IMPORTANT NOTICE TO VOTERS

After you enter the polling place, state law requires you to show a photo ID before signing the poll list and casting a ballot. If you do not have your photo ID with you, you may still enter this polling place and vote by provisional ballot.

Your photo ID must meet the following requirements:

1. Show your name, which must conform to the name on your voter registration record (conform does NOT mean identical);
2. Show your photograph;
3. Include an expiration date indicating the document has not yet expired (or expired after November 6, 2018, the date of the last general election), except for certain military and Veterans IDs; and
4. Be issued by the United States or the State of Indiana.

NOTE: The address on your photo ID does NOT need to match the address on your voter registration record.
