.E., and nobody dressed. We just sat on the bleachers in the gym. My brother's pants were cut off of him at the hospital and his shoes were lost; so the hospital gave him some large pajama bottoms to wear. We had to carry him from the car to the front door. As we balanced him, his hurt leg, and his crutches, and tried to open the door, his pants fell down to his ankles. We all couldn't help but laugh. The whole situation helped me realize how much I cared about and loved him and how we should get along with our brothers and sisters as best we can."

To fully appreciate the joke you have to know that Mr. D was very large and drove a small foreign sports car. Of course, this was not allowed by the administration and we would have been expelled (yes expelled forever) if we were caught, but we didn't care. We did this about 10 times until it got old and we started to hang out at the greasy spoons (Olympic and Red Rooster; both of which were owned by Greeks named Nick, Honest!) across the street from the high school with the rest of the JD's (juvenile delinquents). Our usual lunch was grilled cheese sandwich, french fries, Coke, and as many cigarettes (Viceroy's or Winstons) as we could smoke in one hour. "After the sectional weekend I wonder how I could have forgotten when we won the 1964 basketball sectional. Clinton Prairie had only been in existence for three years. If I remember correctly, Frankfort was predicted to win. (What else is new, right?)

Anyway, Rossville upset Frankfort in the Saturday afternoon game. The crowd went crazy. At that moment I knew we had the sectional won. I just knew we would beat Rossville in the championship. (We had already beaten them in the earlier in the season). Sure enough, at the evening game, we did win. It was very exciting!! One thing I have never forgotten was that I was with several girls who went to the sectional together. I forget which game this was, but we handed our tickets to the man at the gate and he said, 'Where are you girls from?' We said, 'Clinton Prairie.' The man said, 'Well you better have your crying towels with you!' We really thought that was rude! Jenny's Page

Now for the most important page of the book, the last page. I've put it off long enough because finishing this page means that it's over, and I don't want it to be over.

First, I must thank the most important person. Thank you Mrs. Sabens for everything. Thanks for putting up with us when we all had senioritis, even the Juniors. You seem more like a friend than a teacher and I will miss you very much.

Thank you Kim for doing the little things that makes my job easier. You were always full of ideas. Some of them I don't know about, but thanks just the same.

Thank you Danae for the cover first of all, and for all of your hard work. You are a perfectionist just like me, so we might've taken longer to get things done, but it never looked sloppy.

Thank you Suzy and Donna for your dedication and help. You guys are great to be around, and you always made class fun. Thanks for everything.

Thank you Julie and Johanna. You two are the hardest workers I've ever worked with. You'll never realize how much it meant to not to have to ask twice when I needed something done. I'll miss you so much.

Thank you Kevin for typing all the captions. I know it's a crappy job, but you never complained. Thank you.

Thank you Michelle for everything. You were so much help to me. I hope everything works out for you. I will miss you.

Well guys, this is it! I'm going to miss you all so much. Thank you for everything and don't ever lose touch. Goodbye and goodluck.
