2013 2014 GOPHERS

Alright, it's most likely not what you expected, right? It's not the typical cover with huge fancy fonts and splays of shapes all over. There's no gopher jumping at you or colors that scream what a great book this will be.

Surprisingly, all of that was intentional.

The theme this year is probably what you guessed:
Don't Judge a Book by its Cover.

We want you to take that both literally and figuratively. Within this book are memories, stories, and pictures that will live on. It would be a bummer if you saw the cover and immediaty set it back down because it looked too boring.

We don't want that.

Take the theme as you will and begin to realize that under every boring cover is something great.

The memories begin once you turn this page.

On September 13, fans prepared to cheer on the Gophers and anxiously waited to see who the 2013 Homecoming queen would be. As half time rolled around everyone watched as the homecoming court candidates each made their way around the track in corvettes. Spencer Perkins, escorted by Dallas Miller, was voted by the student body as the Homecoming queen. Perkins said, "Making the Homecoming court and standing on the field surrounded by four outstanding girls was truly a great feeling. I felt so honored to be chosen as the Homecoming queen."

"Being the Drum Major for this group of insane maniacs has been one of the hardest, most incredible things that I have ever tried to attempt. The Pride of Prairie is one of the most talented ensembles I have ever had the privilege to be a part of. I wish these kids knew how fantastic they are. I cannot wait to see what they have in store for next year.

Rule #1."

"Being crowned was such an honor. I was not expecting it and it was so great that I had friends and my sister there to support me. It is a once in a lifetime event that I will always remember."

A few members of Student Council put in a lot of effort to decorate and make the fall dance stand out more than it ever has in years past. The dance itself was great! Looking around you could tell that everyone there was having a great time with their classmates and enjoying the overall atmosphere of the dance. It was nice for everyone to just come together and enjoy a night filled with smiles, laughs, and dancing!

THE CP DRAMA CLUB PRESENTS:

It's Not You; It's Me

The Clinton Prairie Drama Club performed a combination of two plays this year. Business teacher, Ms. Walker, coordinated and directed the plays along with the assistance of math teacher Mrs. Moon. The club sold frozen pizzas in order to raise funds; in result, they were able to provide all desired props and costumes. The large participation of students constituted the success of the show.

Rachel's Challenge

Clinton Prairie was privileged to have guest speaker Meg come and speak to the student body about Rachel's Challenge. Meg told Rachel's story from her life before the Columbine tragedy and up to how Rachel's story has affected students across the country. Through this convocation, a club named 'FOR Club' (Friends of Rachel) was created and now the club strives to begin a chain reaction across the entire student body for the equal treatment from everyone and the fairness for everybody.

"I have this theory that if one person can go out of their way to show compassion, then it will start a chain reaction of the same. People will never know how far a little kindness can go." -Rachel Joy Scott

Senior Paige Schoonveld with speaker Meg Schoonveld brought this program to the school's attention.

Group discussions after the convocation. Emotions were evident throughout the entire auditorium.

Affection shared between Prairie staff members. Many hugs and thoughts were given this day.

Mr. Hilgediek with a group of students. The topic of discussion was to come up with a list of things that needed to change at CP.

What is one piece of
advice you would give to
the underclassmen?

Play for the love of the game. Always play
your hardest. The four years will go by
quicker than you know. One last thing,
don't ever give up on your teammates
because you are a family who
has each other's back.

Abbigail Gingerich

Bobby Knight once said "The key is not the will to win,
everybody has that; It is the will to prepare to win that
is important." Don't ever take a second for granted.
Give it everything you've got all the time. Make your
weaknesses your strengths and make your strengths
stronger. There are three outs, two teams and one
winner. Work hard. Be the winner. Trust yourself and
trust your teammates. Do all of this and success will
come.

-Schuyler Skirvin

Throughout my high school career I've created so many memories. It's hard to choose my favorite, but one that really stands out took place at a softball sectional my Freshman year. We were all tied up in the bottom of the 7th and I was up to bat. 'Great', I thought. The first pitch came. I swung and missed. Their pitcher threw some balls and I fouled some off. It was a full count. Coach Cooper came up to me and said 'You got this Abby. I believe in you.' I took a deep breath as the next pitch came speeding in and connected! The ball soared to the outfield and our runner at third scored. I didn't realize I'd hit the RBI that won the sectional game. When I looked up the entire team rushed over to me and were patting my helmet and giving me high fives. I felt like I was on top of the world, and that's something I will never forget from my high school career.

Each day we prepare ourselves for the next. We experience more, we learn more. We live. That is what high school has been. It has been our preparation for the future. It has been an unrepeatable segment of our lives in which we have been molded into young adults. Each of us has different aspirations. Our pursuits will take us to different places. And although some of us will not admit it, we are the upstanding and respectable individuals we are because of our experiences here at Clinton Prairie High School and the people within its walls. We seniors are all capable of success. I am overjoyed to have been this class's president. With effort, determination, and persistence we will become what we set out to be. We, the class of 2014, are going to change the world.

Celebrating the Class of 2014

Salutatorian

It is a great honor to be announced as the Valedictorian or Salutatorian. Many people are recognized for their work in the community or their excellence in athletics, but few are awarded for their excellence in the classroom. To be honored with this is a great pleasure to know others recognize your hard work and determination with school work.

Valedictorian

Achieving academic success has been a way for me to grow and to challenge myself throughout my entire high school career. Being able to graduate with distinction after working so hard means the world to me, and it stands as a reminder that 100% effort must go into every action in order to be successful. However, at the end of your journey, the payoff is well worth the heart and determination necessary to achieve your goal.

