The management team of Terry Lee Companies are excited to welcome the State of Indiana employees and their family members into our Corporate Partner Program. This program is designed to make your vehicle buying and service experience as straight forward, easy and as inexpensive as possible!

Explanation of Benefits:

EMPLOYEE PRICING ON NEW HONDA/HYUNDAI AND PRE-OWNED VEHICLES

The purpose of the Corporate Partner Program is to offer you and your employees a consistent, competitive pricing structure along with providing a world-class service environment. You will receive all incentives from the manufacturer in effect at time of purchase/lease. These incentives often result in a selling price below dealer invoice, the price we pay for the vehicle from the manufacturer.

Pre-owned vehicles are priced independently because they are all different manufacturers, models, trim levels, etc.

NO PRESSURE

We will not pressure you to buy. Come see us and experience our "TLC", Terry Lee Commitment. We will provide the information necessary for our customers to make an informed purchase decision.

SERVICE, PARTS & AFTERMARKET ACCESSORIES DISCOUNTS

You will receive a 10% discount on all service work performed along with a 10% discount on all parts and aftermarket accessories purchased at the dealership. This Certificate must be presented to the Service Writer at time of service to be eligible for these discounts.

Discounts cannot be combined with other offers and are subject to a \$100 maximum per visit. Please note that our manufacturer trained technicians service most makes and models of passenger vehicle sold in the US.
