From the Desk of Vop Osili

September 30, 2010

Hon. Sonia Leerkamp
Office of the Hamilton County Prosecutor
1 Hamilton County Square #134
Noblesville, IN 46060

Madam Prosecutor:

As a candidate for Indiana Secretary of State, I have been reviewing the allegations presented by local Fishers attorney, Greg Purvis regarding the potentially criminal activities of my Republican opponent, Mr. Charlie P. White. Mr. Purvis provided you with a letter earlier this week outlining these issues and calling for a Grand Jury and the appointment of a Special Prosecutor to investigate these matters.

Recently, new evidence has been revealed that I find disturbing. In reviewing the recent statements my opponent, his campaign spokespersons have made publicly, and the public access records, there is an issue that I believe deserves special consideration.

According to the attached 2009 and 2010 poll books obtained through a public information request from the Hamilton County Clerks office, Mr. White voted in the 2009 special municipal election at the polling location designated for the precinct for which he was registered, Delaware 14. In doing so, as the document shows, he verbally declared to the poll clerk that he no longer resides at the address where he was registered to vote. The new address, his ex-wife's address, was written next to the old address printed in the manifest. Thus, Mr. White engaged what is known as a "fail safe" provision, as described in IC 3-10-12-3.4 of the Indiana Code.

In February of 2010, using a change of address form provided by the Hamilton County Clerk, he officially changes his address to that of his ex-wife's address to mirror the "fail safe" address. His newly assigned precinct is now Delaware 12.

Next, according to the attached purchase order, Mr. White purchased a condominium, on the other side of Fishers, well (approximately five miles) outside of his town council district. In filling out the purchase order for the condominium, Mr. White checked both the "primary residence" and "homestead credit" boxes of the document, which designates this location as his primary residence. Mr. White then voted in the 2010 Republican Primary at Delaware 12, using his ex-wife's address. Approximately seven months after purchasing the condominium, and one day before Mr. Purvis' press conference, Mr. White resigned his council seat, claiming that he just realized the condominium was outside his council district—despite the fact that he is the current Hamilton County

C

Republican Chair, had served 10 years on the Fishers Town Council and assisted in creating the district lines.

Mr. White has said in multiple newspaper articles that he was “too busy” and apologized for his failure to legally update his voter registration prior to voting in the 2010 Primary. Mr. White has not explained why he did not inform the poll worker on Election Day of his new address and thereby use the “fail safe” provision in the Primary. However, as previously mentioned, Mr. White properly utilized the “fail safe” provision in 2009. I believe it is fair to ask why he did not utilize this again since it was an option to him.

Further, Mr. White filled out a declaration of candidacy form in June of 2010, to officially declare his candidacy for Secretary of State. On this document, he used the condominium address as the primary residence and his ex-wife’s address as the mailing address.

In addition to allegations of voter fraud, for which I think there is sufficient evidence and cause for you to move promptly investigate, these additional facts beg the following question: was Mr. White knowingly trying to defraud the state of Indiana for the purpose of being able to vote in local and state elections while continuing to serve illegally on the town Council of Fishers and receive his taxpayer provided salary? In other words, was Mr. White trying to have his cake and eat it too at the expense of the citizens of Indiana?

There are many facets to this matter that are confounding, disturbing, and a potential affront to the fabric of our democracy. These circumstances are only heightened by the fact that Mr. White is running to be the next Secretary of State of Indiana, the highest-level elections officer of the state. It is for these reasons that I call upon you to act expeditiously to seek the appointment of a Special Prosecutor and convene a Grand Jury to investigate these potentially illegal acts. The people of Indiana and the delicate fabric our democracy deserve swift action on these matters.

I thank you for your many years of public service as Hamilton County Prosecutor and am confident that you and I share the same commitment to upholding the rule of law and holding those who break the law accountable for their actions.

Sincerely,

Vop Osili

Vop Osili speech to supporters and media

September 30, 2010

Today, I stand before you as a candidate for Indiana Secretary of State. I am humbled to be here with you and members of my family, including my mother.

For the past 18 months, I have traveled 10's of thousands of miles to all of Indiana's 92 counties. I have been enriched by meeting thousands of our fellow Hoosiers—all of whom have shared their unique stories, their challenges, sacrifice and a hope for a better future for themselves and their families. They want a government that is responsive and receptive to their concerns. They are often full of cynicism, disillusioned with government and politics, which doesn't seem to have anything to offer them. I have listened intently to their voices and learned along the way that there is something I can give back—that I can make a real and practical difference in our communities.

The concept is easy to understand: by utilizing the resources of the office, and in concert with the other agencies and leaders of state and local government, I will better tie our new businesses to opportunities available to their particular line of work. The objective is to make more information accessible via the office – thereby allowing our new businesses to become aware of what is available to them. The desired result is faster business growth and therefore, increased capacity to provide jobs. It is more than rhetoric, but rather built on action, engagement and empowerment—to all those that walk into halls of state government seeking to build a business and provide jobs.

For example, while small businesses create the majority of all Indiana jobs, we know that right now, half— of entrepreneurs in our state will fail within the first five years—and with the closing of those doors, so too close the doors of opportunity for hard working Hoosier families who want to see a better day. Every agency in state government can play its role and I intend to see that this one does.

In our elections we must uphold the laws of the land.

Our very foundation of democracy, our right to vote is governed by this office—something that I hold—that we hold—as the highest of priorities for our form of self-government.

There has been a lot of discussion and debate on television, in print news, and the Internet recently concerning allegations of potentially illegal activities of my Republican opponent. Along with you, I have reviewed these charges, and as I have said publicly, that I find them troubling and alarming. Well, as for me let me say this: If these allegations are true, he should be prosecuted to the fullest extent of the law.

I do not envy my opponent's position, nor do I revel in his political circumstance. Rather, after much prayer, study and reflection on these issues, I think it only prudent for us to move away from the partisan fray and focus back to the real and important issue: the rule of law—next to God, it is our guide in troubled times. No one is above it. Not me, not my opponent, not anyone.

On the part of my opponent there have been too many egregious oversights on too many fronts –

First, a 7-month lack of awareness of having moved out of his district. As a county chair and as the elected representative of the district, he has been intimately familiar with the boundaries of his district. I believe that when searching for a new residence, a town council member would consider first its location relative to the district he had been elected to serve. The impact of this 7-month oversight on the potential repercussions to the Town of Fishers, such as votes that may have to be re-cast, decisions and investments that may have to be re-considered, smacks of public irresponsibility. This 7-month oversight does not have just personal repercussions, it has public and taxpayer dollar repercussions.

Second, a lack of timely and proper filing of his voting documents. If he is unable to police himself by the election laws he would be sworn to uphold, how can he, without creating cynicism on the part of the electorate, enforce the election laws on the other millions of voters in this state. Most particularly, how could he even enforce the law on those who make similar mistakes? Will we turn a blind eye on similar infractions, stating that the person has owned up to it and admitted his mistakes?

This is not a Democrat versus Republican issue. It is a Hoosier issue. Voter fraud has been a constant source of concern in this state for many years. We have spent much time and consideration, and taxpayer dollars, in implementing stringent laws to protect against it. It is time that we show what we do when faced with potential violations of the law.

After careful consideration of what I have learned of the case I believe there is evidence sufficient for authorities to move promptly to investigate. The facts as I have learned them beg the following questions: was Mr. White knowingly trying to

defraud the state of Indiana for the purpose of being able to vote in local and state elections while continuing to serve illegally on the Town Council of Fishers and receive his taxpayer provided salary and benefits?

So, therefore in light of the gravity of evidence before the public in this matter, and out of genuine respect for my opponent's family—and most importantly for the integrity of our system of government I call for the Hamilton County Prosecutor to appoint a Special Prosecutor to move expeditiously on this matter, *before* November. Hard-working Hoosiers all across the state are watching and waiting. Indiana, our home, our great state deserves swift, unbiased and uncompromising justice.

September 28, 2010

The Honorable Todd Rokita
Secretary of State
State of Indiana
201 Statehouse
Indianapolis, IN 46204

Dear Secretary Rokita,

As Chair of the Indiana Democratic Party, I am writing to express my serious concern regarding the voter registration and residency discrepancies pertaining to Charles P. White, a candidate for Secretary of State.

Recently, several irregularities have become public concerning Mr. White's residency in Fishers, and bring to light issues relating to his eligibility to vote within the Delaware 12 precinct during the May 2010 Primary.

It is my opinion that despite knowledge of state voting laws as a Town Councilman and County Party Chairman, Mr. White knowingly voted illegally in the past May Primary and repeatedly claimed a residence in which he did not reside.

Secretary Rokita, you have championed Indiana's voter ID law under the pretense of eliminating voting irregularities and fraud. The suspicious circumstances pertaining to Mr. White directly point to a clear case of voter fraud. The exact type of violation your office has claimed it wants to eliminate.

Therefore, based on this information and the public residency and voter registration documents we have enclosed, I am requesting that a special investigation be undertaken by your office get to the bottom of this matter.

The potential consequences of Mr. White's actions are significant under Indiana Election Law:

3-14-2-11 Voting in other precincts

Sec. 11. Except as provided by IC 3-10-10, IC 3-10-11, or IC 3-10-12, a person who knowingly votes or offers to vote in a precinct except the one in which the person is registered and resides commits a Class D felony.

As you know, the Secretary of State is the chief elections officer of the state and sets an example for all election administrators enforcing the election code. What example would be set if a candidate for that high office violated that code?

The discrepancies outlined in this letter are alarming and require your immediate attention. I look forward to hearing your response on this matter.

Sincerely,

Daniel J. Parker
Chair

Secretary of State
State of Indiana
201 Statehouse
Indianapolis, IN 46204

Dear Secretary Rokita,

I am writing you today to follow up on my correspondence from yesterday regarding potential voter fraud perpetrated by the Republican Secretary of State candidate Charlie White. A section of the Indiana election code has been brought to my attention that increases the urgency of your investigation into these allegations.

3-8-1-1 Candidates to be registered voters

- ...
- (b) A Person is not qualified to run for:
 - (1) A state office;

...
Unless the person is registered to vote in the election district the person seeks to represent not later than the deadline for filing the declaration or petition of candidacy or certificate of nomination.

If your investigation into the legitimacy of Mr. White's voter registration on February 22nd reveals that Mr. White committed fraud there are serious concerns about his ability to appear on the ballot for the November 2nd election for Indiana Secretary of State.

As I mentioned in my previous letter, the Secretary of State is the chief elections officer of the state of Indiana and sets an example for all election administrators enforcing the election code. What example would be set if a candidate for that high office violated that code?

The discrepancies outlined in this letter and my previous letter could potentially disqualify Mr. White from his candidacy for Secretary of State, so your urgent attention to this matter is crucial. I call on you and your office to launch an immediate investigation into Mr. White's voter fraud.

I look forward to your response on this matter.

