

# IMPORTANT NOTICE TO VOTERS

---

After you enter the polling place, state law requires you to **show a photo ID** before signing the poll list and casting a ballot. If you do not have your photo ID with you, you may still enter this polling place and vote by provisional ballot.

Your photo ID must meet the following requirements:

1. **Show your name**, which must conform to the name on your voter registration record (conform does NOT mean identical);
2. **Show your photograph**;
3. **Include an expiration date** indicating the document has not yet expired (or expired *after* November 5, 2024, the date of the last general election), except for certain military, Veterans and tribal IDs; and
4. Be issued by the **United States**, the **State of Indiana**, or a **Native American Indian Tribe or band recognized by the U.S. Government**.

(IDs issued by state universities and colleges cannot be used as photo ID for voting purposes.)

**NOTE:** The address on your photo ID does NOT need to match the address on your voter registration record.