That's all folks! 125 pages down and we've come to the last three. So much has happened in this school year and it wasn't easy to tell the story of 180 days in the amount of pages we were allotted. Despite this, I believe the Yearbook Staff was successful at conveying and summarizing the entire 2013-2014 school year. I'm writing this with nearly two weeks left until graduation, and it's crazy to think that my entire class is about to close the doors on Clinton Prairie and go out into the college/working world. My plans after high school consist of attending Purdue University in West Lafayette to study Hospitality & Tourism Management. I also plan to minor in Spanish and wish to work across the world in many management and event planning positions.

I wish the best of luck to the Class of 2014 and I hope that the relationships and memories we've established from such an early age can live on.

-Mason Thomas

My feelings about being on the Yearbook Staff have been turbulent, but in the end, I'm happy with my decision to join, and I couldn't have asked for a better staff to work with; it was kind of like an all-year group project, but it definitely kept me on my toes. Despite the downfalls, I know we all somewhat enjoyed making this book, and I really hope our readers are as satisfied with it as I know we are! Clinton Prairie has been my life as long as I can remember, but I must say I'm more than ready to get out there and see what the world has in store for me. I plan on attending IUPUI and studying Visual Communications Design at the Herron School of Art in order to someday work for an ad agency. Everyone always says you'll miss high school once you're out, so we will see if that holds true for me in a couple years. I know I will surely miss these great kids and teachers that I have grown up with; the perk of a small school is having something that feels like a huge family.

Best of luck to everyone, I hope to witness your future success!

With love, Lucy Coons

OMG the yearbook is coming to an end! I really hope that everyone flipping through this book loves what they see and can appreciate how hard Mason, Lucy, Kelsey, Mrs. Abney, and I have worked all year. I am crossing my fingers that you all love it as much as we do!

It is so crazy to me that this is my last year at Clinton Prairie High School. In the Fall of 2014 I will be attending Indiana State University. I will be majoring in Psychology in hopes to eventually become a Criminal Psychologist. I can not wait to see where the road takes not only me, but my fellow classmates at Clinton Prairie as well. I wish nothing but the best for everyone! Thank you for everything Class of 2014. ♪

-Lauren Scott

It is extremely crazy to me that the yearbook is finally finished! I never thought that I would ever see the end. It took a lot of hardwork and dedication to put this book together so I hope everyone loves it as much as I do! It was hard at times with only five people but I wouldn't choose anyone else to do it with. It was so fun to be apart of something everyone will keep forever. It's crazy to me that I will be graduating this year, I never thought my turn would ever come. I will be attending IUPUI in the Fall. I am still a bit undecided on what to study but I have Law in mind. I would like to one day be a lawyer.

I couldn't ask for a group of people to be graduating with. The memories I have made with all of them will never be forgotten. Good luck to the Class of 2014 and may all your wishes come true!

- Kelsey Ballard

This was a great year to end my career at Clinton Prairie. It's funny, yearbook begins as a very relaxed, "fun" class, but quickly becomes a stressful, crazy atmosphere in the matter of a few months. This year's staff pushed through until their very last days as a senior. I am incredibly proud of their efforts as one of the smallest yearbook staffs probably ever. Four students worked, stressed, and anguished over this huge task to document your respective year in high school. I hope you enjoy it. Yearbook is more than a 5th hour class. These students learned life skills that will resonate throughout their life. They learned, in the hardest way possible, how to work as a group. Each member of the yearbook staff plays a key role in the successes of the group as a whole. They have to put aside their differences, forget about only using their ideas, and think about what is best for the yearbook. They have bonded like family. They also learned an important life skill, gracefully accepting criticism. Great job, staff!

A Note from the Editors

Mason J. Thomas, Editor-in-Chief

Wow... What a crazy year in the world of yearbook. I can definitely say that designing a yearbook is not an easy task, but I am glad that I got to be a part of this memorable production. I want to give a HUGE thank you to my staff for sticking through until the end and designing such an awesome book! Thanks to Lauren, Kelsey and Lucy for taking pictures, editing, revising, outlining, designing and more revising throughout the book. Thanks to Mrs. Abney for the continuous push and keeping us on task to meet our deadlines (and also periodically bringing in AMAZING cupcakes for us!). I sincerely hope that we accomplished the task of cementing the memories and stories that made up the entire school year. I'd also like to thank the outside help we received from other students and teachers for the many pictures we needed to complete this book. A production as big as this is only possible with the support and help of the entire student body. I'm happy that I was able to do what I love (design) and create a book that will be read for many years to come. Thanks to my school and the entire Clinton Prairie family for this opportunity!

Lucy A. Coons, Sales Manager

Due to the fact that visual communications is what I plan on studying the next four years, being part of the Yearbook Staff has been a helpful shove into the world of design and publication. Although it was frustrating and stressful at times, having the task of creating the pages that hold memories of everyone's high school experience was an amazing opportunity, and I hope we successfully captured the good times that these students strive to remember. I want to thank my other staff members, Mason, Kelsey, and Lauren for keeping up with school events, taking lots of pictures, sticking with it when times got hectic, and designing some incredible pages! A big thank you goes to Mrs. Abney for pushing us when we were slacking but also staying patient and supportive. She worked really hard and picked up a lot of pages to help us out. I hope that this book can be appreciated and enjoyed by the student body this year and for generations to come. I'll always remember the experience I had making the yearbook my senior year. Thanks to everyone who contributed to the book's success.
