## SUMMARY

Vote Centers are facilities located throughout the county. Any registered voter in Hendricks County is able to visit ANY Vote Center and receive a ballot specific for them. The use of electronic poll books (EPBs) replaces the traditional paper poll books. When a voter signs in at a Vote Center, it is immediately updated electronically to all other locations.

Beginning in 2007, Hendricks County has taken a keen interest in the "Vote Center" concept. In the ten years to follow, many components have been practiced and put in place.

Voters, Candidates, Poll Workers, Elected Officials, etc , have shown interest in Vote Centers. We have explored the interest and it is overwhelmingly in favor of.

Many requirements of becoming a Vote Center, Hendricks County has already successfully implemented, such as:

- \* Central Count of Absentee Ballots (since 1997)
- \* DRE (Direct Recording Electronic) Voting Machines
- \* Early Satellite Voting
- \* Electronic Poll Books

In 2013 and again in 2015, Steering Committee meetings were held regularly. Vendors presented EPB products to the committee. A "Vote Center Plan" was prepared; however, the requirement of a unanimous CEB vote was not to happen.

2018 will be the first Election Year for Hendricks County to function as a Vote Center county. Careful planning and preparation will hopefully prove a success. The plan may be amended at any time, as we are certain adjustments will be needed until it is perfected.

The plan will be presented at several public forums during a 30 day public comment period and available for viewing at all times.

If the final vote is unanimous in favor of, the final plan will be submitted to the Indiana Election Division.

## CERTIFICATION OF ADA COMPLIANCE

This certification verifies that all Vote Center locations in Hendricks County, Indiana, fully comply with the requirements of the Americans with Disabilities Act of 1990 and the Americans with Disabilities Act Amendments Act of 2008 (42 USC section 12101, *et seq.*) and the regulations (28 CFR sections 35 and 36) promulgated to enforce Title II (which protects individuals with disabilities from discrimination on the basis of disability in service programs and activities by state and local government entities) and Title III (which prohibits discrimination on the basis of disability in the activities of places of public accommodation) of the ADA.

## **PROCEDURE AT THE VOTE CENTER**

When a voter enters the room at a VC, the voter will be directed to the Clerks table (via signage or verbally) where the voter will present their photo ID. After checking the photo ID, the clerk will look the voter up in the EPB using either the bar code on the ID or by manually typing the voter's name. Once the voter's record has been found, the voter will be asked to verify their address. Any other documentation that a voter would need to provide before casting their ballot will be handled at this time.

The voter then signs the poll book using an electronic signature pad. Next the clerk will print a "ballot ticket" for the voter that includes the ballot information which is taken directly from the voter's registration record, so there is no chance of poll worker error in ballot distribution.

Next, the voter presents their ballot ticket to the Judge. The Judge selects the correct Precinct/Split and Party designation during a Primary. THE JUDGE WILL RETAIN THE BALLOT TICKET. If necessary, the Judge may give brief voting instructions. The Voter is left to complete their ballot. The voter has now completed the task of casting their ballot, and will then exit the vote center.

## **POLL WORKERS-ELECTION DAY**

We will continue to use the traditional Election Day poll worker positions. The smaller VCs will continue to function as a 5-person board with 1 Inspector, 2 Clerks and 2 Judges. The Inspector will be Republican. There will be 2 Clerks (1 Republican and 1 Democrat) and 2 Judges (1 Republican and Democrat).

Approximately 220 PWs will be needed on Election Day, including 10-15 trained "standby" workers to call as needed. We will work closely with party officials to be certain to select the very best ambassadors for Hendricks County on Election Day. Election officers must meet the requirements of IC 3-6-6-7.

ALL EARLY SATELLITE AND ELECTION DAY VOTE CENTER POLL WORKERS will be CROSS TRAINED on both the Infinity Voting Panel and the KnowInk EPBs. Although each PW will be assigned a main position, it could be necessary to give and take breaks and cover other work stations throughout the day. The Election Day pay at a Vote Center will have an increase in 2020.

INSPECTOR: \$205.00

DEMOCRAT JUDGE: \$185.00

CLERKS AND REPUBLICAN JUDGE: \$165.00

These amounts include a \$20.00 food stipend and also include training.

ALL ELECTION DAY WORKERS MUST ATTEND A SCHEDULED, MANDATORY TRAINING SESSION.

## EMERGENCY SITUATIONS AND DISASTER PLANNING

Several types of emergency situations can happen at any time on any day, including Election Day. We have anticipated the following with solutions:

**LOSS OF CONNECTIVITY:** Between the EPB and the "Internet Connection". If the Vote Center location loses connectivity, each EPB has a high-speed internet jetpack ("hot spot") to connect to use. If the loss is brief, poll workers will communicate with the Election office to confirm eligibility of the voter.

**LOSS OF POWER:** Both the EPB and voting machines have battery backups that last for several hours. This allows a VC to continue functioning during a temporary power outage. If the power remains out for an unreasonable amount of time, the County Election Board will close that location and direct voters to an alternate location. The central server located at the Government Center is protected by the building's emergency generator.

**DISASTER:** If a disaster happens in Hendricks County on Election Day, the Election Board will work closely with both County Emergency Management and the Indiana Election Division in determining the appropriate response to the situation.

## VOTER OUTREACH EFFORTS

Hendricks County has a full media and community outreach strategy that will involve press releases to widely circulated newspapers, television stations, and radio stations. In addition, we will use our county website ([www.co.hendricks.in.us](http://www.co.hendricks.in.us)) and the state's voter information website ([www.IndianaVoters.com](http://www.IndianaVoters.com)) to prepare Hendricks County citizens for this change. Moreover, each voter may receive a postcard in the mail prior to the initial elections, informing them of this change and where each vote center is located. Additionally, we will have an informative insert in the tax mailings:

Here is a copy of our *SAMPLE PRESS RELEASE*:

### Hendricks County to implement Vote Centers

FOR IMMEDIATE RELEASE

*New voting concept will increase convenience and save county money*

(Danville, IN )- Effective [\_\_\_\_], Hendricks County will officially gain status as a vote center county.

"I am so excited that Hendricks County has decided to make the switch to vote centers," County Clerk Debbie Hoskins said. "It has taken a lot of planning and hard work from all those involved, but the benefits to the voters of our county will be well worth the effort we have spent implementing the new model."

Simply put, vote centers are polling places where any eligible voter in the county may go to vote. They eliminate the need for traditional polling places and allow voters in the county more flexibility regarding when and where they cast their ballots. Vote centers throughout the county are linked by secure internet connections and an electronic poll book is instantaneously updated as ballots are cast. In addition, significant cost saving are expected over time.

Wayne, Tippecanoe and Cass counties piloted the vote center program in Indiana from 2007-2010. Now, because of the success those counties experienced, both the Indiana House and Senate passed legislation that allows all Indiana counties the option of becoming a vote center county.

Hendricks County will implement the use of vote centers during the upcoming 2018 Elections.

"Ultimately, our goal is to make voting easier and more convenient for the voters of our county while also saving county money," County Clerk Hoskins said. "As always, we value the feedback of our constituents and encourage you to voice your questions or concerns."
