

**Notice of Public Hearing**

LSA Document #25-153

Under [IC 4-22-2-23](#), notice is hereby given that on April 25th, at 10:00 a.m. at the Indiana Government Center South, 302 West Washington Street, Conference Room D, Indianapolis, Indiana, the Secretary of State – Business Services (division) will hold a public hearing on adding rules at [75 IAC](#) 7-9 and 10 concerning the Enhanced Access (“EA”) fees authorized by [IC 4-5-10-2](#) for notary related services. This rulemaking establishes in rule the exact EA fees already being collected by the division for online notary transactions. These are not new fees but are simply the promulgation in rule of already established existing fees. As no changes in fees are being made, no impact is expected for customers. The rulemaking also corrects 75 IAC 7-2-1(a)(2) to reflect the existing required collection of the residence address of a notary applicant for purposes of determining the county of commission. Additionally, the rule includes the standards for the Hague Convention’s single certificate apostille format. As no changes in fees, requirements, or rejection reasons are being made, no impact is expected for customers.

The purpose of this hearing is to receive comments from the public prior to consideration of adoption of these rules by the division. All interested persons are invited and will be given reasonable opportunity to express their views concerning the proposed rules.

If the division does not receive substantive comments during the public comment period or public hearing, the rule may be adopted with text that is the same as or does not substantially differ from the proposed rule.

The public may attend the division meeting in person or join remotely at <https://in.gov/sos/business/rulemaking-docket>

Copies of these rules are now on file at the Indiana Secretary of State – Business Services Division, 302 West Washington Street, Room E-018, Indianapolis, Indiana and are available for public inspection and copying.

Scott Willis- Director  
Secretary of State