Sincerely,

Daniel J. Parker
Chair

Ms. Sonia J. Leerkamp
Hamilton County Prosecuting Attorney

BY FAX TO (317) 776-8469

RE: Investigation into possible criminal conduct of Charles P. (Charlie) White

Dear Ms. Leerkamp:

I have come into possession of information that indicates strongly that Charles P. (Charlie) White, former Fishers Town Council member, candidate for Secretary of State, and Hamilton County Republican chairman, may have violated one or more criminal statutes. The purpose of this letter is to formally request that a Grand Jury be convened, and a Special Prosecutor appointed, to investigate these matters.

In particular, I refer you to the following statute:

IC 3-14-2-11

Voting in other precincts

Sec. 11. Except as provided by IC 3-10-10, IC 3-10-11, or IC 3-10-12, a person who knowingly votes or offers to vote in a precinct except the one in which the person is registered **and resides** commits a Class D felony.

As added by P.L.5-1986, SEC.10. Amended by P.L.3-1987, SEC.466; P.L.10-1988, SEC.208; P.L.17-1993, SEC.17; P.L.12-1995, SEC.88. (Emphasis added)

In the May 2010 primary election, Mr. White voted from an address where he did not reside at the time, and has made a public admission of this fact. In order that you understand these issues, a timeline is in order.

- In 2006 or 2007, Mr. White was divorced from his former wife, Nicole. At that time, the couple resided at 7527 Broad Leaf Lane, Fishers, in Delaware Township. (Note: the divorce record cannot be located).
- In January 2007, Mr. White deeded the Broad Leaf property to Nicole.
- In January 2007, Mr. White moved his voter registration to an apartment where he then resided, and voted from that address through the November 2009 special election.
- On February 22, 2010, Mr. White submitted a change of address to the Voter Registration office changing his address back to the Broad Leaf address.

- On February 26, 2010, Mr. White closed on a new home, located at 13086 Overview Drive, Fishers, in Fall Creek Township, over 5 miles from where he was registered to vote. On the Sales Disclosure Form, Mr. White declares this new address to be his residence and claims it as his homestead.
- On May 4, 2010, Mr. White voted in the Republican primary in the Delaware 12 precinct, using the Broad Leaf address, when he had lived on the far side of Fishers for over 60 days prior to that. Per the enclosed copy of the poll book, the "Address Unchanged" box is checked. At that time, Mr. White had actual knowledge that he did not live at the Broad Leaf address.
- On May 28, 2010, Mr. White married Michelle Quigley White.
- On June 19, 2010, Mr. White filed a document with the Indiana Election Commission accepting the Republican nomination for Secretary of State. On that form, he lists the Overview address as his home, but the Broad Leaf address as a "mailing address".
- Last week, Mr. White finally changed his voter registration to the Overview address.

I believe that Mr. White took these actions intentionally, in order to retain his seat on the Fishers Town Council, for which he is paid a salary and may receive benefits, from the Town of Fishers. Under IC 36-5-2-6 and -6.5, Mr. White forfeited office the moment he moved out of his council district. However, he continued to receive his salary from the Town of Fishers, under false pretenses, and has not returned the same.

Additionally, the sale of the real estate is itself somewhat suspicious. Mr. White was formerly a salaried employee of the State of Indiana, and was not particularly well-paid. Yet, he appears (from the Sales Disclosure Form) to have paid \$264,000 CASH to the developer. As Mr. White was well-known to have many connections with real estate developers, some of whom sought approval for their developments in the Town of Fishers, one might at least find these circumstances suspicious.

There would appear to be more than sufficient cause to conduct a Grand Jury investigation to see if formal criminal charges should be filed. In addition, Mr. White's public explanations that he "forgot" to change his voter registration (he just changed it to a false address 4 days prior) and that he "didn't realize" that he moved outside of his council district on the complete other side of Fishers when he had drawn those districts as a member of the council, are completely absurd on their face. Other than these feeble attempts at explanation, Mr. White has ADMITTED the salient facts.

I can appreciate that given Mr. White's position as a leader of your political party, a party which controls all Hamilton County offices, that it might leave you or your successor in an

2

SPANGLER, JENNINGS & DOUGHERTY, PC

awkward position and leave you open to criticism. Therefore, I urge you to consent to the appointment of a special prosecutor from outside of Hamilton County to handle this matter.

I will be in touch later this week to discuss this matter.

Respectfully,

Gregory A. Purvis

Indiana Voter's Bill of Rights

Polls are open 6:00 a.m. to 6:00 p.m., local time

You have the right to vote in an Indiana election, if:

- You are a U.S. Citizen; AND
- You are a resident of Indiana; AND
- You will be at least 18 years of age at the next general election, November 2, 2010; AND
- You are not currently in prison after being convicted of a crime; AND
- You have lived in the precinct where you vote for at least 30 days before the election; AND
- You are registered to vote.

You have the right to vote in a free and fair election:

- You must present a government-issued photo ID to verify your identity before signing the poll list and casting a ballot. The document must meet the following requirements to qualify as a valid ID:
 - Show the name of the individual to whom the document was issued, (the name on the photo ID must conform to the name on the individual's voter registration record.) AND
 - Show a photograph of the individual to whom the document was issued; AND
 - Include an expiration date that shows the document:
 - (A) is not expired; or (B) expired after November 4, 2008; AND
 - Be issued by the State of Indiana or the US Government.
- If, 1. You are unable or decline to present the photo ID -OR-
 - A member of the precinct election board determines that the photo ID presented does not qualify as proof of identification, a member of the precinct election board will challenge you.
- After executing a challenged voter's affidavit, you may:
 - Sign the poll list; AND
 - Receive a provisional ballot

You have the right to vote:

- Privately and independently, in a voting booth that is free from any unauthorized materials.

Using a Paper Ballot:

- When using a paper ballot for an election or using a paper ballot during an emergency repair of the voting system, the following apply:
 - Check your ballot to ensure that it has the initials of both poll clerks on the back and is not marked or damaged.
 - Make a voting mark (an "X" or "4") in the circle or square to indicate the candidates or political party ticket for whom you wish to vote. If you cast a vote for a write-in candidate, clearly print or write the name of the candidate on the appropriate location on the ballot. If you make a mistake, you should request a replacement ballot from the clerks.
 - Fold the ballot so that your choices are secret and so that the initials of the poll clerks are visible.
 - Deposit the paper ballot into the ballot box.

Using an Optical Scan Ballot:

- Check your ballot to ensure that it has the initials of both poll clerks on the back and is not marked or damaged.
- Use the pen or pencil to shade in the oval, square, or circle (or connect the arrows) on the ballot to indicate the candidates or political party ticket for whom you wish to vote.
- If you vote for a write-in candidate, clearly print or write the name of the candidate on the appropriate location on the ballot. If you make a mistake request a replacement ballot from the clerks.
- Check your ballot to ensure that you have completely shaded in the symbols or connected the arrows.
- Place your ballot inside the envelope provided so that your votes are secret.
- Deposit your ballot in the ballot box or direct the judge to deposit your ballot for you.

Using a Direct Record Electronic Voting Machine:

- Touch the button or indicated location on the screen to vote for the candidates or political party ticket for whom you wish to vote. If you vote for a write-in candidate, type the name of the candidate on the appropriate voting system screen (or write the name and office on the paper roll beneath the appropriate window).
- Check to make certain that you have reviewed all the races on the voting system screens and voted in each of the races for which you wish to do so.
- Touch the large button or indicated location on the screen to cast your ballot.

You have the right to vote, using a fail-safe procedure if the following criteria apply to you:

Fail-Safe Procedures

If your name does not appear on the poll list, you are still allowed to vote if one of the following fail-safe procedures applies to you:

- Certificate of Error** - If your name does not appear on the poll list because of an error by the county. The county must issue a Certificate of Error before you are allowed to cast a regular ballot.
- Written Affirmation** - If, at one time, you were registered to vote in this precinct, but your name no longer appears on the poll list, and you are willing to sign a written statement (or make an oral affirmation in the presence of the inspector or one of the judges) that you still live at the same address.
- Receipt from Voter Registration** - If your name does not appear on the poll list, but you have a receipt from a voter registration agency indicating that you applied to register while the registration period was still open (before the last 29 days before the election), and the county voter registration office does not have any record of receiving the application, then you may vote after the information on your receipt is recorded on the poll list and you fill out a voter registration application.

More Fail-Safe Procedures

- If your name is on the poll list but the name or address listed does not match your current name or address, you may still qualify to vote if one of the following fail-safe procedures applies to you:
 - Moved within the precinct** - If your name is on the poll list but you have moved within the same precinct, you may vote if you sign the poll book with the new address.
 - Name Changed** - If your name is on the poll list but it has changed (example: due to marriage, divorce or adoption), you may vote if you sign the poll book with the new name.
 - Moved but still live in the same county and congressional district** - If you moved to another precinct that is still in the same county and congressional district regardless of when you moved, you may vote at your old precinct one last time. You must sign an affidavit provided by local election officials or make an oral affidavit of these facts in the presence of the precinct election board before proceeding to vote.
 - Moved within the State of Indiana in the last 30 days before the election** - If you moved to another precinct in Indiana within the final 30 days before the election, you may vote in your old precinct, one last time, by signing an affidavit provided by local election officials.
 - Moved outside the State of Indiana in the last 30 days before a presidential election** - If you moved from an Indiana precinct to a new residence outside of Indiana within the final 30 days before Election Day, you may vote at your old precinct one last time by signing an affidavit provided by local election officials. However, you will only be given a ballot to vote for president and vice president.

How to Cast a Provisional Ballot

What is a provisional ballot?

- A provisional ballot allows you to cast a vote if:
 - There is a question about your qualification to vote in the precinct (e.g., you are not on the poll book) which is not resolved by a fail-safe procedure and you believe you are qualified to vote in the precinct. -OR-
 - You have been challenged as not qualified to vote in your precinct (example: you did not have photo identification)
- A person may not challenge the right of an individual to vote at an election in the precinct solely on the basis of the individual's:
 - Enrollment in an educational institution; or
 - Registration to vote at an address that is housing provided for students by the educational institution;
 - Actual or perceived affiliation with a political party; or
 - Support or opposition to a candidate or the adoption of a public question.
- Your provisional ballot will be kept separate from the other ballots cast in that precinct. After Election Day, the county election board will decide whether you were qualified to vote in that precinct and whether your ballot should be counted.
- If you cast a provisional ballot, you have until noon 10 days after the election to follow up with the county election board and either provide the necessary documentation or affirm one of the photo ID law's exemptions applies to you.
 - You will be able to contact your county election board after Election Day to find out whether your ballot was counted, and if it was not counted, why not.
- There are several situations in which you may be required to cast a provisional ballot as a voter:
 - You are lacking the requisite photo identification
 - Your name appears on the poll list, but you have been challenged as not eligible to vote at the precinct for some other reason sworn to in writing by the person who challenges your eligibility to vote.
 - An order has been issued by a court extending the hours that the polls must remain open.

How do you cast a provisional ballot?

Generally, the same rules and procedures that apply to casting a traditional paper ballot apply to casting a provisional ballot, but there are some special procedures that are similar to casting an absentee ballot:

- You must mark the provisional ballot privately, unless you are entitled to assistance and request it.
- You enclose the provisional ballot inside a provisional ballot secrecy envelope provided for this purpose (Form PRO-2) and seal the envelope.
- You return the sealed envelope, with the ballot inside, to the inspector.

Please note: If you have a spoiled provisional ballot, the spoiled ballot must also be returned to the inspector before you can receive a replacement provisional ballot.

You have the right to other Voter Protections:

Voters Needing Assistance:

- A voter may be assisted in the voting booth ONLY IF:
 - You have a disability (permanent or temporary) or are unable to read or write the English language -AND-
 - Before entering the voting booth, you request assistance.
- If requested, the following individuals may assist a voter:
 - The voter may designate anyone to assist the voter (a relative, or friend). However, you may NOT designate your employer or union representative.
 - If you request assistance but do not designate someone else to help you, BOTH judges must accompany the voter into the voting booth to assist the voter.
- Completing the Affidavit of Voter Assistance at the Polls - Any person providing assistance to a voter (including the judges) must complete the Affidavit of Voter Assistance at the Polls (PRE-3), BEFORE entering the voting booth to assist a voter.

Accessible Polls - You have the right to a polling place that is accessible to a person with disabilities

Traveling Voting Boards - If you are confined due to illness or disability, you have the right to vote absentee at your place of confinement before a traveling absentee voting board.

Spoiled Ballots - Your ballot is "spoiled" if you vote for too many candidates running for the same office or if you vote by mistake for a candidate for whom you did not intend to vote. If you spoil your ballot, you have the right to return the spoiled ballot to the inspector and receive another ballot in order to cast a vote in that election.

Overvoting - If you cast multiple votes for a single office your vote will not be counted and is considered "spoiled" and cannot be counted for any candidate for that office. If you cast more than one "straight party" vote, your vote will not be counted for any candidates for any office listed under any party ticket. Please follow instructions under the Spoiled Ballot section above before casting your ballot.

Waiting at the Polls at Closing - If you have begun the process of voting, or are waiting in the chute to begin the process of voting, before the closing of the polls at 6:00 p.m., you have the right to cast a vote in that election.

Mail-in Registrants and First-Time Voters:

- If you submitted an application to register to vote by mail between January 1, 2003 and January 1, 2006 and have not previously voted in the county, you must provide additional documentation to the county voter registration office prior to voting to verify your residence.
- If you submitted an application to register to vote by mail after January 1, 2006 and have not previously voted in Indiana, you must provide additional documentation to the county voter registration office prior to voting to verify your residence.
- The identification documentation required may be either (1) a current and valid photo identification or (2) a current utility bill, bank statement, government check, paycheck, or government document that shows your name and address (at the address shown on the your registration).
- Identification documents may be submitted in the mail with the registration application, in person at the county voter registration office, or at the polls, no later than the close of polls on Election Day.
- The additional documentation requirement does not apply to an absent uniformed services voter or overseas voter or to an individual entitled to vote an absentee ballot under federal law due to a determination by the election division that a permanent or temporarily accessible polling place cannot be provided for that individual or for any other reason under federal law.

You have the right to free and fair elections:

Vote Fraud: If you knowingly vote at an election when you are not authorized to vote, you are committing a felony and can be fined up to \$10,000, jailed for up to three years, or both. Please be aware of the following prohibited acts of fraud and misrepresentation:

- You must not vote more than once in any election (please note that this does not include voting a replacement ballot after a spoiled ballot was invalidated).
- You must not procure or submit materially false or fraudulent voter registration applications in any election.
- You must not procure, cast or tabulate materially false, fraudulent or fictitious ballots in any election.
- You must not pay, offer to pay or accept payment for voting, registering to vote, withholding a vote, or voting for or against any candidate in any election.
- You may not make any false statement of claim that you are a citizen of the United States in order to register or vote in any federal, state, or local election.

Primary Elections

- If you are affiliated with either the Democratic Party or the Republican Party, you are entitled to vote for candidates of that party at the primary election. However, you must state which party you are affiliated with by asking the poll workers for the ballot of that party. You may only vote for candidates in the party whose ballot you select.
- If you are not affiliated with either of these two parties, you are still entitled to vote in any school board election or vote on a public question that is held on the same day as the primary without asking for a party ballot.

6. All mutilated and unvoted ballots shall be counted, placed in separate bags and sealed with the number of unvoted ballots marked on the outside.
 7. In elections where traditional hand counted paper ballots are used, tally the votes cast for each candidate, beginning with federal or state candidates, and record the totals on duplicate tally forms (called "Australian" tally sheets.) The original and duplicate forms must be in agreement before the results can be announced by the precinct election board. This certificate will be given to the inspector, together with one of the lists of voters and one of the tally sheets.
 8. In precincts using optical scan ballot card voting systems, place all ballot cards in the secrecy envelopes in the transfer case and lock the case for transfer to the central counting location. A ballot card may not be removed from a secrecy envelope containing a write-in vote.
 - **NOTE:** Special procedures may apply to ballot card systems that provide for counting ballots at the precincts instead of a central counting location.
 9. In precincts using **computerized voting systems**, the inspector obtains the printout of all votes cast. The inspector must then announce that the printout is available for inspection by watchers or other authorized persons in the polls. The inspector and judge of the opposite party return these ballots and materials to the county election board immediately upon tabulation of votes. State law (Indiana Code 3-6-6-28 and 3-12-2-7) provides that the inspector and judge of the opposite party are NOT entitled to be paid for their Election Day work if the inspector and judge do not return election materials to the county election board.

Rules for Manually Counting Votes at the Polling Place

1. The primary factor in determining the validity of any vote is **the intent of the voter**. If the intent of the voter can be ascertained, the vote should be counted.
2. If the voter writes the voter's name, initials, a number or a symbol on the ballot with the intent of identifying the voter who cast the ballot, the entire ballot is void and must be rejected.
3. If the voter marks more voting squares on the ballot for an office than there are candidates to be elected or nominated, **void the votes cast for that particular office only**.
4. If the voter marks more than one straight party ticket, the whole ballot is void **except** for any vote cast on a **public question** or for a **school board candidate**.

Revised September 2009

Introduction

Dear Precinct Election Boards,

Thank you for your service to the people of Indiana. Your work on Election Day is not just another job but one that ensures the survival of our democracy. All across the state, in more than 5,000 precincts, you are part of an army of dedicated inspectors, judges, poll clerks, assistant poll clerks, sheriffs, and other election personnel that is making this great experiment we call America possible.

I have no doubt that 2010 will be another great chapter in our electoral history. With your help, Hoosiers will once again make their voices heard. Thank you for your dedication to this great cause.

Sincerely,

Jeremy D. Burton

General Information

This handbook is designed to help Indiana's precinct election officials by providing basic information about Election Day procedures.

This manual is not designed to provide you with legal advice. If a complicated question of law or procedure arises, contact your county election board for assistance.

When using this manual, remember that three different types of voting systems are used in Indiana (traditional hand-counted paper ballots, optical scan ballot cards and computerized systems), therefore some information in this manual will not apply to every type of voting system.

This manual will be used in the primary and general elections in 2010. Precinct election boards should keep this handbook with their precinct supplies so that it may be reused.

If you wish to obtain additional copies of this handbook, please contact Jeremy Burton, HAVA Outreach Coordinator at (317) 232-6685. The handbook is also available on the Secretary of State's website at www.in.gov/sos/elections.

This manual reflects Indiana law as of September 2009. This information is subject to change by the 2010 session of the Indiana General Assembly. Please check www.sos.in.gov/elections for updates.

Chapter 1: People Working at the Polls

General Information

Precinct election officials include inspectors, judges, poll clerks, assistant poll clerks and sheriffs. These officials help to ensure a smooth and successful Election Day process.

The Inspector

1. The inspector acts as the “manager” of the precinct.
2. With the two judges, the inspector decides all matters that come before the precinct election board.
 - The precinct election board consists of the inspector and the two judges.
 - The poll clerks, assistant poll clerks and the sheriff are precinct election officials, but not board members.

Duties of the Inspector

1. The inspector shall **ask voters to provide photo ID**.
2. The inspector may challenge voters and accept voter challenges when a voter is not eligible to vote in the precinct.
3. The inspector **picks up election supplies** at least two days before the election. These supplies include ballots, poll lists and forms.
4. The inspector **administers the oath** to all poll workers. (PRE-1, *Precinct Oath Book*)
5. The inspector **announces the opening and closing** of the polling place.
6. The inspector provides for meals during Election Day (unless the county provides money for a meal allowance.)
7. The inspector is responsible for counting absentee ballots and comparing the signature on the envelope with the absentee ballot application.
8. Accompanied by the judge of the opposite political party, the inspector returns all election supplies to the county election board.

The Judges

There are two judges in each precinct—one from each party. The judges **assist the inspector in making decisions** on matters that come before the precinct election board.

Duties of the Judges

1. One of the judges shall **ask voters to provide photo ID** if the inspector has not already done so.
2. When requested, judges may **assist voters** with disabilities or voters unable to read or write the English language after completing the “Affidavit of Voter Assistance at the Polls” (PRE-3).
3. The judge of the opposite political party of the inspector must accompany the inspector in **returning election supplies** to the county election board.

Poll Clerks and Assistant Poll Clerks

1. Poll clerks ask voters to provide photo ID if the inspector or judge has not already done so.
2. The primary function of poll clerks is **record keeping and ballot control**.
3. Poll clerks assist voters in the process of signing the poll list.

Duties of the Poll Clerks and Assistants

1. Poll clerks shall **ask voters to provide or update their voter identification number**.
2. Poll clerks will ask voters to present additional documentation to verify the voter's residency when required. (See Chapter Four on Additional Documentation Requirements)
3. Poll clerks must **initial each ballot** (and secrecy envelope for counties using optical scan ballot cards) before giving the ballot to the voter.
4. In a primary election, poll clerks must be sure that the voter has been given the proper ballot and party identification card if the voter wishes to vote in a party's primary.
5. Assistant poll clerks provide assistance when needed, but are not required to sign the precinct's election returns or other certificates.

The Election Sheriffs

1. The sheriffs **maintain order** at the polling place.
2. The sheriffs direct voters through the chute to the proper check-point.

Duties of the Election Sheriffs

1. The sheriffs should regularly check the polling place to make sure that no unauthorized literature is in the polling place or within the chute.
2. The sheriffs should contact local police officials if a situation occurs where a voter or other person violates the law and may leave the polling place if necessary to do so. (**NOTE:** In some counties the position of Election Sheriff has been eliminated and the duties assumed by other poll workers.)
3. If no separate election sheriffs have been appointed for your polling place, and you are unclear regarding which poll worker has been assigned the duties of the election sheriff, contact the county election board.

Other Election Workers: Watchers, Challengers and Poll Book Holders

Certain individuals who are not precinct election officials have special privileges to observe the precinct election process: watchers, challengers and poll book holders.

Credentials

Proper credentials act as a means to identify other election workers on Election Day. These tags must include the individual's name, position (watcher, challenger or poll book holder), the name and position of the appointing authority (county chairman or county election board), and the party affiliation of the appointing authority if the appointing authority is a political party.

General Rules for Watchers

Watchers may be appointed by political parties, certain candidates, by the county election board in certain votes on public questions or by the media to monitor activities at the polling place. Media watchers represent local television stations, newspapers, news services and radio stations. Each political party or independent candidate may have only one watcher at each precinct at any time during Election Day.

-
- Watchers with proper credentials ARE allowed to enter, remain, leave and reenter the polling place as early as 5:30 a.m. and remain until the counting of the vote at the precinct (if any) is completed.
 - Each different kind of watcher is required to have credentials signed by the appropriate appointing authority.
 - All **political party watchers** must carry credentials signed by the county chairman of the watcher's party.
 - All **candidate watchers** must carry credentials signed by the circuit court clerk (or in certain cases, by the chairman of a candidate's committee).
 - Watchers in **elections on public questions** must have their credentials signed by the chairman of the county election board.
 - All **media watchers** must carry credentials signed by the county election board. Media watchers monitoring precincts in more than one county must carry credentials issued by the Indiana Election Division.
 - A member of a precinct election board may require the poll book holder to produce their credentials at any time.
 - Each political party or independent candidate (or a county election board in certain elections on a public question) may appoint a watcher for each precinct.
 - A watcher may NOT disrupt election procedures or interfere with election officials or voters.
 - Watchers may NOT handle election supplies and may NOT try to influence voters.

General Rules for Poll Book Holders

- Poll book holders are appointed by political parties, certain candidates and by the county election board in certain elections on public questions, to monitor the qualifications of voters.
- Poll book holders with proper credentials ARE allowed to enter, remain, leave and reenter the polling place as early as 5:30 a.m. and remain throughout Election Day until the polls close.
- Each political party or independent candidate (or a county election board in certain elections on public questions) may appoint a poll book holder for each precinct.
- The county chairman of the political party or the independent candidate must issue credentials to each poll book holder.
- Each political party or independent candidate may have only one poll book holder at each precinct at any time during Election Day.

General Rules for Challengers

- Challengers are appointed by political parties, certain candidates and by the county election board in certain elections on public questions, to monitor the qualifications of voters.
- Under a new state law, challengers ARE allowed to enter, leave and return to the polling place during Election Day in the same manner as poll book holders.
- The county chairman of the political party or the independent candidate must issue credentials to each challenger. A member of a precinct election board may require the challenger to produce their credentials at any time.

-
- Each political party or independent candidate may have only one challenger at each precinct at any time during Election Day.
 - The challenger may ask for the voter's name. The voter must immediately announce his or her full and true name to the challenger before proceeding to vote.

Who is Allowed in the Polling Place?

1. Voters casting ballots (and children under 18 years of age accompanying the voter)
2. Precinct election officials (inspector, judges, poll clerks, assistants and sheriffs)
3. Deputy election commissioners
4. Challengers, watchers, and poll book holders with credentials
5. An individual authorized to assist a voter in voting (See Chapter Nine on Accessibility).
6. A county election board member, acting on behalf of the board
7. A voting system mechanic, to repair a voting system, with credentials signed by each member of the county election board.
8. The county chairman or county vice-chairman of a political party with credentials signed by each member of the county election board.
9. The Secretary of State of Indiana, unless that person is a candidate for nomination or election to an office on the ballot that Election Day.

Who is Not Allowed in the Polling Place?

1. A precinct committeeman of a political party (unless the committeeman has challenger, poll book holder, or watcher credentials)
2. A party volunteer
3. An elected official (other than the Secretary of State, as explained above)
 - These people are NOT authorized to be in the polling place or the chute simply as the result of their status as a committeeman, a volunteer or an elected official. However, if they are a voter of that precinct, they may be in the polls for the time permitted to cast their ballot.
 - **NOTE:** Unauthorized persons must be told to leave the polls or the chute immediately.

Electioneering

State law defines "electioneering" as expressing support or opposition to any candidate or political party or expressing approval or disapproval of any public question in any manner that could reasonably be expected to convey support or opposition to another individual. **A person who commits electioneering within the polls or the chute commits a Class A misdemeanor.**

Partisan Activities at the Polls

Although "electioneering" as described above is prohibited, state law permits each poll clerk to keep a list of persons who have voted at the precinct (sometimes called a "wagon book") and to provide that list to a watcher or poll book holder. When noting or providing wagon book information, the poll clerk may not engage in electioneering and must not delay any voter who is waiting to vote or in the process of voting.

Chapter 2: Opening the Polls and General Information

Polling Place Hours

- The polls must remain open continuously from 6:00 a.m. to 6:00 p.m. prevailing local time.
- Once open, **no precinct election official may leave the polling place** until after the canvass of votes has been taken, or if ballots are not counted in the precinct, until after all election supplies have been prepared for return to the county election board.
- **EXCEPTION:** An election sheriff (or the precinct election official performing the duties of an election sheriff) as explained previously.

Check-list for Preparing the Polling Place

Precinct election officials in all polling places should:

1. Arrive at the polling place before the polls open to prepare the area for Election Day according to the instruction of the county election board.
2. Designate a 50-foot chute for voters to line up to enter the polls. The chute begins at the entrance to the room where voting will take place.
 - In some polling places, a 50-foot chute is not possible. Ask your county election board how to proceed.
3. If the inspector has not yet taken the oath, the inspector administers oaths to the two judges, and one judge administers the oath to the inspector.
4. Arrange the polling place to make traffic flow as smooth as possible while keeping voting booths and ballot boxes in the same room with precinct election officials. When locating the voting system that will be available for voters with disabilities, make sure that the voter's pathway through the polling place is unobstructed and easy to navigate.
5. Compare the official ballots with the sample ballots to make sure that all names, ballot positions and offices are correct. Notify the county election board immediately if a discrepancy is discovered in the ballots. If no discrepancies are found, the inspector and judges must complete the *Certificate of Ballot Agreement*. (PRE-1, *Precinct Oath Book*, step four. Figure 2-1)

STEP 4: CERTIFICATE OF BALLOT AGREEMENT

INSTRUCTIONS: Before the polls are opened in the precinct, the inspector and judges must compare the following portions of the sample ballots and/or official ballots (if they agree). CONTACT THE COUNTY ELECTION BOARD IMMEDIATELY AND ONLY COMPLETE THIS FORM AFTER THE BALLOTS HAVE BEEN COMPLETED.

We, the undersigned precinct election board, certify that before the opening of the polls, we personally compared the sample ballots with the official ballots to be used in this precinct to determine if the names, numbers and offices on the sample ballots agree with the names, numbers and letters on the official ballots. We certify that the sample ballots and the official ballots are in agreement.

Signed Inspector Ian Inspector

Signed Judge Joshua Judge

Signed Judge Judy Judge

Figure 2-1

6. Post copies of the sample ballot and voting instructions near the entrance to the polls and by each voting booth in plain view of all voters.

-
7. Display at least one copy of the Voter's Bill of Rights in a public place in the polling place (both English and Spanish versions).
 8. Check that all balloting and canvassing materials are on hand in the quantities needed and in good condition for voting, including blank voter registration application forms to provide to certain voters (See Chapter Four on Fail-Safes).
 - If you are missing any forms or supplies, contact your county election board immediately.

Notes to Remember

- If a precinct election officer does not show up or is disqualified, the highest-ranking member on the precinct election board of the same political party fills the vacancy until the county election board appoints a replacement.
- Under state law, the inspector is required to have received training regarding Election Day procedures, including making polling places and voting systems accessible to elderly voters and voters with disabilities. The county election board may also require other poll workers to receive this training. If necessary, contact the county election board regarding emergency training for individuals serving in these positions.
- Watchers, poll book holders and challengers with credentials are permitted to access the polling place beginning at 5:30 a.m.

Chapter 3: Photo ID

General Information

- Each voter must provide government-issued photo ID to a member of the Precinct Election Board (the inspector or one of the judges) before signing the poll list.
- The ID must fit the following criteria:
 1. The voter's ID **displays the voter's photo**.
 2. The voter's **name on the ID must conform** to the name on the voter registration record.
 - Conform does not mean match identically. For example, people not only use their given first name or common nicknames for their first name but also substitute their middle name for their given first name. People also commonly substitute an initial for their given first or middle name. Below are examples of names that would conform to "Robert John Crew":
 - Robert John Crew
 - Robert J. Crew
 - Robert Crew
 - R. John Crew
 - R. J. Crew
 - Bob John Crew
 - Bob J. Crew
 - Bob Crew
 - John Crew
 - J. Crew
 3. The voter's ID must **contain an expiration date** and either still be current or have expired sometime after the date of the most recent General Election (November 4, 2008)
 - Including Military ID's with expiration dates of "INDEF"
 4. The voter's ID must be **issued by the State of Indiana or the U.S. government**.
- In most cases, an Indiana driver's license, Indiana photo ID card, Military ID or US passport is sufficient.
- **NOTE:** The address on the voter's photo ID does NOT need to match the address on the voter registration record. However, certain "first time" voters who registered by mail will be required to provide additional documentation that DOES match their address on the voter registration record (See Chapter Four on Additional Documentation Requirements).
- If the voter is **unable or unwilling to present a photo ID** that meets these requirements, the voter may cast a provisional ballot (See Chapter Seven on Provisional Ballots).
- **No voter should be turned away from the polls for failing to provide photo ID.**
- If the voter is unable to obtain an ID, because the voter is indigent or has a religious objection to being photographed, the voter may claim this exemption from the ID requirement by appearing in person before county election board and affirming under penalties of perjury that the exemption applies (See Chapter Seven on Provisional Ballots).
- If the voter is registered to vote and resides in the state-licensed facility where the precinct's polling place is located, the voter is exempt from this ID requirement.
- If the voter does not already have a valid photo ID, the voter can obtain an Indiana photo ID card **free of charge** from any Bureau of Motor Vehicles license branch. For more information, please contact the BMV at (317) 233-6000 or visit their website <http://www.bmv.in.gov>.
- **NOTE:** All BMV locations that normally issue driver licenses and ID Cards will have extended hours on Election Day from 6:00 AM to 7:00 PM and the day before Election Day from 8:30 AM to 8:00 PM.

Photo ID Document Requirements at the BMV

If voters have questions about how to obtain a free photo ID from the BMV, the following is an abbreviated list of requirements.

A new issuance of a photo ID Card requires the applicant to present:

- One (1) Primary Document
- One (1) Secondary Document
- One (1) Proof of Indiana Residency Document. (A Primary or Secondary Document may also meet the Indiana residency requirement as long as the applicant's name and correct address are shown on the document)
- Social security card

OR

- Two (2) Primary Documents
- One (1) Proof of Indiana Residency Document
- Social security card

Proof of Indiana Residency (one required)

Any document from the list of Primary Documents or Secondary Documentation may be used as proof of Indiana residency as long as the document contains the applicant's name and residential address. For the purposes of this policy, a Post Office Box is not an acceptable residential address.

- Utility Bill
- Other Current Bill or Benefit Statement (within 60 days of issuance)
- Voter Registration Card
- Child Support Check from FSSA with name and address of the applicant attached
- Change of Address Confirmation Form (CNL107) from U.S. Postal Service listing old and new address
- Indiana Property Deed or Tax Assessment
- Indiana Residency Affidavit

NOTE: These are NOT comprehensive listings of all that would qualify for each type of required documentation. Additionally, these requirements apply to state photo ID cards, NOT driver's licenses. In addition, stricter documentation standards will come into effect in 2010 (See page 12).

Interim Photo IDs

Because of new documentation guidelines that become effective in 2010, some voters may be issued interim driver's licenses or identification documents from the Indiana Bureau of Motor Vehicles until their permanent IDs are made available (See Figure 3.1 below for an example of an interim Photo ID).

An interim driver's license or identification card will have the same information and photograph as a permanent license or identification card. The interim documents are valid for 14 days while the permanent card is being produced at a central location and mailed to the customer.

Some voters will also have an Indiana Driver's License or Identification Card with the words "Not valid for Federal identification" printed on the front of the cards.

All of these documents meet the requirements of Indiana law to be valid for voter identification purposes.

Figure 3.1

Chapter 4: Additional Documentation Requirements

General Information

- Some voters are required to present additional documentation to the county voter registration office that confirm the residence address of the voter. **NOTE: This is in addition to the photo ID “proof of identity” requirement.**

Who is affected by this requirement?

- This requirement only applies to a voter who:
 1. **Registered to vote for the first time.**
 - In the **county** on or after **January 1, 2003** and before **January 1, 2006 OR**
 - In **Indiana** after **January 1, 2006 AND**
 2. **Submitted an application to vote by mail.**
 - **NOTE:** this would not include a voter who submitted an application at a license branch or other voter registration agency.
- Even within this group of voters, some are exempt from this requirement:
 1. Military and overseas voters
 2. A voter who presented this documentation to the county voter registration office with their registration application
- These voters were notified of this requirement when the county received the voter’s registration application and also if the voter applied for an absentee ballot.

Additional Documentation Procedure

- The precinct poll list will indicate which voters are required to present this additional documentation. If your poll list does not appear to do so, contact the county election board immediately.
- **The poll clerk checks the poll list** to determine if a voter is required to present documentation. If so, the poll clerk requests a document to fulfill the requirement from the voter. If not, the voter may proceed through the normal voting procedures.

What kinds of documents are acceptable?

- The voter may present any of the following types of documents to the poll clerk to meet the additional documentation requirement:
 1. **Indiana Driver’s License or Indiana State Identification Card**, with the voter’s current name and address.
 - **NOTE:** An Indiana Driver’s License or Indiana State Identification Card may meet both the photo ID requirement and the additional documentation requirement if it fulfills the unique requirements for each.
 - For example, to fulfill the photo ID requirement the document does NOT need to contain an address that matches the address on the poll list, but must meet the other requirements. However, to meet the additional documentation requirement, the voter need only present a document that contains a matching name and current address to the poll list.

Other Documents that meet the Additional Documentation Requirement

- 2. Any other current and valid photo ID that contains the voter's current name and address
 - 3. A current utility bill, with the voter's current name and address
 - 4. A bank statement, with the voter's current name and address
 - 5. A government check with voter's current name and address
 - 6. A paycheck with voter's current name and address
 - 7. Any other government document that shows voter's current name and address
- Upon receiving the documentation from the voter, the poll clerk shall take the following steps:
 1. Determines which type of document has been presented, according to the categories listed above.
 2. Determines if the document is current and has the voter's current name and address.
 3. If the document is acceptable under Step 2, the poll clerk writes the correct document code listed below, on the poll list at an appropriate spot by the voter's name.

Type of Documents	Document Code
Indiana Driver's License or Bureau of Motor Vehicles ID Card	DL
Current and Valid Photo ID	PH
Current Utility Bill	UB
Bank Statement	BK
Government Check	GV
Paycheck	PY
Other Government Document	GD

4. After completing these steps, the poll clerk returns the document to the voter.
 5. After completing this process, the voter is given a regular official ballot, unless there is some other question regarding the voter's eligibility to vote (See Chapter Seven on Provisional Ballots).
- **NOTE:** If the voter does NOT have an acceptable document to present, the voter may leave the polls and return before the polls close on Election Day with the acceptable documentation and vote, if otherwise qualified.
 - If the voter has already signed the poll list, or for any other reason will not or cannot present a document that meets this requirement before the polls close, the voter is allowed to vote using a provisional ballot (See Chapter Seven on Provisional Ballots).
 - The poll clerk is required to advise the voter that the provisional ballot can be counted only IF the voter files a copy of an acceptable document with the county voter registration office no later than the closing of polls at 6 p.m. on Election Day. It may also be possible to FAX a copy of a document to the county voter registration office for filing if that office has the ability to receive the FAX.

123

More Information

- Poll lists are printed prior to Election Day, allowing for the possibility of voters presenting the required documentation to the county election board after the poll list has been printed. As a result, there may be some voters identified on the poll list as required to provide documents who have already met this requirement before the polls open on Election Day. If this is the case in your precinct, the county election board will provide a certificate to the inspector along with the poll list and other supplies.
- If possible, the poll clerks should use this document to mark the poll list before the polls open to indicate which of these voters should NOT be asked to present additional documentation, based on the information provided in the certificate.
- The county election board will visit post offices on Election Day to pick up and process mail that might contain copies of additional documents provided by these voters. If additional documents from these voters are received in the mail on Election Day, the county election board will attempt to contact the precinct to provide you with this information.
- If you have questions regarding how to apply the additional documentation requirement, contact the county election board.

Chapter 5: The Voting Process and Fail Safes

Issuing Ballots

1. Upon entering the polling place, each voter must give the voter's name and photo ID to the inspector, a poll clerk or one of the judges **before signing the poll list!**
 - If a voter signs the poll list first, by mistake, but does not have a document that meets the photo ID requirements, the voter will NOT be allowed to leave and return later on Election Day to present this document. Instead, the voter must cast a provisional ballot (See Chapter Seven on Provisional Ballots).
 - **EXCEPTION:** If a voter who is a member of the military or public safety officer signs the voter's name and either:
 - (1) writes the voter's address; or
 - (2) checks the "Address Unchanged" box;on the poll list and then leaves the polls without casting a ballot or after casting a provisional ballot, the voter may reenter the polls to cast a ballot at the election. This voter must notify a precinct election officer that the voter is leaving the polls to respond to an emergency as a member of the military or public safety officer.

A poll clerk or assistant poll clerk shall make a notation on the poll list with the voter's name indicating that the voter has left the polls for this purpose and the time the voter left the polls. If the voter returns to the polls, the voter shall be permitted to vote if the voter executes an affidavit stating all of the following:

- (1) The name of the voter.
 - (2) That the voter is a member of the military or public safety officer.
 - (3) The military or public safety position the voter holds.
 - (4) That after the voter signed the poll list, but before the voter voted, the voter was called to respond to an emergency.
 - (5) A brief description of the emergency to which the voter responded.
 - (6) The time at which the voter returned to the polls.
2. If the inspector, a poll clerk or one of the judges determines that the voter's photo ID document meets the requirements, the voter will be sent on to the poll clerks where his or her name will be located on the poll list.
 3. If voter's name IS on the poll list please skip ahead to the section entitled, "Issuing Ballots Continued."
 4. If the inspector or one of the judges determines that the document does not meet these requirements, then they shall challenge the voter. (See Chapter Six on Challenging a Voter).
 5. If a person's name CANNOT be located on the poll list, please refer to the "Fail-Safe" section of this handbook (below) to decide which (if any) of the procedures would entitle the person to vote in the precinct.

No one should ever be turned away from the polls. No matter what, they can always cast a provisional ballot!

Fail-Safe Procedures for Voters not on the poll list

- If the voter fits into one of the following three situations he or she is eligible to vote by regular ballot. If these fail-safe procedures do not apply, the voter may cast a provisional ballot.

Situation #1: If a voter's name has been left off the poll list by mistake and a poll worker is able to confirm with the County Clerk or Voter Registration Office that the voter is in fact registered to vote in the precinct.

- When a voter's name does not appear on the poll list through an error by the county, the precinct election officials must first obtain a "**Certificate of Error**" from the county voter registration office before allowing the voter to cast a ballot.
- Most counties allow a voter to vote after confirming over the telephone that a "Certificate of Error" will be issued to the voter and do not require delivery of the certificate to the polling place.

Situation #2: If a voter's name is NOT on the poll list but the county voter registration records show that the voter was formerly registered in the precinct and was since canceled.

- This voter must be allowed to vote in the precinct if the voter is willing to sign a written statement (or make an oral affirmation) in the presence of the inspector or one of the judges that the voter continues to reside at the address formerly shown on the county's voter registration record. (If the voter makes an oral affirmation, the poll clerks must write down the information for the voter and initial the statement.)
- After the affirmation procedure is complete, this voter must be allowed to vote in the precinct. The county election board will be notified immediately so the error can be corrected in the other precincts where the voter's name may be included incorrectly on the poll list.

Situation #3: If a voter's name is NOT on the poll list, but on Election Day the voter has a receipt of a voter registration application (VRG-6: Indiana Agency Voter Registration Application) indicating that he or she applied to register at a state agency, while the registration period was still open.

1. If the person produces the agency registration receipt and wishes to vote, **Check the date on the receipt** to determine if the voter applied BEFORE the registration period closed (On or before April 5, 2010 for the 2010 Primary Election and on or before October 4, 2010 for the 2010 General Election).
 - **If the date on the receipt is before the end of the registration period**, contact the county election board immediately to determine if the county voter registration records provide any information about this person's application.
 - **If the date on the receipt is after the registration period deadline** the voter is NOT eligible to vote.
2. If the county records show that this person's registration application **has been APPROVED**, the voter is entitled to vote at the precinct and has been left off the poll list. You may use the "Certificate of Error" procedure described above and permit this person to vote a regular ballot.
3. **If the county records show that this person's registration application has been REJECTED**, inform the person and advise them to contact the county election board to resolve this problem.

How to Administer the Photo ID Requirement at the Polls

127

-
- days before the election, the voter must produce or sign before the inspector an "Affidavit of Request for Transfer of Registration" (VRG-4/12, figure 5-1) before the voter may proceed to vote. **NOTE:** If the inspector did not receive blank copies of the VRG-4/12 form for the use of voters, contact the county election board immediately.
- B. **Request for transfer within the same county and same congressional district:** If the voter moved outside the precinct to another precinct that is still in the county and is also in the same congressional district, regardless of *when* the voter moved, the voter must sign an "Affidavit of Request for Transfer of Registration" (VRG-4/12) in the presence of the inspector or a precinct judge before the voter may proceed to vote.
- The voter may also make an "oral affirmation" of this information in the presence of the precinct election board. If this happens, the poll clerks must complete the VRG-4/12 form for the voter and initial the form in the indicated places.
 - If the voter insists on voting, despite failing to qualify for one of the "Fail-Safe" procedures, the voter can vote using the provisional ballot procedures.
 - The challenger should document the voter's failure to qualify for these procedures on the challenge form (Form PRE-4).
3. In primary elections, the voter must announce the party for which the voter intends to vote. The primary ballots for each party will be different colors or easily distinguished from each other in some other way. Be sure that each voter is given the correct party ballot. **The voter's party choice must be written on the poll list.**
- **NOTE:** A voter is allowed to vote for ONLY school board offices or on a public question placed on the ballot at the same time as the primary election WITHOUT requesting a political party ballot.
4. **Both poll clerks must place their initials on the back of each ballot** or ballot card (and on the ballot card secrecy envelope) in the clerk's own handwriting or printing at the time of issuing the ballot. After the voter has signed the poll list, the poll clerks will issue each voter a ballot and mark the poll list to indicate that the voter has voted at the election. (In counties using an optical scan ballot card voting system, a secrecy envelope is issued with the ballot card). **Do NOT give a voter a ballot until a voting booth is available.**
5. The optical scan ballot card will either be fed by the voter into a tabulating machine at the precinct, or if the ballot cards are taken to a central location for counting by the county, the optical scan ballot cards will be deposited in a ballot box. Before depositing ballots into the ballot box, the ballot must be folded so that only the poll clerks' initials can be seen.

Spoiled Ballots

- If a voter accidentally spoils, mutilates or defaces a ballot, the voter is entitled to ask for another ballot from the poll clerks.
- The spoiled ballot is to be marked **void** by the precinct election board in the presence of the voter. The poll clerks will make a notation of each voided ballot on the poll list. Each voided ballot must be placed in a special envelope.
- **Do not put voided ballots in the ballot box.**

-
4. If the county voter registration office has **NO INFORMATION** regarding this person's voter registration application, and if this person is willing to sign the poll list for the precinct in effect swearing under the penalties of perjury that the person is a qualified voter of the precinct, the person must be allowed to vote.
 - In this case, the voter should not be challenged or issued a provisional ballot if there are no other questions concerning the voter's eligibility to vote.
 - However, since the original registration documents concerning this voter cannot be located, the voter is given a blank voter registration application form to complete. The inspector and judges attach the completed form to the poll list, and return the form to the county for processing so that a Certificate of Error would not be necessary for this voter at the next election.
 5. **If there is NO DATE on the receipt indicating that the voter applied before the end of the registration period**, the voter may cast a provisional ballot (See Chapter 7 on Provisional Ballots). The challenger should document on the Challenged Voter's Affidavit (PRE-4; front) that there was no date on the receipt presented by the voter, so the county election board will have this information available in determining whether to count the provisional ballot.
 - **NOTE: If the voter is allowed to vote, because the county election board confirms that the voter's application was APPROVED**, or, because the county voter registration office **has no information regarding this person's voter registration application**, or, because the voter complied with the procedures when **NO DATE** is listed on

Voter Moved **WITHIN** the State of Indiana

NOTE: If a voter moves out of state he or she is NOT eligible to vote in Indiana in a non-presidential election year. Additionally, in a Municipal Election, use of the VRG-4/12 is only acceptable when a voter has moved **WITHIN** the same City or Town.

Chapter 6: Challenging A Voter

General Information

- Procedures exist to challenge a voter who may not be eligible to vote in a precinct.
- **Challenge procedures must be used with caution.**
- It is against the law for a person who is not eligible to vote in the precinct to attempt to cast a ballot or for a precinct election official to knowingly fail to challenge an ineligible person. It is also against the law for a precinct election official to challenge a voter that the official knows is in fact eligible to vote.

Who may Challenge a Voter?

1. A **member of the precinct election board** (the inspector or either judge).
2. A **poll clerk** (but only if the clerk does so based on a **questionable signature by the voter on the poll list**)
3. A challenger appointed by a candidate, or a political party, with the proper credentials.
4. During a primary election, a voter who is a member of the political party whose ballot is being requested by the voter

Situations in which a Challenge Should be Issued

1. If the voter is unable to present photo ID that meets the photo ID requirements
2. If the **voter's name does not appear on the poll list** (the voter is not registered to vote in the precinct) unless the voter qualifies to vote using one of the "Fail-Safes" explained in Chapter Five of this manual
3. The voter's name appears on the poll list, but the **voter does not currently reside in the precinct**, unless the voter qualifies to vote using one of the "Fail-Safes" explained in Chapter Five of this manual.
4. The poll list indicates that the voter is also required to present additional documentation, but is not able to do so (See Chapter Four on Additional Documentation).
5. The voter is not a U.S. citizen.
6. The voter will not be 18 years of age or older at the general election.
 - **NOTE:** Otherwise qualified 17 year olds may vote in a primary election, but NOT for a school board office, political party office (such as precinct committeeman or state convention delegate) or on a public question voted on at the same time as the primary.
7. The voter's signature on the poll list does not match that on the registration record of the county.
8. In a primary, the voter is not affiliated with the party whose ballot the voter is requesting.
 - **EXCEPTION:** A voter challenged in a primary due to party affiliation is NOT issued a provisional ballot. If the challenged voter is willing to complete and sign the challenged voter's affidavit (PRE-6), then **the voter is issued the regular ballot of that party, which is NOT kept separate from the undisputed ballots cast in the precinct.**

Challenge Procedures

1. The person challenging the voter must complete an affidavit stating the specific reasons for the challenge (PRE-4; front, *figure 6-1*).

If the challenged voter completes the reverse side of this form, the challenger's name is placed on a provisional ballot. Chapter 7: Provisional Ballots

General Information

- Provisional voting is a way for a voter to cast a ballot at the polls on Election Day when they are challenged because of one of the situations explained in Chapter Six of this manual.
- **The precinct election board should first try to resolve a voter's eligibility issue by applying a fail-safe provision.**
- However, if one of the fail-safe provisions does NOT apply, the voter should be offered the opportunity to cast a provisional ballot so that the county election board can resolve the voter eligibility issue after the polls have closed.
- Provisional ballots must resemble the ballots provided to other voters at the election, however, there are some differences.
 1. A provisional ballot will state that it is a provisional ballot.
 2. A provisional ballot will have the circuit court clerk's seal and signature printed on the ballot, much the same as an absentee ballot.

Provisional Ballot Step-by-Step Instructions

1. The provisional ballot process begins when the challenger and the voter complete the Challenged Voter's Affidavit (PRE-4) on which the challenger indicates **why the voter is being challenged**. The form will have pre-written reasons that should cover the most common situations for issuing the provisional ballot. Simply check the appropriate box and sign the front of the form.
 - If the voter does not have photo ID which meets the "proof of identification" requirements, check "Other" box and in the following space, indicate "No Photo ID" or "Insufficient Photo ID." (figure 7-1)

INSTRUCTIONS: After the challenger completes this affidavit, the challenged voter may complete the reverse side of this form. If the challenger has not completed the reverse side of this form, the challenged voter is not to be cast a provisional ballot. Do not use this form to challenge a voter at a primary election due to the voter's eligibility for the "No Photo ID" request.

STATE OF INDIANA, COUNTY OF Allen

GENERAL INFORMATION

I, the undersigned, believe that Vicky Voter is not a legal voter in this precinct, for the following reasons:

Voter Eligibility - Fail-Safe Procedures

1. This voter's name is not on the list of voters on the poll list, and is NOT eligible to vote by using a fail-safe procedure.

2. The voter's name is included on the poll list, but this voter does not currently reside in the precinct, and is NOT entitled to vote in this precinct by submitting a VRS-412 form or a VRS-415 form under "Fail-Safe" procedures.

Voter Identification

3. This voter was unable or declined to present proof of identification when required by law to do so.

4. The voter is identified on the poll list but failed to present an additional document that can verify the voter's identity and current residence address, but has no date to do so.

Voter Eligibility - General Requirements

5. This voter is not a U.S. citizen.

6. This voter will not be 18 years of age or older at the general election.

7. The voter's signature on the poll list does not match the signature on the voter's registration record.

8. Other:

(Provide a brief description of other reasons)

I submitted the information from Charlie Challenger

(Challengee's name to be printed on the back of the ballot)

CHALLENGER AFFIRMATION

I swear (or affirm) that the foregoing statements are true, to the best of my knowledge and belief, and understood that making a false statement on this affidavit is punishable under the penalties of perjury.

(figure 7-1)

-
2. The inspector determines that the PRE-4 has been properly completed by both challenger and voter.
 3. The voter signs the poll list and confirms the voter's residence address information on the poll list.
 4. Both poll clerks must initial the back of the provisional ballot before providing it to the voter (with a PRO-2 security envelope).
 5. The voter marks the provisional ballot in secret and seals the provisional ballot inside the PRO-2 envelope.
 - If a voter spoils the provisional ballot, the voter requests a replacement ballot. The inspector receives the spoiled ballot, marks the ballot as "VOID", and places the ballot inside the PRO-6 envelope with any other spoiled provisional ballots. The voter is then given another properly initialed provisional ballot.
 6. The voter then completes the PRO-2 envelope and hands it to the inspector.
 7. If the Challenged Voter's Affidavit (PRE-4) is printed as a separate document, the inspector must fasten it to the OUTSIDE of the PRO-2 envelope.
 - **The PRE-4 form should never be placed inside the PRO-2 envelope with the ballot or be separated from the PRO-2 envelope after the PRO-2 envelope is returned by the voter.**
 8. The PRO-2 envelope (with the PRE-4 attached) is placed into the provisional ballot storage envelope (PRO-4).
 9. The inspector hands the instructions to provisional voters form (PRO-9) to the voter, which contains county contact information and explains provisional ballot follow-up information.
 - **EXCEPTION:** If a court order has extended the hours that the polls are open, a voter who arrives at the polls during the extended hours is NOT required to sign the Challenged Voter's Affidavit (PRE-4) to receive a provisional ballot.
 - If this occurs, provide the voter with the provisional ballot that has been initialed by the poll clerks and a secrecy envelope (PRO-2). The voter should be directed to fill out the voter information portion of the form on the outside of the secrecy envelope. This type of provisional ballot will be sealed in the PRO-2 envelope, and then returned to the county election board in the special PRO-5 envelope.
 10. After the polls close at 6 pm, the inspector, judges, and clerks must fill out the information required on the outside of the PRO-4 and PRO-6 envelopes, sign and seal them before for transporting the supplies back to the county election board.
 - **NOTE:** When returning the election materials to the county election board, please let the election board staff know if any voter in the precinct has cast a provisional ballot.

Chapter 8: Voting Systems

Traditional Hand Counted Paper Ballot Voting

If you are using traditional hand-counted paper ballots for an election or using paper ballots during an emergency repair of the voting system, the following instructions apply to your polling place.

1. Check each voting booth to see that it has a pencil or pen, depending on which writing implement the county election board has decided to supply, is adequately lighted, offers privacy, and contains no unauthorized materials.
2. Make sure that ballot boxes are empty, correctly marked or identified and properly locked. The inspector should keep one key, and the judge of the opposite political party should keep the other.
3. Make sure paper ballot package seals remain intact. The inspector will open the packages and give the poll clerks 25 each of the state and local ballots. The poll clerks will then write or print their initials on the back of each ballot.
4. Check the ballots to make sure that none of the ballots are marked or torn.

Optical Scan Ballot Card Voting

If you are using optical scan ballot cards for an election, or during an emergency repair of a computerized voting system, the following instructions apply to your polling place.

1. Check to see that devices are sealed properly, and verify the device serial numbers on your certification of inspection.
2. Make sure that ballot card package seals remain intact. The inspector will open the packages and give the poll clerks 50 each of the state and local ballots. The poll clerks will then write or print their initials on the back of each ballot.

Direct Record Electronic (DRE) / Touch Screen Voting Systems

Officials at polling places using “all electronic” voting systems should:

1. Determine if the names, numbers and letters on the ballot label on each DRE are in agreement with the sample ballot.
 2. Determine that the system records that zero (0) votes have been cast for each candidate and on each public question and assure that the system is otherwise in perfect order. The precinct election board should then certify that the official ballots and the sample ballots are in agreement, the system records zero (0) votes cast; and the system appears to be in perfect order.
 3. See that all voting systems are in proper running order and prepared for voting.
 4. For primaries, make sure the voting system is set so that the voter only votes for candidates in one party.
- **NOTE:** Remember that voters are allowed to vote for ONLY school board candidates or on referenda elections held at the same time as the primary. Unless paper ballots are being used to vote in these elections, make certain the voting system will permit voters to vote for “school board only” and only on referenda if the voter wishes to do so.
 - For more information on the voting systems used in your county, please contact your county election board. Additionally, the Voting Systems Training Video, covering all new voting systems in use in the state, is available at <http://www.in.gov/sos/elections/2652.htm> and local libraries statewide.

Chapter 9: Accessibility

General Information

The Help America Vote Act (HAVA) is a federal law that requires each polling place to be accessible to elderly voters and voters with disabilities. Before Election Day, the persons recommending where polling places should be located take care to designate polling places that meet accessibility standards, and county election administrators have also purchased voting systems that meet these accessibility standards.

Your Duties

As a poll worker, you must understand the accessibility features of the equipment in your polling place in order to protect the rights of voters with disabilities. All voters have the right to vote privately and independently. **No voter may be denied the right to vote because of any mental, physical or sensory limitation.**

Election Day Accessibility Guidelines

1. Be considerate of the extra time a voter with a disability may need.
2. Be aware that voters may request to be accompanied and receive assistance by another person in the voting booth.
3. Speak directly to the voter who has a disability rather than to a companion who may be accompanying the voter.
4. Speak calmly, slowly and directly to a voter with a hearing impairment. If full understanding is doubtful, write a note to the voter.
5. Ask before offering assistance to a voter and wait for your offer to be accepted. Then listen or ask for instructions before assisting.
6. Greet a person who is visually impaired by letting the person know who and where you are. Provide a guiding device such as a ruler or a card for signing forms. When offering walking assistance, allow the person to take your arm and tell the person if you are approaching steps or an incline.
7. Be aware that dogs assisting people with disabilities must be admitted to all buildings.
8. Have chairs available for voters who are unable to stand for long periods of time.

Voting Area Guidelines

- Each polling place must have at least one voting system equipped for individuals with disabilities, such as direct record electronic voting system.
- The accessible voting area must be on an accessible route and have adequate maneuvering space for voters who use wheelchairs or other mobility aids. Allow approximately five square feet for a wheelchair to navigate behind and around the machine.
- Blinds on windows behind check-in staff should be closed so voters who read lips can communicate with workers.
- Tables should have a clear knee space of at least 27 inches.

Assisting Voters with Disabilities

A voter may be assisted in the voting booth **ONLY IF**:

1. The voter has a disability (permanent or temporary) or is unable to read or write the English language; AND
2. The voter, **before entering the voting booth**, requests assistance.

The following individuals may assist a voter, if requested to do so:

1. The voter may designate anyone to assist them, including a relative, or friend. However, a voter may **NOT** designate the voter's employer, an officer of the voter's union or a union representative.
2. If the voter requests assistance, but does not designate someone else to help them, **BOTH** judges must accompany the voter into the voting booth to assist the voter.
 - A person providing assistance to a voter (including the judges) **must complete the Affidavit of Voter Assistance at the Polls (PRE-3) BEFORE** entering the voting booth to assist a voter.

Accessible Voting Systems

- Precinct election officials may not leave the polling place with election materials to permit a voter to vote in the street or from an automobile. **The voter MUST enter the polling place to cast a ballot.**
- Accessible voting systems are designed to meet the needs of voters with physical and sensory impairments. Please review instructions for operation of the accessible system(s) in your polling place.

HAVA Fraud and Accessibility Grievance Procedure and Toll-Free Hotline

- A toll free grievance hotline now exists for voters to express concerns about a polling place's accessibility limitations or concerns about fraudulent activities on Election Day.
- The number is: 866-IN-1-VOTE (886-461-8683). HAVA staff will be on hand to answer calls from **6:00 AM to 7:00 PM** and from **8:00 AM to 4:30 PM, Indianapolis time**, on regular business days.
- The grievance form is available on the Secretary of State's web site, www.sos.in.gov/elections and must be written, signed and notarized.
- Voters with disabilities needing assistance regarding accessibility issues may also contact Indiana Protection and Advocacy Services (IPAS) at:
 - 4701 N. Keystone Ave. #222
Indianapolis IN 46205
(toll free) 800-622-4845

Chapter 10: Absentee Ballots

Counting Absentee Ballots

Counties can choose to use one of these two ways of counting absentee ballots:

1. Some counties have voted to use a procedure authorized by state law to have absentee ballots counted at a central location rather than at their precincts.
2. Other counties count absentee ballots at the polls.

Step-by-Step Guide to the Absentee Ballot Process

1. Make sure that the ballots are from the voters of that precinct by removing the list of voters who have cast absentee ballots from the outer carrier envelope and checking a few names against the poll list.
2. Sign a receipt for the absentee ballots that are delivered from the county election board.
3. Remove all other materials from the outer carrier envelope in which the ballots were delivered.
 - Check each ballot envelope to make sure that the envelope is **complete, signed and dated**. Compare the signature on the absentee ballot envelopes with the signatures on the absentee ballot applications. State law does not require that the voter's signature on the absentee ballot envelope be notarized.
 - If the ballot envelope was completed by an individual who holds a power of attorney for the voter, the name of the attorney must be indicated on the envelope and a copy of the power of attorney attached to the absentee ballot application.
4. Check the poll list to make sure that the absentee voter is a registered and qualified voter of the precinct. When checking the poll list, make certain that the voter has not already voted in person at the polls in this election.
5. Announce the absentee voter's name. The poll clerks will make a notation on the poll list that the voter has voted absentee.
6. Open each ballot envelope, remove the ballot(s) without unfolding or defacing the ballot(s). Check each ballot for the signature and seal of the circuit court clerk and the initials of the members of the absentee voter board or county election board.
7. Place the ballot in the ballot box.

Counting Absentee Ballots Before the Polls Close

A precinct election board may count absentee ballots before the polls have closed, but is not required to do so. If these ballots are counted before the polls close, the precinct election board may not give any information concerning the results to any other person. It is a **Class D felony** to violate this law.

Rejecting an Absentee Ballot

The inspector shall reject an absentee ballot if:

1. The voter has already voted in person.
2. The voter is not a legally qualified voter of the precinct.
3. The voter died before Election Day. Proof must be given (such as a death certificate) before rejecting a ballot based on this ground.
4. There is no voter's signature on the ballot envelope, or if a copy of the voter's signature has been provided to the precinct election board, and the signature on the ballot envelope does not correspond with the signature on the ballot application.
 - **NOTE:** In some cases, the voter may have been disabled or injured after signing the original voter registration card. If a voter's signature on the envelope is a mark, "X," for example, that has been witnessed by the members of an absentee board, the inspector may rely on the bipartisan witnesses to the voter's signature in determining whether to accept or reject the absentee ballot under this provision.
5. The ballot envelope is open or has been resealed.
6. The absentee ballot affidavit is insufficient or the ballot has not been endorsed with the initials of the two absentee voter board members, the two appointed county election board members, or the two representatives appointed by the county election board members.
7. The ballot envelope contains more than one (1) ballot of the same kind for the same offices or public questions.
8. In a primary, if the voter has not previously voted, the voter has failed to execute the proper declaration relative to the voter's age and qualifications or to designate the political party with which the voter intends to affiliate.
 - **NOTE:** This does not apply if a voter is voting ONLY for school board offices or on public questions on the ballot at the same time as the primary.
 - If an absentee ballot is rejected, the ballot shall not be accepted or counted. On the back of the ballot, without unfolding or disclosing it, the inspector must write the word "REJECTED" and state the specific reasons for rejecting the ballots.
 - All rejected absentee ballots shall be enclosed and securely sealed in an envelope on which the inspector shall write: "DEFECTIVE ABSENTEE BALLOTS" with the precinct name and date.
 - The inspector and judge of the opposite party must return these ballots with the other ballots after the polls close.

Challenging an Absentee Ballot

- It is also possible to challenge an absentee ballot in the same manner that a voter can be challenged in person (See Form PRE-4). A challenged absentee ballot will be processed as a provisional ballot. The absentee ballot secrecy envelope must be marked as a provisional ballot.
- The challenged absentee ballot will be kept separate from the other absentee ballots processed by the precinct election board, and returned unopened to the county election board. The county election board will then determine whether this ballot will be counted.
- **DO NOT put defective absentee ballots or provisional ballots in the ballot box!**

Voting in Person and Absentee Ballots

- If a voter appears at the polling place on Election Day to vote, but the voter's name has already been marked on the poll list by the precinct judges as receiving an absentee ballot, the voter may NOT vote in person.
- If the absentee voter's ballot has been returned, but the voter's name has NOT yet been marked on the poll list by the precinct judges, the voter may have the ballots opened in the voter's presence and then deposited in the ballot box or the voter may vote in person.
- If the voter chooses to vote in person, the inspector will mark the envelope: "UNOPENED BECAUSE VOTER APPEARED AND VOTED IN PERSON." The envelope should then be placed in the bag with other defective ballots.
- If the absentee voter has not mailed the absentee ballot back to the county election board, the voter may vote in person. However, the voter must return the absentee ballot to the inspector. The ballot shall be marked "CANCELLED" and placed in the bag with the other defective ballots.

Chapter 11: Military and Overseas Voters

Special Procedures

Military and overseas voters and their family members may now vote absentee later than other voters and can return the voted ballots by fax or email in some cases. This requires the use of some special procedures if absentee ballots from these voters are sent to your precinct to be processed.

1. A military voter and the voter's spouse and dependents, under certain circumstances, can register to vote at the county voter registration office through noon on Election Day. The clerk will then prepare a written certification that the voter has voted under this law, and attach this certification (ABS-11) to the voter's absentee ballot envelope (ABS-10). This ballot, envelope and certification will then be delivered to your precinct for processing. After processing the ballot, the circuit court clerk's certification must be attached to your poll list.
2. All military and civilian overseas voters can apply for an absentee ballot by fax, be sent an absentee ballot by fax, and return the voted absentee ballot by fax. All overseas voters can apply for an absentee ballot by email (with a scanned copy of the signed absentee application attached to the email). All military and overseas voters can be sent an absentee ballot by email and return the voted absentee ballot by email, if the voter uses a program administered by the U.S. Department of Defense. When processing an absentee ballot sent by fax or email, the inspector must compare the signature on the absentee application (ABS-12) with the signature on the affidavit (ABS-9) that the military or overseas voter returned.
3. If the signature of the voter is questioned or disputed, these absentee ballots are processed in the same way as questioned or disputed absentee ballots from other voters.

Chapter 12: Closing the Polls

General Information

- The inspector announces the close of the polls at 6:00 p.m. local prevailing time.
- The inspector documents the names of the persons waiting in the chute. Otherwise qualified voters in the chute must be permitted to vote.
- After the voting is completed, the inspector, with the help of the judges and poll clerks, should complete the following tasks:
 1. Lock all voting systems and disassemble any voting equipment to prevent further voting.
 2. Take down the chute.
 3. Prepare to canvass the votes cast in the precinct (except in a county where optical scan ballot cards are tabulated at a central location).
 4. Make sure that only authorized personnel are in the polling place. Unauthorized persons must leave the polling place during canvassing (See Chapter One on People Working at the Polls).

Canvassing (Counting) Votes

- **NOTE:** The procedures used for canvassing vary somewhat based on the type of ballot that is cast in the precinct.
- If more than one precinct is using the same polling place, canvassing may not begin until all voters have left the polling place.
- **A separate canvass must be prepared for EACH precinct** and administered by each precinct election board so that the votes in each precinct are separately documented.

Procedures:

1. The inspector obtains the poll lists from the poll clerks.
2. **The inspector and poll clerks should sign all copies of poll lists.** Assistant poll clerks are not required to sign these lists.
3. All provisional ballots, whether cast at the polling place, or as a challenged absentee ballots, are **kept separate from all other ballots and unopened** until they are returned to the county election board for processing.
4. The inspector will count the number of paper ballots (or ballot cards, where used) in each ballot box. The number of ballots found in a ballot box must agree with the total number of voters recorded as having cast ballots on the poll lists.
 - If a discrepancy is found, it should be reported in writing with the reason, if known.
 - If the number of ballots in any ballot box is greater than the number of recorded voters, place all ballots face up and check for and remove all blank or mutilated ballots. Remove any ballots marked "VOID," "SPOILED," "REJECTED" or "CANCELLED" and place these ballots in the defective ballot envelope.
5. A member of the precinct election board (or election official directing the tabulation in a county using ballot cards) may protest the counting of any ballot or any part of a ballot. The election official must write on the back of each protested ballot "COUNTED" or "NOT COUNTED." The poll clerks must then sign each protested ballot.

Straight Party Ticket Voting Questions

If the voter marks a straight party ticket and ALSO casts votes for individual candidates of one or more parties, consult the guidelines below taken from Indiana Code 3-12-1-7.

1. If a voter votes a straight party ticket and also votes for one or more individual candidates who are **all of the same political party as the straight ticket vote**, the straight ticket vote **shall be counted** and the individual candidate votes **may NOT be counted**.
2. If a voter votes a straight party ticket and also votes for one or more individual candidates who are **of a different political party as the straight ticket vote**, please see below:
 - If a voter has voted a straight party ticket for the candidates of one political party in a race where only one person may be elected to that office and also voted for **one individual candidate who is of a different political party than the straight ticket vote**, then:
 - The individual candidate vote for that office **shall be counted**;
 - The straight party ticket vote for that office **may NOT be counted**; AND
 - The straight party ticket votes for other offices on the ballot **shall be counted**.
 - If a voter has voted a straight party ticket for the candidates of one political party in a race where only one person may be elected to that office and also voted for **more than one individual candidate who is of a different political party than the straight ticket vote**, then:
 - The individual candidate votes for that office **may NOT be counted**;
 - The straight party ticket vote for that office **may NOT be counted**; AND
 - The straight party ticket votes for other offices on the ballot **shall be counted**.
3. If there is an office to which more than one person can be elected, and a voter votes a straight party ticket and then votes both for **individual candidates in the same political party as the straight ticket vote and in a different party for that office, or votes for only individuals in a different party for that office**, then:
 - The individual candidate votes **shall be counted**; AND
 - The straight ticket votes for that office **may NOT be counted IF the total number of individual candidate votes and straight party ticket votes IS GREATER than the number of persons to be elected to the office**.
 - However, if the number of individual candidate votes for that office exceeds the number of openings for that office, **none of the votes concerning that office may be counted**.
4. If a voter votes a straight party ticket for more than one political party, **the whole ballot is void with regard to all candidates nominated by a political party or designated as independent candidates on the ballot**.
 - However, the voter's vote for a school board candidate or on a public question shall be counted if otherwise valid under this chapter.

Counting Write-In Votes

- **Only votes cast for a declared write-in candidate may be counted and canvassed.** The circuit court clerk is required to provide each precinct with a list of all declared write-in candidates. **Contact your county election board if a write-in vote is cast in your precinct, and you do not have the list of declared write-in candidates.**
 - **EXCEPTION:** If a write-in vote is cast for a candidate who IS on the ballot **for the same office**, then the write-in vote is counted. For example, in 2008, some voters cast write-in votes for Obama or McCain for President instead of marking the printed ballot. Since those candidates were on the ballot for that office, the write-in votes should be counted when the voter did not vote for those candidates.
- A write-in vote cast in the space provided on the ballot is not a distinguishing mark that would invalidate the ballot. A write-in vote cast in a place other than the space provided for write-in voting is not counted.
- A write-in vote is valid only if it is printed in ink or lead pencil. The use of stickers, labels, or rubber stamps is not a valid write-in vote.
- An abbreviation, misspelling, or other minor variation in the form of a name (including writing, instead of “printing” the name) does not invalidate the write-in vote. The write-in vote is valid if the intent of the voter can be ascertained.
- A voter who casts a write-in vote **must make a voting mark** (an “X” or “√”) in the square or circle before the space where the write-in candidate’s name will be written.
- Write-in votes must be tallied on separate tally sheets, unless the write-in votes cast for each declared write-in candidate are printed out on the voting system’s certificate of vote totals.

Securing and Returning Election Materials

Procedures for precincts using Traditional Hand Counted Paper Ballots

After the canvass is complete, election officials should follow these procedures.

1. Seal all counted ballots in a bag or envelope. During a primary election, separate bags or envelopes will be provided for the ballots of each party.
2. Seal all challenged, uncounted and spoiled ballots in the appropriate bags or envelopes. Keep provisional ballots in a separate bag or envelope. (PRO-4 for voted provisional ballots and PRO-6 for spoiled provisional ballots)
3. Place all unused ballots in a separate bag or envelope.
4. Write the number of ballots contained in each bag or envelope on the outside.
5. Check each tally sheet to make sure the sheet is completely filled out and properly signed.
6. Seal all tally sheets, poll lists, oaths and other election affidavits in the appropriate envelopes provided.
7. The inspector and judge of the opposite party return all election materials (ballots, poll lists and affidavits) to the designated location or to the county election board’s office immediately upon tabulation of votes. State law (Indiana Code 3-6-6-28 and 3-12-2-7) provides that the inspector and judge of the opposite party are NOT entitled to be paid for their Election Day work if the inspector and judge do not return election materials to the county election board.

145

Procedures for precincts using Optical Scan Ballot Cards

After the canvass is complete, election officials should follow these procedures.

1. Seal all counted ballots in a bag or envelope. During a primary election, separate bags or envelopes will be provided for the ballots of each party.
2. Seal all challenged, uncounted and spoiled ballots in the appropriate bags or envelopes. Keep provisional ballots in a separate bag or envelope. (PRO-4 for voted provisional ballots and PRO-6 for spoiled provisional ballots)
3. Place all unused ballots in a separate bag or envelope.
4. Write the number of ballots contained within on the outside of each bag or envelope.
5. Check each certificate of vote printout to make sure the certification is completely filled out and properly signed.
6. Seal all tally sheets, poll lists, oaths and other election affidavits in the appropriate envelopes provided.
7. The inspector places all ballot cards in a transfer case. The transfer case must be sealed with the metal or plastic seal provided. The serial number of the transfer case seal must be recorded on the ballot report.
8. The inspector and judge of the opposite party return all election materials (ballots, poll lists and affidavits) to the designated location or to the county election board's office immediately upon tabulation of votes. State law (Indiana Code 3-6-6-28 and 3-12-2-7) provides that the inspector and judge of the opposite party are NOT entitled to be paid for their Election Day work if the inspector and judge do not return election materials to the county election board.

Procedures for precincts using Direct Record Electronic

After the machines have been tabulated, election officials should follow these procedures if paper ballots were used in any way, including absentee ballots and provisional ballots.

1. Seal all challenged, uncounted and spoiled ballots in the appropriate bags or envelopes. Keep provisional ballots in a separate bag or envelope (PRO-4 for voted provisional ballots and PRO-6 for spoiled provisional ballots).
2. Place all unused ballots in a separate bag or envelope.
3. Write the number of ballots contained within on the outside of each bag or envelope.
4. Check each certificate of vote printout to make sure the certification is completely filled out and properly signed.
5. Seal all tally sheets, poll lists, oaths and other election affidavits in the appropriate envelopes provided.
6. The inspector and judge of the opposite party return all election materials (ballots, poll lists and affidavits) to the designated location or to the county election board's office immediately upon tabulation of votes. State law (Indiana Code 3-6-6-28 and 3-12-2-7) provides that the inspector and judge of the opposite party are NOT entitled to be paid for their Election Day work if the inspector and judge do not return election materials to the county election board.
